AN ELECTRONIC EXAMINATION OF THE APPLICATION OF THE FUEL ADJUSTMENT CLAUSE OF BIG RIVERS ELECTRIC CORPORATION FROM MAY 1, 2023 THROUGH OCTOBER 31, 2023 CASE NO. 2024-00149

Amended Response to Item 23 of Commission Staff's First Request for Information in Appendix B of the Commission's Order dated August 2, 2024

November 14, 2024

Item 23) ***If any customer class or special contract has or is not being charged a FAC, state the date when the FAC ceased being charged.***

Amended Response) Nucor was a new steel mill still under construction when it began taking service under its special contract with Meade County RECC. Under that contract, Nucor paid FAC charges on energy sales prior to the Service Commencement Date, as it was ramping up its business. The FAC has not been charged on sales for service to Nucor beginning on Nucor's Service Commencement Date, which was December 1, 2022.

Block Mining (formerly, Blockware Mining) was also a new business when it began taking service under its special contract with Jackson-Purchase. Block Mining has not paid FAC charges on market rates sales since that contract became effective on October 14, 2021.

Kimberly-Clark has not paid FAC charges on market rate sales under the Standby Service tariff since Kimberly-Clark was moved to Kenergy's Standby Service tariff for March 2022 billing.
