RATTLESNAKE RIDGE WATER DISTRICT'S MOTION
WITH NOTICE OF REQUEST FOR USE OF SURCHARGE FUNDS

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

IN THE MATTER OF:

ELECTRONIC RATTLESNAKE RIDGE WATER)
DISTRICT UNACCOUNTED FOR WATER LOSS) CASE NO. 2024-00176
REDUCTION PLAN, SURCHARGE AND)
MONITORING)

RATTLESNAKE RIDGE WATER DISTRICT'S MOTION
WITH NOTICE OF REQUEST FOR USE OF SURCHARGE FUNDS

COMES NOW, Rattlesnake Ridge Water District, by and through Counsel, Whitley Hill Bailey, and attested to by the manager, Rebecca Kitchen, and hereby files its motion with notice of its request to use Fifty Thousand (\$50,000.00) Dollars, of its surcharge funds to purchase the Ford Meter Test Bench. In support thereof, Rattlesnake Ridge Water District states as follows:

Rattlesnake Ridge Water Districted filed its Qualified Infrastructure Improvement Plan (QIIP), which established the necessity for purchase of meter test bench. Table 7 of Rattlesnake Ridge Water District's QIIP, proposes purchase of the meter testing bench under proposed use of water loss surcharge proceeds. The Ford meter test bench is an implement used to test 5/8 inch residential water meters. The Ford meter test bench is necessary to ensure compliance with PSC standards to prevent water loss and to address customer concerns regarding meter accuracy. Additionally, the Ford meter test bench will allow the movant to more efficiently detect faulty meters and will aid testing schedules for overall efficiency. At this time, Rattlesnake Ridge Water District meters must be transported to Lexington, Kentucky for testing and then returned to the movant. The Ford meter test bench would avoid the delay, transportation and costs associated therewith. Overall, the testing bench will assist with water loss reduction.

The estimated cost of the item is approximately \$50,000.00 as evidenced by the attached estimates dated 9/23/25 and 11/03/2025. Rattlesnake Ridge Water District currently has \$

401.441.70 in its surcharge account, as evidenced by its report filed on the 10th day of March, 2026.

Rattlesnake Ridge Water District requests, by this motion, use of the surcharge funds for purchase of the Ford meter test bench in an amount not to exceed \$50,000.00.

CERTIFICATION/VERIFICATION

I, Rebecca Kitchen, Manger of Rattlesnake Ridge Water District, hereby certifies that I have read the foregoing information and, to the best of my knowledge and belief, all averments and statements contained herein are true and correct.

RESOLUTION #332026

RRWD Board of Commissioners approve the use of surcharge funds in the amount of \$50,000 for the Ford meter test bench, designed to test 5/8 in residential water meters.

RRWD's ongoing need for reliable and precise meter testing in order to ensure compliance with PSC standards and to address customer concerns regarding meter accuracy.

Having a test bench on site it will allow RRWD to do a meter change-out and testing schedule more efficiently, not having to keep meters in a box until they are picked up and transported to Lexington, Ky. for testing and then having to wait to get those meters back.

- Test bench will accommodate 5/8 meters
- Be designed for daily operational use by utility staff
- Provide accurate and repeatable testing results
