The principal amount of the Loan shall be the Loan Amount as identified in the Loan Term Schedule, subject to such adjustments as may be established in any amendment or supplement to the Loan Term Schedule. Principal payments shall be made in the amounts and on the Loan Payment Dates established by the Schedule of Payments, which Schedule of Payments shall provide for approximately level debt service payments over the repayment term set forth in the Schedule of Payments, commencing on the Amortization Commencement Date.

Except as otherwise provided upon an Event of Default, each disbursement under a Requisition for Funds representing a portion of the principal amount of the Loan shall bear interest at the Loan Rate from the date of the disbursement. The Borrower shall pay interest on the unpaid balance of disbursements at the Loan Rate payable on each Loan Payment Date before the Amortization Commencement Date.

Notwithstanding any other provision herein, the Loan shall bear interest at the Default Rate from and including the date of an occurrence of an Event of Default to and including the date the Borrower fully remedies such Event of Default. The Default Rate shall apply to all principal unpaid hereunder, together with all unpaid interest accrued but unpaid to the date of such Event of Default, all due but unpaid fees set out on the Loan Term Schedule, and all reasonable costs and expenses of the Authority incurred as a result of such Event of default in accordance with Section 8.2 hereof from and including the date of incurrence thereof to and including the date of reimbursement therefor by the Borrower.

Notwithstanding any other provision herein, upon an Event of Default, the Authority may, in its sole discretion, direct the Borrower to make all Loan payments on the first day of each calendar month, in amounts calculated and determined by the Authority in accordance with this Assistance Agreement, during the continuation of such Event of Default

Interest on the Loan shall be calculated on the actual number of days and an assumed 360-day year.

Payments of principal and interest on the Loan shall be payable in lawful money of the United States of America at the principal office of the Authority or the Trustee, as designated by the Authority. If so requested by the Authority, Loan payments hereunder shall be made by the Borrower in accordance with the ACH Debit Direct Payment Method (the “ACH Debit Direct Payment Method”) as described and detailed in the ACH Debit Direct Payment Authorization Form (the “ACH Authorization Form”) as provided by the Authority or the Trustee to the Borrower, which ACH Authorization Form shall be completed, signed, and forwarded to the Authority or the Trustee before the Borrower shall receive any disbursement of the proceeds of the Loan from the Authority.

Section 3.3 Borrower’s Right to Prepay Loan. The Borrower shall have the right to prepay and retire the entire amount of the Loan at any time without penalty upon written notice to the Authority no less than five Business Days in advance of the prepayment.

Notwithstanding the foregoing, upon the determination by the Authority that it intends to issue Bonds secured by a pledge of the payments on the Loan, the Authority shall advise the Borrower (i) of the Authority’s intention to proceed with the authorization of such Bonds; (ii) of the limitation on prepayments applicable to the Bonds as a result of the issuance of such Bonds by the Authority; and (iii) that the Borrower has thirty days from its receipt of the notice to exercise its option to prepay the Loan. Upon the expiration of the thirty-day period, the Borrower’s right to prepay the Loan shall be limited to the terms described in the notice.

Section 3.4 Subordination of Loan. The Authority hereby agrees that, subject to compliance by the Borrower with the covenants and conditions set forth in this Assistance Agreement, the source of payment for the Loan shall be inferior and subordinate to the security interest and source of payment for the Debt Obligations of the Borrower payable from the Revenues of the System outstanding at the time this Assistance Agreement is executed as identified in the Project Specifics. Notwithstanding the foregoing, (i) the source of payment for the Loan shall be on a parity with the security interest and source of payment for any Debt Obligations of the Borrower payable from the Revenues of the System outstanding at the time this Assistance Agreement is executed that are not identified in the Project Specifics, unless otherwise consented to in writing by an authorized representative of the Authority; (ii) the source of payment for the Loan shall be on a parity with the security interest and source of payment for any Debt Obligations of the Borrower issued after the Effective Date of this Assistance Agreement; and (iii) the Authority shall receive notice of the additional incurrence of Indebtedness by the Borrower in accordance with Section 5.6(C) hereof.

(B) All real estate and interests in real estate and all personal property constituting the Project and the Project sites heretofore or hereafter acquired shall at all times be and remain the property of the Borrower and constitute a part of the System.

(C) If the Borrower is required to provide additional financing for the Project from sources other than the Authority (as described in the Project Specifics), the Authority shall have the right to receive such reasonable proof as it may require of the ability of the Borrower to finance the costs of Construction of the Project over and above the Loan, before the disbursement by the Authority of any portion of the Loan.

(D) The Borrower shall do all things necessary to acquire all proposed and necessary sites, easements, and rights of way necessary or required in respect of the Project and demonstrate its ability to construct the Project in accordance with the plans, design, and specifications prepared for the Borrower by the Engineers.

(E) Actual Construction and installation incident to the Project shall be performed by either the lump sum (fixed price) or unit price contract method and adequate legal methods of obtaining public, competitive bidding will be employed before the awarding of the Construction contract for the Project in accordance with Kentucky law.

(F) Unless Construction of the Project has already been initiated as of the Effective Date, in accordance with due compliance with applicable state law and regulations, the Project will not be advertised or placed on the market for Construction bidding by the Borrower until the final plans, designs, and specifications therefor have been approved by such state and federal agencies and authorities as may be legally required, and until written notification of such approvals has been received by the Borrower and furnished to the Authority.

Provided, however, that if Construction shall have been initiated as of the date of this Assistance Agreement, this provision may be waived by the Authority in its sole discretion.

(J) All Construction contracts will be prepared so that federal participation costs, if any, and state participation costs may be readily segregated from local participation costs, if any, and from each other, and in such manner that all materials and equipment furnished to the Borrower may be readily itemized.

(R) The Borrower shall require that each of its contractors and all subcontractors maintain during the life of the Construction contract, worker's compensation insurance, public liability insurance, property damage insurance, and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project is completed and accepted by the Borrower, the contractor shall maintain builders risk insurance (fire and extended coverage) on a 100% basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Borrower, the prime contractor, and all subcontractors, as their interests may appear.

(S) The Borrower shall provide and maintain competent and adequate resident engineering services covering the supervision and inspection of the development and Construction of the Project and bearing the responsibility of assuring that Construction conforms to the approved plans, specifications, and designs prepared by the Engineers. The resident engineer shall certify to the Authority, the Cabinet, any involved state or federal agencies, and the Borrower at the completion of Construction that Construction is in accordance with the approved plans, specifications, and designs and approved amendments thereto.

(T) The Borrower shall demonstrate to the satisfaction of the Authority the legal capability of the Borrower to enact, adopt, levy, charge, collect, enforce, and remit to the Authority and the Cabinet the Service Charges of the Borrower described in the Schedule of Service Charges attached hereto as Exhibit C and submit proof satisfactory to the Authority that the Service Charges are in full force and effect as of the submission of the initial Requisition for Funds.

(U) The Borrower shall require all laborers and mechanics employed by contractors and subcontractors on the Project shall be paid wages at rates not less than prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with Subchapter IV of Chapter 31 of Title 40, United States Code.

(V) The Borrower shall comply with all federal requirements applicable to the Loan (including those imposed by P.L. 113-76, Consolidated Appropriations Act, 2014 (the "2014 Appropriations Act") and the Build America, Buy America Act ("BABA") and related Program policy guidelines). The Borrower understands that, among other requirements, (i) all of the iron and steel products used in the Project are to be produced in the United States ("American Iron and Steel Requirement") unless (a) the Borrower has requested and obtained a waiver from the Authority and the United States Environmental Protection Agency pertaining to the Project or (b) the Authority has otherwise advised the Borrower in writing that the American Iron and Steel Requirement is not applicable to the Project; or (ii)(1) all iron and steel items used in projects must

be produced in the United States pursuant to BABA; (2) all manufactured products must be produced in the United States; and (3) all Construction materials must be manufactured in the United States (“BABA Requirements”), unless (y) the Governmental Agency has requested and obtained a waiver from the Authority and the United States Environmental Protection Agency pertaining to the Project; or (z) the Authority has otherwise advised the Governmental Agency in writing that the BABA Requirements are not applicable to the Project.

(W) The Borrower shall comply with all record keeping and reporting requirements under the Federal Act, including any reports required by a Federal agency or the Authority such as performance indicators of program deliverables, information on costs and Project progress. The Borrower understands that (i) each contract and subcontract related to the Project is subject to audit by appropriate federal and state entities and (ii) failure to comply with the Federal Act and this Agreement may be a default hereunder that results in a repayment of the Loan in advance of the maturity and/or other remedial actions.

Notwithstanding anything in this Assistance Agreement to the contrary, if the Borrower fails to comply, at any time, with the provisions of Section 4.1(V) or Section 4.1(W) hereof, the Authority may, at its sole discretion, withhold the disbursements of any proceeds of the Loan to the Borrower or its designee.

Section 4.2 Additional Conditions Required Under the Federal Agreement. The Borrower, in order to comply with the terms and conditions of the Federal Agreement, further covenants and further agrees to additional conditions to disbursement, as follows:

(A) That the Project shall be completed no later than the Amortization Commencement Date.

(B) Notwithstanding any other agreements contained herein regarding the maintenance of books and records, that it shall maintain Project accounts in accordance with generally accepted governmental accounting standards, as required by the Federal Act. The Borrower shall retain such records for no less than three years following the final payment by the Borrower under this Assistance Agreement or if any portion of the Project is disposed of, until at least three years after such disposition; provided that if any litigation, claim, appeal, or audit is commenced before the end of such period such records shall be maintained until the completion of such action or until three years after such commencement, whichever is later.

(C) That it has not and will not apply any other federal funding to the Project in a manner that would cause it to receive “double benefits” as described in Section 603 of the Water Quality Act of 1987.

(D) That all real property or property rights required for the completion of the Project shall be obtained, by easement, purchase, or other means acceptable to the Authority, before commencement of Construction and that the relocation of any Person resulting therefrom be in accordance with 49 CFR 24 for Uniform Relocation Assistance and Real Property Acquisition Act of 1970.

(E) That all Project contractors shall be required to retain Project records for the periods established for the retention of the Borrower’s records in Section 4.2(B) hereof.

(F) That no more than fifty percent of the proceeds of the Loan shall be disbursed before the Cabinet has approved the final plan for operation of the Project.

(G) That no more than ninety percent of the proceeds of the Loan shall be disbursed before the Cabinet has approved the draft operations and maintenance manual.

(H) That final disbursement will not be remitted before the Cabinet has approved a final operations and maintenance manual.

(I) That, as required by 40 CFR 35.2218, all engineering services regarding Construction and regarding the first year of operation of the Project shall be provided for, including the following:

(1) The operation of the Project and the revision of the operations and maintenance manual as necessary to accommodate actual operating experience;

(2) The training of operating personnel, including preparation of curricula and training material for operating personnel; and

(3) Advice as to whether the Project is meeting the Project performance standards (including three quarterly reports and one Project performance report).

(J) That it shall advise the Cabinet and the Authority in writing of the date for initiation of operation of the Project.

(K) That within one year after operation is initiated, it shall certify to the Cabinet and the Authority that the Project is capable of meeting the Project performance standards.

(L) That it shall provide that qualified inspectors are present at the Construction site. A summary of such inspector's qualifications and experience shall be submitted to the Cabinet and the Authority.

(M) That it shall notify the Authority and the Cabinet of the completion date of the Project.

(N) That it agrees to the terms and conditions of its application for assistance and the Authority's commitment to provide assistance, the terms of which are incorporated herein by reference.

(O) That all measures required to minimize water pollution to affected waters shall be employed in the Construction of the Project including compliance with Section 404 of PL 92-500, as amended, it being understood that approval of the Project does not constitute sanction or approval of any changes or deviations from established water quality standards, criteria implementation dates, or dates established by enforcement proceedings.

(P) That it shall enact a water use ordinance complying with the requirements set forth in the Federal Agreement and the Interagency Agreement.

Section 4.3 Disbursements of Loan Funds; Requisition for Funds. The Borrower shall submit to the Authority (or the Trustee acting on behalf of the Authority, if so designated) and the Cabinet a Requisition for funds before the fifth day of each month (or such other designated period as is acceptable to the Authority), in substantially the same form provided by the Authority to the Borrower from time to time, accompanied by, to the extent requested by the Authority, the following documentation:

(A) A full and complete accounting of the costs of the Project to be obligated by contract or otherwise during the month in question, or already obligated and not included in any previous accounting.

(B) A full and complete accounting of any costs of the Project paid by the Borrower from its own funds with the approval of the Authority and excluded from any previous accounting for which the Borrower seeks reimbursement.

(C) A full and complete accounting of any costs of the Project paid or requisitioned under any other financing, loan, bond, grant, or similar agreement or paid from the Borrower's own funds for which the Borrower does not seek reimbursement and which have not been identified in any previous requisition form.

(D) The contractor's estimate of work performed during the preceding month in accordance with Construction contracts for the Project and payment due thereunder, together with the Engineer and Borrower's approval thereof for disbursement by the Authority.

Upon the Authority's receipt of the Requisition for Funds and such additional documentation as it may require, and subject to certification by the Cabinet, the Authority may direct the Trustee to remit the amount requested to the Borrower as a draw upon the Loan. If directed by the Authority, the Borrower shall establish, with the Trustee, an electric fund transfer system, which may be an ACH Payment Method.

The Authority may disburse proceeds of the Loan directly to the Borrower. The Borrower, if so directed by the Authority, shall establish itself as a vendor under the Commonwealth's eMars system.

ARTICLE V
CERTAIN COVENANTS OF THE BORROWER;
PLEDGE OF REVENUES; PAYMENTS TO BE MADE BY
THE BORROWER TO THE AUTHORITY

Section 5.1 Imposition of Service Charges; Pledge of Revenues. The Borrower hereby irrevocably covenants and agrees to comply with all of the terms, conditions, and requirements of this Assistance Agreement, in accordance with which the Loan is to be made by the Authority to the Borrower as specified herein, in the Act, and the Indenture. The Borrower hereby further irrevocably covenants and agrees that it already has, or will, to the extent necessary, immediately impose Service Charges upon all Persons to whom or which services are provided by the System; such Service Charges to be no less than as set forth on Exhibit C attached hereto.

There are hereby pledged for the payment of the principal of and interest on the Loan, in accordance with the terms and the provisions hereof, the Authorizing Action, and the Act, (i) the Revenues; and (ii) any disbursements made under the Loan in accordance with Section 4.3 hereof until expended by the Borrower for the Construction of the Project.

Section 5.2 Borrower's Obligation to Repay Loan. The obligation of the Borrower to repay the Loan from the Revenues shall not be revocable, and if services supplied by the Project shall cease, or be suspended for any reason, the Borrower shall continue to be obligated to repay the Loan from the Service Charges.

Section 5.3 Covenant to Adjust Service Charges. If, for any reason, the Schedule of Service Charges shall be insufficient to (i) provide for the required coverage of all debt service payments on obligations payable from the Revenues of the System as set forth in Section 5.4 hereof; (ii) provide for the operation of the System as required under this Assistance Agreement; and (iii) make the required deposits to the Maintenance and Replacement Reserve, the Borrower hereby covenants and agrees that it will, upon notice by the Authority, to the full extent authorized by law, both federal and Kentucky, immediately adjust and increase such Schedule of Service Charges or immediately commence proceedings for a rate adjustment and increase with all applicable regulatory authorities so as to provide funds sufficient to pay the debt service requirements set forth in the Schedule of Payments and the Authority's Administrative Fee, to provide for the operation of the System as required under this Assistance Agreement, and to make required deposits to the Maintenance and Replacement Reserve.

Section 5.4 Adequacy of Service Charges. The Borrower hereby covenants during the term of this Assistance Agreement to impose Service Charges in each of the Borrower's fiscal years adequate to pay at least the sum of the following for each such fiscal year: (i) 110% of the debt service and Administrative Fees coming due during each such fiscal year on this Loan and all other Debt Obligations and other indebtedness secured and payable from the Revenues of the System, in each case computed as of the beginning of each such fiscal year (except to the extent the Borrower has by binding ordinance or resolution committed reserves to the payment of any such debt service); (ii) the amounts required to provide for the operation of the System during each such fiscal year as required by this Assistance Agreement; and (iii) the amounts to be deposited hereunder to the Maintenance and Replacement Reserve for each such fiscal year. The Borrower hereby further covenants that the Service Charges identified on Exhibit C attached hereto are sufficient to permit the Borrower to achieve the foregoing debt service coverage ratio for the fiscal year of the Borrower during which this Assistance Agreement will become effective.

Section 5.5 Covenant to Establish Maintenance and Replacement Reserve. The Borrower shall establish a special account identified as a "Maintenance and Replacement Reserve". The Borrower shall deposit funds into the Maintenance and Replacement Reserve on the dates and in the amounts set forth in the Project Specifics. The Borrower may expend funds held within the Maintenance and Replacement Reserve to pay extraordinary maintenance expenses related to the System or to pay unbudgeted costs of replacing worn or obsolete portions of the System, subject to the prior written approval of the Authority.

Section 5.6 Reports; Inspection. The Borrower hereby irrevocably covenants and agrees with the Authority:

(A) That the Borrower will furnish to the Authority and the Cabinet not less than annually reports of the operations and Revenues of the System and will permit authorized agents of the Authority to inspect all records, accounts, and data of the System at all reasonable times.

(B) That the Borrower will collect, account for, and promptly remit to the Authority those specific revenues, funds, income, and proceeds derived from the Revenues of the System incident to this Assistance Agreement.

(C) That the Borrower will notify the Authority in writing of its intention to incur Indebtedness payable from the Revenues of the System not less than thirty days before the execution of any agreement obligating the Borrower to incur any such Indebtedness.

Section 5.7 Segregation of Funds. The Borrower shall at all times account for the Revenues of the System and distinguish same from all other revenues, monies, and funds of the Borrower, if any.

ARTICLE VI OTHER COVENANTS OF THE BORROWER

Section 6.1 Further Assurance. At any time and all times the Borrower shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers, and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning, and confirming all and singular the rights, assets, and Revenues herein pledged or assigned, or intended so to be, or which the Borrower may hereafter become bound to pledge or assign.

Section 6.2 Completion of Project. The Borrower hereby covenants and agrees to proceed expeditiously with and promptly complete the Project in accordance with the plans, designs, and specifications prepared by the Engineers for the Borrower.

Section 6.3 Establishment of Completion Date. The completion date for the Project shall be evidenced to the Authority by a certificate signed by the Engineer and an authorized representative of the Borrower stating that, except for amounts retained by the Authority for costs of the Project not then due and payable, (i) the Construction has been completed and all labor, services, materials, supplies, machinery, and equipment used in such Construction have been paid for; (ii) all other facilities necessary in connection with the Project have been acquired, constructed, equipped, and installed and all costs and expenses incurred in connection therewith have been paid, and (iii) the Project and all other facilities in connection therewith have been acquired, constructed, equipped, and installed to the Borrower's satisfaction.

Section 6.4 Commitment to Operate. The Borrower hereby covenants and agrees to commence operation of the Project immediately on completion of Construction and not to discontinue operations or dispose of such Project without the approval of the Authority.

Section 6.5 Continue to Operate. The Borrower hereby covenants and agrees to continuously operate and maintain the Project and the System in accordance with applicable provisions of federal and Kentucky law and to maintain adequate records relating to the Project's

operation. The Borrower shall make all such records available to the Authority at all reasonable times upon the Authority's request.

Section 6.6 Tax Covenant. If the Authority issues Bonds which are intended to be excludable from gross income for federal income tax purposes to provide the funds for the Loan, the Borrower shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure such exclusion and shall take such actions as may be directed by the Authority to accomplish the foregoing. The Borrower shall not permit (i) the proceeds of the Loan to be used directly or indirectly in any trade or business; (ii) its payments hereunder to be secured directly or indirectly by property to be used in a trade or business; (iii) any management agreement for the operation of the System; or (iv) any federal guarantee of its obligations hereunder, all without the prior written consent of the Authority. The Borrower will not acquire or pledge any obligations that would cause the Bonds to be "arbitrage bonds" within the meaning of the Code.

Section 6.7 Accounts and Reports. The Borrower shall at all times keep, or cause to be kept, proper books of record and account in accordance with the "Uniform System of Accounts" established by the Commonwealth, in which complete and accurate entries shall be made of all its transactions relating to the System and which shall at all reasonable times be subject to the inspection of the Authority.

Section 6.8 Audit Requirements. Within 180 days after the end of each fiscal year of the Borrower, the Borrower shall provide to the Authority, itemized financial statements of income and expense and a balance sheet in reasonable detail, including disclosure of the Maintenance and Replacement Reserve, certified as accurate by a firm of independent certified public accountants or the Auditor of Public Accounts of the Commonwealth. All financial information must be satisfactory to the Authority as to form and content and be prepared in accordance with generally accepted accounting principles on a basis consistent with prior practice unless specifically noted thereon. With such financial statements, the Borrower shall furnish to the Authority a certificate stating that, to the best knowledge of the authorized representative signing such certificate, no default under this Assistance Agreement exists on the date of such certificate, or if any such default shall then exist, describing such default with specificity. All recipients and subrecipients expending \$750,000 or more in a year in Federal awards must have a single or program-specific audit conducted for that year in accordance with 2 CFR Part 200.

Section 6.9 General Compliance with all Duties. The Borrower shall faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the Commonwealth, and by the terms and provisions of the Act, the Federal Act, BABA, this Assistance Agreement, and any other Debt Obligations.

Section 6.10 System Not to Be Disposed of. The Borrower covenants and agrees that, until satisfaction in full of its obligations hereunder, it will not, without the prior written consent of the Authority, which consent shall not be unreasonably withheld, sell, mortgage, or in any manner dispose of, or surrender control or otherwise dispose of, any of the facilities of the System or any part thereof (except that the Borrower may retire obsolete and worn out facilities, and sell same, if appropriate).

Section 6.11 Further Covenants under the Federal Agreement. The Borrower shall comply with all further requirements or conditions which may arise from time to time in order to assure compliance with the Federal Act, and with the agreements of the Authority set forth in the Federal Agreement, including the following:

(B) Qualified operating personnel, properly certified by the Cabinet, shall be retained by the Borrower to operate the System during the entire term of this Assistance Agreement. An approved plan of operating and an operations and maintenance manual for the System shall be provided by the Borrower to the Cabinet and the Authority. The System shall be operated and maintained in an efficient and effective manner.

Section 6.12 Continuing Disclosure Obligations. The Borrower covenants and agrees that notwithstanding any other provision of this Assistance Agreement to the contrary, upon written notice from the Authority that the Schedule of Payments provides 10% or more of the debt service requirements on an issue of the Authority's Bonds and that compliance by the Borrower with the requirements of Securities and Exchange Commission Rule 15c2-12, as amended (the "SEC Rule") is required in connection with the Authority's Bonds, the Borrower shall provide to the Authority such information as may be required by the SEC Rule, within the time periods set out in such notice by the Authority, to enable the Authority to establish to the satisfaction of prospective purchasers of the Authority's Bonds that the requirements of the SEC Rule will be satisfied in connection with the issuance of the Authority's Bonds. The Borrower further

understands and agrees that the Authority shall act as the Borrower's disclosure agent for purposes of compliance with the SEC Rule and that upon a failure by the Borrower to provide the information required to be provided under the SEC Rule within the time frame specified in such notice, the Authority or the beneficial owners and holders of the Authority's Bonds shall be specifically granted the right of enforcing the provisions of this Section by an action in mandamus, for specific performance, or similar remedy to compel performance.

Section 6.13 General. The Borrower shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Borrower under the provisions of the Act and this Assistance Agreement in accordance with the terms of such provisions including the Additional Covenants and Agreements, if any, set forth in Exhibit G attached hereto.

ARTICLE VII MAINTENANCE, OPERATION, INSURANCE, AND CONDEMNATION

Section 7.1 Maintain the System. The Borrower agrees that during the entire term of this Assistance Agreement, it will keep the Project, including all appurtenances thereto, and the equipment and machinery therein, in good and sound repair and good operating condition at the Borrower's own cost so that the completed Project will continue to provide the services for which the System is designed.

Section 7.2 Additions and Improvements. The Borrower shall have the privilege of making additions, modifications, and improvements to the sites of the Project, and to the Project itself from time to time provided that the additions, modifications, and improvements do not impair the operation or objectives of the Project. The Borrower shall pay the cost of such additions, modifications, and improvements and the same shall be the property of the Borrower and shall be included under the terms of this Assistance Agreement as part of the site of the Project, or the Project, as the case may be. Nothing herein contained shall be construed as precluding the Authority and the Borrower from entering into one or more supplementary Assistance Agreements providing for a reallocation, an increase in the Loan, or an additional Loan or Loans in respect of additional Projects undertaken by the Borrower.

Section 7.3 Compliance with State and Federal Standards. The Borrower shall operate and maintain the System at all times to comply with the water quality standards, if any, established by any state or federal agency. The Borrower shall retain a qualified operating personnel properly certified by the Commonwealth to operate the System during the entire term of this Assistance Agreement.

Section 7.4 Access to Records. The Borrower shall permit the Authority and any state or federal agency and their respective agents to have access to the records of the Borrower pertaining to the operation and maintenance of the System at any reasonable time following completion of Construction of the Project, and commencement of operations thereof.

Section 7.5 Covenant to Insure – Casualty. The Borrower agrees to insure the System facilities in such amount as like properties are similarly insured by political subdivisions similarly situated, against loss or damage of the kinds usually insured against by political subdivisions

similarly situated, by means of policies issued by reputable insurance companies duly qualified to do such business in the Commonwealth.

Section 7.6 Authority as Named Insured. For so long as any amounts are due and payable under this Assistance Agreement, any insurance policy issued in accordance with Section 7.5 hereof, shall be so written or endorsed as to make losses, if any, payable to the Borrower, and to the Authority, as their interests may appear.

Section 7.7 Covenant to Insure – Liability. The Borrower agrees that it will carry public liability insurance with reference to the System with one or more reputable insurance companies duly qualified to do business in the Commonwealth, insuring against such risks (including but not limited to personal injury, death and property damage) and in such amounts as are set forth in the Project Specifics, and naming the Authority as an additional insured.

Section 7.8 Covenant Regarding Worker's Compensation. Throughout the entire term of this Assistance Agreement, the Borrower shall maintain worker's compensation coverage, or cause the same to be maintained.

Section 7.9 Application of Casualty Insurance Proceeds. If, before the completion of the term of this Assistance Agreement, the Project shall be damaged or partially or totally destroyed by fire, windstorm, or other casualty, there shall be no abatement or reduction in the amount payable by the Borrower in accordance with the terms of this Assistance Agreement and the Borrower will (i) promptly repair, rebuild, or restore the Project damaged or destroyed; and (ii) apply for such purpose so much as may be necessary of any net proceeds of insurance resulting from claims for such losses, as well as any additional monies of the Borrower necessary therefor. All net proceeds of insurance resulting from claims for such losses shall be paid to the Borrower and shall be promptly applied as herein provided.

Section 7.10 Eminent Domain. If title to, or the temporary use of, the Project or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any Person acting under governmental authority, there shall be no abatement or reduction in the minimum amounts payable by the Borrower to the Authority in accordance with the terms of this Assistance Agreement, and any and all net proceeds received from any award made in such eminent domain proceedings shall be paid to and held by the Borrower in a separate condemnation award account and shall be applied by the Borrower in either or both of the following ways, as shall be determined by the Borrower in its sole discretion:

(A) The restoration of the improvements located on the Project sites to substantially the same condition as before the exercise of the power of eminent domain; or

(B) The acquisition of additional property, if necessary, and the acquisition of additional facilities by Construction or otherwise, equivalent to the Project facilities, which property and facilities shall be deemed to be a part of the Project sites and a part of the Project facilities and to be substituted for Project facilities taken by eminent domain, without the payment of any amount other than herein provided, to the same extent as if such property and facilities were specifically described herein.

Any balance of the net proceeds of the award in such eminent domain proceedings after the carrying out of the mandatory proceedings stipulated in (A) and (B) of this Section, shall be paid to the Borrower upon delivery to the Authority of a certificate signed by an authorized officer of the Borrower to the effect that the Borrower has complied with either subparagraph (A) or (B), or both, of this Section, and written approval of the certificate by an authorized officer of the Authority. The Borrower shall not voluntarily settle or consent to the settlement of any prospective or pending condemnation proceedings with respect to the Project or any part thereof without the prior written consent of the Authority.

Section 7.11 Flood Insurance. For so long as any amounts are due and payable under this Assistance Agreement, all structures located in flood prone areas shall be covered by flood insurance carried by the Borrower for an amount equal to the replacement cost excluding the cost of land and any uninsurable improvements, or for the maximum limit available under the National Flood Insurance Act of 1968, as amended, whichever is less.

ARTICLE VIII EVENTS OF DEFAULT AND REMEDIES

Section 8.1 Events of Default Defined. The following will be “Events of Default” under this Assistance Agreement and the term “Event of Default” or “Default” will mean, whenever it is used in this Assistance Agreement, any one or more of the following events:

(A) Failure by the Borrower to pay any payments at the times specified herein.

(B) Failure by the Borrower to observe or perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in subsection (A) of this Section, for a period of thirty days after written notice specifying such failure and requesting that it be remedied will have been given to the Borrower by the Authority unless the Authority agrees in writing to an extension of such time before its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Authority will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Borrower within the applicable period and diligently pursued until such failure is corrected.

(C) The dissolution or liquidation of the Borrower, or the voluntary initiation by the Borrower of any proceeding under any federal or Kentucky law relating to bankruptcy, insolvency, arrangement, reorganization, readjustment of debt, or any other form of debtor relief, or the initiation against the Borrower of any such proceeding which remain undismissed for sixty days, or the entry by the Borrower into an agreement of composition with creditors or the failure generally by the Borrower to pay its debts as they become due.

(D) A default by the Borrower under the provisions of any agreements relating to its Debt Obligations.

Section 8.2 Remedies on Default. Whenever any Event of Default referred to in Section 8.1 hereof has occurred and is continuing (other than an event of default arising under Section 6.13 hereof), the Authority may, without any further demand or notice, take one or any combination of the following remedial steps:

(A) Declare the principal of and interest on the Loan, and all other payments due hereunder, to be immediately due and payable.

(B) Exercise all the rights and remedies of the Authority set forth in the Act.

(C) Take whatever action at law or in equity may appear necessary or desirable to enforce its rights under this Assistance Agreement.

(D) Submit a formal referral to the appropriate federal agency, as required by the Federal Agreement.

The sole remedies for an Event of Default under this Assistance Agreement arising by virtue of the failure of the Borrower to comply with the provisions of Section 6.12 hereof shall be those remedies specifically set forth in Section 6.12 hereof.

Section 8.3 Appointment of Receiver. Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Authority under this Assistance Agreement, the Authority shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the System and all receipts therefrom, pending such proceedings, with such power as the court making such appointment shall confer; provided, however, that the Authority may, with or without action under this Section, pursue any available remedy to enforce the payment obligations hereunder, or to remedy any Event of Default.

Section 8.4 No Remedy Exclusive. No remedy herein conferred upon or reserved to the Authority is intended to be exclusive, and every such remedy will be cumulative and will be in addition to every other remedy given hereunder and every remedy now or hereafter existing at law or in equity. PROJECT:

The Adair County Water District is requesting a Fund F loan increase in the amount of \$1,200,000 for the Phase 23 Water Treatment Plant (WTP) and System Improvements project. The original loan of \$4,377,650 was approved by the KIA Board on February 2, 2023. This will bring the total KIA loan amount to \$5,577,650. The request for additional funds is due to bids coming in higher than expected. No additional work is being funded with the loan increase. The project consists of installing plate settlers at the WTP to increase treatment capacity of the existing basins, improve effluent quality, and reduce associated operational costs. The disinfection system at the WTP will be converted from chlorine gas to sodium hypochlorite. Five of the District's seven water tanks are experiencing corrosion and will be rehabilitated. A water main extension will also be installed to provide a connection to an unserved area.

[LETTERHEAD OF COUNSEL TO BORROWER]

Kentucky Infrastructure Authority

Re: Assistance Agreement by and between Kentucky Infrastructure Authority and
Columbia/Adair Utilities District, regarding Project Number F23-006S

Ladies and Gentlemen:

The undersigned is an attorney at law duly admitted to the practice of law in the Commonwealth of Kentucky and is legal counsel to the Columbia/Adair Utilities District (the “Borrower”). I am familiar with the organization and existence of the BORROWER and the laws of the Commonwealth applicable thereto. Additionally I am familiar with the drinking water supply project (the “Project”) with respect to which the Assistance Agreement by and between the Kentucky Infrastructure Authority (“Authority”) and the Borrower (the “Assistance Agreement”) is being authorized, executed, and delivered. Capitalized but undefined terms utilized herein shall have the meanings provided in the Assistance Agreement.

I have reviewed the form of Assistance Agreement by and between the Authority and the Borrower, the legislation of the governing authority authorizing the execution and delivery of the Assistance Agreement and the plans, designs, and specifications prepared by the Engineers for the Borrower with respect to the Project.

Based upon my review I am of the opinion that:

1. The Borrower is a duly organized and existing political subdivision of the Commonwealth of Kentucky validly existing under the Constitution and statutes of the Commonwealth of Kentucky.
2. The Assistance Agreement has been duly executed and delivered by the Borrower and is a valid and binding obligation of the Borrower enforceable in accordance with its terms, except to the extent that the enforceability thereof may be limited by equitable principles and by bankruptcy, reorganization, moratorium, insolvency, or similar laws heretofore or hereafter enacted relating to or affecting the enforcement of creditors’ rights or remedies generally.
3. The Borrower has all necessary power and authority (i) to enter into, perform, and consummate all transactions contemplated by the Assistance Agreement, and (ii) to execute and deliver the documents and instruments to be executed and delivered by it in connection with the Construction of the Project.

4. The Service Charges, as defined in the Assistance Agreement, are in full force and effect and have been duly and lawfully adopted by the Borrower.

5. The execution and delivery of the Assistance Agreement and the performance by the Borrower of its obligations thereunder does not and will not conflict with, violate, or constitute a default under any court or administrative order, decree, or ruling, or any law, statute, ordinance, or regulation, or any agreement, indenture, mortgage, lease, note, or other obligation or instrument, binding upon the Borrower, or any of its properties or assets. The Borrower has obtained each and every authorization, consent, permit, approval, or license of, or filing or registration with, any court or governmental department, commission, board, bureau, agency, or instrumentality, or any specifically granted exemption from any of the foregoing, that is necessary to the valid execution, delivery, or performance by the Borrower of the Assistance Agreement and the imposition of the Service Charges.

6. To the best of my knowledge after due inquiry there is no action, suit, proceedings, or investigation at law or in equity before any court, public board or body pending or threatened against, affecting, or questioning (i) the valid existence of the Borrower; (ii) the right or title of the members and officers of the Borrower to their respective positions; (iii) the authorization, execution, delivery or enforceability of the Assistance Agreement or the application of any monies or security therefor; (iv) the Construction of the Project; (v) the validity or enforceability of the Service Charges; or (vi) that would have a material adverse impact on the ability of the Borrower to perform its obligations under the Assistance Agreement.

7. None of the proceedings or authority heretofore had or taken by the Borrower for the authorization, execution, or delivery of the Assistance Agreement has or have been repealed, rescinded, or revoked.

8. To the best of my knowledge, the Borrower has fully complied with all federal and state labor and procurement laws in connection with the acquisition and Construction of the Project.

9. All proceedings and actions of the Borrower with respect to which the Assistance Agreement is to be delivered were had or taken at meetings properly convened and held in substantial compliance with the applicable provisions of Sections 61.805 to 61.850, inclusive, of the Kentucky Revised Statutes.

Very truly yours,
