Frankfort, KY 40601

RE: Case No. 2024-00251
Southern Water & Sewer District
Response to Second Request for Information

Dear Ms. Bridwell:

Enclosed for filing in the referenced case are Southern Water & Sewer District's responses to Kentucky Public Service Commission staff's second Request for Information.

The District has been able to prepare answers to the questions in the second Request for Information, except for #3, #7, and #8.

The District will expend their best efforts with the intention of providing the remaining items by Tuesday, April 8, 2025, and respectfully requests that the Procedural Schedule not be extended as a result of the District's challenges preparing these responses.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert K. Miller".

Robert K. Miller
