So, this is what I have found out.

The former superintendent, Hubert Halbert, made the decision (through the Southern Water board) to pay the board members. That practice continued with Dean Hamilton. The fiscal court never had any involvement in voting for compensation for the board members. Also, using Prestonsburg City Utilities as an example, they get about \$100 per month. That might be why the PSC (or whoever is asking for this) is questioning the amount. Otherwise I have no clue! Hope this helps some!!

Subject: Re: question

Lucy - no problem at all! The biggest challenge I see is that Judge Williams didn't think we would have had such a resolution because the Fiscal Court does not control what the water company does. He thought it was Southern Water's decision to provide that compensation. It is no different than any other water company. Let me work on this though!

Subject: question

Here is another thing they want, I included a copy of the question so you can see what they are asking.

I know I am asking a lot and I am so sorry.

Thanks

Lucy
