STMO Bn, LLC (Starfire)
Supplemental Response to Siting Board Staff's First Request for Information
Case No. 2024-00255

Request No. 25:

Identify all cemeteries located within a two-mile radius of the project on a map and identify if the project will restrict access to them in any way.

Response:

See attached. Nine cemeteries have been identified within two miles of the Project. Of these, two cemeteries may be subject to restricted access: Chestnut Gap Cemetery, located within the Project boundary; and Smokey Hollow Cemetery, which is located outside the boundary but within 2,000 feet of the Project site. The remaining seven cemeteries will not be subject to restricted access: Williams Cemetery, Smith Robers Campbell Cemetery, Upper Land/Stacy Cemetery, Wyatt Williams Cemetery, Richie Combs Cemetery, Martin Richie Cemetery, and John H. Smith Cemetery.

Supplemental Response:

In Applicant's March 31, 2025 Response to 1 RFI 25, Applicant indicated that there were nine cemeteries within two miles of the Project and that two may have restricted access. Applicant is now supplementing its Response to correct the number of cemeteries to ten (10) total and to also correct that the Project will not restrict access to any of the ten cemeteries in any way. These cemeteries are identified as follows: Chestnut Gap Cemetery, Smokey Hollow Cemetery, Williams Cemetery, Smith Roberts Campbell Cemetery, Upper Land/Stacy Cemetery, Wyatt Williams Cemetery, Richie Combs Cemetery, Fugate Cemetery, Martin Richie Cemetery, and John H. Smith Cemetery. Please refer to the attached map for the 3/31/25 Response filing for each cemetery's location.

Responding Witness: David Gil
