Third Supplemental Response to Siting Board Staff's First Request for Information
Case No. 2024-00255

Request No. 18:

Provide the total length of cabling to be used in the projects' collection system.

Response:

At this time, approximately 28,000 linear feet of collection cables is anticipated for the Project's collection system.

Supplemental Response:

The Project's original measurement of collection cable length was a typographical error. As corrected, the Applicant anticipates approximately 280,000 linear feet of cables for the Project's collection system.
