Re: Status Report for Case No. 2024-00255: In the matter of the Electronic Application of STMO Bn, LLC (Starfire) for a Certificate of Construction for an Approximately 210 Megawatt Merchant Electric Solar Generating Facility in Knott, Breathitt, and Perry Counties, Kentucky Pursuant to KRS 278.700 and 807 KAR 5:110.

Dear Ms. Bridwell,

On behalf of the Applicant, STMO Bn, LLC (“Starfire”), this letter serves as the status report required by the Kentucky State Board on Electric Generation and Transmission Siting (“Siting Board” or “Board”) as required per Mitigation Measure No. 5 contained in Appendix A to the Board’s Order dated August 1, 2025, in the above-captioned matter (the “Construction Certificate”).

To date, Starfire has not commenced construction of the Project. The Applicant is continuing its due diligence efforts and design work for the Project in preparation for soliciting bids in a formal RFP process. This is an ongoing process and the RFP has not been prepared at this time.

Starfire will continue to update the Siting Board in compliance with Mitigation Measure No. 5 of the Construction Certificate as the Project progresses toward construction and welcomes the opportunity to supplement this report should any additional information be requested. Please don’t hesitate to contact me if you have any questions.

Sincerely,

*/s/Gregory T. Dutton*
