ATMOS ENERGY’S MOTION FOR CONFIDENTIAL TREATMENT

Comes now Atmos Energy Corporation (“Atmos Energy”), by and through counsel, pursuant to KRS 61.878, 807 KAR 5:001, Section 13 and other applicable law, and requests that the Kentucky Public Service Commission (“Commission”) afford confidential treatment to certain information filed in its Supplemental Response to Commission Staff’s First Request for Information (“Staff’s First Request”), Item 48. In support of the motion Atmos Energy respectfully states as follows:

1. On October 8, 2024, Commission Staff issued its First Request for Information to Atmos Energy in the above styled proceeding.
2. As part of Atmos Energy’s responses, Atmos Energy is providing detailed information that Atmos Energy believes is confidential and should not be publicly disclosed. Specifically, the information is being provided in its supplemental response to Request No. 48 Attachment 2.
3. Request No. 48, Attachment 2 required Atmos Energy to provide its written compensation policy and incentive compensation policy. This information is referred to as the “Confidential Information” for which confidential protection is sought.

4. The Kentucky Open Records Act and applicable precedent exempts the Confidential Information from disclosure, including KRS 61.878(1)(a); KRS 61.878(1)(c)(1); KRS 61.878(1)(k); KRS 61.878(1)(l); *Zink v. Department of Workers Claims, Labor Cabinet*, 902 S.W.2d 825 (Ky. App. 1994); and, *Hoy v. Kentucky Industrial Revitalization Authority*, 907 S.W.2d 766, 768 (Ky. 1995). The public disclosure of the Confidential Information would potentially harm Atmos Energy's competitive position in the marketplace which would be to the detriment of Atmos Energy. Additionally, the Confidential Information is publicly unavailable, and its confidentiality is critical to Atmos Energy's effective execution of business decisions and strategy. For these reasons, the Confidential Information satisfies both the statutory and common law standards for affording confidential treatment.

5. Request No. 48 required Atmos Energy to provide its Board approved compensation policy. Atmos Energy provided information for this response in its original responses. However, Atmos Energy discovered that the Long Term Incentive Plan ("LTIP") provided did not contain the most recent revision. Atmos Energy is providing the most recent revision to the LTIP as a supplemental response Attachment 2. Atmos Energy believes this information should be granted confidential treatment pursuant to KRS 61.878(1)(c)(1). This document contain extensive internal analysis of employee benefits and compensation. If disclosed this information would provide competitors with access to exclusive information regarding employee compensation and internal compensation strategies. This would harm Atmos Energy's ability to retain and hire employees. The Commission has granted confidential treatment to this information in the past.¹

¹ Case No. 2018-00281, *Electronic Application of Atmos Energy Corporation for an Adjustment of Rates*, February 3, 2021 Order (Ky. PSC February 3, 2021) and Case No. 2021-00214, *Electronic Application of Atmos Energy Corporation for an Adjustment of Rates*, October 1, 2021 Order (Ky. PSC October 1, 2021).

6. Atmos Energy does not object to limited disclosure of the Confidential Information, pursuant to an acceptable confidentiality and nondisclosure agreement, to any intervenors with a legitimate interest in reviewing the same for the sole purpose of participating in this case. However, as it is unknown who may or may not eventually intervene in the case, Atmos Energy reserves the right to object to sharing the Confidential Information with any party that may have a mixed-motive for accessing the Confidential Information, that may be a competitor of Atmos Energy in any market, who may have a commercial conflict of interest or for any other reason.

7. In accordance with the provisions of 807 KAR 5:001, Section 13(2), Atmos Energy is providing one copy of the Confidential Information separately under seal. Since Atmos Energy is requesting confidential treatment for the entirety of the documents, a redacted copy is not being provided in the public record and the copies being filed under seal with the Commission do not contain highlights. The filing of the Confidential Information is noted in the public version of Atmos Energy's responses.

8. In accordance with the provisions of 807 KAR 5:001, Section 13(3), Atmos Energy respectfully requests that the documents be granted indefinite confidential protection. Given the competitive nature of the natural gas business it is necessary that the information remain confidential indefinitely.

WHEREFORE, on the basis of the foregoing, Atmos Energy respectfully requests the Commission to enter an Order granting this Motion for Confidential Treatment and to so afford such protection from public disclosure to the unredacted copies of Confidential Information, which is filed herewith under seal, for the periods set forth herein.

This the 12th day of December, 2024.

Respectfully submitted,
