Re: Larue County Water District No. 1
Purchase Water Adjustment Case No. 2024-00277

Dear Ms. Bridwell:

The Larue County Water District No.1 requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment.

The District was notified by two of its suppliers, Campbellsville Municipal Water and Green-Taylor Water District, that their wholesale rates will increase effective August 1, 2024. The result of the increase in purchased water expense is \$4,039.58 in supply cost to the District. This translates into \$0.02 per 1,000 gallons of water sold to our customers.

The following supporting documents are enclosed for your review:
