RE: Case No. 2024-00278
Crittenden-Livingston County Water District
Alternative Rate Filing Adjustment – Remediation of Deficiencies in Application

Dear Ms. Bridwell:

Enclosed for filing in the referenced case is Crittenden-Livingston County Water District's remediated application for an adjustment to its water rates. The original ARF Application was filed on November 12, 2024 but was rejected due to deficiencies identified in your letter dated November 14, 2024.

Since that time, Ariel Baker, the original consultant working on behalf of the District, was not able to continue this work and I became responsible for resolving those deficiencies and submitting this application addressing the issues identified as follows:

1. 807 KAR 5:076 Section 5(4)(a): The date included with the public notice was the date the District reasonably expected to file its application. During this time, the Superintendent left employment the District and one of the District's Commissioners was travelling out of country and District Staff was unable to obtain the required signatures on one of the ARF Form-3s in a timely manner. The District states that it has notified its customers for three consecutive weeks pursuant to the regulations and therefore requests a deviation from the requirements of 807 KAR 5:076 Section 5(4)(a).
2. 807 KAR 5:076 Section 4(1)(h): The selection regarding related party transactions have been made on the ARF-3 Forms for the two individuals in the revised application.
3. 807 KAR 5:076 Section 4(1)(a): The reasons for application has been included in the revised application.

4. 807 KAR 5:076 Section 4(1)(b): A copy of the outstanding evidences of indebtedness has been included in the revised application.
5. 807 KAR 5:076 Section 4(1)(c): A copy of the amortization schedules of all of the District's indebtedness has been included in the revised application.

My electronic mail address is bob.miller@straightlineky.com.

Sincerely,

Robert K. Miller
