PCO AMI Meter RFP  
 Instructions

- 1) Sections 1-6 must be completed with the requested information.

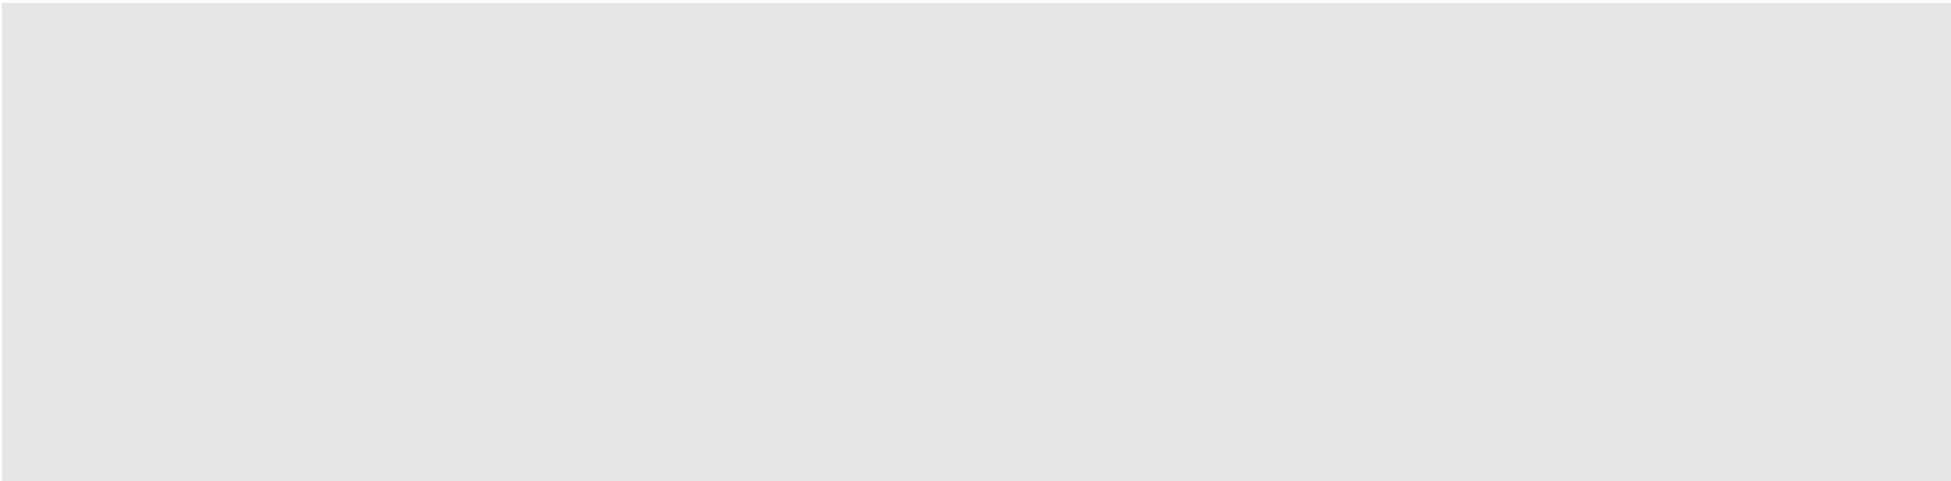

3) Pricing **assumptions** must be recorded in **Form C** (Assumptions - Exceptions - Deviations).

4) All pricing information **must** be included in the **Pricing Template** and **Form A**.

5) Pricing information **shall not** be referenced in remaining proposal documents.

6) Table rows may be added to accommodate additional line items.

Please contact the Sourcing Analyst(s) administering the event if you have any questions or concerns.

## Form D - RFP Questionnaire

EVENT NAME	KYPCO AMI RFP
SUPPLIER NAME	<a href="#">Enter Name</a>

#	CATEGORY	QUESTION	SUPPLIER RESPONSE
1.0	Cyber Security	Does your solution federate with AEP's enterprise identity provider for authentication using SAML 2.0 or OIDC?	
2.0	Cyber Security	Does your solution support the use of an email address as the User ID?	
3.0	Cyber Security	Does your solution automatically redirect logins to AEP's sign on page?	
4.0	Cyber Security	Does your solution redirect logout back to AEP's sign out page?	
5.0	Cyber Security	Does your solution have a configurable policy to enforce complex passwords, with a character minimum and an expiration limit for all locally authenticated accounts?	
6.0	Cyber Security	Does your solution provide multifactor authentication for all locally authenticated accounts?	
7.0	Cyber Security	Does your Solution provide a list of users periodically to use to reconcile against AEP's IAM provisioning solution? Default is nightly.	
8.0	Cyber Security	Does your solution support IP whitelisting to only allow access from AEP IP addresses?	
9.0	Cyber Security	Does your Solution have the ability to immediately disable all or part of the functionality of the application should a security issue be identified?	
10.0	Cyber Security	Does your solution support TLS 1.2 or higher encryption? If not, how is communication between the end user and the application secured?	
11.0	Cyber Security	Does your solution keep all AEP data and related services in the continental United States at all times?	
12.0	Cyber Security	Does your solution encrypt the data at rest?	
13.0	Cyber Security	Does your solution encrypt the data in motion?	
14.0	Cyber Security	Does your solution provide a VPN or a dedicated connection for all AEP backend server integrations?	
15.0	Cyber Security	Does your solution scan/inspect files received from non AEP sources using malware prevention technologies?	
16.0	Cyber Security	Does your solution allow data to reside on an instance dedicated to AEP (i.e. Object storage, database, etc.)? If not, how is AEP's data kept separate?	
17.0	Cyber Security	Does your solution allow your application run on an instance dedicated to AEP (i.e container, VM, etc.)? If not, how is AEP's application stack kept separate?	
18.0	Cyber Security	Does your solution make application user activity logs available to AEP?	
19.0	Cyber Security	Does your solution export/stream these logs to AEP's central logging solution? (i.e. SIEM)	
20.0	Cyber Security	Does your solution support the application being monitored via AEP's CASB solution? ( <a href="#">See CASB API Checklist tab</a> )	
21.0	Cost	What services, if any, are typically hosted by the customer? What services do you typically host?	
22.0	Cost	What services are hosted by AEP based on your proposal and proposed fees?	
23.0	Cost	What are the average annual hosting fees, if any, for your customers of a similar size/scope to AEP?	
24.0	Managed Services	Are your support resources located onshore, nearshore or offshore?	
25.0	Information Technology	Describe your solution's technology platform (including programming language, database, etc.)	
26.0	Information Technology	How does your organization manage patching?	
27.0	Meter Technology	Is a remote connection or disconnection for class 320 meters available?	
28.0	Meter Technology	Ability to obtain cumulative loading on a selected set of meters. Can see possibilities of using this feature in picking up load from one circuit or another.	

29.0	Meter Technology	Capabilities of detecting certain Power issues (ea. Loose neutrals).	
30.0	Meter Technology	Record oscillographic data and download it remotely to help determine some other power quality issues.

### Criteria for CASB Connect Platform Fit

For all questions, choose/provide appropriate answer. Mark NA for questions not applicable.

#	Question	Answer
1	Cloud Service Name (Eg: SharePoint)	
2	Service Provider Name (Eg: Microsoft)	
3	Does service requested have cloud deployment version?	
4	Is the cloud service a SaaS app?	
5	If not a SaaS app, what is the type of cloud service? (Eg: IaaS)	
6	Does cloud service have REST APIs?	
7	Do cloud service APIs support JSON as request/response format?	
8	Do cloud service APIs support OAuth 2.0 for authentication/authorization of third party applications?	
9	If OAuth 2.0 is not supported, what type of authorization is supported by Cloud Service APIs.	
10	Does Cloud Service allow fetching activity logs / audit logs periodically via an API? (Note: activity logs should capture activities performed by all users in the cloud service, it should be possible to consume the API to fetch global activity logs by using an access token obtained through authorization from an administrator during initial OAuth 2.0 auth flow)	
11	Does cloud service support Webhooks mode of event listeners that allows third party applications to register an endpoint where events will be posted for every user activity? (Note: events should be sent to webhook listener endpoint/url for activities performed by all users in the cloud service)	
12	If yes for previous questions, does Cloud Service have APIs to register webhook listeners or do the webhook listeners have to be registered manually in the application?	
13	Does cloud service allow users to upload content/attachments?	
14	If yes for previous question, does Cloud Service provide a way to fetch periodically the list of content objects or attachments added/updated (across all users) via API? (Note: If the cloud service supports an event logs API i.e. your answer to question in #13 is yes, then please clarify whether any content upload/update events are also covered as part of that API)	
15	Does Cloud Service support Webhooks event listener mode that allows third party applications to register an endpoint and listen to content/document upload events (across all users)? (If your answer to question in #14 is yes, please mention whether the webhooks cover activities/events related to content uploads)	
16	Does Cloud Service have APIs to download, modify, delete content/attachments in the cloud service? (Note: it should be possible to perform these operations for content objects / attachments owned by any user, using an access token obtained through authorization from an administrator during initial OAuth 2.0 auth flow)	
17	Please provide link to online API documentation (including any user account credentials required to access documentation)	
18	Does Cloud Service provide free/trial accounts?	
19	Note features which are not available in free/trail accounts	
20	API Load Thresholds

## 1.0 INTRODUCTION

### 1.1 American Electric Power

Kentucky Power, headquartered in Ashland, Ky., provides service to approximately 162,000 customers in all or part of 20 eastern Kentucky counties.

Kentucky Power is part of the American Electric Power (AEP) system, which is one of the largest electric utilities in the United States, delivering electricity and custom energy solutions to nearly 5.5 million regulated customers in 11 states. AEP's headquarters are in Columbus, Ohio.

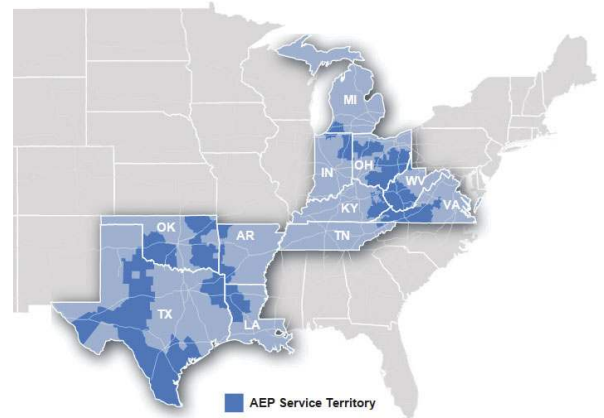

AEP owns the nation's largest electricity transmission system, a more than 40,000-mile network that includes more 765-kilovolt extra-high voltage transmission lines than all other U.S. transmission systems combined. AEP also operates 223,000 miles of distribution lines. AEP also is one of the nation's largest electricity producers with approximately 30,000 megawatts of diverse generating capacity, including more than 5,300 megawatts of renewable energy.

#### AEP Mission

Together, with our customers, we are redefining the future of energy and developing innovative solutions that power communities and improve lives.

#### A Culture of Innovation

At AEP, innovation has been part of the fabric of our culture for more than a century. Today, our sights are set on the next 100 years. AEP has dedicated teams working to identify, create and execute on opportunities at local and global levels. While we have come a long way in our innovation journey, we remain committed to leading the energy industry and providing customers with innovations that will power their 21st century needs.

#### Enterprise Security

Like all major infrastructure, the nation's power grid is subject to an array of threats, from naturally caused phenomena such as extreme weather to vandalism, domestic and foreign terrorism, and insider risks that jeopardize reliability, safety, and data security. The stakes are high; our response to an event affects our customers, our reputation, and the reliability of the power grid.

AEP continually evaluates cyber and physical security risks enterprise-wide using our risk management process, providing a comprehensive approach to understanding and managing these risks in relation to other enterprise risks. It also enables decision-making based on the level of acceptable risk, as well as our priorities and resources. Additional information about AEP's cyber and physical strategy can be found at [www.aepsustainability.com/governance](http://www.aepsustainability.com/governance).

#### Supplier Diversity

AEP is committed to finding optimal Participants within the small and diverse business community. The Participant Diversity Team collaborates with AEP Procurement, economic development, and business partners to maximize opportunities for small and diverse businesses.

For more information about Kentucky Power, please visit [About Us \(kentuckypower.com\)](http://kentuckypower.com).

## 1.2 RFQ Overview

Suppliers are encouraged to present quotes that are based on the unique capabilities, experiences and resources of their organization and recognize AEP's specific needs. Responses should be as concise as possible, while providing the requested detail/information. If you are selected to administer the services in scope, your responses to the RFQ will be considered part of your contractual responsibilities.

## 2.0 SCOPE

---

### 2.1 Scope

Kentucky Power is soliciting a quote to replace and automate reading of electric revenue meters within its service territory in the state of Kentucky. Kentucky Power quotes will be used to demonstrate to the Kentucky Public Service Commission a reasonable, least-cost metering options.

### 2.2 Capabilities

#### 2.2.1 Meter Capabilities

AEP solicits your quote for the delivery of meters equipped with Automated Meter Reading (AMR) modules and internal service switches that will provide the capabilities, some of which are listed below:

- a. Standards based architecture including the utilization of ANSI C12 metering standards.
- b. End-to-end security protection from unauthorized access to all components and data within the AMR system.
- c. Obtain meter data via mobile readers.
- d. 15-minute consumption data from all customer meters and storage of data within the meter for at least 45 days, for applicable units of measurement.
- e. Recording energy flow in both directions, in separate data channels, and calculating net usage for all residential meters to enable net billing for self-generators.
- f. Ability to download (via a field visit to the meter) updates to meter settings, configuration, security settings, and firmware for all AMR devices.
- g. Guarantees of manufacturing timelines for meter equipment and field hardware. What is the estimated support lifespan for these products? Have End of Life Support notices been issued for any of your existing products targeted to support our RFQ?

#### 2.2.2 Software Capabilities

AEP seeks quotes for delivery and installation of head-end software that will, among other things:

- a. Obtain meter data via mobile readers and receive meter data, such as consumption and power status, on demand.
- b. Ability to download (via a field visit to the meter) updates to meter settings, configuration, security settings, and firmware for all AMR devices.
- c. Guarantees of support timelines for meter reading software and equipment. What is the estimated support lifespan for these products? Have End of Life Support notices been issued for any of your existing products targeted to support our RFQ?

Not all planned capabilities are required. Some are viewed as valuable in that they may extend the life of the AMI system by adding additional flexibility.

## 2.3 Current Systems and Processes

The information below is provided for participants to better understand the systems and processes at AEP that could impact or be impacted by the services in scope. This information should be taken into consideration when determining the level of scale and resources required to meet the scope and objectives.

Application	Version	Description
Clevert FieldNet and ARCS	6.1	AEP current AMR system used to read SCM and SCM + meters.
Oracle MDM	2.5.0.0	<ul style="list-style-type: none"> <li>AEP Enterprise solution for data validation, estimation and editing (VEE).</li> <li>MDM is integrated via AMI Integrations with all AEP AMI Operating Companies and will also be integrated with Kentucky.</li> <li>Oracle Utilities Meter Data Management V2.5.0.0.0 113 000</li> <li>Oracle Utilities Application Framework V4.5.0.0.0 009 000</li> </ul>
MACSS (CIS) Shadow API's	7.5	<ul style="list-style-type: none"> <li>AEP CIS/billing system (COBOL 6.3) for all AEP Operating Companies.</li> <li>MACSS via Shadow API's to FieldNet provides meters that need read for the current billing cycle.</li> </ul>
Packing and unpacking capability for SCM Triple ERT meters that support Cycle Insensitive Demand (CID)		<ul style="list-style-type: none"> <li>AEP/Aclara SCM Triple ERT Meters can be set to calculate "Cycle Insensitive Demand" based on a GE (now Aclara) proprietary algorithm. This provides an alternative method for calculating the maximum demand without the need to store a calendar in the meter and perform a self-reset. The KV2c meter can track the peak demand over a programmable period of time (i.e. the peak demand for the last # of work days), thus minimizing the need to reset the demand meter.</li> <li>The CID solution requires a CID meter program. The meter packs (encodes) data into an SCM based on the CID meter program. MACSS CID functionality uses the CID meter program</li> </ul>

### 2.2.2 Additional Guidelines

Below are additional guidelines based on Current Systems and Processes:

- The SCM+ AMR system must be capable of reading SCM + meters
- The SCM+ AMR system must be capable of reading legacy SCM single and triple ERT meters.
- The SCM+ AMR system does NOT need to be able to pack/unpack (encode/decode) Cycle Insensitive Demand SCM data packets. (this could go in out of scope section)

## 3.0 RESPONSE REQUIREMENTS

### 3.1 General

- Participant responses should be concise and specific to the requirements of the RFQ.
- Quotes shall not include general information or marketing materials and responses must be based on service offerings available to the market today.

### 3.2 Response Submission

All quote documents must be submitted using the Ariba Sourcing tool prior to the RFQ response deadline in Section 3.5 below.

### 3.4 Response Elements

The additional response elements below shall be combined submitted as one (1) separate attachment.

#### 3.4.1 Service Agreements

Submit a copy of the service agreement(s) governing your solution, such as the software license agreement, support and maintenance agreement and service level agreement.

#### 3.4.2 Proposed Fees

Provide the estimated fees for providing the services in scope of this RFQ, representing the total cost of ownership for AEP to successfully implement and utilize the solution. Be sure to separate fees by service type. Provide any additional fees, outside of those listed below, in which AEP would be responsible for paying over the contract term.

- a. Itron SCM+ Meter Pricing
- b. Field Collection System Costs
- c. Mobile Collector Hardware Costs
- d. Handheld Hardware Costs
- e. Implementation/Integration Service Fees

#### 3.4.3 Security Whitepaper

Provide a copy of your Cyber Security Whitepaper for the SCMP+ solution.

#### 3.4.4 Product Roadmap

Provide a copy of the SCM+ product roadmap, including planned availability of the solution.

## 5.0 ADDITIONAL INFORMATION

---

### 5.1 Participant Questions

Questions may be submitted using the Ariba messaging portal. AEP will share all questions and responses with RFQ Participants as they are submitted. The question submission deadline is provided in the timeline below.

### 5.3 Timeline

The following schedule of events will control this RFQ. Dates and Events are subject to change.

Event	Date
RFQ Released	February 26, 2024
Question Submission Deadline	March 1, 2024
RFQ Response Due (by 12:00 pm EST)	March 8, 2024
Select and Notify Finalists	April 2024
Contract Completion	TBD
Begin engagement with selected participant(s)	TBD

After a brief analysis period, AEP will narrow the pool of candidates and select participants or firms may be required to prepare an oral presentation. During the presentation period, negotiations of the engagement will commence with the expectation that when AEP makes a determination of the preferred participant or firm, we will be able to mutually execute a master agreement detailing the relationship.

## 5.5 AEP Contact(s)

Any communication relating to the RFQ with an AEP employee not designated as the AEP Contact below is strictly prohibited and could result in disqualification.

Name	Title	Email	Phone
Erin Thal	Procurement Consultant	<a href="mailto:emthal@aep.com">emthal@aep.com</a>	614-716-3983

## 6.0 GENERAL REQUIREMENTS AND EXPECTATIONS

Please consider the business requirements to be non-negotiable. Your participation and bidding in this RFQ denotes your explicit acceptance of all the below requirements.

### 6.1 General

1. If you are selected to administer the services in scope of this RFQ, your responses to the questionnaire and quote documents will be considered part of your contractual responsibilities.

### 6.2 Fees and Payment

1. Fees for services apply to all AEP entities, joint ventures, wholly owned subsidiaries, distributors, and affiliates.
2. AEP standard payment terms are Net 45. Participants that wish to expedite payment can choose from one of the two options as part of AEP's Accelerated Payment Program. Please take this into account when submitting your quote. For more information about AEP's Accelerated Payment Program, visit <https://aep.com/b2b/ap/accelerated>.
3. Any effort expended and any costs or expenses incurred by the Participant as a result of this RFQ shall be the Participant's sole responsibility. There is no obligation for AEP to cover any costs incurred hereby, nor to make any award as a result of this RFQ.
4. AEP may award the RFQ in whole, in part or not at all. Participants should submit pricing in a way that would support a partial award.

### 6.3 RFQ Policy and Procedure

1. The following online agreements are specific to the RFQ and require acceptance by each Participant prior to accessing RFQ documents. Participant acceptance is captured in Section 3.1 of the Ariba platform, where copies of each agreement can be found.
  - a. **Mutual Confidentiality Agreement.** AEP's standard Mutual Confidentiality Agreement (MCA) protects the information of all parties.
  - b. **Participant Agreement.** Participants are expected to adhere to the guidelines and rules of conduct outlined in the Participant Agreement.
2. Any Participant questions during the bid will be reviewed by the AEP team and answered within the Ariba Sourcing tool to all Participants. **Any communication with an AEP employee or contractor related to the RFQ during the bid is strictly prohibited and could result in disqualification.**
3. AEP reserves the right to eliminate steps at any time if AEP believes doing so will improve the evaluation process. At any time during the evaluation process, AEP may ask a Participant to correct, revise, or clarify any portion of its quote.
4. AEP may reject any quote that is not in the required format, does not address all the requirements of this RFQ, or that AEP believes is excessive in price or otherwise not in its interests to consider or to accept.

5. During the evaluation process, AEP, may request clarifications from any Participant under active consideration and may give any Participant the opportunity to correct defects in its quote if AEP believes doing so does not result in an unfair advantage for the Participant and it is in AEP's interests to do so.
6. Participants must disclose any potentially perceived conflicts of interest in the performance of the services described herein. Additionally, Participants must disclose any known personal relationships between company employees and AEP (or Affiliates) employees.

#### 6.4 Applicable Terms and Conditions

1. **Consulting Services Agreement.** Professional services awarded from the RFQ will be governed by AEP General Terms and Conditions for Consulting Services, attached hereto as Exhibit A. Contract execution will occur upon both parties reaching mutual agreement of the terms and conditions therein.
2. **Security Contract Supplement.** If the services are deemed to be of medium or high risk by AEP Security, the executed agreement package shall incorporate a mutually agreed upon Security Contract Supplement. Participants are expected to adhere to the standards set forth in the Security Contract Supplement, attached hereto as Exhibit B.
3. **Travel Expense Guidelines.** AEP Travel Expense Guidelines shall be incorporated as an exhibit to the master agreement. Upon mutual agreement, the AEP Travel Expense Guidelines will govern any travel by Participant key personnel over the term of the contract. The AEP Travel Expense Guideline are attached hereto as Exhibit C.
4. **Supplier Code of Conduct.** AEP has released our new Supplier Code of Conduct reflecting expectations for suppliers to uphold AEP's values around safety and health, environmental performance, ethics and compliance, anti-bribery, human dignity, diversity and inclusion, and security. This external facing document will reinforce AEP's expectations of suppliers when they are conducting business with AEP or on AEP's behalf. It is also part of AEP's Commitment to transparency of our values and supply chain engagement and is an extension to our contract terms and conditions. The Supplier Code of Conduct can be found at [AEP Business to Business](#).

## **AEP GENERAL TERMS AND CONDITIONS FOR CONSULTING SERVICES**

### **1.0 DEFINITIONS**

Subject to additional definitions contained in subsequent Articles, capitalized terms used in these General Terms and Conditions for Consulting have the meanings set forth below:

- 1.1 Business Day: “Business Day” means any calendar day, other than a Saturday or Sunday or a calendar day on which U.S. commercial banking institutions are authorized or required by law to close.
- 1.2 Change Order: “Change Order” means a written order as defined and issued in accordance with Article 13.0.
- 1.3 Confidential Information: “Confidential Information” means any confidential or proprietary information, whether written, oral or visual, whether or not it constitutes a trade secret under applicable law and as set out in Article 21.0.
- 1.4 Contract: “Contract” means collectively the Contracting Instrument and all documents referenced in the Contracting Instrument and any Change Orders, amendments or addenda.
- 1.5 Contract Price: “Contract Price” means the price to be paid to the Consultant for the performance of Work as set forth in the Contracting Instrument.
- 1.6 Contracting Instrument: “Contracting Instrument” means the contractual document that identifies the parties, the nature of the Work, the Contract Price, documents to be included as part of a Contract, and other matters relating to a Contract. The Contracting Instrument may be in the form of a contract letter, work authorization, release, letter of authorization, purchase order or other similar documents.
- 1.7 Consultant: “Consultant” means the entity contracting with Owner for the performance of Work.
- 1.8 Data Protection Law. “Data Protection Law” means any and all data privacy laws applicable to the processing or handling of any Owner data.
- 1.9 Direct Cost: “Direct Cost” means the actual costs and charges incurred and payments made by Consultant and its Subcontractors for Site equipment, materials, services and labor (including payroll burden and expenses) which are directly attributable to the performance of Consultant’s Work hereunder. Direct Cost includes Consultant’s home office or Site labor to the extent Consultant’s home office or Site labor is directly assignable to the Work which must be demonstrable under the circumstances. Direct Cost shall not include corporate, general and administrative costs including sales, marketing, accounting, human resources, information technology, payroll, profit, research, development, quality assurance and control, purchasing, safety, management, administration, warranties, insurances, offsite or other unabsorbed costs.
- 1.10 Final Acceptance: “Final Acceptance” means Owner’s determination that the Work has been completed in accordance with the Contract requirements.

- 1.11 Force Majeure Event: “Force Majeure Event” shall have the meaning set out in Article 26.0.
- 1.12 Initial Acceptance: “Initial Acceptance” means Owner’s determination prior to final inspection and testing that the Work conforms to the Contract requirements for purposes of receipt.
- 1.13 Owner: “Owner” means any one or more of the companies of the American Electric Power System as may be specified in the Contracting Instrument.
- 1.14 Personally Identifiable Information: “Personally Identifiable Information” or “PII” means an individual’s first name or first initial, and last name, in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted: Social Security number; driver’s license number; state or Federal government issued ID (in lieu of a driver’s license); credit card number; passport number; biometric data (such as, fingerprints, voiceprints, retina or iris images); and/or bank account or debit card number, along with any required security or password required for access. Personally Identifiable Information shall also have the meaning attributed to it under any applicable Data Protection Law in any relevant jurisdiction.
- 1.15 Site: “Site” means Owner's property or such other premises (including adjacent bodies of water and property owned or controlled by a third-party) upon which the Work is to be performed.
- 1.16 Subcontractor: “Subcontractor” means vendors, suppliers, consultants, and subcontractors of any tier, materialmen, professionals, laborers, and all other persons providing equipment, materials or services directly or indirectly to Consultant in connection with the Work.
- 1.17 Work: “Work” means all of Consultant's obligations under the Contract.

## 2.0 CONSULTANT'S OBLIGATIONS

- 2.1 Consultant shall, at its expense, provide everything necessary for the complete, proper and timely execution of the Work including, but not limited to, home office support, supervision, labor, tools, transportation, equipment, materials and supplies, unless explicitly excluded in the Contract. Consultant’s performance of the Work shall include everything requisite and necessary to complete its Work, notwithstanding the fact that every item necessarily involved may not be specifically mentioned. Details and items not indicated by the Contract documents shall be adequately and properly performed by Consultant at no extra cost if such details and items are necessary to complete the intent of the Contract or otherwise to complete the Work.
- 2.2 Consultant is responsible for considering the conditions affecting the Work including, but not limited to, the availability and cost of labor, water, electric power, utilities, and roads; the uncertainties of weather and similar physical conditions at the Site; and the character of equipment and facilities needed. Consultant shall take into account the character, quality and quantity of surface and subsurface materials or obstacles to be encountered to the extent this information is reasonably ascertainable from the Contract documents or an inspection of the Site.

- 2.3 Consultant shall assign qualified and competent personnel and supervision to perform the Work. Key personnel shall not be removed or replaced without prior consent of Owner which shall not be unreasonably withheld. Consultant will investigate and take appropriate action with respect to any personnel problems brought to its attention by Owner.
- 2.4 Consultant shall confine all of its operations and personnel to those areas of the Site to which Owner authorizes access.
- 2.5 Consultant's personnel may not operate Owner's tools, vehicles, materials or equipment ("Owner's Equipment") without Owner's prior authorization.
- 2.6 Consultant shall cooperate with Owner and others and promptly report to Owner any problems or defects in the work of Owner or others that affect the Work. Consultant shall properly coordinate its Work with that of Owner and other contractors.
- 2.7 Consultant shall secure and protect its materials, tools, equipment and the Work, including Owner-provided materials and equipment.
- 2.8 As requested by Owner, Consultant shall provide Owner with periodic reports concerning the progress of the Work.

### 3.0 TERM AND EFFECTIVE DATE

- 3.1 The Contract shall commence as of the effective date and, unless earlier terminated as provided in Article 25.0, shall terminate on the termination date set forth in the Contract. Unless specified elsewhere in the Contract, the effective date of the Contract shall be the earlier of the date on which Consultant begins performance hereunder or the date of the latter signature on the Contract.

### 4.0 RELATIONSHIP OF THE PARTIES

- 4.1 Consultant and all of its employees and Subcontractors are, with respect to Owner, independent contractors. Consultant will be solely responsible for the supervision, direction, and control of its employees and Subcontractors. Consultant is responsible for the payment of all compensation, benefits, and employment taxes with respect to the Consultant's employees.

### 5.0 ASSIGNMENT AND SUBCONTRACTING

- 5.1 Consultant shall not assign or otherwise dispose of the Contract, or any obligations hereunder, without the written consent of Owner. Any assignment or disposal without the written consent of Owner shall be null and void.
- 5.2 Prior to entering into any subcontract and upon request by Owner, Consultant shall submit to Owner a subcontractor data sheet that includes the name and address of the Subcontractor and the scope of work proposed to be included under such subcontract. Within five Business Days of receipt of a Subcontractor data sheet, Owner may reject such Subcontractor without cost or contract extension by giving written notice of such rejection to Consultant.

- 5.3 Consultant is responsible for the selection of any Subcontractor and for the Subcontractor's proper performance of the Work assigned to it. If the Work of a Subcontractor is not in compliance with the Contract requirements, Consultant shall take immediate steps to bring the Subcontractor's Work into compliance and, at Owner's written request, terminate its contractual relationship with the Subcontractor as it relates to the Work at no cost to Owner.

6.0 SAFETY AND HEALTH

- 6.1 Consultant shall perform the Work in a safe and careful manner, provide first aid facilities and transportation, and use such safety and health devices and methods as are necessary to protect its employees, agents, Subcontractors, Owner's employees and agents, other contractors and the public from bodily injury and property damage.
- 6.2 Consultant shall comply with and enforce all laws, rules and regulations applicable to safety and health standards, including, but not limited to, the Occupational Safety and Health Act of 1970 (OSHA) and any revisions of OSHA or successor legislation.
- 6.3 Consultant shall comply with project and Site safety and security rules, any supplemental safety and health terms and conditions specific to the Owner business unit for which the Work is performed, and all procedures issued by Owner, provided that such rules and procedures do not conflict with OSHA or other safety laws, rules or regulations. Consultant shall assign a competent person at all times to manage, coordinate and enforce its safety and health program during performance of the Work.
- 6.4 Consultant shall obtain Site permits or approval from Owner for its vehicles, any excavation, access to restricted areas, use of Owner's Equipment, tools and facilities, and other similar activities.
- 6.5 Owner will arrange all necessary clearances on energized equipment, electrical and communications circuits, piping systems or other operational equipment. Consultant shall notify Owner requesting the clearances prior to the scheduling of such Work. Consultant shall comply with Owner's clearance permit system regarding tagout and lockout of electrical and mechanical systems and other equipment.
- 6.6 Consultant shall promptly inform Owner of any injuries to its employees, agents, Subcontractors, or other persons arising out of the Work that require medical treatment.
- 6.7 Consultant shall obtain, maintain, and properly complete all record keeping required by regulatory agencies. Upon request, Consultant shall provide Owner with copies of all logs, reports and other records.
- 6.8 Consultant shall investigate all accidents resulting in personal injury, property damage, or near misses, within 24 hours of the accident, to determine root causes of the accident and to take corrective actions to prevent future accidents. If an injury or illness event is involved, Consultant shall submit a preliminary report to Owner before 8:00 AM Eastern Time the next day. Based on the actual or potential severity of the event, Owner may choose to participate in the investigation or require Consultant to form an investigative team. Consultant's most senior representative on Site where the event took place or above shall conduct or lead the investigation of such event. The immediate supervisor of the most senior representative on Site shall not serve on the investigative team. Consultant shall provide Owner with a copy of investigative reports, including all documents submitted to insurance companies, within 48

hours of the event unless granted an extension by Owner. Notwithstanding Consultant's obligation as specified herein, Owner reserves the right to conduct its own independent investigation with support or input from Consultant as requested by Owner.

- 6.9 Consultant's employees, agents, Subcontractors, vehicles, trailers, and other equipment entering or leaving any Owner Site may be subject to an inspection by Owner at any time.
- 6.10 If, in Owner's sole discretion, a safety and health violation or other unsafe condition causes imminent danger, Owner may immediately shut down the Work involved without advance written notice to Consultant.

## 7.0 SECURITY

- 7.1 For purposes of this section "individual(s)" means Consultant or Subcontractor personnel designated by Consultant or Subcontractor to perform Work, or is performing Work on behalf of Consultant, for Owner under this Contract.
- 7.2 Owner's specific requirements of background investigations for individuals include the following:
  - 7.2.1 Determination of whether an individual has been convicted of a felony crime in each state where the individual has resided during the past seven years;
  - 7.2.2 Performance of the background investigation at the state level (in other words, to only search the records of the county in which the individual has resided during the past seven years is not a sufficient background investigation);
  - 7.2.3 Determination of whether an individual has been convicted of a felony in federal court during the past seven years; and,
  - 7.2.4 If the individual is to operate a motor vehicle while performing Work for Owner, then a state operator's license abstract must be completed in the states where the individual has been licensed as a vehicle operator during the past seven years.
- 7.3 Consultant shall ensure that background investigations meeting the above criteria are completed before any individuals begin Work under the Contract, whether brought on at the outset of a Contract or at any other point in the Contract term.
- 7.4 If Consultant's internal background investigation process deviates from the requirements of this Article, Consultant may submit to Owner a copy or description of its background investigation policies and procedures for Owner's review and file. If Owner, in its sole discretion, determines that Consultant's background investigations do not meet the requirements in Section 7.2, then Consultant, at its expense shall perform a background investigation that does meet such requirements on each individual. If Consultant fails to perform such background investigations on such individuals, then Owner reserves the right to conduct a background investigation on said individuals at Consultant's expense.
- 7.5 If any background investigation performed by Consultant, Consultant's Subcontractor's or Owner reveals or indicates that an individual has been convicted of a felony crime, then the Consultant shall notify the Owner prior to the individual commencing or continuing Work. Owner in its sole discretion shall have the option of barring from any Work Site any individual who has a reported felony conviction.

- 7.6 If an individual requires unescorted access to Owner's critical cyber assets, then Owner may conduct its own background investigation, which will include a Social Security Number verification. Additional specific provisions or requirements related to any Owner conducted background investigation pursuant to this Article will be communicated to Consultant prior to implementation of such background investigation.
- 7.7 Consultant shall not perform any screening activities that violate the federal Fair Credit Reporting Act, Title VII of the Civil Rights Act of 1964 or any other applicable law in any circumstances. Consultant shall ensure that the substance and manner of any and all background investigations performed by Consultant conform fully to applicable law.
- 7.8 Owner may audit or review specific Consultant background investigation screening files to ensure compliance with the Contract.

#### 8.0 PERSONALLY IDENTIFIABLE INFORMATION (PII)

- 8.1 Consultant recognizes that information security and protection of personally identifying information is of paramount importance to Owner and that Owner is engaging Consultant to provide the Work without harm to PII or Owner's information technology infrastructure generally. To the extent that Work under the Contract requires Consultant to be given access to PII gathered or maintained by or on behalf of Owner, or in the event Consultant acquires access to or encounters any PII during performance of the Work, Consultant shall after receipt thereof, treat such PII as confidential and safeguard such PII from unauthorized use and disclosure.
- 8.2 Consultant agrees that all Owner PII remains the sole and exclusive property of Owner, and Consultant obtains no right, title or interest therein whatsoever, except for a temporary and limited license to use Owner PII to perform only the Work for Owner pursuant to the Contract. Consultant will at all times comply with Owner's instructions with respect to any processing of PII and not make any use of PII for its own purposes, including but not limited to Consultant's own commercial purposes regardless of whether the PII is converted to anonymized or aggregated format.
- 8.3 Upon request of Owner, Consultant shall have its employees execute a confidentiality agreement protecting PII. Consultant agrees not to appropriate such PII for its own use or to disclose such PII to third parties unless specifically authorized by Owner in writing. Consultant shall ensure that its employees will not discuss, divulge or disclose any such PII to any person or entity except those persons directly concerned with and only to the extent necessary to complete the performance of the Work. Consultant shall access, use and process PII and other data on behalf of Owner only for the purposes specified in the Contract.
- 8.4 Upon Owner's written request, Consultant shall promptly and accurately complete a written information questionnaire provided by Owner, or a third party on Owner's behalf, regarding Consultant's business practices and information technology environment in relation to all PII being handled and Work provided by Consultant to Owner pursuant to this Contract.
- 8.5 Consultant shall comply with (i) NERC Reliability Standards as applicable, including without limitation, those relating to Critical Infrastructure Protection, (ii) Owner's security standards, and (iii) such further instructions as Owner may provide regarding the

processing of such PII. Consultant shall inform Owner promptly if it has reason to believe that applicable law (or changes in applicable law) prevents Consultant from fulfilling the obligations relating to treatment of PII or other data under Owner's security standards and/or the Contract.

- 8.6 To the extent permitted by law, Consultant shall notify Owner promptly and act only upon Owner's instruction concerning: (a) any request for disclosure of PII or other data by law enforcement or other governmental authority; (b) any request by law enforcement or other governmental authority for information concerning the processing of PII or other data in connection with the Contract; or (c) any request received directly from an individual concerning his/her PII.
- 8.7 Consultant may not store PII on computers, mobile devices, including but not limited to cellular telephones and personal digital assistants, servers and storage devices including removable media (any of which, hereinafter known as a "Computer"), unless required for the performance of Work. Any such information shall be deleted from a Computer, in a manner that ensures that it cannot be accessed or read, as soon as such storage is no longer required for the performance of Work.
- 8.8 Upon termination of the Contract or upon Owner's request, Consultant shall promptly and no later than five (5) Business Days after Owner's written request (a) return all PII in written form to Owner, and (b) delete all PII in Consultant's possession or control (on computer or in whatever other form or media) in a manner that ensures that this information cannot be accessed or read. If requested by Owner, Consultant shall provide written acknowledgment and/or other relevant proof requested of such destruction.
- 8.9 Consultant shall administer a monitoring process to ensure compliance with this Article and the related subsections hereof, promptly report any breaches to Owner, and implement immediate, appropriate corrective actions to contain and prevent recurrence. Consultant shall report to Owner immediately upon discovery of a real or suspected loss of PII, even if all facts surrounding such loss are not immediately discerned by Consultant. In the event of a breach of this provision or the occurrence of any other event regarding PII that requires notification under applicable law, Consultant agrees to assume responsibility for informing all such individuals in accordance with all applicable Data Privacy Laws. Consultant shall, however, provide copies of any and all notifications to be issued to Owner for Owner's consent prior to notification being provided to the impacted parties.
- 8.10 In addition to any remedy available to Owner under the Contract, Consultant acknowledges that any breach of this Article by Consultant or its Subcontractors may subject Consultant to civil and criminal penalties. Consultant shall include the full text of this Article in all appropriate subcontracts. However, including such provision in the subcontracts shall not relieve Consultant of its obligation to ensure compliance with the provisions of this Article.
- 8.11 Consultant shall indemnify save Owner harmless from any and all claims, fines, costs, or expenses arising out of or in connection with a breach of this Article, a breach of Data Protection Laws, or any security incident caused or permitted by Consultant.
- 8.12 Owner's expenses may include, without limitation, Owner's remedy costs including; the cost of Owner's investigation, Owner's costs relating to preparation of notices, Owner's costs to remedy harm to impacted individuals, and Owner's costs to remedy from loss or use or disruption of operations or services. Notwithstanding anything to the contrary in the

Contract, Owner's foregoing indemnification obligations under this provision shall not be subject to any limitations on liability, damages or disclaimers, elsewhere in the Contract.

9.0 INSPECTION AND ACCEPTANCE

- 9.1 Owner shall have free access to the Work for inspection purposes. Owner's inspection, receipt or Initial Acceptance of the Work shall not relieve Consultant of its obligation to comply with the terms of the Contract
- 9.2 Owner shall have the right to take possession of or use any part of the Work. Owner's possession or use shall not constitute Initial Acceptance or Final Acceptance of the Work.
- 9.3 Unless otherwise provided in the Contract, Final Acceptance by Owner shall be made as soon as practicable after all Work has been completed and inspected. Any part of the Work not rejected by Owner following final inspection shall be deemed to have achieved Final Acceptance.

10.0 SCHEDULE

- 10.1 Consultant shall perform the Work to meet the schedule date(s) set forth in the Contract documents. Consultant shall not commence Work until authorized by Owner to do so.
- 10.2 In a format acceptable to Owner, Consultant shall develop, update, maintain and provide to Owner a written schedule for execution of the Work.
- 10.3 Consultant shall notify Owner within 24 hours of the first knowledge that any milestone date(s) will not be met and shall, within five (5) Business Days thereafter, submit a detailed program depicting the plans and actions being taken to regain the lost time. The notice shall not limit any other rights or remedies afforded Owner under the Contract or by law.

11.0 PRICING

- 11.1 Contract Price. Owner shall pay the Contract Price set forth in the applicable Contracting Instrument. The parties may agree to price the Work, portions of the Work, or changes to the Work under the Contracting Instrument on a fixed price, time and material price, unit price, or any other method deemed acceptable to the Owner.
- 11.2 Fixed Price Basis. If Consultant performs the Work for a fixed price, the total Contract Price for the Work will be the amount set out in the applicable Contracting Instrument. Such amount is inclusive of the cost of all Work.
- 11.3 Time and Materials. If Consultant performs the Work on a time and materials basis, the pricing payable for the Work will be calculated in accordance with Consultant's rates as set forth in Exhibit B to the Contract or in the applicable Contracting Instrument.
- 11.4 Unit Price Basis. If the Work is performed on a unit price basis, the pricing payable for the Work will be calculated in accordance with Consultant's unit pricing rates as set forth in Exhibit B or in the applicable Contracting Instrument.

## 12.0 TERMS OF PAYMENT

12.1 Except as otherwise provided in the Contract, the following terms of payment shall apply:

- 12.1.1 The Contract Price set forth in the Contract or applicable Contracting Instrument shall constitute full and complete payment for all Work.
- 12.1.2 Consultant shall submit invoices with proper documentation to Owner for the Work completed or for milestones achieved during the prior month. Owner may withhold all or any part of payment in an amount necessary to protect Owner from loss due to the occurrence, or imminent occurrence, of (i) Consultant's breach or failure to perform in accordance with the Contract, (ii) defective Work, (iii) Consultant's failure to pay any Subcontractor, (iv) other claims by Owner against Consultant, including indemnity claims, and (v) damages for delay or any agreed upon liquidated damages.
- 12.1.3 Owner shall pay 90% of each properly submitted and accepted invoice within forty-five (45) days of receipt. The release of retention shall become due and payable forty-five (45) days after the date of Final Acceptance of the Work.
- 12.1.4 Each invoice shall contain a statement that all bills for material and labor relating to the Work have been paid in full by Consultant, and there are no unpaid bills for which a lien could be filed. If requested by Owner, Consultant shall provide evidence of such payments. The final invoice for the Work shall be accompanied by a satisfactorily completed Certificate of Completion in the form attached as Exhibit 1. Payment of the final invoice and retention constitutes a full and final release of Owner from all claims, damages, liabilities and obligations under the Contract.

12.2 Consultant shall promptly pay all of its Subcontractors.

## 13.0 CHANGES IN WORK

### 13.1 Change in Work

- 13.1.1 "Change Order" means a written order issued to the Consultant after execution of the Contract Letter or execution of the applicable Contracting Instrument authorizing the performance of the Work documenting an addition to, deletion from, or other modification to the Work, including a change in the scope of Work, the Contract Price, the payment schedule, the completion dates, or the schedule for the Work.
- 13.1.2 Owner may issue a Change Order: (i) at Owner's option, or (ii) if requested by Consultant due to the occurrence of an event that entitles Consultant to a Change Order as determined by Owner.
- 13.1.3 If Owner issues a Change Order, Consultant shall perform the changed Work in accordance with the terms of the Contract and the issued Change Order.
- 13.1.4 No order, statement or other conduct of Owner shall be treated as a change in Work until such change is authorized in writing by Owner.
- 13.1.5 The costs or credit to Owner resulting from a change in the Work shall be determined in accordance with the pricing methodology from Article 11.0.

- 13.1.6 Consultant shall not be entitled to a Change Order for conditions such as, but not limited to, (i) work which is of such a nature as to be normally included in the Work or is reasonably inferable from the Contract; (ii) any errors, omissions, non-performance, negligence, deficiencies or improper or defective work on the part of Consultant (including miscalculations, incorrect estimates, or other errors in Consultant's proposal for the Work); (iii) changes relating to refinement, minor correction and detailing of the Work or any part of the Contract; or (iv) other unallowable claims such as cost impacts not due to Owner and cumulative impact claims.
- 13.1.7 With respect to Consultant claims for additional compensation, Owner shall pay for only the costs directly associated with the proposed changes and only to the extent that Consultant can demonstrate that the changes actually increased its costs of performance. Any claims for additional compensation based on a change to the Work or Extra Work must be material in nature, and Consultant must provide full documentation supporting all elements of such claims. For a reduction in the scope of Work or a change which reduces Consultant's costs, the Contract Price shall be adjusted downward. The payment for changes to the Work shall be complete compensation to Consultant for performing such changes, including any schedule or cost impacts on the Work.
- 13.1.8 If Owner requests in writing that Consultant furnish materials or Equipment to be permanently incorporated in changed work, Extra Work, Owner shall reimburse Consultant for such materials or Equipment at rates included in the Contract or applicable Contracting Instrument for such materials or Equipment or at its incremental actual cost to Consultant plus a percentage mark-up to be agreed upon by the parties. Requests for payment for materials and Equipment shall be accompanied by copies of receipted invoices. Owner has the right to audit Consultant's requests for changes.
- 13.1.9 If Consultant and Owner disagree on whether any particular work is within the scope of Work and such work must be completed to ensure timely progress, Owner will issue a disputed Change Order to cover the disputed work. Consultant shall diligently proceed with the disputed work. By noon on the work day following performance of the disputed work, Consultant shall submit to Owner for review timesheets itemizing all labor and equipment hours expended on the disputed work and an itemized listing of Consultant furnished materials. Such review is not an admission of liability by Owner. Prior to Final Acceptance, each disputed Change Order will be resolved to the mutual agreement of the parties.

#### 14.0 TAXES

- 14.1 The Contract Price shall include, and Consultant shall pay, all taxes and assessments for unemployment insurance, workers' compensation, social security and disability benefits, and other taxes, which are based upon the compensation paid to persons employed by Consultant or its Subcontractors for the performance of any Work under the Contract.
- 14.2 Except as provided below, the Contract Price shall include all applicable foreign, federal, state and local taxes payable by Consultant with respect to the Contract.

- 14.2.1 Consultant Purchases – All States. If Owner specifies that tangible personal property to be incorporated into real property as defined for sales and use tax purposes or taxable services to be purchased by Consultant from Subcontractors qualify for exemption from sales or use taxes, Consultant shall not include sales or use taxes on such exempt tangible personal property or services in the Contract Price. Unless otherwise specified: a) consumable materials and supplies or Consultant's tools and equipment that are not incorporated into the Work or the overall project are not eligible for exemption and the Contract Price shall include, and Consultant shall pay, any sales or use taxes on such items; and b) Consultant will use its own properly-executed exemption or resale certificate, and not Owner's direct pay permit, to make exempt purchases of tangible personal property or services from Subcontractors.
- 14.2.2 Owner Purchases from Consultant – All States. With respect to any Owner purchases from Consultant of tangible personal property not incorporated into real property as defined for sales and use tax purposes or taxable services, Owner shall provide to Consultant its direct pay permit (if Owner has been issued a direct pay permit) or an appropriate exemption certificate required to relieve the Consultant of its responsibility to collect sales or use tax from the Owner. If Owner provides Consultant such direct pay permit or exemption certificate, sales or use taxes on Owner purchases from Consultant of tangible personal property or taxable services shall not be collected from Owner or included in the Contract Price.
- 14.2.3 Consultant Cooperation. Consultant shall take all steps reasonably necessary to ensure that Consultant's purchases from Subcontractors of items of tangible personal property or services are exempt from sales and use tax pursuant to any applicable exemption pursuant to the law of any U.S. jurisdiction or its political subdivisions.

## 15.0 INSURANCE REQUIREMENTS

- 15.1 Consultant shall at its sole expense, procure and maintain, and shall cause its Subcontractors to procure and maintain, throughout the term of this Contract, the following types of insurance with the following, minimum limits:
- 15.1.1 Workers' compensation insurance with statutory limits in accordance with all jurisdictions where Consultant has operations including where the Work is to be performed (if Consultant is a non-subscriber to workers' compensation, evidence of insurance equivalent to workers' compensation must be provided);
- 15.1.2 Employer's liability in an amount not less than \$1,000,000;
- 15.1.3 Business/commercial automobile insurance covering all owned, non-owned and hired autos in an amount not less than \$5,000,000 covering claims of bodily injury and property damage combined single limit each accident; and
- 15.1.4 Commercial general liability insurance covering claims of bodily injury and property damage in an amount not less than \$5,000,000 per occurrence. Such coverage shall also include blanket contractual coverage, products and/or completed operations coverage and contain no exclusion for explosion, collapse, or underground property damage (XCU coverage).

- 15.2 If any of the Work performed by Consultant includes the Work described in Sections 15.2.1 through 15.2.8 listed below, then Consultant shall at its sole expense, procure and maintain, and shall cause its Subcontractors to procure and maintain, throughout the term of this Contract the corresponding types of insurance with the defined minimum limits:
- 15.2.1 If any Work is to be performed by the Consultant using aircraft defined as a helicopter or fixed-wing aircraft, aircraft liability insurance with a combined limit of not less than \$10,000,000;
- 15.2.2 If Consultant is engaged in operations which use marine vessels or floating equipment, or which are subject to maritime jurisdiction, U.S. Longshore & Harbor Workers Compensation Act Marine Liability insurance (including Jones Act and maritime employer's liability if operations are subject to federal jurisdiction) and pollution liability (under terms equivalent to current W.Q.I.S. policy provisions if operations are subject to federal jurisdiction) in amounts not less than \$20,000,000 per occurrence;
- 15.2.3 If the Work involves Consultant performing professional services, professional liability insurance or errors and omissions insurance in an amount not less than \$2,000,000;
- 15.2.4 If the Work involves Consultant handling, transporting, disposing of or performing Work or operations with hazardous materials or other contaminants, waste or toxic materials, Consultant's pollution Liability insurance with an amount of not less than \$5,000,000 per occurrence; such insurance will cover sudden, accidental and gradual pollution losses;
- 15.2.5 If any Work is to be performed by Consultant using unmanned aerial system (UAS), aircraft liability insurance, including coverage for UAS, with a combined limit of not less than \$5,000,000 per occurrence;
- 15.2.6 If any Work Includes Consultant having access to PII, privacy data, or network systems, cyber liability insurance with limits of not less than \$5,000,000 per claim and in the aggregate, including privacy/network security (cyber) liability coverage, providing protection against liability for example, and at a minimum, but not all inclusive: (1) privacy breaches (liability arising from the loss or disclosure of confidential information no matter how such loss occurs); (2) system breaches; (3) denial or loss of service; (4) introduction, implantation, or spread of malicious software code; (5) unauthorized access to or use of computer systems; (6) ID threat; (7) ransomware. No exclusion/restriction for unencrypted portable devices/media may be on the policy;
- 15.2.7 If any Work includes providing computer or information technology services, technology errors and omissions insurance with limits of not less than \$5,000,000 per claim and in the aggregate, including coverage for liabilities arising from errors, omissions, or negligent acts in rendering or failing to render computer or information technology services and technology products. Coverage for violation of software copy must be included. Technology services should at a minimum include, but not all inclusive: (1) systems analysis; (2) systems programming; (3) data processing; (4) systems integration; (5) outsourcing, including outsourcing

development and design; (6) systems design, consulting, development, and modification; (7) training services relating to computer software or hardware; (8) management, repair, and maintenance of computer products, networks, and systems; (9) marketing, selling, servicing, distributing, installing, and maintaining computer hardware or software; (10) data entry, modification, verification, maintenance, storage retrieval or preparation of data output; and any other services provided by Consultant;

- 15.2.8 If Consultant's Work involves the use of Consultant's tools, equipment, and other personal property, "All risk" or its equivalent property insurance covering the full replacement cost of such personal property.
- 15.3 Consultant shall waive, and shall cause each of its insurers to waive, any and all rights of recovery, by subrogation or otherwise, against Owner and its affiliates, officers, directors, employees, agents and assigns of any type.
- 15.4 To the extent permitted by law, the commercial general liability, the business automobile, and (if applicable) the cyber/tech liability, contractor's pollution liability, aircraft liability and marine liability insurance shall include Owner and its affiliates, officers, directors, employees, agents and assigns of any type as additional insureds with respect to Owner's liability arising out of the operations of Consultant. ISO CG 04/2013 edition additional insured endorsements, or equivalent language are not acceptable.
- 15.5 Each of Consultant's insurance policies are primary without right of contribution and the liability of the insurers will not be affected by any other insurance of the additional insured so as to reduce the amount payable to the additional insured under such policies provided that, in relation to the interests of the additional insured, the insurances will not be invalidated by any act or omission by the Consultant, and shall insure the interests of the additional insured, regardless of any breach or violation by Consultant of any warranty, declaration or condition, contained in such insurance.
- 15.6 The insurance required by this Article is in addition to and separate from any other obligations contained in the Contract.
- 15.7 Products and/or completed operations coverage shall be maintained for a period of five (5) years after the completion of the Work.
- 15.8 If any of the policies indicated above are placed on a "claims-made" basis, such coverage shall be maintained for a period of not less than five (5) years following the completion of the Work.
- 15.9 Any deductibles or retentions on any of the policies required herein shall be the sole responsibility of the Consultant.
- 15.10 The above referenced limit requirements may be met by any combination of primary and umbrella or excess liability policies so long as the total limit of insurance requirement is met. The umbrella or excess policies must follow form of the primary liability. The required limits and coverages referred to herein shall in no way affect, nor are they intended as a limitation of, Consultant's liability with respect to its performance of the Work.

- 15.11 Upon inception of the Contract and prior to the commencement of Work, Consultant shall provide Owner, or Owner's agent, with an acceptable certificate of insurance evidencing the insurance required under this Article. Consultant will not be permitted to bring its employees, materials or equipment onto the Site until Owner, or its agent, receives such evidence of insurance. Consultant also must provide an updated certificate of insurance at any time during the Contract term upon Owner's request. Consultant shall immediately notify Owner of cancellation or any material changes in the insurance policies required herein. If such insurance policies are subject to any exceptions to the terms specified herein, such exceptions shall be explained in full in such certificates. Owner may, at its discretion, require Consultant to obtain insurance policies that are not subject to non-standard exceptions.
- 15.12 In all cases where Consultant's employees (defined to include Consultant's direct, borrowed, special, or statutory employees) are covered by the Louisiana Worker's Compensation Act, La. Rev. Stat. Ann. 23:1021 et seq., Owner and Consultant agree that pursuant to Section 23:1061 (A) (1) all Work performed by Consultant, and its employees under the terms and conditions of the Contract is an integral part of Owner's operations and is essential to Owner's ability to generate its goods, products and services. Additionally, Owner and Consultant agree that for purposes of Section 23:1061 (A) (3) Owner is the principal or statutory employer of Consultant's employees. Irrespective of Owner's status as the statutory employer or special employer of Consultant's employees, pursuant to Section 23:1031 (C), Consultant shall remain primarily responsible for the payment of Louisiana Worker's Compensation benefits to its employees, shall indemnify Owner from any and all claims of Consultant's employees and shall not be entitled to seek contribution for any such payments from Owner.

#### 16.0 INDEMNIFICATION

- 16.1 The laws of the state where the Work giving rise to the claim is performed shall apply to this Article.
- 16.2 **TO THE EXTENT PERMITTED BY LAW, CONSULTANT SHALL INDEMNIFY, DEFEND AT ITS EXPENSE, AND SAVE OWNER HARMLESS FROM ANY LIABILITIES, COSTS AND CLAIMS, INCLUDING JUDGMENTS RENDERED AGAINST, AND FINES AND PENALTIES IMPOSED UPON, OWNER AND REASONABLE ATTORNEYS' FEES AND ALL OTHER COSTS OF LITIGATION (COLLECTIVELY, "LIABILITIES"), ARISING OUT OF THE CONTRACT, INCLUDING INJURIES, DISEASE OR DEATH TO PERSONS, OR DAMAGE TO PROPERTY, AND ENVIRONMENTAL CLAIMS AND LIABILITIES, CAUSED BY CONSULTANT, ITS EMPLOYEES, AGENTS OR SUBCONTRACTORS, OR IN ANY WAY ATTRIBUTABLE TO THE PERFORMANCE OF THE CONTRACT, EXCEPT THAT CONSULTANT'S OBLIGATION TO INDEMNIFY OWNER SHALL NOT APPLY TO ANY LIABILITIES ARISING FROM OWNER'S SOLE NEGLIGENCE. TO THE EXTENT PROVIDED IN THIS ARTICLE, IN STATES OTHER THAN OHIO, MICHIGAN, KENTUCKY, TENNESSEE, MISSOURI, OKLAHOMA, VIRGINIA, AND WEST VIRGINIA, CONSULTANT AGREES TO INDEMNIFY OWNER FOR LIABILITIES ARISING FROM OWNER'S ACTS AND OMISSIONS, NEGLIGENT OR OTHERWISE. OWNER SHALL HAVE THE RIGHT TO SELECT ITS OWN COUNSEL AND TO HAVE COUNSEL SEPARATE FROM CONSULTANT, ALL AT CONSULTANT'S EXPENSE.**

16.3 **WITH RESPECT TO CLAIMS AGAINST OWNER BY CONSULTANT'S EMPLOYEES, CONSULTANT UNDERSTANDS AND AGREES THAT THIS INDEMNIFICATION OBLIGATION SHALL NOT BE LIMITED IN ANY WAY BY, AND CONSULTANT EXPRESSLY WAIVES, ITS IMMUNITY AS A COMPLYING EMPLOYER UNDER ANY APPLICABLE WORKERS' COMPENSATION LAW, BUT ONLY TO THE EXTENT THAT SUCH IMMUNITY WOULD BAR OR AFFECT RECOVERY UNDER OR ENFORCEMENT OF THIS INDEMNIFICATION OBLIGATION.** With respect to the State of Ohio, this waiver applies to Section 35, Article II of the Ohio Constitution and Ohio Rev. Code Section 4123.74.

16.4 **CONSULTANT SHALL BE LIABLE FOR REASONABLE ATTORNEYS' FEES AND ALL COSTS OF LITIGATION ASSOCIATED WITH ENFORCEMENT OF ALL INDEMNITY OBLIGATIONS SET FORTH IN THE CONTRACT.**

17.0 **LIMITATION OF LIABILITY**

17.1 **NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES. CONSULTANT MUST BRING ANY CAUSE OF ACTION ARISING UNDER THE CONTRACT WITHIN ONE YEAR FROM THE TIME THE CAUSE OF ACTION ACCRUES.**

18.0 **LIENS**

18.1 To the extent permitted by law, Consultant shall not file or permit to be filed any lien with respect to the Work and hereby expressly waives any right to file or cause to be filed a lien. Consultant, in its subcontracts, shall require all Subcontractors to expressly waive the right to file any liens against Owner's property, and, if requested, provide Owner with copies of such waivers.

18.2 In the event any claim is asserted or any lien filed against Owner or its property, or notice of lien is provided to Owner in violation of this provision, further payment to Consultant shall not become due under the Contract until the claim is satisfied or the lien released without cost to Owner and Consultant shall provide Owner with evidence of payment relating to such claim or lien. If Consultant fails to settle any claim or secure the release of any lien, Owner may take whatever steps it deems necessary to settle the claim or release the lien, including bonding off the lien. Owner may deduct its costs and expenses for settling any claim or securing the release of any lien filed by Consultant or its Subcontractors from any money due or to become due to Consultant under the Contract. If final payment has been made, Consultant shall reimburse to Owner its costs to settle any claim or secure the release of any lien arising out of the Contract.

19.0 **INTELLECTUAL PROPERTY**

19.1 Consultant warrants that its performance of the Work will not infringe upon or violate any trademarks, patents, copyrights, trade secrets or other third party property rights. If the performance of Work is held in any action to constitute infringement, or the use of the Work is enjoined, Consultant, at its expense, shall procure for Owner the right to continue use of the Work, or replace the Work with non-infringing materials or methods satisfactory

to Owner, or modify the Work in a manner satisfactory to Owner so that the Work becomes non-infringing. Consultant agrees to indemnify and save Owner harmless from and against any liability or damages, including attorneys' fees, arising out of any alleged infringement or violation.

- 19.2 All inventions, discoveries, documents, works of authorship, methods, and the derivative works thereof, resulting from the Work, including patents, patent applications, copyrights, trade secrets and other intellectual property (collectively "Intellectual Property"), shall be the sole and exclusive property of Owner. Consultant shall promptly inform Owner of the development of any such Intellectual Property and does hereby assign and transfer the entire right, title and interest, together with all rights of priority, in and to such Intellectual Property to Owner. Consultant shall promptly cooperate with Owner in signing any additional documentation necessary to assign and perfect ownership of such Intellectual Property in Owner or to allow Owner to register its property rights therein. Consultant warrants that it has obtained written agreements from its employees and agents as necessary to effectuate the purpose of this Article. The Intellectual Property assigned and transferred to Owner shall be the Confidential Information of Owner.
- 19.3 Consultant grants Owner a nonexclusive, non-revocable, perpetual, fully paid license to utilize Consultant's intellectual property existing separate from the Contract, including inventions, discoveries, works or authorship, methods, and trade secrets, regardless of whether such are the subject of patents, copyrights or other intellectual property protection, to the extent necessary for Owner to achieve the full benefit of the Work.
- 19.4 Consultant shall not use Owner's name or logo in marketing, endorsements, or other business purposes without prior written consent from Owner.

## 20.0 DRAWINGS AND DATA

- 20.1 Consultant shall furnish for Owner's review, prior to commencement of equipment manufacture or fabrication, general and detailed drawings of the equipment in the format requested. Such drawings shall be certified as to accuracy and completeness and shall show information adequate to enable Owner to design and provide suitable clearances. If required by the Contract or any code, law or agency, Consultant will provide professional engineer or architect sealed drawings and reports for the state where the Equipment is to be finally installed. Figures shall take precedence in all cases over scaled measurements on drawings. Where obvious discrepancies exist, Consultant shall consult with and follow the instructions of Owner. Owner's approval of Consultant's drawings shall not relieve Consultant of its obligation to comply with the Contract requirements.
- 20.2 All written data, such as drawings, plans, reports, designs and specifications, prepared by Consultant for Owner during the performance of Work shall become the property of Owner. Such data, together with all data furnished by Owner and lent to Consultant for return, shall be delivered to Owner upon request, or upon completion of the Work or termination of the Contract. Consultant shall cooperate with Owner by executing such documents as are necessary to assign and perfect ownership in Consultant provided data to Owner.

## 21.0 CONFIDENTIALITY

- 21.1 Confidential Information includes, but is not limited to, business plans and methods; customer information; engineering, operating and technical data; and the dates of Owner's

outage schedule, information concerning the Work, and Owner's activities. Confidential Information does not include information that (a) has become part of the public domain other than by acts or omissions of the recipient; (b) has been furnished or made known to the recipient by a third person as a matter of legal right and without restriction on use; (c) was in the recipient's possession prior to disclosure by the disclosing party without restriction on use; or (d) is independently developed by the recipient without access to the Confidential Information.

- 21.2 Each party agrees (a) to protect the Confidential Information of the other with at least the same degree of care used to protect its own Confidential Information; (b) not to use (except for the purpose described herein), publish or disclose to third parties such Confidential Information; and (c) upon the request of the disclosing party, to promptly deliver to the disclosing party all written copies of its Confidential Information. Notwithstanding the foregoing, a recipient shall be entitled to disclose Confidential Information to its officers, employees, affiliates (including any joint ventures of which Owner or any of its affiliates are a member and the other members of such joint ventures), agents, lenders, attorneys and other advisors (collectively, "Representatives"), provided that the Representatives shall be informed of the confidentiality obligations provided herein.
- 21.3 Notwithstanding anything to the contrary stated herein, at any time during or after the term of the Contract, Owner or any of its Representatives may provide copies, summaries and analyses of Confidential Information or evaluation material obtained under this Contract to any regulatory, governmental, judicial, or supervisory authority including, without limitation, to the staff of any such regulators or to any advisors to any such regulators to the staff thereof or during the course of regulatory proceedings involving Owner or if such disclosure is necessary in order to maintain or obtain regulatory or governmental approvals, applications exemptions, or other matters pertaining to Owner's business, provided, that Owner exercises commercially reasonable efforts to obtain assurance that confidential treatment will be accorded such information.
- 21.4 If either party is required pursuant to applicable law or otherwise becomes legally compelled to disclose any of the Confidential Information, such party shall promptly advise the disclosing party in order that the disclosing party may seek a protective order or such other remedy as the disclosing party may consider appropriate in the circumstances. In any event, the compelled party may disclose only that portion of the Confidential Information which such party is legally required to disclose in the judgment of the party's legal counsel without any liability to the disclosing party hereunder and such disclosure shall not be a breach of this Section.
- 21.5 Consultant shall require its Subcontractors, if any, to expressly comply with the confidentiality provisions as set forth herein.
- 21.6 All documents prepared by Consultant for Owner during the performance of Work that incorporate, in whole or in part, information owned or provided by Owner shall not be marked or designated in any way as the confidential or proprietary information of Consultant without also stating that Owner has rights in such documents. Owner shall have the right to question the designation of Confidential Information by Consultant and Consultant agrees to provide Owner with reasonable cooperation in explaining such designation. Consultant agrees that Owner's acceptance of documents containing the Confidential Information of Consultant shall not be construed as a restriction on Owner's rights to use, release, disclose, distribute, copy or reproduce the documents.

## 22.0 DEFAULT

- 22.1 The occurrence of any of the following shall constitute an “Event of Default”:
  - 22.1.1 Consultant files a petition in bankruptcy, or if its creditors file an involuntary petition in bankruptcy, or if it makes a general assignment for the benefit of its creditors, or if a receiver is appointed on account of its insolvency.
  - 22.1.2 Consultant (a) fails to maintain the schedule set forth in the Contract, or (b) fails to promptly pay Subcontractors for material or labor, or (c) commits repeated or substantial violations of laws, rules, regulations or policies, in Owner’s sole discretion, or (d) materially breaches the Contract.
- 22.2 Upon an Event of Default, Owner may take any or all of the following actions without affecting the Contract Price or schedule:
  - 22.2.1 Owner may direct Consultant to cease performance on all or part of the Contract until satisfactory corrective action has been taken;
  - 22.2.2 Owner may have others take corrective action necessary to achieve compliance with the Contract. Owner may deduct the cost of such corrective action by others from any monies due to Consultant. Corrective action by others shall be taken when, in the judgment of Owner, the noncompliance threatens safety, unreasonably interferes with or delays the work of others, or otherwise creates a situation the resolution of which cannot be delayed without adversely impacting quality, cost or timely completion;
  - 22.2.3 Owner may pursue damages for delay under the terms of Article 23.0;
  - 22.2.4 Owner may suspend the Contract under Article 24.0; and/or
  - 22.2.5 Owner may terminate the Contract under the terms of Section 25.1.
- 22.3 Each of Owner’s rights set forth above shall be cumulative and additional to any other rights or remedies provided in law or equity or otherwise.

## 23.0 DAMAGES FOR DELAY

- 23.1 Consultant shall be liable for any direct damages incurred by Owner arising out of Consultant's failure to perform on time.
- 23.2 In lieu of Section 23.1, if prior to the execution of the Contract or the issuance of the applicable Contracting Instrument, the parties have agreed to liquidated damages as a reasonable estimate of the amount of direct damages resulting from Consultant's delay, then: i) the parties intend that the liquidated damages for delay constitute compensation to Owner, and not a penalty; ii) Owner's harm caused by Consultant’s delay would be impossible or very difficult to accurately estimate as of the effective date of the Contract or the applicable Contracting Instrument; iii) the liquidated damages for delay are a reasonable estimate of the anticipated or actual harm that might arise from Consultant’s delay in performance; and iv)

Consultant's payment of the liquidated damages for delay is Consultant's sole liability and entire obligation and Owner's exclusive remedy for any delay in Consultant's performance.

24.0 SUSPENSION

- 24.1 Owner may at any time suspend all or any part of the Work. Owner shall provide Consultant written notice verifying the suspension date. Immediately upon receipt of the suspension notice, Consultant shall take the necessary actions to comply with the suspension notice.
- 24.2 Owner shall pay Consultant in accordance with the terms of payment set forth in the Contract for the Work completed prior to the time of suspension and for the incremental Direct Costs that result from Consultant's compliance with the suspension notice.
- 24.3 Owner may, at any time during the suspension period, either terminate the Contract in accordance with Section 25.2, or authorize the Work or any portion thereof to be restarted. Owner shall pay Consultant the incremental Direct Costs associated with the restart of the Work and shall resume payments to Consultant in accordance with the terms of payment under the Contract thirty (30) days after the restart of Work.
- 24.4 The schedule shall be adjusted to provide for a reasonable extension of time for Consultant's performance.

25.0 TERMINATION

25.1 Termination for Cause

- 25.1.1 Upon an Event of Default, Owner, at its sole option, may terminate the Contract upon written notice to Consultant or issue a notice of non-conformance to Consultant. If Owner elects to issue a notice of non-conformance to Consultant, and Consultant fails to take corrective action or submit an acceptable plan within two (2) Business Days, Owner may terminate the Contract upon written notice to Consultant.
- 25.1.2 In the event of such termination, Consultant shall immediately prepare and submit to Owner an itemization of the Work completed by Consultant. Owner may require Consultant to leave the Site. Owner may take over such Work and complete it, or have the Work completed by others. Owner may take possession of, and utilize in completing the Work, Consultant's materials, Equipment to be installed, supplies, tools and equipment at the Site.
- 25.1.3 Consultant shall not be entitled to further payment until all of the Work is completed in its entirety and Final Acceptance has been achieved. If the cost of completion exceeds the unpaid balance under the Contract, Consultant shall pay the difference to Owner within thirty (30) calendar days of demand.
- 25.1.4 In the event that a court determines that the termination was not properly a termination for cause, pursuant to Section 25.1, Consultant's remedy shall be limited to the payments permitted in accordance with Section 25.2.

25.2 Termination for Convenience

- 25.2.1 Owner may terminate this Contract, in whole or in part, for its convenience. Owner will give Consultant written notice of termination specifying the extent to which the Contract is terminated and the date, immediately or otherwise, on which termination becomes effective.
- 25.2.2 Upon termination for convenience, Consultant will comply with instructions in the notice of termination regarding delivery to Owner of all Work in progress and all completed Work, which shall become the property of Owner upon delivery.
- 25.2.3 In the event of such termination, Consultant shall receive payment, including the retained percentage, for the Work satisfactorily performed up to the effective date of such termination. In addition, Owner shall reimburse Consultant for incremental, Direct Costs resulting from the termination, provided that compensation was not otherwise made for such costs. Final payment shall be made upon the parties' agreement of the amount of the final invoice and Owner's receipt of a Certificate of Completion in the form of Exhibit 1. Owner shall not be responsible for Consultant's lost profit on the terminated portion of the Contract.

26.0 FORCE MAJEURE

- 26.1 Neither party shall be in breach of the Contract to the extent that any delay or default in performance is due to a Force Majeure Event. The term, "Force Majeure Event" shall mean any cause beyond the reasonable control of the delayed or defaulting party, including, but not limited to, acts of God including unusually adverse weather, fire, and epidemic; acts of public enemy including war, acts of terrorism, riot, and civil disturbance; and national labor strikes, which by exercise of due foresight such party could not have been expected to avoid or overcome. Consultant's inability to obtain adequate and sufficient labor in order to maintain progress of the Work shall not constitute a Force Majeure Event. No delay in performance resulting from a Force Majeure Event shall result in any liability on the part of Owner. Notwithstanding the preceding sentence, in the event of a delay caused by any act or failure to act on the part of Owner, Consultant's sole remedy shall be as set forth in Article 13.0.
- 26.2 The delaying party shall immediately notify the other party of the beginning of a delaying event, and shall confirm the notice in writing within ten (10) Business Days of the beginning of the event. The notice shall contain a detailed account of the delay, including the cause of the delay, an estimate of the duration of the delay, an estimate of the delay's impact to the schedule, and the plan to mitigate the effects of the delay.
- 26.3 If Consultant is the delaying party, and the delay is a Force Majeure Event as defined in Section 26.1, Owner shall grant Consultant an extension of the time for performance, to be mutually agreed upon by Consultant and Owner. The extension of time granted as a result of a Force Majeure Event shall in no case exceed the length of the delay and such extension may be withheld or reduced to the extent Consultant does not provide notice in accordance with Section 26.1. If Owner so requests, Consultant shall expedite its schedule to mitigate the effects of the excusable delay. Owner shall pay incremental, Direct Costs incurred by Consultant for expediting at Owner's request.

27.0 MATERIALS AND WORKMANSHIP WARRANTY

- 27.1 Consultant warrants that it will perform the Work in accordance with the accepted standards of care and competence found in the engineering or other applicable profession as such standards relate to and are commonly used in the electric utility industry, and the Work shall conform to the requirements of the Contract.
- 27.2 Owner shall give Consultant notice of any breach of this warranty within a reasonable time after the discovery of the breach. Consultant shall promptly correct any such breach at its sole expense.
- 27.3 Owner will not pay for any defective portion of the materials or workmanship until remedied by Consultant at Consultant's expense in accordance with the Contract requirements.
- 27.4 Consultant shall obtain, for the benefit of Owner, all available warranties from Subcontractors, vendors and suppliers of Consultant. Such warranties shall be in addition to the warranties set forth in this Article. If such warranties are in written form, Consultant shall provide Owner with the original warranties.

28.0 RETENTION AND EXAMINATION OF INFORMATION, BOOKS AND RECORDS

- 28.1 Owner reserves the right to audit records necessary to permit evaluation and verification of (i) claims submitted, (ii) Change Orders, and related overhead and general and administrative costs, and (iii) Consultant's compliance, in the performance of the Contract and its dealings with Owner with (a) the Contract requirements; and (b) the AEP Supplier Code of Conduct, as updated from time to time, governing business ethics. Owner's right to audit shall not extend to fixed, lump-sum or unit pricing. However, Owner shall have the right to audit Consultant's application of such fixed, lump-sum, or unit pricing to the invoices for the Work. Owner reserves the right to review Consultant's records which are reasonably required to verify that material and equipment conform to the technical requirements of the Contract.
- 28.2 Consultant shall cooperate with Owner and provide Owner with information and records ("information") pertaining to the Work, including training and certifications, as requested by governmental agencies, Owner, or courts of law.
- 28.3 Consultant shall retain for a period of three years after Contract termination or expiration all information relating to the Work. Owner may audit and copy such information at Consultant's premises during regular business hours. If requested by Owner, Consultant shall submit to Owner a copy of each of its subcontracts. Consultant shall include in its subcontracts a provision granting Owner the rights against Subcontractors contained in this Article.

29.0 COMPLIANCE WITH LAWS

- 29.1 Consultant warrants that all Work performed will comply with all applicable federal, state and local laws, rules, regulations, orders and ordinances, including, without limitation, environmental protection, energy, safety and health, and labor laws and regulations and applicable industry codes and standards.
- 29.2 Unless exempted, **Consultant shall abide by the requirements of 41 C.F.R. § 60-1.4(a)(7), 41 C.F.R. § 60-300.5(a), and 41 C.F.R. § 60-741.5(a). These regulations**

**prohibit discrimination against minorities, females, qualified protected veterans, and qualified individuals on the basis of disability and require affirmative action by covered prime contractors and subcontractors to employ and advance in employment minorities, females, qualified protected veterans, and qualified individuals with disabilities.** Consultant represents that it does not, and shall not for the term of the Contract, provide or maintain for its employees, facilities that are segregated on the basis of race, color, religion, sex, national origin, veteran status or disability status. Consultant represents that it will not assign its employees to perform any work related to the Contract at a location where facilities are segregated on the basis of race, color, religion, sex national origin, veteran status or disability status. Consultant agrees that it will not enter into any agreement to obtain goods or services relating to the Contract with any entity that provides, maintains or assigns its employees to work at locations where facilities are segregated on the basis of race, color, religion, sex or national origin. As used herein, "facility" means waiting rooms; work areas; restaurants and other eating areas; time clocks; locker rooms and other storage or sleeping areas, except as necessary to ensure privacy between male and female employees; parking lots, drinking fountains; recreation or entertainment areas; and transportation. If not otherwise exempted by Title 48 and to the extent applicable, Consultant will comply with 48 CFR §52.219-8, Utilization of Small, Small Disadvantaged, and Women-Owned Small Business Concerns, and 48 CFR §52.219-9, Small, Small Disadvantaged, and Women-Owned Small Business Subcontracting Plan. If not otherwise exempted by 41 CFR §60-1.5, Consultant represents that it will file all reports or other required information specified in 41 CFR §60-1.7. Consultant shall also abide by the requirements of 29 CFR Part 471, Appendix A to Subpart A, which is incorporated by reference, as applicable.

- 29.3 Consultant shall indemnify and save Owner harmless from any and all costs or expenses arising out of any violations of such laws, ordinances and regulations.

### 30.0 PERMITS AND LICENSES

- 30.1 Consultant shall obtain all permits and licenses required by any regulatory authority for the performance of any portion of the Work, except that Owner shall obtain permits and licenses for all structures which are to become a permanent part of the Site. Before starting Work, Consultant shall submit to Owner a copy of all permits and licenses required by any such regulatory authority.
- 30.2 Consultant shall obtain and maintain all professional licenses necessary to perform the Work.
- 30.3 Consultant shall indemnify and save Owner harmless from any and all costs or expenses arising out of the failure of Consultant to obtain such permits and licenses.

### 31.0 NOTICES

- 31.1 Each party shall designate in writing a representative to receive any and all notices required under the Contract. Notices shall be in writing and shall be given to the representative designated to receive them, either by personal delivery, certified mail, facsimile, e-mail (with confirmation of receipt) or any similar means, properly addressed to such representative. All notices shall be effective upon receipt, or upon such later date following receipt as set forth in the notice. Either party may, by written notice to the other, change the representative or the address to which such notices are to be sent.

32.0 SEVERABILITY

- 32.1 In the event that any of the provisions, or portions thereof, of the Contract are held to be unenforceable or invalid by any court, the validity and enforceability of the remaining provisions, or portions thereof, shall not be affected.

33.0 WAIVER

- 33.1 Either party's waiver of any breach of the Contract shall not be deemed to be a waiver of any other breach of the same or a different term of the Contract. Consultant agrees not to claim any waiver by Owner of such notice requirements based upon Owner's conduct or Owner having actual, verbal, implied, or constructive notice.

34.0 NON-DISCLOSURE

- 34.1 Except as required by law, regulation, or judicial or administrative order, neither party shall disclose the terms of the Contract without the consent of the other party. Notwithstanding the foregoing, Owner may disclose the terms of the Contract without the consent of Consultant (a) to any of its affiliated companies (including any joint ventures of which Owner or any of its affiliates are a member and the other members of such joint ventures); and (b) to any prospective transferee or purchaser of assets of Owner or any of affiliates.

35.0 HEADINGS

- 35.1 Headings are provided for the convenience of the parties, and shall not affect the interpretation of any provision.

36.0 AFFILIATED COMPANIES

- 36.1 Any indemnification of Owner or any limitation of Owner's or Consultant's liability under this Contract shall to the same extent apply to Owner's or Consultant's directors, officers, employees, agents, and affiliated companies (including any joint ventures of which Owner or any of its affiliates are a member and the other members of such joint ventures), including any directors, officers, employees and agents thereof.
- 36.2 The affiliated companies (including any joint ventures of which Owner or any of its affiliates are a member and the other members of such joint ventures) of the American Electric Power System are severally and not jointly liable for obligations arising hereunder.

37.0 APPLICABLE LAWS AND JURISDICTION

- 37.1 Except for Article 16.0 the rights and obligations of the parties arising out of the Contract shall be governed in all respects by the laws of the State of Ohio, excluding any conflict-of-law rules. Any reference herein to the laws of other states is made only to the extent that the laws of that state might apply, notwithstanding the intent of the parties that the laws of the State of Ohio should apply.
- 37.2 Consultant agrees that all actions and proceedings brought by Owner against Consultant may be litigated in courts located in the State of Ohio or the state where the Work was

performed. Consultant agrees that such courts are convenient forums and irrevocably submits to the personal jurisdiction of such courts. Consultant waives personal service of process and consents to service of process by certified or registered mail at the address designated for receiving notices under this Contract.

38.0 ENTIRE AGREEMENT

- 38.1 The Contract constitutes the entire agreement between the parties and supersedes all previous and collateral agreements or understandings with respect to the subject matter of the Contract. No waiver, alteration, amendment or modification of any of the provisions of the Contract shall be binding unless in writing and signed by duly authorized representatives of the parties.

39.0 BINDING EFFECT; NO THIRD-PARTY BENEFICIARIES

- 39.1 Subject to the restrictions on assignment in Section 5.1, this Contract shall be binding upon and shall inure to the benefit of the parties and their respective successors and permitted assigns.
- 39.2 No provision of the Contract is intended or shall be construed to be for the benefit of third party.

40.0 EXECUTION; COUNTERPARTS; ELECTRONIC SIGNATURES

- 40.1 The Contract shall not be binding or effective until properly executed by each of the parties hereto. The Contract may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of which, taken together, shall constitute but one and the same Contract, which may be sufficiently evidenced by one counterpart.
- 40.2 Each party agrees that any electronic signatures, whether digital or encrypted, of the parties included in this Contract are intended to authenticate this writing and to have the same force and effect as manual signatures. Electronic signature means any electronic sound, symbol or process attached to or logically associated with a record and executed and adopted by a party with the intent to sign such record.

41.0 SURVIVAL

- 41.1 All of the terms of the Contract which by their nature extend beyond the expiration or termination of the Contract, including indemnification obligations, confidentiality obligations, limitations of liability, shall survive expiration or termination of the Contract and remain in full force and effect.

END OF DOCUMENT

EXHIBIT 1

CERTIFICATE OF COMPLETION

\_\_\_\_\_, represents and warrants that:  
(Name of Authorized Representative)

1. S/He is the \_\_\_\_\_ of  
(Title of Authorized Representative)

\_\_\_\_\_(Consultant)  
(Legal Name of Consultant)

that has a contract with \_\_\_\_\_  
(Legal Name of Owner)

(Owner) dated \_\_\_\_\_ (Owner's Contract No. \_\_\_\_\_)  
(Contract Date) (Contract No.)

involving work on the Owner's property at \_\_\_\_\_  
(Project Name)

located near \_\_\_\_\_.  
(City, State)

2. All of the Work required to be performed by the Consultant under said Contract has been performed. All bills and claims for material, labor and services to employees and Subcontractors covering the Work required to be performed under the Contract, have been paid in full by the Consultant. There are no unpaid amounts on the basis of which a lien has been filed, or can be filed, in connection with the Work performed under the Contract.

## AEP Security and Data Privacy Supplement

American Electric Power, on behalf of itself and its affiliates (collectively "AEP") and Provider (collectively the "Parties") enter into this Security and Data Privacy Supplement ("Supplement"), which augments and forms part of the Agreement between the Parties. This Supplement sets forth the Parties' mutual understanding that information security and protection of data are of paramount importance to AEP.

This Supplement applies to any Provider owned, managed or controlled system, service, application, software, hardware, person or company that may store, process, transmit or have access to AEP information or a facility, system or technology which may impact the integrity, availability or confidentiality of AEP information or its systems, or the integrity or availability of the power grid.

**1. Definitions.** All terms used in this Supplement shall have the meaning specified in the Agreement unless otherwise defined herein. For purposes of this Supplement, the terms are defined as follows:

**"AEP Data"** means information provided by AEP or any resultant data derived from information provided by AEP.

**"AEP Facilities"** means any physical or digital location owned, leased, occupied, or operated by AEP or on AEP's behalf, including AEP's network and information systems. AEP Facilities includes but is not limited to digital operations or storage in the cloud maintained on behalf of AEP or information/systems hosted on behalf of AEP.

**"Application Inventory System"** means an asset-based approach that includes an itemized list of applications or application components such that software versions, security testing results and additional attributes can be individually identified against such assets.

**"Application Vulnerability Assessments/Ethical Hacking"** means a practice used to identify, treat, and validate vulnerabilities within a product or network with the intent to resolve identified vulnerabilities and increase the stability and security of the product.

**"Confidential Information"** means any confidential or proprietary information, whether written, oral, or visual, whether or not it constitutes a trade secret under applicable law, not specifically marked as "AEP Public."

**"Data Owner"** means the person with primary responsibility to ensure confidentiality, integrity, and availability of information necessary to operate their business and who determines the sensitivity and controls necessary to protect the information. This person is typically not responsible for the implementation of any of the controls necessary to protect the information.

**"Data Protection Laws"** means any and all federal, state, and foreign laws and regulations relating to the handling, Processing, security, protection, or privacy of Personally Identifiable Information, including where applicable the guidance and codes of practice issued by regulatory bodies in any relevant jurisdiction.

**"Data Security Policy"** means the information security policy that relates to the storage, transmission, and sharing of Confidential Information and Personally Identifiable Information (PII).

**"Industry Standard Practices"** means a practice, method, process, or criteria adopted as convention by industry members either through formal agreement or through emulation of best practices established by industry leaders.

**"Intrusion Detection Systems" or "IDS"** means a system used to identify and analyze activity and compare the results against known attack types. If an attack type is suspected, an alert can be generated to notify responsible parties of the possible attack. An Intrusion Detection System does not stop the attack from occurring.

**"Intrusion Prevention Systems" or "IPS"** means a system used to identify and analyze activity and compare the results against known attack types. If an attack type is suspected, an alert can be generated to notify responsible parties of the possible attack and block the suspicious activity if it is configured to do so.

**"NERC CIP Regulated Assets/Information"** means - AEP's identified BES Cyber Assets, Electronic Access Controls or Monitoring Systems, Physical Access Control Systems, and BES Cyber System Information, each as defined in the NERC Glossary of Terms: [https://www.nerc.com/pa/Stand/Glossary of Terms/Glossary\\_of\\_Terms.pdf](https://www.nerc.com/pa/Stand/Glossary%20of%20Terms/Glossary_of_Terms.pdf).

**"Network"** means wired and wireless devices and the connecting wires, airwaves, protocols, or other technical mechanisms utilized to facilitate the movement of information and commands from one device or location to another.

**"Personally Identifiable Information" or "PII"** means any information Provider Processes for AEP that (a) identifies or relates to a Data Subject who can be identified directly or indirectly from the data alone or in combination with other information in Provider's possession or control or that Provider is likely to have access to, or (b) the relevant Data Protection Laws otherwise define as protected personal information.

**"Privacy Policy"** shall have the meaning associated under applicable Data Protection Laws.

**"Process" or "Processing"** shall have the meaning attributed to it under Data Protection Laws.

**"Provider"** includes each Subprocessor of Provider, if any, and any other third party engaged or authorized by Provider to perform actions or services on behalf of Provider. Provider may include, where applicable, affiliates of Provider acting in connection with Provider.

**"Security Incident"** means an event or series of events which indicate potential access to, loss of, or use of resources by unauthorized person or through unauthorized means. Security Incident shall also mean any act or omission that compromises the security, confidentiality, or integrity of AEP Data or AEP Facilities, or the physical, technical, administrative, or organizational safeguards put in place to protect AEP Data or AEP Facilities.

**"Services"** means the following specific services and business purposes that Provider is processing Personal Identifiable Information on behalf of AEP: \_\_\_\_\_. Provider and AEP agree that AEP is disclosing Personal Data to Provider only for this limited and specific business purpose.

**"Subprocessor"** shall have the meaning attributed to it under Data Protection laws. This shall include where applicable, "Sub-contractor".

**"Systems Development Life Cycle" or SDLC"** means a process for planning, creating, testing, and deploying an information system and is often referred to as the application development life cycle.

**AEP CONFIDENTIAL**

## AEP Security and Data Privacy Supplement

**“System”** means any device, application, or other software which transmits, processes, stores or interacts with Confidential Information, AEP Data, Personally Identifiable Information (PII), or other AEP devices.

**“Unrelated Security Incident”** means an event or series of events occurring in an unauthorized manner and/or for an unauthorized purpose that has compromised the cybersecurity and/or Confidential Information of products/services and while not directly involving products/ services provided to AEP are of a nature that would concern the general cybersecurity of the Provider or impact the product or service line utilized by AEP.

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

Provider has and shall at all times maintain and comply with, and will procure personnel or third parties who are required to comply with, documented policies and procedures sufficient to maintain the security of AEP Data, including the Confidential Information and related Systems during the term of the Contract to the extent which it applies to the services or work product provided by Provider to AEP, as follows:

### A. Risk Management

Provider must create, maintain, and follow a continuous process for Information Technology (IT) and infrastructure risk management designed to identify, quantify, and prioritize risks against defined risk acceptance levels and objectives relevant to the organization.

#### A.1 IT and Infrastructure Risk Governance

Provider's risk management program must include a formal program, which documents the organization's assets and threats, and evaluates associated risks.

#### A.2 IT and Infrastructure Risk Assessment Lifecycle

Provider's risk management program must examine and evaluate risk within the context of the overall workings of the business and its IT environment.

### B. Information Security Policy

Provider must provide management direction, and support for information security, in accordance with Provider's business requirements, and relevant laws and regulations directing specific security practices. They must set a clear policy direction in line with business objectives and demonstrate support for, and commitment to information security through the issuance, acceptance and maintenance of an information security policy across the organization.

These requirements are designed to reduce the likelihood of an operations impacting event either at the Provider facilities or through the Provider products and services supplied to AEP under the Contract.

#### B.1 Information Security Policy Content and Maintenance

Provider must establish a security policy that sets the security tone for the whole organization, which is reviewed, at least annually, to ensure continued suitability, adequacy, and effectiveness.

#### B.2 Vendor Management Program

Provider must establish, maintain, and follow a documented policy and procedure as part of its overall information security program to manage and assess risk from its third parties. This must include processes that encompass risk ranking, risk assessment, and remediation of risks.

##### B.2.1 Subprocessor Agreements

Provider must implement processes designed to ensure that all agreements or contracts with their Subprocessor(s) contain specific clauses to protect AEP Data or Systems when accessed, processed or stored by the Subprocessor.

### C. Organization of Information Security

Provider must establish, maintain, and follow a management framework to control and manage the information security organization. This framework must include provisions related to the protection of the organization's data in its service provider contracts or agreements as well as outline the roles and responsibilities of those who are responsible for the organization's information security.

#### C.1 Security Organization Roles and Responsibilities

Provider must define, document and maintain well-constructed organization-wide information security roles and responsibilities.

#### C.2 Security Organization Reporting and Hierarchy Compliance

Provider must ensure that the organizational-wide hierarchy is

established and maintained in compliance with its internal roles and responsibilities document.

### C.3 Data Management

Provider must not transfer, store, process, or allow access to AEP Data in, through, to, or from any facility, System, or person outside of the Continental United States without prior explicit written consent of AEP. If, in any case, AEP Data is transferred, stored, processed, or accessed outside of the Continental United States, a written plan must first be submitted by the Provider, which includes detailed information about the extent of the AEP Data that will be accessed and how this AEP Data will be accessed. This plan requires prior written approval signed by AEP before any AEP Data can be transferred, stored, processed, or accessed in the manner described in the Provider's proposed plan.

**C.3.1** Provider must notify AEP in writing, no less than 30 business days prior to any change in control of AEP Data that would be in contradiction to Section C.3 of this Supplement.

### D. Asset Management

Provider must implement, maintain, and follow a formalized asset management program, which includes a process for documenting and maintaining an inventory of hardware, software, and information assets. The documentation relevant to each asset must include an organizational owner who is responsible for the asset throughout its lifecycle.

These requirements are designed to reduce the likelihood of an operations impacting event either at the Provider facilities or through the Provider products and services supplied to AEP under the Contract by increasing knowledge of the assets in place within the Providers IT environment.

#### D.1 Asset Accounting and Inventory

Provider must implement processes designed to ensure IT assets are clearly identified and an inventory of all IT assets is documented and maintained.

#### D.2 Asset Destruction

Provider must ensure that effective processes and procedures are in place and followed for the destruction of data, media, and assets.

### E. Human Resource Security

Provider must establish, maintain and follow formal policies for human resources security for employees, as well as any contractors and subcontractors who will access, store, process or transmit AEP Data, including the requirement to conduct appropriate and allowable background screening, acknowledgement of the organization's privacy, information security and risk policies, and periodic formalized training on these policies. Regardless of whether any work operations are completed remotely, Provider, as well as all of Provider's employees, contractors, and subcontractors, are responsible for making sure that all reasonably necessary security precautions are in place to prevent any foreseeable vulnerabilities that might be associated with remote access to AEP Data.

#### E.1 Security Awareness Training Attendance

Provider must provide security awareness training, which must include at a minimum phishing awareness training, at the time of hire and at least annually thereafter, and maintain attendance records.

**AEP CONFIDENTIAL**

## AEP Security and Data Privacy Supplement

### E.2 Security Awareness Training Maintenance

Provider must review the contents of its security awareness training program at least annually to ensure it is updated and contains recent and relevant IT security information. If any level of work operations are being completed remotely, this security awareness training must also include training specific to secure remote access of information, systems, and data.

### E.3 Agreements for Employees

Provider's acceptable use, code of conduct/ethics, non-disclosure, and confidentiality agreements must be identified, documented, and implemented. Additionally, employees of the organization must signify acceptance of the same, minimally at the time of hire, and as appropriate thereafter.

### E.4 Security Program Management and Communication

Provider must maintain and follow a formal information security program to be communicated to all employees, as well as contractors, and subcontractors who will access, store, process or transmit AEP Data, or access Systems or networks, in a relevant, accessible, and understandable format to address compliance with security provisions and address threats and risks.

Provider must have an established set of procedures to ensure employees, contractors and subcontractors, if applicable, promptly report actual or suspected breaches of security.

### F. Physical and Environmental Security

Provider must take all reasonable measures to secure and defend its Systems and facilities from unauthorized physical access or intrusion, as well as accidental and intentional damage to the Provider's physical premises, Systems, and information. Provider must also take steps intended to protect against environmental and systems malfunctions or failures. Regardless of whether any work operations are completed remotely, Provider, as well as all of Provider's employees, contractors, and subcontractors, are responsible for making sure that all reasonably necessary physical and environmental security precautions are in place to prevent any foreseeable vulnerabilities that might be associated with remote access of AEP Data.

#### F.1 Environmental Controls

Provider must implement processes designed to ensure critical supporting utilities, such as climate control, fire suppressants and backup power supplies needed to support the business are in place and functional.

#### F.2 Physical Security Controls

Provider must develop processes designed to ensure a formal physical access policy and restrictive controls are established, maintained, and followed. Formal procedures designed to control the allocation of physical access rights to the organization's facilities must also be in place.

#### F.3 Secure Workspace Security Program

Provider must implement processes designed to ensure protecting the secure workspace environment is part of their security and risk management program. Such processes shall include but not be limited to, securing all devices utilized to access AEP Data.

#### F.4 Secure Workspace Perimeter

Provider must implement processes designed to control ingress and egress to and from the secure workspace. The level of controls must be commensurate with the level of risk.

#### F.5 Secure Workspace Access Reporting

Provider must maintain access and incident reports in accordance

with Provider's internal policies and standards, for a minimum of 90 days.

### F.6 Secure Workspace Compliance Audit

Provider must complete and document periodic internal or external compliance audits to ensure the workspace environment remains secure. For Provider's employees, contractors, and subcontractors who are working remotely, a VPN to a Provider owned central office must be used prior to accessing AEP Data and Systems.

### G. Communications and Operations Management

Provider must maintain and follow documented operating procedures and technological controls to ensure the effective management, operation, integrity, and security of Provider's information systems and data.

#### G.1 Network Security – IDS/IPS Signature Updates

Provider must implement, maintain, and follow processes designed to ensure that Intrusion Detection Systems (IDS)/Intrusion Prevention Systems (IPS) are maintained to effectively monitor and respond to the most recent threats and vulnerabilities.

##### G.1.1 Network Security – IDS/IPS Attributes

Provider must ensure that IDS/IPS Systems have been deployed, that alerts contain sufficient information to evaluate a potential incident, and that they are generating active alerts.

#### G.2 Network Security – Firewall(s)

Provider Networks must be segregated with the intent of protecting Systems and applications from threats. This must include utilizing firewalls to segment and protect the organization's internal network from the Internet, and also from other less restricted internal Networks.

#### G.3 Network Management – Encrypted Authentication Credentials

Provider must implement processes designed to protect credentials as they travel through the Network. To prevent possible exposure of credentials, an organization must ensure Systems have Encryption enabled for network authentication.

#### G.4 Open Ports

Provider must manage open ports and disable those that are not specifically required for business functionality. This is particularly relevant for administrative ports that can be used to manage a system.

#### G.5 Network Logging

Provider must implement, maintain, and follow processes designed to monitor and log activities of its Networks and Systems, and ensure appropriate logging and monitoring are applied to enable recording of relevant actions. Any and all VPN systems or software must be logged to document failed and successful connections; source and destination of connections; connection time; and identity used to make the connection.

#### G.6 Malware Protection

Provider must implement, maintain, and follow measures and processes designed to ensure malware protection is deployed on information assets, and that these are maintained to protect against current IT threats.

#### G.7 Administrative Activity Logging

Provider must implement, maintain, and follow processes designed

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

to comply with all relevant security requirements applicable to its monitoring and logging activities, and ensure that appropriate logging and monitoring of its Systems is in place to capture administrative activity for accountability and audit purposes.

### G.8 Log-on Activity Logging

Provider must implement, maintain, and follow processes designed to ensure that log-on and log-off attempts to its systems and/or devices are captured and stored for accountability and audit requirements.

### G.9 Log Retention

Provider must implement, maintain, and follow processes designed to ensure that system and network logs are retained for a sufficient period of time to allow for the successful auditing of historical events and/or to meet legal requirements; or preserved as relevant evidence for forensic investigation purposes in accordance with Providers relevant policies.

### G.10 Provider Website – Client Encryption

Provider must implement processes designed to ensure Confidential Information, or PII transmitted between websites and clients remains confidential and protected from unauthorized disclosure as well as message alteration.

### G.11 Email Security

Provider must ensure sufficient steps are taken to secure privileged access and prevent misuse of its email resources. For any cloud-enabled email service, multi-factor authentication must be enabled.

### G.12 Physical Media Tracking

Provider must ensure processes and procedures are in place and functional which are designed to protect and handle, storage and transport of external media (flash drive, media cards, hard drives, etc.), including physical documents, containing Confidential Information or PII, from unauthorized access, modification and/or disclosure.

### G.13 Unapproved Wireless Networks

Provider must implement processes designed to ensure all of its Network connections and devices are adequately tracked, managed and controlled to protect against threats and to maintain security for the systems and applications using the Network. Provider must have the most recent security controls and firmware in place for the Network.

### G.14 Wireless Networks Encryption

Provider must implement processes designed to ensure wireless encryption for authorized wireless access points to protect from threats, and to maintain security for the systems and applications using the Network. Minimum requirements for encryption include the following: cryptographic methods (hash functions, symmetric key algorithms, or asymmetric key algorithms) and primitives (e.g., Secure Hash Algorithm [SHA]-256, Advanced Encryption Standard [AES]-128, RSA, and Digital Signature Algorithm [DSA]-2048) that are implemented in the system, and how these methods are to be implemented.

### G.15 Network Security – Authorized Network Traffic

Provider must implement processes to verify each network service permitted has been formally approved and authorized.

### G.16 Restoration of Data and Systems

Provider must have systems, applications, and data available in the event of a disaster. Backups of these systems and data must be maintained, and they must contain copies of original data. Restoration of data (error free and in its original state) must be tested

periodically.

### G.17 Change Control

Provider must implement processes designed to ensure changes are managed within a formal change control program.

### G.18 Data Security Policy – Encryption

Provider must establish a Data Security Policy designed to ensure Confidential Information and PII remains confidential and protected from unauthorized disclosure or alteration.

## H. Provider Access Control

Provider shall develop and implement policies and procedures to address the security of remote and onsite access to AEP Data, Systems and Networks, and AEP property.

### H.1 Logical Access Authorization

Provider must implement processes designed to ensure a formal user registration and approval procedure, to which employees consistently adhere, is in place for granting access to all systems. Formal procedures designed to control the allocation of logical access rights to systems must be in place.

### H.2 Logical Access Authentication

Provider shall ensure access to Internet hosted Systems, and Systems, application or platforms offered as a service, is provisioned, and managed in accordance with Industry Standard Practices, to include the use of multi-factor authentication for office (including hybrid and remote) automation products or email services.

### H.3 Password Controls

Provider must implement processes designed to ensure its password controls align with Industry Standard Practices and follow internal policies, where applicable. Passwords used to access AEP Data and systems must be at a minimum at least eight characters long and include the following: (i) lowercase letter(s), (ii) uppercase letter(s), (iii) numbers, and (iv) special character(s).

### H.4 Revoke System and Physical Access

If Provider employee, contractor, or subcontractor has access to NERC CIP Regulated Assets/Information, Provider will terminate such access within 24 hours of the Provider employee, contractor, or subcontractor no longer requiring such access, and/or if Provider employee, contractor, or subcontractor has access to AEP Networks, Data, or Systems, Provider will notify AEP in writing at **TPRG@AEP.COM**, within 24 hours of termination or change of status of any of the above as set forth below, and will take all steps necessary to remove Provider employee's, contractor's and subcontractor's access to any AEP Data, Systems, Networks, or property under Provider's control or any Provider Data, Systems, or Networks (notification to AEP not necessary for access termination to Provider's assets) when:

**H.4.1** any Provider employee, contractor and subcontractor if applicable, no longer requires such access in order to furnish the services or products provided by Provider under the Contract,

**H.4.2** any Provider employee, contractor and subcontractor if applicable, is terminated or suspended or his or her employment is otherwise ended,

**H.4.3** Provider reasonably believes any Provider employee, contractor and subcontractor if applicable, poses a threat to the safe working environment at or to any AEP property, including to employees, customers, buildings,

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

assets, Systems, Networks, trade secrets, confidential data, and/or employee or AEP Data,

**H.4.4** there are any material adverse changes to any Provider employee's, contractor's and subcontractor's (if applicable) background history, including, without limitation, any information not previously known or reported in his or her background report or record,

**H.4.5** any Provider employee, contractor and subcontractor if applicable, fails to maintain conduct in accordance with the qualification criteria set forth in Provider or AEP policies and standards,

**H.4.6** any Provider employee, contractor and subcontractor if applicable, loses his or her U.S. work authorization, or

**H.4.7** Provider's provision of products and services to AEP under the Contract is either completed or terminated, so that AEP can discontinue electronic and/or physical access for such Provider employee, contractor, and subcontractor if applicable.

### H.5 Denial of Access and Retrieval of Property

When Provider accesses; has or uses AEP owned or managed facilities or assets, Provider will take all steps reasonably necessary to immediately deny such Provider employees, contractors and subcontractors, if applicable, electronic and physical access to AEP Data as well as AEP property, Systems, or Networks, including, but not limited to, removing and securing individual credentials and access badges, RSA tokens, and laptops, as applicable, and will return to AEP any AEP-issued property including, but not limited to, AEP photo ID badge, keys, parking pass, documents, or laptop in the possession of such Provider employees, contractors and subcontractors. Provider will notify AEP at [TPRG@AEP.COM](mailto:TPRG@AEP.COM) once access to AEP Data as well as AEP property, Systems, and Networks has been removed. All physical equipment owned by AEP, must be returned to AEP, in good working order, within 30 calendar days, or Provider shall be responsible for reimbursing the cost of such equipment.

### H.6 Authority Over Access

In the course of furnishing products and services to AEP under the Contract, Provider shall not access, and shall not permit its employees, agents, contractors, and other personnel or entities within its control (Provider employees, contractors, and subcontractors, if applicable) to access AEP's property, Systems, Networks or AEP Data without AEP's prior express written authorization. Such written authorization may subsequently be revoked by AEP at any time in its sole discretion. Further, any Provider employee, contractor, and subcontractor if applicable, access shall be consistent with, and in no case exceed the scope of, any such approval granted by AEP. All AEP authorized connectivity or attempted connectivity to AEP's Systems or Networks shall be in conformity with AEP's security policies as may be amended from time to time with notice to the Provider.

### H.7 Contractor Review of Access

Provider will review and verify Provider employees, contractors and subcontractors if applicable, continued need for access and level of access to AEP Data; and Systems, Networks and property on a semi-annual basis and will retain evidence of the reviews for two years from the date of each review. Provider will cooperate with and support access reviews performed by AEP, if requested.

### H.8 Controls for Unattended Systems

Provider must implement processes designed to ensure sufficient preventative controls, such as screen or session timeouts, are in place to prevent unauthorized access to unattended systems. All devices

that can be used to access AEP Data or systems must be locked at any time that they are not being actively used or have been left unattended to make sure that access to the data and systems is secure. Additionally, there must be timeout procedures in place for these systems to ensure that no additional access is permitted after the given time period, consistent with Industry Standard Practices.

### H.9 Multifactor Authentication for Remote Access

Provider must utilize multifactor authentication designed to provide an additional level of security for employees, contractors and subcontractors with remote access to Provider Systems.

## I. Information Systems Acquisition, Development and Maintenance

Provider must utilize a comprehensive application security program designed to help ensure applications, both internal and third party, are consistent with Industry Standard Practices and commercially reasonable security requirements. This must include full application compliance testing and software development reviews, as applicable.

### I.1 Obligation to Track and Report Vulnerabilities

In the event Provider provides AEP with any product containing or consisting of digital and/or third-party components, Provider represents and warrants that the Provider has a lot tracking system in place such that Provider is able to identify and report security vulnerabilities in the product, regardless of whether the product was manufactured or furnished by the Provider or a third party). Provider shall report any vulnerabilities to AEP within thirty (30) calendar days of discovery by notifying AEP at [TPRG@AEP.COM](mailto:TPRG@AEP.COM).

### I.2 Application Vulnerability Assessments/Ethical Hacking

Provider must perform application penetration tests or ethical hacking of proprietary applications. Industry Standard Practices or other authoritative sources must be utilized as a foundation for detecting vulnerabilities in the applications and measuring the effectiveness of the application security controls in place. Vulnerabilities identified must be tracked and remediated in accordance with a defined plan and Provider's internal policies. If the vulnerability is in a product provided to AEP as a part of the Contract, the defined plan must be agreed upon by AEP and Provider.

### I.3 Vulnerability Identification, Management, and Notification

Provider shall develop and implement policies and procedures to address the disclosure and remediation by Provider of vulnerabilities and material defects related to the products and services provided to AEP under the Contract including the following:

**I.3.1** Prior to the delivery of the procured product or service, Provider shall provide summary documentation of publicly disclosed vulnerabilities and material defects related in the procured product or services, the potential impact of such vulnerabilities and material defects, the status of Provider's efforts to mitigate those publicly disclosed vulnerabilities and material defects, and Provider's recommended corrective actions, compensating security controls, mitigations, and/or procedural workarounds.

**I.3.2** Provider shall provide summary documentation of vulnerabilities and material defects in the procured product or services within thirty (30) calendar days after such vulnerabilities and material defects become known to Provider. By notifying AEP at [TPRG@AEP.COM](mailto:TPRG@AEP.COM). This includes summary documentation on vulnerabilities that have not been publicly disclosed or have only been identified after the delivery of the product. The summary documentation

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

shall include a description of each vulnerability and material defects and its potential impact, root cause, and recommended corrective actions, compensating security controls, mitigations, and/or procedural workarounds.

**I.3.3** Provider shall disclose the existence of all known methods for bypassing computer authentication in the procured product or services, often referred to as backdoors, and provide written documentation that all such backdoors created by Provider have been permanently deleted or disabled by notifying AEP at **TPRG@AEP.COM**.

**I.3.4** Provider shall implement a vulnerability detection and remediation program. The program must include process(es) for identifying and addressing vulnerabilities in any third-party products or frameworks used in the development of products covered by the Contract.

**I.3.5** Provider must notify AEP of vulnerabilities in products provided or hosted by them specifically related to fulfillment of the Contract, which may impact confidentiality, integrity, or availability of AEP Data. Notifications must be sent to **TPRG@AEP.COM**.

### **I.4 Disclosure of Vulnerabilities by Company**

Whether or not publicly disclosed by Provider and notwithstanding any other limitation in the Contract, AEP may disclose any vulnerabilities or material defects which may impact the stability and reliability to the power grid or cause harm to entities utilizing the products and services provided by Provider to (a) the Electricity Information Sharing and Analysis Center, the Industrial Control Systems Cyber Emergency Response Team, or any equivalent entity, (b) to any entity when necessary to preserve the reliability of Systems as determined by AEP in its sole discretion, or (c) any entity required by applicable law.

### **I.5 Secure Systems Development Lifecycle (SDLC) Code Reviews**

Provider's Systems Development Life Cycle (SDLC) must include security Industry Standard Practices within the key development phases of code, where applicable.

### **I.6 Secure System Hardening**

Provider must ensure that a formal, documented configuration standard exists for building and managing Systems. This must include key configuration and hardening requirements in accordance with security Industry Standard Practices, to reduce the risk of compromise.

### **I.7 System Patching**

Provider must implement a software update management process designed to ensure the most relevant, current, Provider approved updates are installed for all authorized software. This process must also include weighing the benefit associated with installing an update to resolve vulnerability against other factors, including the potential impact to system stability and methods to verify authenticity of the source of the code and integrity of the code after delivery.

### **I.8 Hardware, Firmware, Software, and Patch Integrity and Authenticity**

Provider shall establish, document, and implement risk management practices for supply chain delivery of hardware, software (including patches), and firmware provided under the Contract. Provider shall upon request provide documentation on its: chain-of-custody practices, inventory management program (including the location and protection of spare parts), information protection practices, integrity management program for components provided by sub-suppliers, instructions on how to request replacement parts,

commitment to ensure that for as long as the product is supported by the Provider, spare parts shall be made available by Provider.

**I.8.1** Provider shall specify how digital delivery for procured products (e.g., software and data) including patches will be validated and monitored to ensure the digital delivery remains as specified. If AEP deems that it is warranted, Provider shall apply encryption to protect procured products throughout the delivery process.

**I.8.1.1** If Provider provides software or patches to AEP, Provider shall publish or provide a hash conforming to the Federal Information Processing Standard (FIPS) Security Requirements for Cryptographic Modules (FIPS 140-2) or similar standard information on the software and patches to enable AEP to use the hash value as a checksum to independently verify the integrity of the software and patches and avoid downloading the software or patches from Provider's website that has been surreptitiously infected with a virus or otherwise corrupted without the knowledge of Provider.

**I.8.2** Provider shall identify the country (or countries) of origin of the procured product and its components (including hardware, software, and firmware). Provider will identify the countries where the development, manufacturing, maintenance, and service for the product are provided. Provider will notify AEP of changes in the list of countries where product maintenance or other services are provided in support of the procured product. This notification shall occur 180 days prior to initiating a change in the list of countries by notifying AEP at **AEP@TPRG.COM**.

**I.8.3** Provider shall use trusted channels to ship procured products, such as U.S. registered mail.

**I.8.4** Provider shall demonstrate chain-of-custody documentation for procured products as determined by AEP in its sole discretion and require tamper-evident packaging for the delivery of this hardware.

### **I.9 Software and Hardware Bill of Materials (SBOM and HBOM)**

Provider must provide a full list of all components used to develop any software or hardware product provided to AEP prior to its delivery to AEP, and must include the source of development, manufacture, and assembly of those components. Product source must include whether the component is externally or internally developed and/or the component is developed utilizing open-source code.

#### **I.9.1 Foreign Ownership, Control, or Influence (FOCI)**

**AEP CONFIDENTIAL**

## AEP Security and Data Privacy Supplement

Provider must disclose any foreign ownership, control, or investment in their parent companies or subsidiaries. Disclosure must include country of involvement, percentage of investment, and amount of influence from the foreign participant. An annual certification must be submitted regarding any FOCI in Contactor/Seller business. Certification must be sent to: **TPRG@AEP.COM**.

### **I.9.2 Attestation of No Banned Products/ Relationships in Scope of Product and/or Service**

Provider attests that no banned products and/or relationships are included in the scope of products and services provided to AEP. Banned entities are to include, but not limited to the National Defense Authorization Act (NDAA) 889 and (NDAA) 1237 et. al, and Executive Order 13971 of January 5, 2021 (Addressing the Threat Posed by Applications and Other Software Developed or Controlled by Chinese Companies) ("EO 13971").

### **I.10 Patching Governance**

Prior to the delivery of any products and services to AEP or any connection of electronic devices, assets or equipment to AEP's electronic equipment, Provider shall provide documentation regarding its patch management and vulnerability management/mitigation programs and update process (including third-party hardware, software, and firmware) for products, services, and any electronic device, asset, or equipment required to be connected to the assets of AEP during the provision of products and services under the Contract. This documentation shall be sent to **TPRG@AEP.COM** and include information regarding:

**I.10.1** the resources and technical capabilities to sustain this program and process such as Provider's method or recommendation for how the integrity of a patch is validated by AEP; and

**I.10.2** Provider's approach and capability to remediate newly reported zero-day vulnerabilities.

### **I.11 Out of Date Components**

Unless otherwise approved by AEP in writing, current or supported version of Provider products and services shall not require the use of an out-of-date, unsupported, or end-of-life version of third-party components (e.g., Java, Flash, Web browser, etc.). Additionally, other out of date systems or applications may not be supported by AEP. To access AEP Data and Systems, the Provider's operation system, applications, and products must be properly updated and maintained.

### **I.12 Software and Firmware Updates**

Provider shall verify and provide documentation that procured products (including third-party hardware, software, firmware, and services) have appropriate updates and patches installed prior to delivery to AEP.

**I.12.1** In providing the products and services described in the Contract, Provider shall provide appropriate software and firmware updates to remediate newly discovered vulnerabilities or weaknesses within 30 days. Updates to remediate critical vulnerabilities shall be provided within a shorter period than other updates, within 7 days. If updates cannot be made available by Provider within these time periods, Provider shall provide mitigations and/or workarounds within no greater than 30 days. Required notification must be sent to AEP at **TPRG@AEP.COM** in accordance with the preceding required timelines.

**I.12.2** When third-party hardware, software (including open-source software), and firmware is provided by Provider to AEP, Provider shall provide appropriate hardware, software, and firmware updates to remediate newly discovered vulnerabilities or weaknesses within 30 calendar days. Updates to remediate critical vulnerabilities shall be provided within a shorter period than other updates, within 7 calendar days. If these third-party updates cannot be made available by Provider within these time periods, Provider shall provide mitigations and/or workarounds within 15 calendar days. Required notification must be sent to AEP at **TPRG@AEP.COM** in accordance with the preceding required timelines.

### **I.13 Viruses, Firmware and Malware**

Provider will use reasonable efforts to investigate whether computer viruses or malware are present in any software or patches before providing such software or patches to AEP.

**I.13.1** Provider warrants that it has no knowledge of any computer viruses or malware coded or introduced into any software or patches, and Provider will not insert any code which would have the effect of disabling or otherwise shutting down all or a portion of such software or damaging information or functionality.

**I.13.2** When install files, scripts, firmware, or other Provider delivered software solutions are flagged as malicious, infected, or suspicious by an anti-virus vendor through open-source solutions like "Virus Total," Provider must provide technical proof as to why the "false positive" hit has taken place to ensure their code's supply chain has not been compromised.

**I.13.3** If a virus or other malware is found to have been coded or otherwise introduced as a result of Provider's breach of its obligations under this Supplement, Provider shall immediately and at its own cost:

**I.13.3.2** Take all necessary remedial action and provide assistance to AEP to eliminate the virus or other malware throughout AEP's information networks, computer systems, and information systems, regardless of whether such systems or Networks are operated by or on behalf of AEP; and

**I.13.3.3** If the virus or other malware causes a loss of operational efficiency or any loss of data (A) where Provider is obligated under this Supplement to back up such data, take all steps necessary and provide all assistance required by AEP and its affiliates, and (B) where Provider is not obligated under this Supplement to back up such data, use commercially reasonable efforts, in each case to mitigate the loss of or damage to such data and to restore the efficiency of such data.

### **I.13.4 End of Life Operating Systems**

Provider delivered solutions will not be required to reside on end-of-life operating systems, or any operating system that will go end-of-life six (6) months from the date of installation.

**I.13.4.1** Provider solutions will support the latest versions of operating systems on which Provider-provided software functions within twenty-four (24) months from official public release of that operating system version.

**AEP CONFIDENTIAL**

## AEP Security and Data Privacy Supplement

### I.14 Cryptographic Requirements

Provider shall document how the cryptographic system protects the confidentiality, data integrity, authentication, and non-repudiation of devices and data flows in the underlying system as specified by the Contract. This documentation shall include, but not be limited to, the following:

**I.14.1** The cryptographic methods (hash functions, symmetric key algorithms, or asymmetric key algorithms) and primitives (e.g., Secure Hash Algorithm [SHA]-256, Advanced Encryption Standard [AES]-128, RSA, and Digital Signature Algorithm [DSA]-2048) that are implemented in the system, and how these methods are to be implemented.

**I.14.2** The preoperational and operational phases of key establishment, deployment, ongoing validation, and revocation.

**I.14.3** An automated remote key-establishment (update) method that protects the confidentiality and integrity of the cryptographic keys

**I.14.4** Provider shall ensure that:

**I.14.4.2** The system implementation includes the capability for configurable cryptoperiods (the life span of cryptographic key usage) in accordance with the Suggested Cryptoperiods for Key Types found in Table 1 of NIST 800-57 Part 1, as may be amended.

**I.14.4.3** The key update method supports remote re-keying of all devices within 72 hours as part of normal system operations.

**I.14.4.4** Emergency re-keying of all devices can be remotely performed within 24 hours.

**I.14.5** Provider shall provide a method for updating cryptographic primitives or algorithms.

### I.15 Application Security Program Governance

Provider must manage application development activities, methodologies, and application security risk. Application security must be part of Provider's overall risk governance framework.

### I.16 Application Security Vulnerability Assessment and Response

Provider must ensure application security vulnerabilities are assessed for business risk and impact, and must have a vulnerability response plan.

### I.17 Application Security SDLC Phases

Provider must implement processes designed to ensure security requirements are part of the key phases of their internal SDLC program. This process must be designed to ensure that security reviews, security scans, and security signoff occur at applicable phases.

### I.18 Application Security Awareness Training Content

Provider must implement processes designed to ensure the content of its application security awareness program incorporates current and relevant security attack and vulnerability mitigation, and that the course content is applicable to the organization and its environment.

### I.19 Application Security Awareness Training Attendance

Provider must implement processes designed to ensure its software developers are aware of application security and secure coding practices and that they complete a formal, Industry Standard based application security training program at least annually.

### I.20 Secure Software Delivery

Provider must provide a means for verification, by AEP of authenticity of source, and integrity of all software, patches, and firmware received by AEP from Provider.

### I.21 Security Review of Internal and External Applications

Provider must perform security reviews of applications developed internally, as well as third party applications that process, store, or transmit AEP Data.

### J. Business Continuity Management

Provider must incorporate business continuity considerations into the overall design of their business model to mitigate the risk of service disruptions and the impacts of those within the supply chain. This must include an enterprise-wide, process-oriented approach that considers technology, business operations, testing, and communication strategies that are critical to business continuity planning for the entire business.

#### J.1 Business Impact Analysis

Provider must conduct an assessment of and prioritize all business functions and processes, including their interdependencies, as part of a workflow analysis. This assessment must also evaluate the potential impact of business disruptions resulting from uncontrolled, non-specific events on the organization's business functions and processes.

#### J.2 Threat Assessment

Provider must create and maintain an in-depth business threat assessment that includes realistic threat scenarios such as malicious activity, natural and technical disasters, and pandemic incidents. The magnitude of the business disruption must consider a wide variety of threat scenarios, including capacity.

#### J.3 Business Continuity Governance

Provider must create and maintain an in-depth business continuity governance plan that documents the program details, the decision making and communication process, and defines who is responsible for which components of governance.

#### J.4 Business Insurance

Provider must ensure applicable insurance coverages are defined and outlined within their business continuity plan.

#### J.5 Business Process Level Readiness

Provider must create and conduct business continuity planning and analysis to be able to evaluate the business continuity readiness of end-to-end business processes.

#### J.6 Business Continuity Threat Assessment

Provider must create and maintain realistic threat scenarios which consider internal, business partners, and customers. These threat scenarios must focus both on the impact of the threat as well as the nature of the threat.

#### J.7 Business Continuity Process Testing

Provider must create and maintain detailed business continuity test plans. These must include scoping the business process and identifying the dependencies, as well as detailed testing to complete a realistic and thorough test.

### K. Technical Compliance Checking

Provider must implement procedures that will enable compliance with their legal, regulatory, statutory, and/or contractual obligations related to

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

any information security requirements.

### K.1 Vulnerability Testing and Remediation

Provider must ensure Provider Systems are regularly scanned for compliance against security Industry Standard Practices and other authoritative sources, and that any applicable detected vulnerabilities are addressed.

### K.2 For Proprietary Systems or Solutions Provided to AEP

Provider agrees that they will use commercially reasonable efforts to identify and notify AEP by email to [TPRG@AEP.COM](mailto:TPRG@AEP.COM) of any mitigated or remediated vulnerabilities, risks and threats which impact the confidentiality, integrity or availability of proprietary solutions provided to AEP within 24 hours of the latter, identification or mitigation, and provide guidance as to how the applicable mitigations, patches or remediations are to be deployed.

### L. Provider Software Application Security Policies and Standards

If Provider utilizes or provides proprietary or customized software to, or for AEP, Provider must ensure software security policies, standards and procedures are implemented, maintained, and followed; and that stakeholders, business owners, and internal governing bodies have a common understanding of business practices and risk management expectations. Provider must also ensure security controls are employed throughout the Systems Development Lifecycle (SDLC) to confirm secure coding practices are followed as an integral part of the development process.

#### L.1 Application Inventory

Provider must document and maintain an Application Inventory System which will enable security evaluation tracking to specific assets.

#### L.2 Risk Classification

Provider must implement and maintain a risk classification process, which evaluates the level of inherent risk an information resource is exposed to. The risk classification drives the required set of controls that must be implemented. Application risk classifications must be performed annually, for all applications (including third party developed applications) and if any application changes are made the application must be reassessed.

#### L.3 Secure Architectural Design Standards

Provider must have a process in place intended to ensure software applications are designed with secure architecture design standards. These standards must include, but are not limited to, threat modeling or secure application reviews.

#### L.4 Secure Code Review

Provider must ensure secure code reviews are performed prior to promotion to non-development environments in order to identify insecure coding defects.

#### L.5 Open Source

Provider must ensure the use of open-source code is documented and maintained in accordance with Industry Standard Practices. Open-source code must only be used if it is properly managed. Provider will be responsible to ensure any open-source content used in the products or services provided to AEP will be maintained, assessed, and remediated for vulnerabilities, flaws or other risks. If the Provider cannot ensure the maintenance and/or security of the open-source content, the open-source content must be removed from the product delivered to AEP.

#### L.6 Production Evaluation Process

Provider must ensure software applications in production are

evaluated in accordance with Industry Standard Practices.

### M. Provider Cloud Computing/Third Party Hosted Services

Provider must have a clear understanding of where any provider and its subsequent relationships, is hosting AEP Data, and the security controls implemented by those providers to ensure all applicable security measures are approved, implemented and maintained, and align with Industry Standard Practices for hosting data.

#### M.1 Service and Deployment Models

Provider must have an understanding of the type of service model and deployment model utilized to ensure proper documentation of security responsibilities is managed, approved by management, maintained, and followed.

#### M.2 Cloud Computing/Third Party Hosted Service Audit Program

Provider and their provider(s) must develop, maintain, and follow audit plans which focus on review and management of information security. System security must be reviewed periodically by management to ensure System security policies are being followed.

#### M.3 Security Review of Hypervisor Configuration

Provider must apply a standardized monitoring process to ensure secure configuration and operational practices are being applied to virtual host systems and hypervisors.

### N. Security Incident Response and Management

Provider shall develop and implement policies and procedures to address Security Incidents ("Response Plan") by mitigating the harmful effects of Security Incidents and addressing and remedying the occurrence to prevent the recurrence of Security Incidents in the future. Provider shall provide AEP access to inspect its Response Plan.

Any and all notifications required in this Section O will be made within 24 hours of identification to the AEP Cybersecurity Intelligence and Response Center at 1-866-747-5845; OR, by encrypted email at [INCIDENTS@AEP.COM](mailto:INCIDENTS@AEP.COM), and follow-up in writing to AEP Cybersecurity, ATTN: Cyber Intelligence and Response Center, 1 Riverside Plaza, 4<sup>th</sup> Floor, Columbus, Ohio 43215, unless otherwise specified in the Supplement or the Contract.

#### N.1 Security Incident Notification

Immediately upon learning of a Security Incident related to the products and services provided to AEP, Provider shall implement its Response Plan and, within 24 hours of implementing its Response Plan, shall notify AEP of that implementation.

**N.1.1** The notice shall include the date and time of the Security Incident occurrence (or the approximate date and time of the occurrence if the actual date and time of the occurrence is not precisely known) and a detailed summary of the facts and circumstances of the Security Incident, including a description of (a) why the Security Incident occurred (e.g., a precise description of the reason for the system failure), (b) the amount of AEP Data known or reasonably believed to have been disclosed, and (c) the measures being taken to address and remedy the occurrence to prevent the same or a similar event from occurring in the future.

**N.1.2** Provider shall provide written updates, through encrypted email to [INCIDENTS@AEP.COM](mailto:INCIDENTS@AEP.COM) of the notice to AEP addressing any new facts and circumstances learned after the initial written notice is provided and shall provide such updates within a reasonable time after learning of those new facts and circumstances. Provider shall cooperate with AEP in AEP's efforts to determine the risk to AEP Systems posed by the Security Incident, including providing

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

additional information regarding the Security Incident upon request from Provider by AEP.

### N.2 Notification to Affected Parties

Provider will, at its sole cost and expense, assist and cooperate with AEP with respect to disclosures to affected parties, and other remedial measures as requested by AEP and agreed upon by both parties, in connection with a Security Incident or required under any applicable laws related to a Security Incident.

**N.2.1** In the event a Security Incident results in AEP Data being disclosed such that notification is required to be made to any person or entity, including without limitation any customer, shareholder, or current or former employee of AEP under any applicable laws, including privacy and consumer protection laws, or pursuant to a request or directive from a governmental authority, such notification will be provided by AEP, except as required by applicable law or approved by AEP in writing. AEP will have sole control over the timing and method of providing such notification, unless otherwise specifically mandated by law or regulation.

### N.3 Prevention of Recurrence

Within 30 days of a Security Incident, Provider shall develop and execute a plan that reduces the likelihood of the same or a similar Security Incident from occurring in the future consistent with the requirements of its Response Plan and NIST Special Publication 800-61 Rev. 2 and NIST Special Publication 800-184, as may be amended, and shall communicate that plan to AEP. Provider shall provide recommendations to AEP on actions that AEP may take to assist in the prevention of recurrence, as applicable or appropriate.

### N.4 Coordination of Incident Response

Within 3 calendar days of notifying AEP of the Security Incident, Provider shall recommend actions to be taken by AEP on AEP-controlled Systems, where AEP Systems are running, hosting or connected to Provider products, Networks, or services, to reduce the risk of a recurrence of the same or a similar Security Incident, including, as appropriate, the provision of action plans and mitigating controls. Provider shall coordinate with AEP in developing those action plans and mitigating controls. Provider will provide AEP guidance and recommendations for long term remediation of any cybersecurity risks posed to AEP Data, equipment, Systems, and Networks as well as any information necessary to assist AEP in any recovery efforts undertaken by AEP in response to the Security Incident.

### N.5 Unrelated Security Incidents

In the event Provider receives any complaint, notice, communication, or knows that an act or omission has compromised their cybersecurity and/or Confidential Information has been corrupted, destroyed, accessed, acquired, compromised, modified, used, or disclosed by any unauthorized person, or by any person in an unauthorized manner or for an unauthorized purpose in compliance with applicable law, Provider shall provide to AEP a confidential report describing, to the extent legally permissible, a summary of the facts and circumstances of the Unrelated Security Incident promptly; however, no later than seven (7) calendar days of identification of the event.

### O. Control Laws

Provider must comply with all U.S. or other export and import laws and restrictions (the "**Control Laws**") applicable to any commodities, software or technology provided or disclosed in connection with any Service, Work Product, activity, delivery or development hereunder, including any restrictions on the exposure or release of technical data, software source code or other information as that term is contemplated in the Control Laws ("**Information**") to any non-U.S. national personnel, whether located within or outside of the United States.

Provider must implement, maintain and follow, at all times during the Term of the Contract, appropriate technology control programs and procedures compliant with the Control Laws to prevent the unauthorized exposure or release of Information, including measures that prevent access to Information by non-U.S. national personnel. Provider must advise AEP immediately of any violation of a Control Law, must cooperate with AEP in any investigation of an actual or possible violation and must take any measures AEP reasonably may request to rectify or address such violation. Notification must be sent to **TPRG@AEP.COM**.

### O.1 Export-Related Information

Provider must provide to AEP all export control classification numbers (U.S. ECCNs or foreign equivalents, where applicable), export licenses, advisory opinions, Government Authority classifications, classification requests and commodity jurisdiction requests relating to any commodities, software or technology provided or disclosed in connection with any service, work product, activity, delivery or development under the Contract or any related Statement of Work, and any Government Authority correspondence relating thereto as available and applicable.

### O.2 Prohibited Persons

Neither the Provider nor any Provider employee, contractor or subcontractor if applicable, may appear on any list of prohibited persons maintained by any Government Authority ("**Prohibited Lists**"), including but not limited to the list of "Specially Designated Nationals and Other Blocked Persons" maintained by the United States Department of Treasury, and the "Denied Persons List" maintained by the Bureau of Industry & Security. Provider must monitor for changes to the Prohibited Lists and ensure continuing compliance, at least annually. Provider must immediately remove from all AEP projects any Provider employee, contractor or subcontractor, if applicable identified on a Prohibited List, must immediately inform AEP of same, must cooperate with AEP in any investigation thereof, and must take any measures AEP reasonably may request to rectify or address any violation of applicable law that is discovered.

### P. PII Protection

Provider agrees to comply with any applicable data protection laws and regulations, which may require Provider to comply with data subject requests, implementing reasonable security procedures and practices appropriate to the nature of the PII received from AEP, protecting the PII from unauthorized or illegal access, destruction, use, modification, or disclosure. If Provider cannot meet its obligations under applicable data protection laws and regulations, Provider shall notify AEP within five (5) days after it determines that it can no longer meet these requirements. Should Provider have access to, process, store, transmit, or manage PII, Provider must establish and maintain a privacy program and management framework intended to control and manage the protection of PII. This must include the overall management of PII within the organization and with all third parties. The privacy program must include: individuals responsible for the creation, oversight and maintenance of the program; all third parties meeting their commitments under the organization's business requirements, applicable privacy laws, policies, processes, technologies, and industry leading practices; and the protection and privacy of PII through its lifecycle of collection, storage, usage, processing, sharing, transferring, securing, retention and destruction.

### P.1 Compliance with Instructions

Provider shall only process Personal Data to the extent, and in such a manner as is necessary to provide the Services and only in accordance with AEP's instructions. Provider must promptly comply with any AEP request or instruction requiring Provider to amend, transfer, or delete any PII, or to stop, mitigate or remedy any unauthorized processing. Provider must promptly notify AEP if, in its opinion, AEP's instruction would not comply with data protection

**AEP CONFIDENTIAL**

## AEP Security and Data Privacy Supplement

laws. Provider shall only process PII to the extent, and in such a manner as is necessary to provide the Services and only in accordance with AEP's lawful instructions. Provider shall not process the PII for any other purpose or in any way that does not comply with this Agreement or applicable Data Protection Laws.

### P.2 Confidentiality

Provider will maintain the confidentiality of all PII. In the event AEP provides AEP Data to Provider, Provider agrees that all AEP Data remains the sole and exclusive property of AEP and AEP's licensors, and Provider obtains no right, title or interest therein whatsoever, except for a temporary and limited license to use AEP Data to perform only the Services for AEP pursuant to the Contract. Provider will at all times comply with AEP's instructions with respect to any processing of AEP Data however, Provider may utilize AEP Data converted to an anonymized or aggregated format for the purposes of improving its own services, provided that all such data does not make use of PII, is not associated or published as being from with AEP and is Processed in a manner consistent with the terms herein. If a law requires Provider to process or disclose PII, Provider must first inform AEP of the legal requirement and allow AEP an opportunity to object or challenge the requirement, unless the law prohibits such notice.

### P.3 No Sale or Sharing of Data

Provider expressly agrees that it will not share for cross-context behavioral advertising or sell PII it receives from, or on behalf of, AEP. Provider agrees that it will not retain, use, or disclose, the PII for any other purpose other than the specific purpose of the performing the Services specified herein, including retaining, using, combining, or disclosing the personal information for any commercial purpose other than providing the Services specified herein, including in the servicing of a different business. Provider agrees it will not retain, use, or disclose PII outside of the direct business relationship between Provider and AEP.

### P.4 PII Inventory and Flows

Provider must maintain an inventory of PII that must, at a minimum, define PII by data subject category or data classification based on the data inventory, assign ownership for PII, and document the flow of PII throughout the data lifecycle of collection, storage, usage processing, sharing, trans-border flows, retention and retirement through the organization. The inventory must include all PII that is provided to, or shared with, any Subprocessors.

### P.5 Privacy Policy and Privacy Notices

Provider must provide management policy, direction, and support for information privacy in accordance with its legal, regulatory, and contractual obligations to provide privacy protection for PII. It must demonstrate support for, and commitment to, information privacy through the issuance, acceptance, and maintenance of internal privacy policies across the organization. It must, where required, communicate that commitment to data subjects via external privacy notices and where applicable, gain their consent and seek their permission for certain uses of PII (e.g., protected PII). It must ensure that third parties' privacy policies and privacy notices are consistent with its privacy policies and privacy notices. The privacy policies and privacy notices must incorporate the key areas of privacy and must be reviewed at planned intervals (at least annually), or if significant changes occur, to ensure continuing suitability, adequacy and effectiveness.

### P.6 Website Privacy Policy

Provider must have a Privacy Policy developed, published, and clearly communicated. This policy must be accessible to all who access the Provider's Internet-facing end-user websites that have or which may allow access to Confidential Information, or PII.

### P.7 Privacy Organization and Program Maintenance

Provider must implement processes designed to ensure the service provider and its applicable third parties each have a designated privacy function responsible for its privacy policy and program as it relates to PII. The privacy program must contain enforcement and monitoring procedures and a change management procedure to remain current with privacy changes in business requirements, applicable privacy law, policy, and industry best practices.

### P.8 Subprocessor Privacy Agreements

Provider must ensure agreements with Subprocessors contain specific clauses to ensure PII is protected and that certain other privacy requirements are included, where those Subprocessors access, process or store PII.

### P.9 Legal Authorizations

Provider and its Subprocessors that access, process or store PII must have completed the applicable notifications, registrations, permit, approvals, and/or adequacy derogations as required by applicable law.

### P.10 Management of PII

Provider must implement processes designed to ensure collection, storage, use, access, sharing, transport, retention and deletion of PII is in accordance with applicable law, Privacy Policy, privacy notices, and Industry Standard Practices, and is represented in their documented procedures, and that these procedures are maintained.

Provider must require all Subprocessors who will be engaged by Provider and who may impact the integrity, confidentiality or availability of Systems or services provided by Provider to AEP, to keep any PII received by Provider and disclosed by AEP as confidential for a defined period of time either through the Contract or Provider policies and standards.

PII provided to Provider must not be allowed outside of the continental United States without express written authorization of AEP.

### P.11 Privacy Awareness

Provider and its third parties must ensure recurring privacy awareness training occurs for their employees and participation records are maintained. This ensures employees are aware of key information privacy requirements and their obligations to maintain the privacy of AEP PII.

### P.12 Privacy Incident Notification and Response Management

Provider must establish a formal privacy incident communication procedure, integrated with the Information Security Incident Management Program to be executed in the event of unauthorized disclosure or breach or other required privacy communication requirement to data subjects or other entities, including applicable law enforcement and governmental agencies. Provider must establish procedures for notification by third parties that access, process, or store PII. These procedures must include the documentation of a post incident report which documents the unauthorized disclosure, breach, lessons learned, and a summary of events related to the incident. Notification to AEP shall be completed in accordance with Section O of this Supplement.

### Q. Provider Subprocessor Controls Management

If the Provider will be using Subprocessors to provide material services under the Contract, Provider must establish, maintain, and follow a documented policy to manage and assess the risk of their own Subprocessor's utilization of subcontractors.

### Q.1 Subprocessor Selection and Management Process

The Provider must have a Subprocessor selection and management process in place.

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

### Q.2 Subprocessor Contracting Process

Provider must have contracts in place with all Subprocessors who store, process, transmit, manage, or access AEP Data.

**Q.2.1** Provider must not contract with a Subprocessor to provide material services under the Contract, without full disclosure to and prior written consent from AEP.

**Q.2.2** Provider must require all Subprocessors who will be engaged by Provider to provide material services, and who may impact the integrity, confidentiality or availability of Systems or services provided by Provider to AEP, to abide by the terms and conditions contained in the Contract and this Supplement.

### Q.3 Documenting Information Security Assessments for Subprocessors

Provider must have a documented process in place to address information security assessments and risk as it relates to Subprocessors.

### Q.4 Calculation of Subprocessor Information Security Risk

Provider must have a method for calculating information security risk as it relates to a Subprocessor's products, services, and interactions.

### Q.5 Information Security Review Process – Tracking and Risk Rating Subprocessor Issues

Provider must track open issues that result from their Subprocessor's information security review process and assign a risk rating to issues.

### Q.6 Data Retention

Unless an alternate timeframe is specifically addressed within this Supplement or any Contract, whenever this Supplement requires Provider to retain records, without limitation: Provider shall destroy all AEP information at AEP's request, but in any event following completion of the applicable services provided under the Contract except to the extent: (a) required by U.S. law; (b) expressly required or permitted by AEP in writing; (c) to the extent necessary to comply with AEP's or Provider's legal or regulatory obligations; or (d) as otherwise permitted in accordance with the Contract. Electronic media that is not physically destroyed must be irrevocably erased or degaussed, such that the media is no longer readable for any purpose. Provider must develop and document information destruction processes that meet Industry Standard Practices and must be used in all cases when AEP information is no longer needed. Provider shall keep records of all AEP information destruction completed and provide such records to AEP upon demand.

### R. Right to Conduct an Assessment

AEP reserves the right to conduct an Assessment for adherence to the terms of this supplement not more than once per year, with not less than 30 days' notice.

An IT Controls Assessment will include Provider's completion of a Controls Assessment questionnaire including supporting documentation (such as policies, procedures, diagrams, and third-party audit reports, as applicable). To the extent there are findings from the Assessment, Provider will provide a designated representative(s) to discuss the responses thereto and to work with AEP, or its representatives, to design a mutual written remediation plan.

### S. Right to Audit

An audit may be conducted upon notification of a breach of the Provider's security controls and this audit will not be counted toward the annual total of allowable assessments.

**S.1.1** If audit is conducted due to a breach of the Provider's security as a result of a failure of the Provider to adequately secure its Systems, the Provider must be responsible for all their internal costs and expenses arising from a security audit by AEP in reviewing the Provider information security practices. Any travel or lodging expenses incurred by AEP will be the responsibility of AEP.

**S.1.2** Provider must reasonably cooperate with any audit and provide all appropriate documentation at no cost to AEP. Also, where applicable the Provider must furnish copies of all relevant third-party audit reports (e.g. SOC 2, or other assessment documents relevant to the security controls covered under the Contract and this Supplement). Any Provider documents submitted shall be considered confidential and proprietary.

### T. Remediation

**T.1** Provider will be provided an opportunity within the IT Controls Assessment questionnaire to self-report any remediation timelines for deficiencies identified in its IT controls identified either by the Assessment or the audit. Provider agrees that AEP may rely on the self-reported remediation timelines provided by its designated representative(s) and may follow-up with Provider on its progress throughout the course of the remediation plan timeline. Additionally, Provider agrees that it will remediate any and all security findings identified by AEP, or AEP's representatives, or any industry recognized vulnerability research or assessment organization, within a mutually agreed upon timeline.

**T.2** In connection with any AEP evaluation of Provider's security, AEP, or AEP's representative, will classify each identified finding as "Critical", "High", "Medium" or "Low" and such classification shall be in AEP's sole and exclusive discretion pursuant to its internal policies and procedures. AEP will, in good faith, consider internal mitigating controls as well as documented Provider's mitigating controls when classifying the severity of findings. A written plan will be developed and maintained by Provider which reflects the mutually agreed upon timeline, which will include Provider's remediation timelines provided within the IT Controls Assessment questionnaire. Progress will be verified by AEP throughout the course of the plan timeline. Failure to meet the agreed upon timeline could be deemed as a breach of the Contract and activate breach clauses in the Contract.

**T.3** AEP, or AEP's representatives, may identify findings in connection with AEP's evaluation of Provider's even though such findings are not specifically described or covered by this Supplement.

**T.3.1** Provider's remediation of findings identified by AEP, or AEP's representatives, shall not interpreted to be a waiver of any of Provider's obligations contained in this Supplement or any Contract, and AEP does not forego, waive or forfeit any of its rights under this Supplement or any Contract.

**T.3.2** Nothing in this section shall be interpreted to preclude AEP to from deciding that the risk of continuing its engagement with the Provider is too high and therefore must be terminated.

### U. Representation of Information

Provider represents and warrants that all (i) written questionnaire responses and support materials furnished and (ii) oral representations made by Provider to AEP, or AEP's representatives, in connection with AEP's evaluation of Provider's security or any reporting and or disclosure obligations contained in this Supplement are complete and accurate.

### V. Indemnification and Insurance

AEP CONFIDENTIAL

## AEP Security and Data Privacy Supplement

### V.1 Indemnification

Notwithstanding any other indemnity provision in the Contract, as to this Security Supplement, Provider agrees to indemnify, defend and hold harmless AEP, its affiliates, officers, directors, employees, agents and subcontractors (each an "Indemnified Party") from and against any claims, losses, demands, actions, liabilities, fines, penalties, reasonable expenses, damages and settlement amounts (including, but not limited to, reasonable legal fees and costs) arising out of or in connection with any breach of this Security Supplement, breach of data protection laws, or any Security Incident caused or permitted by Provider. Reasonable expenses may include, without limitation, the cost of AEP's investigation including the cost of forensic and/or technical teams hired to investigate the Security Incident, attorney's fees, the cost of preparing and distributing a notification to affected individuals, the cost of running a centralized call center, the cost of two years of credit monitoring services for impacted individuals, AEP's actual and reasonable costs to remedy and recover from loss of use and disruption of operations and the cost of preparing and filing all required notices with governmental authorities, agencies, or interested parties globally. For the avoidance of doubt, no exculpation of indirect or consequential damages set forth in the Contract applies to this Security Supplement and the Parties hereby acknowledge and agree that any liabilities, losses, costs, fees (including attorneys' fees), expenses fines, penalties, settlement amounts or damages arising from this Security Supplement will be considered direct damages and not indirect or consequential in nature. Notwithstanding anything to the contrary in the Contract, Provider's foregoing indemnification obligations under this Security Supplement shall not be subject to any limitations on liability, damages disclaimers, or liability cap in the Contract.

### V.2 Insurance

In addition to any insurance requirements set forth in the Contract, as to this ISA, Provider shall maintain Cyber Risk and/or Technology Errors and Omissions Insurance coverage for itself and on behalf of its Personnel as set forth according to the following requirements:

V.2.1 Cyber Risk Insurance with a minimum limit of liability of not less than <<<Ten>>> Million Dollars (\$10,000,000) per occurrence. Such insurance shall name AEP and its Affiliates, and subsidiaries, and their respective officers, directors, managers, employees, agents and assigns as additional insureds for cyber-related incidents resulting in loss or damage to third parties arising out of Provider's equipment, products, Services or software under

this Security Supplement. In the event such policy is written on a claims-made basis then: (i) Provider shall maintain such policy in effect for a period of not less than four (4) years after the last date that equipment, products, Services, or software are provided by Provider under this Security Supplement or the applicable warranty period, whichever is longer; and (ii) such policy shall include a retro-active coverage date preceding the first date that any equipment, products, Services or software are provided under this Security Supplement. At a minimum, such insurance shall extend the following coverages to the benefit of AEP and its Affiliates: (a) privacy breaches (liability arising from the loss of, unauthorized access to or disclosure of confidential information); (b) network or system breach; (c) denial or loss of service; (d) introduction, implantation or spread of malicious software code; (e) unauthorized access to or use of computer systems, and no exclusion/restriction for unencrypted portable devices/media may be on the policy; and (f) indirect and consequential damages arising out of a cyber-related event.

V.2.2 Technology Errors & Omissions Insurance with a minimum limit of liability of not less than <<<Ten>>> Million Dollars (\$10,000,000) per occurrence. In the event such policy is written on a claims-made basis then: (i) Provider shall maintain such policy in effect for a period of not less than four (4) years after the last date that equipment, products, Services or software are provided by Provider under this Security Supplement or the applicable warranty period, whichever is longer; and (ii) such policy shall include a retro-active coverage date preceding the first date that any equipment, products, Services or software are provided under this Security Supplement.

### W. Mergers and Acquisitions

Provider must disclose to AEP any change in control, which for purposes of this Supplement is defined by the sale of more than 50% of Provider's stock; a sale of substantially all of the assets and/or a change of the majority of board members of Provider. Notice should be sent to **TPRG@AEP.COM**.

### X. Notices

All notices required to be given by Provider pursuant to this Supplement must be sent in writing to **TPRG@AEP.COM** unless otherwise stated herein. This requirement is not intended to and does not in any way modify the notice requirements under the Contract and is intended to be an additional notice not a replacement of the notice requirements under the Contract.

## AEP Travel and Expenses Guidelines

Owner shall be responsible for actual costs incurred by Contractor for necessary travel and subsistence, but in no event shall Owner be responsible for such costs that exceed those payable pursuant to the guidelines set forth below. Additionally, Owner shall not be responsible for any hourly fee for travel time incurred by any Contractor personnel. Itemized invoices for travel and expenses shall be rendered monthly and shall be payable net forty-five (45) days of receipt of invoice by Owner from, Contractor.

### **1.0 Travel and Expense Reimbursement Guidelines**

Owner will reimburse for Super Saver, Tourist and Coach class airfare. Owner will not reimburse for First Class or Business Fare. Any mileage submitted for reimbursement must be pre-approved by Owner. Mileage will be reimbursed at the current IRS published mileage reimbursement rate.

Taxi, bus, rapid transit, airport limousine, Uber, tolls and parking charges are reimbursable if directly associated with the contracted Work. Airport or long-term parking at an airport is reimbursable with an original receipt. Hourly airport parking will only be reimbursed if it is for the purpose of drop-off or pickup of the individual traveling to Owner and it averts the need for long-term parking.

### **2.0 Per Diems (Lodging, Meals & Incidentals)**

Owner will reimburse Contractor's lodging, meals and incidental expenses based on actual expenses incurred per person, up to the maximum Per Diem rates listed at [Per Diem Rates | GSA](#) for the city in which the Work is being performed.

Per Diem claims, with valid justification and support, in excess of the maximum Per Diem rates listed at [Per Diem Rates | GSA](#) may be submitted to AEP for written approval.

Please Note: To be eligible for per diem the Contractor and Contractor's employee must have a permanent legal residence 50 miles or greater, traveling one way, to the Work. The distance between an Owner Work Site location and the permanent legal residence is the shortest distance as determined through mapping tools. Per Diem living allowance billed to Owner and paid to the Contractor's employee shall be billed and reimbursed at Contractors' actual cost, exclusive of any fees pursuant to Owner's Travel and Expenses Guidelines. Per Diem shall not exceed the maximum outlined in Section 2.0 per day and Per Diem billed shall be passed directly to Contractor's employee. Contractor and Contractor's employees must submit substantiation (i.e., employee's home address and distance from Owner job Site) with each Per Diem reimbursement request.

### **3.0 Taxi Cabs, Parking, etc.**

Taxi, bus, rapid transit, airport limousine, Uber, tolls and parking charges are reimbursable if directly associated with the contracted Work. Airport or long-term parking at an airport is reimbursable with an original receipt. Hourly airport parking will only be reimbursed if it is for the purpose of drop-off or pickup of the individual traveling to Owner and it averts the need for long-term parking.

### **4.0 Receipts**

Contractors shall include original receipts with each invoice. In the event an original receipt is not available (ex. road tolls) reimbursement will be made on a case-by-case basis and may request additional information if receipt is unclear or unavailable. If Contractor's is unable to produce the receipt within five (5) business days, Contractor's will not receive reimbursement for that expense.

## **5.0 Non-Reimbursable Items**

- First Class or Business Class
- Airfare and airline change fees
- Air phone charges
- Luggage Roll Carts
- Airline club membership fees
- Entertainment tickets (Sports, Theater, etc.)
- Transportation to and from Contractor's office or first/last "report to" location.
- E-Mail access charges
- In-room movies, video, games or entertainment
- Laundry/dry cleaning
- Haircuts, Tanning Services, Massages, Spa Charges
- Newspapers and Periodicals
- Shoeshines
- Dues/Membership Fees
- Personal travel accident insurance
- vehicle upgrades, optional insurance on rental car, optional equipment, such as mobile phones, mapping/positioning systems, etc.
- Cab fares for non-business-related travel
- Telephone Calls charged on hotel bills
- Parking (at the office)
- Personal Telephone Calls
- Credit card fees
- Express mail services, unless authorized by hiring manager
- Charitable Donations
- Babysitting fees
- Meals purchased for Owner employees
- Clothing and Gifts
- Transportation from Owner to Contractor's next assignment
- Traffic and Parking Violations, Fines, Penalties and other mischarged costs
- Alcoholic beverages
- Shipping insurance.

## **6.0 Exceptions**

These guidelines may not be applicable to offshore or non-domestic travel, where the per diems are negotiated and outlined within the contractual agreement.

KPCO\_R\_KPSC \_1\_6\_ConfidentialAttachment3 is redacted in its entirety.

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 1 of 2

**DATA REQUEST**

- KPSC 1\_7** Refer to Kahn Direct Testimony, page 16, lines 21-24 and Blankenship Direct Testimony, page 5 lines 6-15, pages 10-13, and page 16, lines 1-9 and the Direct Testimony of Stevi N. Cobern (Cobern Direct Testimony), pages 8-10.
- a. With respect to “ongoing support of analytics and data warehousing,” provide a list of the data that can potentially be collected via the AMI meters, what programs or initiatives the data could or would be used to support, whether this full list of data collection capabilities will be initially programmed into each installed meter and, if not, what features Kentucky Power envisions will be initially programmed into the meters.
  - b. If the full suite of AMI meter data collection capabilities is not initially programmed into each installed meter, explain what the additional cost, if any, would be incurred to upgrade the meters’ programming to collect additional data.
  - c. Explain whether the AMI meters will support electric vehicle (EV) charging (no separate meter), greater penetration of rooftop solar, demand response or other behind the meter energy saving measures.

**RESPONSE**

- a. See KPCO\_R\_KPSC\_1\_7\_Attachment 1 for a list of events available and what data will potentially be collected with AMI meters. Kentucky Power, at the outset of the AMI program, will only measure the values needed to bill each tariff. There will also exist some registers, or measurements, regarding voltage and current that will allow the Company to troubleshoot distribution equipment. These capabilities are inherent to AMI meter technology and require no additional programming.
- b. Upon installation, all data collection points are active and recording. Kentucky Power does not expect to incur any additional costs relating to the upgrade of meter aggregation capabilities; to the extent there are additional costs for those upgrades, the Company would expect those costs to be minimal.

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 2 of 2

c. At this time, Kentucky Power will require a second meter in order to facilitate multiple tariff rates such as the addition of EV charging. Currently net metering customers have a single bi-directional meter. However, with the availability of a second processor and application interfaces that are being proposed by industry vendors, there exists a possibility where revenue grade load disaggregation becomes possible allowing for one meter to bill multiple rates and tariffs.

Witness: Stephen D. Blankenship

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_8** Refer to Blankenship Direct Testimony, page 7, lines 3-8. Explain the current failure rate of the current AMR meters for the years 2021-2024, by month and by manufacturer.

**RESPONSE**

Please refer to KPCO\_R\_KPSC\_1\_8\_Attachment1 for the requested information. Please note that the overall failure rate is lower than the failure rate identified in the Direct Testimony of Company Witness Blankenship (25% vs 20%). This is because the Company used 2020-2023 for the Direct Testimony of Company Witness Blankenship.

Witness: Stephen D. Blankenship

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_9**     Refer to Kahn Direct Testimony, page 21, lines 16-21.

- a. Explain what is entailed in the inspection of the meter and service connection including how long a typical inspection is expected to take.
- b. Considering that the meter is going to be pulled and an AMI meter installed, explain why the service technician could not inspect the service connection and existing meter to ensure that there was no fraudulent use prior to installing the new AMI meter.

**RESPONSE**

- a. The Company notes that the referenced waiver request relates to inspection of the condition of the meter after the AMI meter is installed, not when the Company is replacing AMR meters with AMI. Specifically, 807 KAR 5:006 Section 14(3) requires an electric utility to conduct a physical inspection of the condition of its installed meter before making service connection to a new customer. The AMI meter that Kentucky Power proposed to install utilizes advanced tampering detection and remote monitoring capabilities to detect if a diversion situation is occurring. These technologies afford Kentucky Power the ability to investigate any prior or fraudulent use before a new customer takes service without the need to incur costs associated with a truck trip for a physical inspection.
- b. The Company would inspect the existing meter and associated equipment when replacing existing AMR meters with AMI meters. Please see subpart (a) for a further explanation of the Company's request for a waiver of inspections for new customers utilizing already installed AMI meters.

Witness: Stephen D. Blankenship

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_10** Refer to Kahn Direct Testimony, page 22, lines 1-6. Explain whether Kentucky Power is aware of the Commission granting the waiver request for other utilities that have undertaken AMI meter replacements. If so, identify the utilities and associated case numbers.

**RESPONSE**

Yes, the Company is aware of the Commission granting this waiver request for other utilities. In Case Nos. 2020-00349 and 2020-00350, the Commission's June 30, 2021, order approved a settlement agreement for Kentucky Utilities and Louisville Gas and Electric AMI CPCN filing that contained a waiver to deviate from the two-year inspection requirements in 807 KAR 5:006 Section 26(4)(e).

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_11** Refer to the Kahn Direct Testimony, Exhibit LMK-1 .

- a. Provide a breakdown of the individual components of Program Capital Costs and Avoided Capital Costs.
- b. Provide a breakdown of the estimated new operating and maintenance (O&M) expenses and O&M savings, including what factors Kentucky Power used to forecast the amounts. Provide any supporting work papers in Excel spreadsheet format with all formulas, rows, and columns unprotected and fully accessible.
- c. Explain Energy Cost Impacts, how the impacts are realized and how they are forecast.
- d. Explain whether the cost to ratepayers of creating a regulatory asset was included in the cost benefit analysis. If it was not, explain why not.

**RESPONSE**

- a. Please see the Company's response to KPSC 1-2, Attachments 1 through 4, specifically the tabs following the "Costs>>" tab.
- b. Please see the Company's response to KPSC 1-2, Attachments 1 through 4, specifically the tabs following the "Costs>>" tab for O&M expenses and the tabs following the "Benefits>>" tab.
- c. Customer energy savings are realized when customers participate in engagement tools that are enabled by AMI and as a result, change their electric consumption behavior. Please see the Company's response to KPSC 1-2, Attachments 1 through 4, specifically the "Benefit Calculations" and "Cust Engagement Portal Benefits" tabs as well as the tabs following "Forecasts" for the Company's customer participation and impact forecasts.
- d. Confirmed, the costs related to the proposed regulatory asset are considered within the cost benefit analysis. Please see the Company's response to KPSC 1-2, Attachment 1 and 2, specifically the "Rev. Req." tab, lines "EBITDA" and "New O&M expenses."

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 1 of 3

**DATA REQUEST**

- KPSC 1\_12** Refer to Kahn Direct Testimony, Exhibit LMK-1. Refer also to the Blankenship Direct Testimony, pages 8-10.
- a. Under the net present value (NPV) of Customer Impact, explain how benefits were calculated and forecast.
  - b. Provide the basis and support for the capital structure used in the four alternative analyses as compared to Kentucky Power's capital structure and return on equity approved in its last rate case. Include in the response the rationale for Kentucky Power assuming and projecting zero short term debt and 47.4 percent common equity.
  - c. Provide an update to Exhibit LMK-1 using the appropriate costs and capital structure approved in Kentucky Power's last rate case.

**RESPONSE**

- a. The Company's cost benefit analysis considered four benefit categories for inclusion:

Avoided Capital

This category of benefits is associated with avoided capital costs that would be incurred with maintaining the status quo – running existing AMR system to failure and upgrading to SCM+ on a reactive basis. The costs associated with this were not forecasted. Rather, the Company utilized the RFQ to inform the inputs. Please see the Company's response to KPSC 1-2, Attachments 1 and 2, specifically tabs "Benefit Calculations" and "Avoided Costs AMR SCM+ Reactive."

Avoided O&M

This category of benefits is associated with the costs saved through the ability of the AMI technology to eliminate meter reads and disconnect/reconnect trips as well as efficiencies within outage management and billing estimation. The inputs utilized for this category of benefits were informed by the Company's current experience. Please see the Company's response to KPSC 1-2, Attachments 1 and 2, specifically tabs "Benefit Calculations" and "Benefit Inputs."

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 2 of 3

Revenue Protection

This category of benefits is associated with the costs saved through the ability of the AMI technology to reduce tampering and theft and the consumption of energy on inactive meters. These inputs rely on both the Company's current experience and forecasted information. Specifically, energy forecasts, price forecasts, and PJM power and capacity forecasts. Please see the Company's response to KPSC 1-2, Attachments 1 and 2, specifically tabs "Benefit Calculations," "Benefit Inputs," "Energy Forecasts," "Annual Prices-Nominal," and "Price Forecasts."

Energy Efficiency

Please see the Company's response to KPSC 1-11(c) for more detail.

b. and c. The Company utilized the capital structure approved in the Company's most recent base rate case (Case No. 2023-00159). Notably, the capital structure is utilized within two lines: Net Income and Interest.

For Net Income, the 47.4% represents a combination of the Company's approved common equity (41.24%) and short-term debt (6.14%). The Net Income line provides the Company's expected return on its investment and applying the combined 47.4% was a conservative approach. Similarly for the Interest line item, the Company solely utilized long-term debt to be conservative.

Nonetheless, please see KPCO\_R\_KPSC\_1\_12\_ConfidentialAttachment1 through KPCO\_R\_KPSC\_1\_12\_ConfidentialAttachment4 which are all the same workpapers provided within KPSC 1-2 except for Net Income utilizing only the equity rate and for Interest using a combination of long-term and short-term date. The results of these two changes are the "NPV of Customer Impact" is further reduced and the "Total Resource Cost Test" score increased for both AMI options. Please see the below which provides the original Table LMK-1 and a revised Table LMK-1 to show a snapshot of the differences caused by these two changes.

Kentucky Power Company

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 1 of 2

**DATA REQUEST**

**KPSC 1\_13** Refer to Blankenship Direct Testimony, page 7, lines 3-8.

- a. Explain whether Kentucky Power's AMR meters are failing at the rate of approximately 3,000 per year.
- b. Assuming the Commission grants Kentucky Power's request to install AMI meters, explain how the failed AMR meters will be replaced following the Commission's Order and when AMI meters will begin being installed.
- c. Assuming the Commission grants Kentucky Power's request to install AMI meters, explain how the failed AMR meters will be replaced during the four- year period of actual AMI installation.

**RESPONSE**

a. Kentucky Power is required to test (807 KAR 5:041 and 807 KAR 5:006) about 5.2% of its meter inventory annually, which translates to approximately 8,361 meters (2021-2024). During these tests, it is observed that about 20-25% of the meters fail. This failure rate indicates that approximately 1,700 meters are deemed unfit for use each year.

While the Company identifies a substantial number of meter failures during mandatory testing, it also needs to account for general failures that occur as a result of the age of the meters in service. The Company estimates that it requires approximately 3,000 new meters each year to cover both the failures found from mandatory field testing and the ongoing general failure rates.

In summary, while Kentucky Power's AMR meters are failing at a rate of about 1,700 meters annually due to testing, the overall need for 3,000 meters annually reflects a need to address both mandatory testing failures and aging infrastructure. This approach is essential for maintaining reliable service and ensuring that the Company can effectively manage its meter inventory. Based on the age of the Company's current infrastructure, we expect to replace even more meters going forward. Please also see the Company's response to KPSC 1-8.

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 2 of 2

b. and c. Assuming the Commission grants Kentucky Power's request to proactively install AMI meters, AMR meters will be replaced systematically by circuit and billing cycle with AMI meters. Accordingly, if an AMR meter fails and the AMI infrastructure in that area has not been installed yet, it will be replaced with AMR meters in accordance with the Company's operating procedures until such time that AMI deployment occurs.

Witness: Stephen D. Blankenship

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024  
Page 1 of 2

**DATA REQUEST**

**KPSC 1\_14** Refer to Kahn Direct Testimony, Figure LMK-1, page 6. Provide clarification for the following for each specified city (Ashland, Pikeville, and Hazard). State whether AMI meters will then be deployed in the remaining portions of each county outside the named city limits. If yes, identify when the deployment for each county would occur. If not, explain why not.

**RESPONSE**

The Company divides its service territory into three service districts named for the main city in each district - Ashland, Pikeville, and Hazard. Please see KPCO\_R\_KPSC\_1\_14\_Attachment1 for a map illustrating these service district areas. Note that the Paintsville and South Williamson areas are considered as a part of the Pikeville district while Whitesburg is considered a part of the Hazard district. The references in Figure LMK-1 were to the Company's service districts, not the cities for which the districts are named.

The counties assigned to each district are as follows:

Ashland district (2026)

- Boyd
- Carter
- Elliott
- Greenup
- Lawrence
- Lewis
- Rowan

Pikeville district (2027, \*except for 25% which will be completed in 2029)

- Floyd\* (eastern portions in 2029)
- Johnson
- Magoffin
- Martin\* (all in 2029)
- Morgan
- Pike\* (eastern portions in 2029)

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_15** Confirm that Kentucky Power believes that installation in the named cities referenced in Figure LMK-1, page 6 is the most beneficial way to install the new AMI meters.

**RESPONSE**

Confirmed. Please also see the Company's response to KPSC 1-14 regarding the reference to Kentucky Power's service districts in Figure LMK-1 and the Direct Testimony of Company Witness Kahn's testimony on page 5 line 14 describing how the Company will be focusing on economies of scale such as starting in densely populated regions first.

Witness: Stephen D. Blankenship

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_16** Refer to Kahn Direct Testimony, page 12. Based on the statements provided, explain how Kentucky Power will depreciate the new AMI meters.

**RESPONSE**

Depreciation for AMI Meters will commence in the month after they are initially placed in service. Depreciation on the new AMI meters will be calculated using a depreciation rate that is developed using the average service life of the new meters (expected to be 15 years) and that is approved by this Commission.

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_17** State whether Kentucky Power intends to request approval for updated depreciation rates in its next base rate case.

**RESPONSE**

As part of preparing its next base rate case, the Company plans to evaluate whether its current depreciation rates need to be updated; however, the Company will not make a decision on whether to seek approval for updated depreciation rates until it is closer to filing a rate case application.

Witness: Lerah M. Kahn

Kentucky Power Company  
KPSC Case No. 2024-00344  
Commission Staff's First Set of Data Requests  
Dated December 10, 2024

**DATA REQUEST**

**KPSC 1\_18** For each alternative and the proposed project, state whether Kentucky Power would provide the labor for the replacements of the meters using existing personnel or if the labor will be contracted outside of the utility.

**RESPONSE**

For all reactive scenarios discussed in the case, Kentucky Power would use internal labor. For proactive scenarios discussed in the case, Kentucky Power will use contractors for a majority of the labor while utilizing some internal labor.

Witness: Stephen D. Blankenship
