WINDSTREAM CUSTOMER MESSAGE

Windstream continues to work to provide the highest level of service and support to our Customers. Part of this service commitment includes providing Customers with the opportunity to have third party services charged to their Windstream telephone bill as a convenience. While many Customers appreciate this convenience, we understand that it's not for everyone. Windstream always encourages customers to review their Windstream bill each month and contact the company if they are unsure about a charge on their Windstream bill. And, in order to provide our Customers with a greater level of control and an additional layer of account protection, Windstream now offers the ability to block third party charges from your monthly telephone statement. This block will not apply to third party charges for Windstream-related services to which you subscribe (i.e. Dish, TechHelp, etc.), but will prevent unrelated services from appearing on your Windstream statement. This service is completely optional and free of charge. If you're interested in adding a third party block to your account,

WINDSTREAM CUSTOMER MESSAGE

Windstream continues to work to provide the highest level of service and support to our Customers. Part of this service commitment includes providing Customers with the opportunity to have third party services charged to their windstream telephone bill as a convenience. While many Customers appreciate this convenience, we understand that it's not for everyone. Windstream always encourages customers to review their windstream bill each month and contact the company if they are unsure about a charge on their windstream bill. And, in order to provide our Customers with a greater level of control and an additional layer of account protection, Windstream now offers the ability to block third party charges from your monthly telephone statement. This block will not apply to third party charges for Windstream-related services to which you subscribe (i.e. Dish, TechHelp, etc.), but will prevent unrelated services from appearing on your windstream statement. This service is completely optional and free of charge. If you're interested in adding a third party block to your account, please call a windstream representative at the phone number found at the top

WINDSTREAM CUSTOMER MESSAGE

Windstream continues to work to provide the highest level of service and support to our Customers. Part of this service commitment includes providing Customers with the opportunity to have third party services charged to their windstream telephone bill as a convenience. While many Customers appreciate this convenience, we understand that it's not for everyone. Windstream always encourages customers to review their windstream bill each month and contact the company if they are unsure about a charge on their windstream bill. And, in order to provide our Customers with a greater level of control and an additional layer of account protection, windstream now offers the ability to block third party charges from your monthly telephone statement. This block will not apply to third party charges for windstream-related services to which you subscribe (i.e. Dish, TechHelp, etc.), but will prevent unrelated services from appearing on your windstream statement. This service is completely optional and free of charge. If you're interested in adding a third party block to your account, please call a windstream representative at the phone number found at the top right hand corner of your statement.

You have subscribed to windstream's dynamic High-Speed Internet plan. The Internet plan you have subscribed is provisioned as a range, with a minimum and maximum speed. The specific range was provided to you at the time of sale, you can also find it in the service description portion of this invoice. Windstream has provisioned your location for the fastest speed
