RE: Case No. 2024-00404  
Muhlenberg County Water District  
Remediation of Deficiencies in ARF Application

Dear Ms. Bridwell:

Enclosed for filing in the referenced case is Muhlenberg County Water District's corrected Customer Notice. The original ARF Application was filed on January 8, 2025 but was rejected due to deficiencies identified in your letter dated January 9, 2025. Muhlenberg County Water District has addressed the issues identified as follows:

1. 807 KAR 5:076 Section 5 (4): The corrected Customer Notice of the proposed rate adjustment provides the amount of the average usage and effect upon the average bill of each customer classification to which the proposed rates apply. The corrected notice has been submitted to the newspaper for publication on the two remaining dates.
2. 807 KAR 5:076 Section 5 (1) (a) and (c): The corrected Customer Notice statement has been posted at the District's office near where customers make their payments in person.
3. 807 KAR 5:076 Section 5 (1) (b) and (c): The District does not have a Web site.

The District respectfully requests that these measures be considered as sufficient to remediate the deficiencies in their ARF application.

Sincerely,

Robert K. Miller
