PUBLIC INVOLVEMENT ACTIVITIES

Lost City Renewables LLC

Muhlenberg County, Kentucky

October 12, 2024

Greetings,

Lost City Renewables LLC is a renewable energy company looking to develop a solar project near Penrod in Muhlenberg County, Kentucky.

As part of our efforts in getting to know the Muhlenberg County Community, you are invited to a community meeting hosted by Lost City Renewables LLC. The meeting will be on **Tuesday, October 29th from 6:00 p.m. to 8:00 p.m. at the Penrod Missionary Baptist Church** located at **334 KY 949, Penrod, Kentucky 42365**. It is an open house format, so you may come whenever you're available! Light refreshments will be provided.

Lost City Solar is a proposed 250-Megawatt solar project to be located approximately 0.4 miles east of Penrod and 1.25 miles northeast of Dunmore. The Project will be on approximately 1,300 acres of private land. The facility will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, and underground electrical connection lines.

Our solar projects not only provide clean energy, but also support economic development, adding value to the communities we support. This could be through capital investments, significant new tax revenues, and active partnerships with local schools.

We would love to see you at our meeting as it will serve as a great opportunity to learn about the project and ask any questions you may have. During this meeting, you will have the opportunity to talk with environmental specialists, economic professionals, and our development team all in one setting.

If you can't attend but would still like to learn about the project, please send questions to contact@lostcitysolar.com or contact (843) 510-5254.

We look forward to meeting you on Tuesday, October 29th at the public meeting, if we haven't already!

Respectfully,
Lost City Renewables LLC

PUBLIC NOTICES

LOST CITY RENEWABLES LLC
is proposing to develop, construct,
own, and operate Lost City Solar, a
250-megawatt solar project located 0.4
miles east of Penrod and 1.25 miles
northeast of Dunmor in Muhlenberg
County, Kentucky. The proposed project
will encompass approximately 1,300
acres of private land. The facility will
consist of solar photovoltaic panels and
the associated racking systems, electric
equipment, project substation and
transformer, utility switching station,
and underground electrical connection
lines.

The Company is hosting a public
meeting for the community to learn
more about the proposed project, with
Project representatives available to
answer questions.

*The public meeting will be held on
Tuesday, October 29, 2024 from 6-8
pm at the Penrod Missionary Baptist
Church located at 334 KY 949, Penrod,
Kentucky 42365.*

Additionally, you may email
questions to contact@lostcitysolar.com
or contact (843) 510-5254. 10-15pd

PUBLIC NOTICES

The following settlements

MUHLENBERG COUNTY WATER DISTRICT CUSTOMER NOTICE

Notice is hereby given that the Muhlenberg County Water District expects to file an application with the Kentucky Public Service Commission on or about October 15, 2024, seeking approval of a proposed adjustment to its water rates. The proposed rates shall not become effective until the Public Service Commission has issued an order approving these rates.

CURRENT AND PROPOSED MONTHLY RATES
Muhlenberg County Water District

CURRENT RATE SCHEDULE		PROPOSED RATE SCHEDULE		DIFFERENCE PERCENT
5/8" x 3/4" Meters

Wholesale Rate				
	\$ 6.66 per 1,000 gallons		\$ 7.79 per 1,000 gallons	\$ 1.13 12.69%

If the Public Service Commission approves the proposed water rates, then the monthly water bill for a customer using an average of 4,000 gallons per month will increase from \$52.91 to \$58.62. This is an increase of \$5.71 or 12.69%. Further, a table representing the increase for an average customer for each usage class is shown below.

CURRENT AND PROPOSED BILLS					
Muhlenberg County Water District					
Gallons per Month*	Meter Size	Existing Bill	Proposed Bill	Change	Percentage
4,000	5/8" x 3/4"	\$3.01	\$3.62	6.71	12.69%
8,000	1"	64.23	72.36	8.13	12.69%
11,000	1 1/2"	131.46	148.14	16.68	12.69%
25,000	2"	277.43	312.64	35.21	12.69%
180,000	3"	1,743.13	1,964.33	221.20	12.69%
180,000	4"	1,743.13	1,964.31	221.20	12.69%

The rates contained in this notice are the rates proposed by Muhlenberg County water district. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates shown in this notice.

Muhlenberg County Water District has available for inspection at its office the application which it submitted to the Public Service Commission. A person may examine this application at the Association's office located at 301 Dean Rd.

PUBLIC NOTICES

PROJECT NO: 2057322000
 SCALE: AS SHOWN

CLIENT	SUNRISE RENEWABLES LOST CITY MADISON COUNTY, KENTUCKY
PROJECT	LOST CITY SOLAR PV SOLAR LAYOUT
DATE	10/24/2024
PROJECT NO.	2057322000-LC-E-100.2
SCALE	AS SHOWN

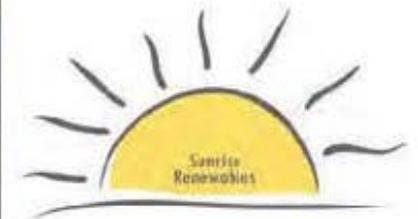

COMMUNITY BENEFITS

- Will Generate Millions in Taxes for the County Over the Life of the Project (~ 30 years)
- Job Creation – Construction and Linked Jobs
- During Construction, Workforce Will Spend \$\$ at Grocery and Convenience Stores, Restaurants, Gas Stations, Suppliers, Local Hotels
- Supplies and Equipment Purchase and Rentals from Local Businesses
- Potential to Attract Firms to Area Due to Availability of Renewable Energy
- Educational Opportunities for Schools and Institutions

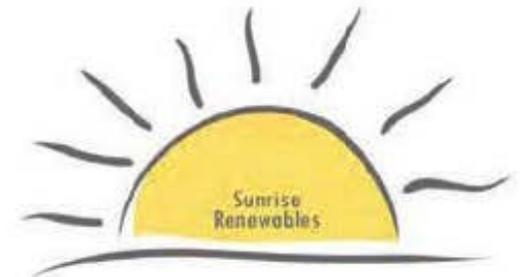

Economic Impacts

- Approximately \$300 – 400 Million Investment in Project
- 500 - 700 Construction and Linked Jobs
- Estimated \$43.2 Million New Labor Income During Construction
- Increase in Property Tax Income to Muhlenberg County
- Over \$88.8 million in Labor Income Over 30 Years

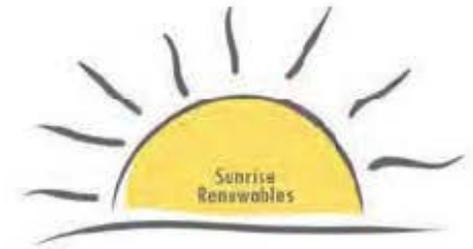

Environmental Studies Completed

- Critical Issues Analysis
- Phase I Environmental Site Assessment
- Wetland and Stream Delineation
- Threatened and Endangered Species Habitat Assessment
- Bat Mist-net Survey
- Initial Cultural Resource Reviews
- Economic Analysis
- Property Valuation Impact Analysis

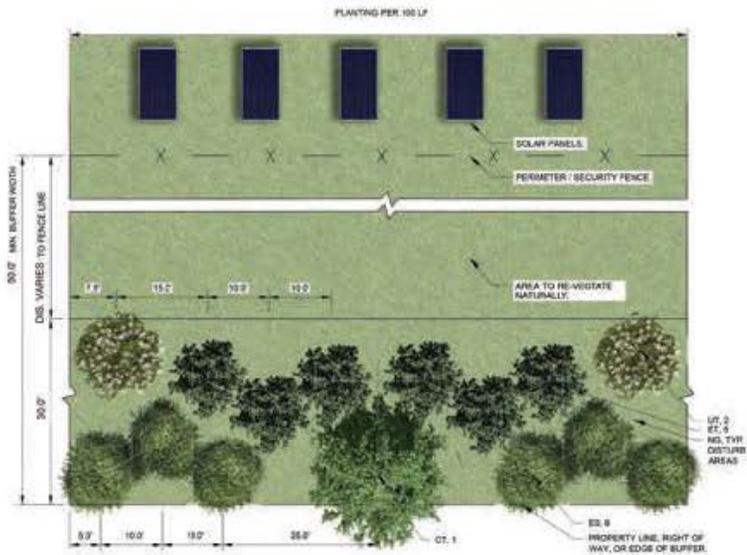

Property Values

- No Impact to Home or Property Values Based on Historical Statistical Data (Kirkland Appraisals, LLC 2024)
- Evaluated Potential Impact on Adjacent Property Values
- Estimated Effect of Solar Project on Character of Nearby Agricultural and Residential Areas
- Have Implemented Setbacks or Distances from Solar Facility Equipment
- A Vegetation Management Plan Will Identify Planting Native Plants for Screening and Buffering

LANDSCAPE BUFFER
1" = 10'

NOTE: GROWTH HEIGHT INDICATED IS PROJECTED AT THREE YEARS GROWTH.

250MW Project

- ❖ Lost City Renewables LLC is proposing a 250 megawatt (MW) solar project which produces energy from sunlight.
- ❖ The project will produce enough renewable energy to power over 100,000 Kentucky homes, all while creating zero emissions, smoke clouds, vapor, or odors.

- ❖ The solar project will be located in southeastern Muhlenberg County approximately 0.4 miles east of Penrod and 1.25 miles northeast of Dunmor and will encompass approximately 1,413 acres.

What is solar power?

Solar Power is light or heat from the sun that can be converted into usable energy resource.

Environmental Impact

Environmental studies are underway to help design and position the solar project in a way that avoids and minimizes impacts to neighboring properties, wetlands, streams, wildlife, and cultural resources. Through thoughtful and sensitive design, the Lost City Solar project seeks to be a good neighbor and a contributing member of the business and farming community.

Community Benefits

This renewable energy project is anticipated to bring local benefits without increased costs to community. The project will create approximately 500-700 jobs during construction and linked jobs; increase local tax revenues to support schools and community needs, and support local businesses by increasing spending on goods, supplies, and services. This project will not add a material burden on infrastructure, schools, or emergency services.

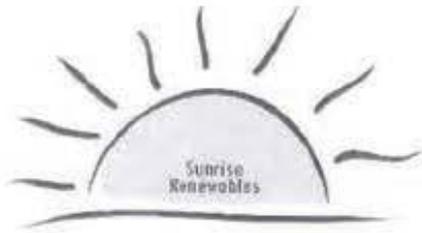

How does it work?

Solar panels are made from silicon and other semiconductor materials contained within a simple metal panel frame with a glass casing. When this material is exposed to sunlight (also known as photons) it excites the existing electrons and produces an electric charge. This photovoltaic charge creates an electric current that is then converted into conventional electricity that can be used to power homes and businesses connected to the power grid.

Materials

The solar panels that convert the sun's energy are primarily composed of glass, plastic, and aluminium. They are solid state, much like a computer chip. The only moving parts present will be small electric motors used to face the panels towards the sun throughout the day. The tech used in these panels is called PV or Photovoltaic technology, a process that was discovered over 100 years ago in 1839 and has been in commercial use throughout the U.S. and globally for over 20 years.

Mr. Sean Toland
Copenhagen Infrastructure Partners
412 W 15th Street, 15th Floor
New York, NY 10011

Dear Mr. Toland:

I write to you as Judge Executive of Muhlenberg County and express my support for the development of the proposed Lost City Solar and Battery Hybrid Project in Dunmor, Muhlenberg County, KY.

The Project will provide an economic growth opportunity for the Muhlenberg County area and the regional Community. Construction of similar Project will provide the opportunities for local construction industry, employment, use of local suppliers, locally procured construction material and services. During its peak construction period, the project will utilize between 200 and 300 workers thus creating a robust economic environment immensely supporting local eateries, lodging and boarding businesses.

Once constructed and operational, the Project will be supplying much needed power to TVA supporting the growing demands for Zero Carbon power for the region. Besides, the Project will also create long term operation and maintenance jobs for the local community.

I whole heartedly support the project. Additionally, the entire fiscal court voted on this date to support this project.

Yours faithfully,

Curtis McGehee
Muhlenberg Co. Judge Executive

15th Legislative District

Mr. Sean Toland
Copenhagen Infrastructure Partners
412 West 15th Street, 15th Floor
New York, NY 10011

Dear Mr. Toland:

I currently serve as the state representative for the 15th District representing both Muhlenberg and Butler Counties in western Kentucky. I am writing in support of the development of the proposed Lost City Solar and Battery Hybrid Project in Dunmor, KY, which is located on the southern end of Muhlenberg County.

The project would provide an economic development opportunity not only for Muhlenberg County but for the local region as well. Construction of the project would provide opportunities for the local construction industry, employment of our citizens, use of local suppliers, and the purchase of locally obtained materials and services.

It is my understanding that during its peak construction period, the project would utilize between 200 and 300 workers thus creating a boost to our local economy that would support our local restaurants, hotels, and other businesses. Additionally, the project would also create some long-term operation and maintenance jobs for the local community.

Besides the economic benefits, this renewable energy project would provide environmental benefits for years to come. Once constructed and operational, the project would be available to supply additional solar power to the Tennessee Valley Authority (TVA), supporting the growing demand for zero-carbon power for the region.

Again, I support the project and it is my hope that TVA will give your company strong consideration as they move forward with their solar and renewable energy plans. If you have any questions, you can reach me by calling my office at 502-564-8100.

Respectfully,

A handwritten signature in blue ink that reads "Melinda Gibbons Prunty".

New York, NY 10011

Dear Mr. Toland:

I write to you as Executive Director of the Muhlenberg Alliance for Progress (the local economic development board for Muhlenberg County) and express my support for the development of the proposed Lost City Solar and Battery Hybrid Project in Dunmor, Muhlenberg County, KY on behalf of the board.

The Project will provide an economic growth opportunity for the Muhlenberg County area and the regional Community. Construction of similar Project will provide the opportunities for local construction industry, employment, use of local suppliers, locally procured construction material and services. During its peak construction period, the project will utilize between 200 and 300 workers thus creating a robust economic environment immensely supporting local eateries, lodging and boarding businesses.

Besides the economic benefits, this renewable energy project will provide significant environmental benefits through lowering the Carbon Footprint of region for years to come.

Once constructed and operational, the Project will be supplying much needed power to TVA supporting the growing demands for Zero Carbon power for the region. Besides, the Project will also create long term operation and maintenance jobs for the local community.

I whole heartedly support the Project and hope TVA does the same.

Yours faithfully,

A handwritten signature in black ink, appearing to read "Ray Hagerman", with a long, sweeping underline.

RE: Commitment to Local Union Labor - Lost City Solar Project

Dear Mr. Toland:

On behalf of the nearly 3,000 members affiliated with the Kentucky Laborers District Council I would like to sincerely offer our deepest gratitude for the opportunity your project will provide for our members and their families.

The Lost City Solar Project will generate jobs for hundreds of our members living in and around Muhlenberg County. Laborers on the solar project will earn solid middle-class wages plus benefits including health insurance and pensions in an area that has seen an economic downturn since coal industry related work has dissipated over the last forty years.

We're an organization that takes immense pride in our work and serving our communities through professional construction practices and expertise. To that end the laborers building your solar facility will be trained to install the specific racking system you intend to utilize on site and have all of the necessary certifications required such as OSHA.

The Kentucky Laborers District Council looks forward to our journey with your company to help make Lost City Solar a reality. Hundreds of middle-class careers will be realized through the development of your project.

Sincerely,

Perry Blades, Business Manager & President

Feel the Power

1-23-25

Ky Citying Board

My name is Jon Rogen and I am a lifelong resident of Muhlenberg Co. I am writing today to ask the board to grant approval of the Lost City Project. Muhlenberg County is in serious need of industrial development. I am a land owner in the southern part of the County and am a member of M.E.G.A. Muhlenberg growth Alliance. We are stashed with industrial development. Muhlenberg is depressed and we need employment and progress.

The site is in a remote part of the County and will impact 375 +/- acres of tillable ground but not prime farmland. I would not be crazy about a solar array in my front yard but I do understand Personal freedom and the right to use your property as you need as long as you are not endangering others.

Thank for your consideration

270-977-5916

Jon Rogen
