RE: Case No. 2025-00001
Western Rockcastle Water Association, Inc.
Response to the June 30, 2025 Commission Staff Report

Dear Ms. Bridwell:

Western Rockcastle Water Association, Inc. (Western Rockcastle Water) submits the following comments concerning the Commission Staff Report dated June 30, 2025:

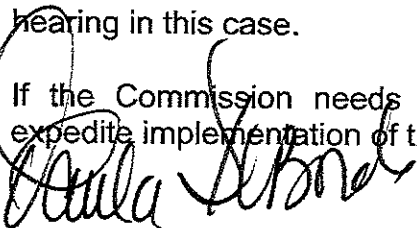

1. In its report Commission Staff found Western Rockcastle Water's Revenue Requirement from Rates to be \$2,756,123, which requires revenue increase of \$306,340, or 12.50 percent. Western Rockcastle Water requests the Commission authorize the assessment of the water rates contained in Appendix A of the Commission Staff Report.

2. Although Western Rockcastle Water does not agree with the Commission Staff's removal of certain labor expenses from nonrecurring charges, Western Rockcastle Water does not wish to contest those adjustments in this case. Western Rockcastle Water's failure to object to Commission Staff's findings and recommendations concerning the reduction of certain Non-Recurring Charges shall not be construed to be a waiver of Western Rockcastle Water's right to contest a similar finding or recommendation in a future rate proceeding. Western Rockcastle Water expressly reserves its right to do so.

3. Western Rockcastle Water concurs with the remainder of the findings presented in the Commission Staff Report.

4. Western Rockcastle Water waives its right to request an informal conference or hearing in this case.

If the Commission needs any additional information from Western Rockcastle Water to expedite implementation of the new rates, please contact our office.
