RE: Case 2025-0009  
North McLean County Water District  
Remediation of Deficiencies in ARF Application

Dear Ms. Bridwell

Enclosed for filing in the referenced case is North McLean County Water District's corrected ARF Application including, Customer Notice, Current and Proposed Rate Tables, Schedule of Adjusted Operations, and Revenue Requirement Calculation. The original Alternative Rate Filing Application was filed May 21, 2025 but was rejected due to deficiencies identified in your letter dated May 27, 2025. North McLean County Water District has addressed the issue identified as follows:

1. KRS 278.260(2): The corrected North McLean's ARF Application, including its Customer Notice, Current and Proposed Rate Tables, Schedule of Adjusted Operations, and Revenue Requirement Calculation now reflects the current rates as approved by the Commission in Case No. 2025-00026 and Tariff TFS2025-00135, also its subparts, reflect North McLean's current tariff on file with Kentucky Public Service Commission, Sheet No. 1, that became effective March 1, 2025.

The District respectfully requests that these measures be considered as sufficient to remediate the deficiencies in the ARF application.

Sincerely,

Tiffany Sallee
