Re: Purchased Gas Adjustment Case No. 2025 – 00019

Dear Ms. Bridwell:

On January 29, 2025, Columbia Gas of Kentucky, Inc., (“Columbia”) submitted its quarterly Gas Cost Adjustment (“GCA”). Columbia has discovered that the column headed “current” on the first page of its filing, the summary page contained the current rates authorized in its December GCA, Case No. 2024-00341. The rates were updated in January pursuant to a change in the uncollectible factor as authorized by the Commission in its Order of December 30, 2024 in Case No. 2024-00092. The rates from January should have been the rates in the “current” column on the summary page. There is no change in the calculation of the proposed GCA for March 2025.

Columbia hereby submits the attached corrected summary page in substitute for that previously submitted. In accordance with 807 KAR 5:001, Section 8, and the Commission’s Order of July 22, 2021 in Case No. 2020-00085, I certify that the electronically filed documents are true and, that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.
