RE: Supplemental Request for Additional Time for Henderson County Water District ("District") to File Rate Documents required by the Commission in Case No. 2025-00034.

Dear Ms. Bridwell:

By Order dated April 29, 2025, in Case No. 2025-00034, the Commission required that the District file on or before June 30, 2026, an application for general rate adjustment pursuant to 807 KAR 5:001, Section 16; an application for alternative rate adjustment pursuant to 807 KAR 5:076; or in the alternative, a formal motion with a detailed analysis of its rates and revenues explaining the reasons why no modifications are necessary. The District entered into a contract dated August 28, 2025, with Kentucky Rural Water Association ("KRWA") to assist the District with meeting the requirements of the Order.

On June 11, 2026, the District filed a motion for an extension of time to submit the required documents until 45 days after the District submits its 2025 Annual Financial and Statistical Report to the Commission. However, the District now comes to the Commission to request additional time to file the required documents.

After the District filed the June 11, 2026 motion for an extension of time, the District was informed by KRWA that more time would be required to complete the rate documents due to recent changes to KRWA personnel and KRWA's demanding workload. For this reason, the District requests that the Commission amend its previous order to allow the District until December 31, 2026, to submit the required rate documents.

Respectfully,

A handwritten signature in black ink that reads "Mark Julian".

Mark Julian
Superintendent
