Case No. 2025-00045

Question No. 17

Responding Witness: John Bevington / Tim A. Jones

Q-17. Refer to LG&E/KU's Response to Staff's First Request, Item 18(c) and LG&E/KU's response to the Attorney General and KIUC's First Request, Item 33(a), Attachment.

- a. Explain whether non-economic development load follows the same five stages as economic development load. If not, explain how the process differs.
- b. Provide an estimated timeline for a data center project transitioning from inquiry to announced.
- c. Explain why LG&E/KU did not include the remaining 1,960 MW of non-data center projects in LG&E/KU's 2025 CPCN load forecast.
- d. Provide the minimum length of time required for an economic development project to proceed through all five project stages.
- e. Explain whether an economic development load always proceeds through all five stages, or whether there are instances where a specific load is assigned a later initial stage.
- f. Explain whether there is a risk of a data center or other large economic development load committing to locate in LG&E/KU's service area without advancing through all five economic development stages.
- g. Provide updates on each stage as economic development loads move through each stage. Consider this an ongoing request.
