RE: Case No. 2025-00060  
Graves County Water District  
Remediation of Deficiencies in Alternative Rate Filing Application

Dear Ms. Bridwell:

Enclosed for filing in the referenced case are Graves County Water District's documents and information intended to remediate the filing deficiencies identified in your letter dated March 11, 2025:

1. 807 KAR 5:076 Section 4(1)(a): Completed ARF Form-1 signed by applicant or officer & under oath; ARF Form-1 is incomplete: A corrected ARF Form-1 is attached.
2. 807 KAR 5:076 Section 4(1)(a): A completed Attachment CPR (Current and Proposed Rates) is attached; The Current and Proposed Rates Attachment is incorrect: A corrected Current and Proposed Rates schedule is attached.
3. 807 KAR 5:076 Section 5(4): The notice does not contain the rate increase requested, which is only mentioned in the Reasons for the Application. The notice breaks the increase up over five years, and customers would not know the total proposed increase or the impact the proposed increase would have: A corrected Customer Notice is attached. The corrected Customer Notice will be used for the remainder of the newspaper advertisements.

Sincerely,

R. Brent Shultz  
Water/Wastewater & Metering/GIS Operations Manager

Water and Wastewater Operational Manager: Brent Shultz
