RE: Case No. 2025-00060
Graves County Water District
Corrected Advertisement of Customer Notice and
Request for Deviation Regarding Number of Times to Publish Corrected Notice

Dear Ms. Bridwell:

The original Customer Notice, later deemed deficient by Kentucky Public Service Commission, was advertised by Graves District in the Mayfield Messenger on March 1, 2025.

The corrected Customer Notice was advertised in the Mayfield Messenger on March 19, 2025. The delay between the first and second advertisements was due to the time required to accomplish the changes required in the Customer Notice. Enclosed for filing in the referenced case is Graves District's a copy of the corrected advertisement.

The corrected Customer Notice will be published again in the Mayfield Messenger on March 26, 2025. Graves District intends to promptly provide a proof of publication once the Customer Notice has been advertised for the third time.

Graves District believes that these three advertisements clearly demonstrate their good faith efforts in complying with 807 KAR 5:076 Section 5(4). Graves District respectfully requests a deviation from any requirement to advertise the Customer Notice for a fourth time.

Sincerely,

Robert K. Miller
