Atmos Energy Corporation, ("the Company"), is duly qualified under the laws of the Commonwealth of Kentucky to do its business. The Company is an operating public utility engaged in the business of purchasing, transporting and distributing natural gas to residential, commercial and industrial users in western and central Kentucky. The Company's principal operating office and place of business is 3275 Highland Pointe Drive, Owensboro, Kentucky 42303. Correspondence and communications with respect to this notice should be directed to:

Christina Vo Sr. Rate Administration Analyst Atmos Energy Corporation 5430 LBJ Freeway, Suite 700 Dallas, Texas 75240 The Company gives notice to the Kentucky Public Service Commission, hereinafter "the Commission", pursuant to the Gas Cost Adjustment Clause contained in the Company's settlement gas rate schedules in **Case No. 2013-00148** 

The Company hereby files Fifty-Fourth Revised Sheet No. 4, Fifty-Third Revised Sheet No. 5, and Fifty-Fourth Revised Sheet No. 6 to its PSC No. 2, Rates, Rules and Regulations for Furnishing Natural Gas to become effective May 01, 2025.

The Gas Cost Adjustment (GCA) for firm sales service is \$6.4398 per Mcf and \$5.2399 per Mcf for interruptible sales service. The supporting calculations for the Fifty-Third Revised Sheet No. 5 are provided in the following Exhibits:

Exhibit A – Comparison of Current and Previous Gas Cost Adjustment (GCA) Cases
Exhibit B – Expected Gas Cost (EGC) Calculation
Exhibit C - Rates used in the Expected Gas Cost (EGC)
Exhibit D – Correction Factor (CF) Calculation
Exhibit E – Performance Based Rate Recovery Factor (PBRRF) Calculation

Since the Company's last GCA filing, Case No. 2024-00391, the following changes have occurred in its pipeline and gas supply commodity rates for the GCA period.

- The commodity rates per Mcf used are based on historical estimates and/or current data for the quarter of May 01, 2025 through July 31, 2025 as shown in Exhibit C, page 1 of 2.
- The G-1 Expected Gas Cost will be approximately \$5.8996 per Mcf for the quarter of May 01, 2025 through July 31, 2025 as compared to \$4.3506 per Mcf used

for the period of February 01, 2025 through April 30, 2025. The G-2 Expected Commodity Gas Cost will be approximately \$4.6997 for the quarter May 01, 2025 through July 31, 2025 as compared to \$3.1596 for the period of February 01, 2025 through April 30, 2025.

- The Company's notice sets out a new Correction Factor of \$0.2756 per Mcf which will remain in effect until at least July 31, 2025.
- The Refund Factor of (\$0.0000) per Mcf will remain in effect until the refund has been completed.

The GCA tariff as approved in Case No. 92-558 provides for a Correction Factor (CF) which compensates for the difference between the expected gas cost and the actual gas cost for prior periods. A revision to the GCA tariff effective December 1, 2001, Filing No. T62-1253, provides that the Correction Factor be filed on a quarterly basis. In Case No. 2013-00148, effective January 24, 2014, the Company's GCA tariff allows recovery of any gas cost which is uncollectible, to be included in each February GCA filing.

The Company is filing its updated Correction Factor that is based upon the balance in the Company's 1910 Account as of January 31, 2025 (February 2025 general ledger). The Calculation for the Correction Factor is shown on Exhibit D, Page 1 of 6. Also beginning with the January 2014 GCA filing in compliance with tariff page 16 from the Rate Case filing (Case

No. 2013-00148) the Company is allowed to recover the net uncollectible gas cost (net uncollectible gas cost less subsequently collected gas cost).

WHEREFORE, Atmos Energy Corporation requests this Commission, pursuant to the Commission's order in Case No. 99-070, to approve the Gas Cost Adjustment (GCA) as filed in Fifty-Third Revised Sheet No. 5; and Fifty-Fourth Revised Sheet No. 6 setting out the General Transportation Tariff Rate T-3 and T-4 for each respective sales rate for meter readings made on and after May 01, 2025.

DATED at Dallas, Texas this 31st day of March, 2025.
