PUBLIC NOTICE

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

Dear Property Owner:

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

In addition, if you would like to learn more about the project, please take a look at the project website at <https://summershadesolar.com/> or contact me at the email/number below.

Kermit & Patricia Rigsby
10 Meadow Drive
Summer Shade, KY 42166

Dear Property Owner:

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

In addition, if you would like to learn more about the project, please take a look at the project website at <https://summershadesolar.com/> or contact me at the email/number below.

Summer Shade, KY 42166

Dear Property Owner:

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

In addition, if you would like to learn more about the project, please take a look at the project website at <https://summershadesolar.com/> or contact me at the email/number below.

Dear Property Owner:

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

In addition, if you would like to learn more about the project, please take a look at the project website at <https://summershadesolar.com/> or contact me at the email/number below.

Shelbyville, KY 40065

Dear Property Owner:

Summer Shade Solar, LLC, is proposing to construct and operate an approximately 106 MW photovoltaic solar energy electric generating and battery storage project and related transmission line (the "Project") in Metcalfe County, Kentucky. The Project will be located to the west of State Highway 163 (KY-163) and near Summer Shade Road and Apple Grove Road. The proposed photovoltaic solar energy project will consist of solar photovoltaic panels and the associated racking systems, electric equipment, project substation and transformer, utility switching station, battery storage system, and underground and overhead electrical connection lines.

The Project is required to file an application for construction and operation of the proposed facility. This application is subject to the approval of the Kentucky State Siting Board on Electric Generation and Transmission Siting. A person who wishes to become a party to a proceeding before the board may, by written motion filed no later than thirty (30) days after the application has been submitted, request leave to intervene. A party may, upon written motion filed no later than thirty (30) days after an application has been filed, request the board to schedule an evidentiary hearing at the offices of the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615.

A request for a local public hearing or local public information meeting shall be made by at least three (3) interested persons who reside in the county or municipal corporation in which the pipeline, plant, or transmission line is proposed to be located. The request shall be made in writing and shall be filed within thirty (30) days following the filing of a completed application. Any questions related to the application or its process may be directed to the Kentucky State Siting Board, which can be reached at P.O. Box 615, 211 Sower Boulevard, Frankfort, Kentucky 40602-0615, or via phone at (502) 564-3940.

In addition, if you would like to learn more about the project, please take a look at the project website at <https://summershadesolar.com/> or contact me at the email/number below.
