REQUEST FOR INFORMATION TO SALT RIVER ELECTRIC COOPERATIVE  
CORPORATION

1. Refer to Salt River Electric's response to Commission Staff's First Request for Information (Staff's First Request), Item 2(a), in which Salt River Electric explains its current procedures for Outdoor Lighting lamp replacement. Also refer to Case No. 2024-00378.

a. Explain whether the complainant in Case No. 2024-00378 was given the option to receive a replacement non-LED light when their sodium vapor light went out.

**RESPONSE:**

**NO**

b. If not, explain why not

**RESPONSE:**

**The member in question was not offered a non-LED lighting option, as we were unaware of any remaining non-LED lighting options in our inventory. During a warehouse inspection at our Nelson County warehouse in April 2025, a small quantity of previously unknown HPS 250W Cobra Head and Metal Halide 100W Open Bottom lights were found.**
