RE: Ledbetter Water District, Case No. 2025-00081

Dear Ms. Bridwell,

Ledbetter Water District is in the process of updating their ARF Application that was filed March 19, 2025, as a response to the deficiencies issued in the filing.

Of note, some of the difficulties have been with acquiring new test year financial data as a result of their annual report having not been completed for 2024 at the time of the deficiency order. Additionally, Ledbetter has had difficulties compiling their billing data as a result of changing billing software midway during the test year of 2024.

Ledbetter is working diligently on correcting the filing deficiencies and hopes to have the corrections filed as soon as possible.

Alan Fox
Manager
