Re: *East Kentucky Power Cooperative, Inc. 's 2025 Integrated Resource Plan*  
– **Case No. 2025-00087**

Dear Ms. Bridwell:

Enclosed, please find East Kentucky Power Cooperative, Inc.'s ("EKPC") supplemental responses to multiple data requests in the above-styled case. In addition, EKPC is filing updated confidential information pertaining to pages 93 through 110 of the IRP application. These pages indicated an incorrect label on the Fixed O&M. The original filing had "Fixed O&M (\$/MW/Yr)," but this should have been labeled "Fixed O&M (\$/kW/Yr)," which has been updated in the confidential version emailed to the Commission as well as to each of the parties in this proceeding. The changing of the heading does not affect the modeling that was performed by EKPC. It was simply a typographical error that was just found during preparation for the hearing. EKPC is also refileing the original Motion for Confidential Treatment and requests that the updated pages 93 through 110 be incorporated into that original Motion for Confidential Treatment, since only the one heading changed.

This is to certify that the electronic filing has been transmitted to the Commission on March 10, 2026 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means. Pursuant to prior Commission orders no paper copies of this filing will be made.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

L. Allyson Honaker
