

**COMMONWEALTH OF KENTUCKY**  
**BEFORE THE PUBLIC SERVICE COMMISSION**

**In the Matter of:**

<b>ELECTRONIC APPLICATION OF KENTUCKY</b>	)	
<b>UTILITIES COMPANY FOR AUTHORIZATION</b>	)	
<b>OF CHANGES IN SERVICE TERRITORY</b>	)	<b>CASE NO. 2025-00098</b>
<b>WITH CLARK ENERGY COOPERATIVE, INC.</b>	)	

**APPLICATION**

Kentucky Utilities Company (“KU”), pursuant to KRS 278.018(6), 807 KAR 5:001 Section 14, and 807 KAR 5:001, Section 22, hereby applies for approval of changes in its certified service territory as agreed to with Clark Energy Cooperative, Inc. (“Clark Energy”).

1. Applicant KU’s full name and business address are: Kentucky Utilities Company, One Quality Street, Lexington, Kentucky 40507. KU’s mailing address is Kentucky Utilities Company c/o Louisville Gas and Electric Company, 2701 Eastpoint Parkway, Louisville, Kentucky 40223. KU may be reached by electronic mail at the electronic mail addresses of its counsel set forth below.

2. KU was incorporated in Kentucky on August 17, 1912, and in Virginia on November 26, 1991 (and effective as of December 1, 1991), and is in good standing in both Kentucky and Virginia.

3. KU is a public utility, as defined in KRS 278.010(3)(a), engaged in the electric business. KU generates and purchases electricity, and distributes and sells electricity at retail in the following counties in Central, Northern, Southeastern, and Western Kentucky:

Adair	Edmonson	Jessamine	Ohio
Anderson	Estill	Knox	Oldham
Ballard	Fayette	Larue	Owen
Barren	Fleming	Laurel	Pendleton

Bath	Franklin	Lee	Pulaski
Bell	Fulton	Lincoln	Robertson
Bourbon	Gallatin	Livingston	Rockcastle
Boyle	Garrard	Lyon	Rowan
Bracken	Grant	Madison	Russell
Bullitt	Grayson	Marion	Scott
Caldwell	Green	Mason	Shelby
Campbell	Hardin	McCracken	Spencer
Carlisle	Harlan	McCreary	Taylor
Carroll	Harrison	McLean	Trimble
Casey	Hart	Mercer	Union
Christian	Henderson	Montgomery	Washington
Clark	Henry	Muhlenberg	Webster
Clay	Hickman	Nelson	Whitley
Crittenden	Hopkins	Nicholas	Woodford
Daviess			

4. Pursuant to 807 KAR 5:001 Section 8, on March 24, 2025, KU filed with the Commission notice of its election of the use of electronic filing procedures in this proceeding. Copies of all orders, pleadings and other communications related to this proceeding should be directed to:

5. Description of Changes in Service Territory:

As explained in this application and in the attached exhibits, KU and Clark Energy have individually agreed to the requested territorial change for two residential parcels of land described below. The proposed territorial boundary change serves the purposes of KRS 278.016. The

change avoids the wasteful duplication of facilities, the unnecessary encumbrance of the landscape, and prevents the waste of materials and natural resources. No existing customer will change electric provider.

KU was contacted by Loren Long, owner of Old Woodford Farm LLC at 2609 Athens-Boonesboro Road Ford, KY (parcel 017-028.06), requesting that KU cede its electric service territory to Clark Energy. Mr. Long intends to construct a home, barn/workshop, and a gate. This property spans the electric service territories of both KU and Clark Energy making this a “split territory” situation in which the utilities must confer in order to determine who is best suited to provide electric service. There are two additional split parcels nearby; parcel 017-028.05, which is adjacent to Mr. Long’s entrance, and parcel 017-026.00, which is opposite Mr. Long’s entrance.

KU engineering contacted Clark Energy engineering to discuss Mr. Long’s property and together the staffs reviewed and studied the planned layout. Clark Energy has existing electric facilities in the immediate area. KU, on the other hand, would be required to extend its facilities to serve Mr. Long, at an approximate cost of \$20,000. Under these circumstances, KU agrees that it is in the customer’s best interest to cede this territory to Clark Energy.

During discussions about Mr. Long’s property, KU and Clark Energy determined that the two other parcels mentioned above are also located in split territories. KU currently provides electric service to both parcel 017-026.00 and parcel 017-028.05. KU and Clark Energy agree that the certified territory boundary line should now also be adjusted to fairly align with the current property lines and to reflect that fact that KU is currently serving those two parcels.

The proposed boundary line adjustments will allow each utility to prudently provide electrical service in order to reliably serve the three properties at issue in this application. The territorial maps and other attachments provided constitute the entire agreement between KU and

Clark Energy.

6. Agreement and Maps:

Application Exhibit 1 of this filing includes the summary list identifying KU and Clark Energy personnel familiar with the specifics of the facilities available, the reason for the proposed change (purposes served under KRS 278.016), and the agreement signed by both parties for the properties involved. Application Exhibit 2 includes the signed territorial Ford 31-F-2 quadrant map. Application Exhibit 3 includes the corresponding signed detailed site map.

**WHEREFORE**, KU hereby requests, pursuant to KRS 278.018, that the Commission enter an order approving the updates to the Quadrant Map to reflect the current requested service territory changes and the agreement between KU and Clark Energy.

Dated: April 15, 2025

Respectfully submitted,

## **EXHIBIT 1**

### Summary Checklist and Agreement

## TERRITORIAL CHANGE INFORMATION

(7/2019)

Affected Property: New home, barn and gate in Lexington, KY  
Foreign Utility: Clark Energy Cooperative, Inc.  
Quadrant Map: Ford 31-F-2

Agreement Date: 4/2/2025 (date of last signature)

1. ☒ Utilities signed copy of quadrant (Key) map showing revised territorial line with a note referencing the property/customer, and date of the territorial agreement.
2. ☒ Utilities signed copy of site map (Plat) and/or territorial agreement showing original and revised territorial boundary.  
  
The map must include coordinates accurate to within 3 meters for at least **four** points on the territorial line. It is preferable that these points include the beginning and ending points of the change. We also must provide the coordinate system used: This will be utilizing Global Positioning System (GPS) with the coordinates based upon WGS84.
3. ☒ Copies of all written agreements (**1** needed - not original).
4. Name of employee who would serve as KU's witness if a hearing is required:  
Seth Hendrix, Mgr. Operations Center
5. Name and mailing address of the foreign utility, and the name and title their official who is to receive the Commission stamped quadrant map:  
Bluegrass Energy Cooperative  
Mr. Chris Brewer  
President, CEO  
2640 Iron Works Road  
Winchester, KY 40391
6. The reason(s) for the boundary change (realignment with lot/property lines, closest utility (give details), it is the least cost of providing service to the customer(s), etc.):  
Redrawing territorial boundary line to match property lines
7. How does this boundary change promote the purposes of KRS 278.016? (check all that apply)  

<input type="checkbox"/>	Promotes the orderly development of retail electric service
<input checked="" type="checkbox"/>	Avoids wasteful duplication of facilities
<input checked="" type="checkbox"/>	Avoids unnecessary encumbering of the landscape
<input checked="" type="checkbox"/>	Prevents waste of materials and natural resources
<input type="checkbox"/>	Is necessary for the public convenience and necessity
<input type="checkbox"/>	Minimizes disputes between retail electric suppliers which may result in inconvenience, diminished efficiency, and higher cost to the consumer
8. Will any retail customer change electric supplier as the result of this boundary change?  

<input checked="" type="checkbox"/>	No (Check this if no retail customers were receiving service in affected territory prior to the boundary change.)
<input type="checkbox"/>	Yes (If yes, provide the information on Attachment 1 for each customer affected.)

## AGREEMENT

Kentucky Utilities Company (KU) and Clark Energy Cooperative (Clark Energy) hereby agree to redraw their territorial boundaries in order to match the property boundaries of three separate properties that are split territories. All properties are located in Clark County (Ford, KY).

The first change occurs at 2609 Athens-Boonesboro Road whereby KU will cede its territory to Clark Energy for service to a new home, gate and potential barn/workshop.

The two further changes are for properties adjacent to and across from 2609 Athens-Boonesboro Road – Parcel 017-028.05 and Parcel 017-026.00. KU currently provides electric service to these two parcels and will continue to do so. KU and Clark Energy agree that the certified territory boundary line should now be adjusted to align with the current property lines and to reflect that KU is currently serving these two parcels.

All changes avoid the wasteful duplication of facilities, the unnecessary encumbering of the landscape and prevents the waste of materials and natural resources.
