

**COMMONWEALTH OF KENTUCKY**  
**BEFORE THE PUBLIC SERVICE COMMISSION**

**In the Matter of:**

<b>ELECTRONIC APPLICATION OF</b>	)	
<b>LOUISVILLE GAS AND ELECTRIC</b>	)	
<b>COMPANY FOR AN ADJUSTMENT OF ITS</b>	)	
<b>ELECTRIC AND GAS RATES AND</b>	)	<b>CASE NO. 2025-00114</b>
<b>APPROVAL OF CERTAIN REGULATORY</b>	)	
<b>AND ACCOUNTING TREATMENTS</b>	)	

**PETITION OF LOUISVILLE GAS AND ELECTRIC COMPANY**  
**FOR CONFIDENTIAL PROTECTION**

Louisville Gas and Electric Company (“LG&E” or the “Company”) hereby petitions the Kentucky Public Service Commission (“Commission”) pursuant to 807 KAR 5:001, Section 13 and KRS 61.878(1) to grant confidential protection for the items described herein, which LG&E is producing in response to the fourth requests for information from Commission Staff (“PSC”) Item Nos. 13(b) and 14.

**Confidential or Proprietary Commercial Information (KRS 61.878(1)(c)(1))**

1. The Kentucky Open Records Act exempts from disclosure information “generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records.”<sup>1</sup>

2. Certain workpapers being filed in response to PSC 4-13(b) and PSC 4-14 contain variations of the qualifying facilities (“QF”) model workpapers that LG&E included in Exhibit CRS-7 of its Application. Portions of CRS-7, including the original QF model workpapers, were filed subject to a petition for confidential protection filed on May 30, 2025.<sup>2</sup>

---

<sup>1</sup> KRS 61.878(1)(c)(1).

<sup>2</sup> LG&E’s Petition for Confidential Protection at ¶¶ 8-12 (May 30, 2025).

3. The QF model workpapers being included as part of the Company's responses to PSC 4-13(b) and 4-14 contain the Company's internal fuel cost projections. If the Commission grants public access to this information, LG&E could be disadvantaged in negotiating fuel purchases in the future. The Company could also be disadvantaged in the wholesale energy market because fuel costs are important components of energy pricing. All such commercial harms would harm LG&E's customers, who would have to pay higher rates if the disclosed information resulted in higher fuel prices or adversely affected the Company's off-system energy sales. The Commission has previously granted requests to protect this information from public disclosure.<sup>3</sup>

4. The QF model workpapers being included as part of the Company's responses to PSC 4-13(b) and 4-14 also include cost components of the Company's long-term service agreements ("LTSA's"). Public disclosure of this information would reveal the procedures followed and the factors and inputs considered by the Company in evaluating the viability of potential generation projects. Public disclosure would give LG&E's contractors, vendors, and competitors access to the Company's cost and operational parameters, as well as insight into the Company's contracting practices. Public access to this information would, therefore, impact LG&E's ability to negotiate with prospective contractors and vendors and could harm the Company's competitive position in the wholesale power market. All such commercial harms would harm LG&E's customers, who would have to pay higher rates if the disclosed information resulted in higher fuel prices or adversely affected the Company's ability to negotiate favorable LTSA terms.

---

<sup>3</sup> See, e.g., *Electronic Joint Application of Kentucky Utilities Company and Louisville Gas and Electric Company for Certificates of Public Convenience and Necessity and Site Compatibility Certificates and Approval of a Demand Side Management Plan and Approval of Fossil Fuel-Fired Generating Unit Retirements*, Case No. 2022-00402, Order (Ky. PSC Aug. 17, 2023); *Id.*, Order (Ky. PSC Aug. 31, 2023); *Id.*, Order (Ky. PSC Nov. 20, 2023).

5. For these reasons, LG&E respectfully requests confidential treatment for Attachment 3 to its response to PSC 4-13(b) and the attachment to its response to PSC 4-14.

**The Confidential Information Subject to This Petition**

6. The information for which LG&E is seeking confidential treatment is not known outside of LG&E, except for its counsel and vendors. It is not disseminated within LG&E except to those employees with a legitimate business need to know the information and is generally recognized as confidential and proprietary information in the energy industry.

7. LG&E will disclose the confidential information, pursuant to a confidentiality agreement, to intervenors with a legitimate interest in this information and as required by the Commission.

8. If the Commission disagrees with this request for confidential protection, it must hold an evidentiary hearing (a) to protect LG&E's due process rights and (b) to supply the Commission with a complete record to enable it to reach a decision regarding this matter.<sup>4</sup>

9. In compliance with 807 KAR 5:001, Section 13, LG&E is providing written notification that Attachment 3 to PSC 4-13(b) and the attachment to PSC 4-14 are confidential in full.

10. LG&E requests that the confidential information be kept confidential for at least five years from the date of this filing.

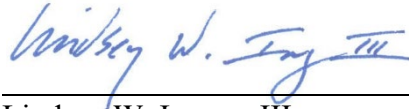

**WHEREFORE**, Louisville Gas and Electric Company respectfully requests that the Commission grant confidential protection for the information described herein.
