- Valve boxes
- CP test stations
- CP/anode flex junction boxes
- Uneven terrain
- Seasonal hunting
- Fencing
- Soil subsidence
- Washouts
- Danger trees
- Fallen trees, etc.

9.4.8. Examine and document ROW during mowing or patrol efforts to assess growth and need for side wall trimming to reduce vegetation canopies.

9.4.9. Maintain ROW side wall trimming as required.

- Recommended intervals should not exceed 10 years.

9.5. Clearing Pipeline ROW Process

NOTE: *For new construction projects, refer to FOC-ST-2030 for clearing and grading within the ROW related to construction activities. The following is intended for maintenance activities.*

9.5.1. All activity must remain within our easement limits. Do not bury vegetation debris in ROW.

9.5.2. Where tree growth necessitates tree removal:

- Trees shall be cut or sheared while only removing roots inside easement boundary
- Leave ROW in environmentally and socially acceptable conditions.

CAUTION: *Grinding and removal of stumps and roots are required to prevent the potential for re-sprouting.*

9.5.3. Mulch and spread wood debris on the ROW or dispose of properly.

- Do not spread wood chips or mulch in residential or commercial establishments.

9.5.4. Obtain all applicable state and local permits if debris is disposed of by burning.

- No burning may occur within the NGBU's ROW that is occupied by a pipeline and/or facility, within 100 ft of underground pipeline valves, or 200 ft from any aboveground pipeline appurtenance, unless authorized by TFO.

10. Recordkeeping

Submit these completed forms to Transmission Manager and/or TVM Program manager (LandTransmissionROW@duke-energy.com):

Form	Purpose
NC/SC/TN Contractor Daily ROW Progress Report	Billing, monitoring and recording vegetation management efforts such as mowing and side-trimming
NC/SC/TN NGBU ROW Progress Report	Recording vegetation management and mowing efforts for each pipeline
NC/SC/TN Transmission Line ROW Reclamation Form	Reporting reclamation issues and concerns
NC/SC/TN Tree Removal Consent Form	Use this form to obtain consent to protect NGBU facilities from potentially harmful trees existing outside of our property lines or easement boundaries.

For OH/KY: the NGBU will maintain the Gas Right-of-Way Conflict Report in the appropriate system of record.

The NGBU Terrain Hazard Assessment Checklist will be stored in the appropriate system of record.

Other subsequent reporting may apply for:

- Encroachments
- Leaks
- Pipeline coating
- Corrosion issues
- Soil erosion, etc.

11. Associated Operator Qualifications and Technical Training

Operator Qualifications (Covered Tasks) and Training may be required to perform all or part of this procedure. Please ensure you have completed the applicable Training and Operator Qualifications before performing a covered task.

Subject: Tree Trimming or Removal

Dear [Name],

Duke Energy Natural Gas Business Unit (NGBU) recently visited sites throughout our service area and noticed that there are trees on your property hanging over our above ground facilities. In the event that these trees fall, they could potentially create an unsafe situation. In order to assure our system is safe and reliable for our customers, we need to clear the trees away from these facilities.

At this time, the NGBU would like to offer to trim or remove trees that are in close proximity to our facilities **at no cost to you.**

If you accept this offer or you require additional information, please contact me and we can schedule an on-site meeting.

Reviewing the site:

- I will bring the attached document for you to sign that allows us to access your property and will identify trees that may require removal or trimming
- We will mark the trees that require removal or trimming
- The work will be performed by a professional tree-trimmer

It is our goal to maintain a positive relationship with you, while at the same time continue to provide a safe and reliable product for our customers.

Sincerely,

[Name]
NGBU Representative
Duke Energy Natural Gas Business Unit

Station Location: *[Physical Address]*
[City, State, Zip Code]

Duke Energy Natural Gas Business Unit (hereafter referred to as "NGBU") and the person, company, or organization (or its authorized agent) named below (hereafter referred to as "Owner" hereby agree as follows:

1. The NGBU and Owner hereby agree that the NGBU may undertake the removal of a tree or trees outside of its existing easement on Owner's property
2. The NGBU agrees to mark the tree(s) that require removal or trimming
3. The Owner agrees to provide necessary access to the premises for the purpose of removing and/or trimming trees.
4. The NGBU agrees to grind stump(s)
5. The Owner agrees that any stump grindings will remain on-site.

Appendix G: Pesticide General Permit (PGP) Requirements

All State Specific Pesticide General Permits and associated PDMP's (when applicable) are consolidated on a PGP SharePoint.

- Federal Tribal Lands – US EPA NPDES Pesticide General Permit
  - Duke Energy submits a Notice of Intent for coverage under the PGP
  - Many Tribal Land pesticide activities are governed by the USEPA PDMP which is updated periodically by Carolinas Permitting and Compliance.
  - Contact the Carolinas Regional Water SME for questions on pesticide application and the PDMP
- Florida – 62-621.300 8(e) Generic Permit
  - Automatic PGP coverage is provided for Duke Energy pesticide activities.
  - No PDMP is required, but staff must be familiar with PGP as it relates to monitoring, adverse incident, and corrective action requirements.
  - Contact the Florida Regional Water SME for questions on pesticide application and the applicable portions of the PGP.
- Indiana- General Permit ING870000
  - Automatic PGP coverage is provided for Duke Energy pesticide activities.
  - Notice of Intent and PDMP are not required if pesticide activities are administered by certified and licensed commercial pesticide applicators. Duke Energy Indiana used certified pesticide applicators.
  - Contact the Midwest Regional Water SME for questions on pesticide application and the applicable portions of the PGP.
- Kentucky – General Permit KYG990000
  - Automatic PGP coverage is provided for Duke Energy pesticide activities.
  - Many KY pesticide activities are governed by the KY PDMP which is updated periodically by Midwest Permitting and Compliance.
  - Contact the Midwest Regional Water SME for questions on pesticide application and the PDMP.
- North Carolina – General Permit NCG560000
  - Duke Energy submits a Notice of Intent for coverage under the PGP.
  - Many NC pesticide activities are governed by the NC Pesticide Discharge Management Plan (PDMP) which is updated periodically by the Carolinas Permitting and Compliance.
  - Contact the Carolinas Regional Water SME for questions on pesticide application and the DEC/DEP PDMP.

Appendix G: Pesticide General Permit (PGP) Requirements (Continued)

- Ohio – General Permit OHG870002
  - Automatic PGP coverage is provided for Duke Energy pesticide activities with eligible discharges.
  - Activities applying pesticide to 20 linear miles at water's edge must submit a Notice of Intent, develop a PDMP and maintain annual pesticide application records. Duke Energy Ohio operations have historically fallen below the thresholds for additional requirements.
  - Contact the Midwest Regional Water SME for questions on pesticide application and the applicable portions of the PGP.
- South Carolina – General Permit SCG160000
  - Duke Energy submits a Notice of Intent for coverage under the PGP.
  - Many SC pesticide activities are governed by the SC PDMP which is updated periodically by the Carolinas Permitting and Compliance.
  - Contact the Carolinas Regional Water SME for questions on pesticide application and the DEC/DEP PDMP.
- Tennessee – General Permit TNP100000
  - Permit coverage extends automatically to all eligible pesticide applications.
  - PGP states that 20 miles/80 acres are the thresholds that would trigger the need for NOI submission and PDMP development
  - Piedmont operations in TN do not currently include application of pesticides/herbicides alongside or over streams, ponds, or wetlands. Because of this, the TN pesticide NPDES general permit doesn't apply to us.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-032

REQUEST:

Refer to the Direct Testimony of Douglas J. Heitkamp ("Heitkamp Testimony") generally.

a. Confirm that certain analyses and decisions when creating a Class Cost of Service Study ("COSS") are subjective and not objective. If not confirmed, explain in detail why not.

b. Provie a detailed list of all subjective analyses and decisions that Mr. Heitkamp made in the COSS in the pending case.

RESPONSE:

a. Certain decisions that are made when creating a COSS are subjective. Specifically, the selection of the most appropriate allocation method can be subjective (i.e., subject to the judgement of the analyst). The fact that the NARUC Gas Distribution Rate Design Manual contains many methods to allocate demand related items illustrates this point.

b. The only subjective decisions that were made in preparing the COSS were related to the selection of various allocation methodologies and the decision to use the zero-intercept method instead of the minimum system size method in allocating the customer component of distribution mains as discussed in my testimony.

PERSON RESPONSIBLE: Douglas J. Heitkamp

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-033

REQUEST:

Refer to the Direct Testimony of Adam Long ("Long Testimony"), pages 8 – 11.

a. Provide a detailed breakdown of the type of pipe that Duke Kentucky has in its system, the number of miles of each type of pipe, the estimated installation date for each type of pipe, and the average expected life of each type of pipe.

b. Identify the year that Duke Kentucky initially implemented its Rider PMM.

c. Provide the annual revenue requirement impact of the Rider PMM since its inception to the present date.

d. Provide the Rider PMM rate for 2020, 2021, 2022, 2023, 2024, and 2025.

e. Explain in detail how many miles of pipe have been replaced each year since the inception of the Rider PMM, and include in the discussion the type of pipe that has been replaced.

f. Discuss the other projects, besides pipeline replacement, that have flowed through the Rider PMM since its inception, if any.

g. Explain in detail what type of pipe Duke Kentucky has focused on replacing through the Rider PMM thus far.

h. Provide all projects that Duke Kentucky plans to include in its Rider PMM over the next five years. Include the cost of each project, the purpose of each project, and the type of pipe to be replaced.

i. If the Commission were to approve Duke Kentucky's requested expansion of the Rider PMM, to include approximately 38 miles of Aldyl-A main and 3,700 Aldyl-A services, which is estimated to cost $45 million - $50 million, provide the proposed revenue requirement impact as well as the customer impact for each of the next ten years.

j. Provide the total number of miles of Aldyl-A pipe that Duke Kentucky has in its natural gas system.

k. Provide the total number of miles of polyethylene ("PE") pipe manufactured from the 1960s through the early 1980s that Duke Kentucky has in its natural gas system.

l. Mr. Long asserts that pre-1973 Aldyl-A, identifiable by its color, is widely considered more vulnerable compared to later formulations. Provide the manufacturing year(s) for the Aldyl-A pipe that Duke Kentucky has in its natural gas system.

m. Explain in detail when Duke Kentucky would start the proposed expansion of Rider PMM to include Aldyl-A pipe replacement.

n. Provide copies of all penalties, fines, or citations of any type that has been issued against Duke Kentucky's natural gas system for violation of state law, federal law, Pipeline and Hazardous Materials Safety Administration ("PHMSA") regulations, etc.

RESPONSE:

a. Please see AG-DR-01-033 Attachment 1 and AG-DR-01-033 Attachment 2 for the pipe details for Duke Energy Kentucky that can be found in the Annual Report for Calendar Year 2024 Gas Distribution System Form F7100.1-1, and Annual Report

for Calendar Year 2024 Natural and Other Gas Transmission and Gathering Systems Form F7100.2-1. The anticipated service life should be 50+ years when facilities are maintained properly per regulatory requirements per CFR 49 Part 192 and Duke Energy's Operating and Maintenance policies and procedures. There was no federal code prior to 1970 and therefore there were no federal design, operating and maintenance standards, thus pipelines and facilities were designed, operated, and maintained to different standards with different expected service life. There are other factors that also affect service life such as, but not limited to, environmental impacts, excavation damage, material/manufacturing issues, construction practices, maintenance history, etc.

b. Objection. This request is overbroad, unduly burdensome, and seeks information that is publicly available to the Attorney General by examining the Commission's docket. As such, this request is further objectionable insofar as it seeks information that is obtainable and accessible to the Attorney General and thus is interpreted as intending to harass and force the Company to engage in unnecessary and unreasonable busy work. Without waiving said objection the Company filed the initial Rider PMM application in July 2022 in Case No. 2022-00229, with an Order issued by the Commission in May 2023 and the Company implemented rates effective June 2023.

c. Objection. This request is overbroad, unduly burdensome, and seeks information that is publicly available to the Attorney General by examining the Commission's docket. As such, this request is further objectionable insofar as it seeks information that is obtainable and accessible to the Attorney General and thus is interpreted as

intending to harass and force the Company to engage in unnecessary and unreasonable busy work. Without waiving said objection, the approved Rider PMM annual revenue requirement since inception is as follows:

Case No. 2022-00229 - $889,527,

Case No. 2023-00209 - $4,606,923,

Case No. 2024-00191 - $8,772,358,

Case No. 2025-00229 – proposed $16,755,374.

d. Rider PMM rates were initially effective in June 2023 and therefore years 2020 through 2022, the rate was zero. Please see AG-DR-01-033(d) Attachment for the remaining periods.

e. To date, 5.2 miles of AM07 have been replaced, 2 miles in 2023 and 3.2 miles in 2024. AM07 consists of mostly 1956 vintage A. O. Smith pipe.

f. None.

g. Duke Kentucky has focused on the replacement of AM07 which is mostly 1956 vintage A. O. Smith pipe.

h. See Mr. Long's Direct Testimony. Duke Kentucky plans to include the AM07 gas pipeline replacement program and the Aldyl-A replacement program in its Rider PMM over the next five years.

The proposed Aldyl-A main and service replacement program would extend over 5 years starting in 2028, post completion of the AM07 replacement project. The main replacement will cost approximately $52 million while an additional cost for service replacement is estimated at $32 million. Aldyl-A pipe is known in the industry for its brittle like failure. Several recommendations have been documented

in advisory bulletins, NTSB reports and even in a recent NPRM, outlined in the response for STAFF-DR-02-019. The documents urge operators to consider the brittle like threat Aldyl-A pipe poses to their system and to consider a risk based replacement program where necessary. Considering Duke Kentucky's leak rate on Aldyl-A pipe is twice the amount of leaks in the system, Duke believes a risk-based replacement program is prudent.

i. Objection. This request is overly broad, unduly burdensome, and seeks information that is unknown and speculative in nature. Without waiving said objection and to the extent discoverable, the Company has not performed the requested analysis. Answering further, the Company would note that the forecasted costs, even at the revised amounts that the Company has provided in response to item k above ($84 million forecasted over a five-year period) will have less impact on rates than the currently approved Rider PMM project ($227.6 million dollars forecasted over a seven-year period). Additionally, the Company will provide this information for each phase of the PMM project and provide it to the Commission in its annual CPCN applications.

   Please see STAFF-DR-02-024 for a revised Aldyl-A project forecast.

j. Duke Kentucky has approximately 38 miles of Aldyl-A main pipe and associated services.

k. Duke Kentucky has 38 miles of polyethylene main pipe and associated services.

l. Duke Kentucky potentially has Aldyl-A pipe installed from 1964 through 1985.

m. Duke Kentucky would start the proposed expansion of Rider PMM to include Aldyl-A pipe replacement when the AM07 replacement program is complete.

AM07 is expected to complete in 2027. Duke Kentucky would begin Aldyl-A work in 2028 and would not plan to overlap these programs.

n. Objection. This request is vague and ambiguous and calls for unreasonable speculation and guesswork as to what is intended with the reference to pages 8-11 of Mr. Long's Testimony. Without waiving said objection and to the extent discoverable, the Company assumes that the intent is to limit the scope of this question by the topics described in Long Testimony, pages 8-11. As it pertains to that scope of discussion, there have been no penalties, fines, or citations associated with AM00B, AM007 or ALDYL-A assets issued against Duke Kentucky's natural gas system for violation of state law, federal law, or PHMSA regulations, etc.

PERSON RESPONSIBLE: As to objections, Legal

U.S. Department of Transportation Pipeline and Hazardous Materials Safety Administration	**ANNUAL REPORT FOR CALENDAR YEAR 2024 GAS DISTRIBUTION SYSTEM**	**Report Submission Type**	INITIAL
		Date Submitted:	

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2137-0629. Public reporting for this collection of information is estimated to be approximately 20 hours per response, including the time for reviewing instructions, gathering the data needed, and completing and reviewing the collection of information. All responses to this collection of information are mandatory. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, PHMSA, Office of Pipeline Safety (PHP-30) 1200 New Jersey Avenue, SE, Washington, D.C. 20590.

Important: *Please read the separate instructions for completing this form before you begin. They clarify the information requested and provide specific examples. If you do not have a copy of the instructions, you can obtain one from the PHMSA Pipeline Safety Community Web Page at http://www.phmsa.dot.gov/pipeline/library/forms.*

PART A - OPERATOR INFORMATION	**(DOT use only)**		20250954-71800

1. Name of Operator	DUKE ENERGY KENTUCKY
2. LOCATION OF OFFICE (WHERE ADDITIONAL INFORMATION MAY BE OBTAINED)	
2a. Street Address	139 East Fouth Street
2b. City and County	Cincinnati Hamilton
2c. State	OH
2d. Zip Code	45202
3. OPERATOR'S 5 DIGIT IDENTIFICATION NUMBER	20110
4. HEADQUARTERS NAME & ADDRESS	
4a. Street Address	139 EAST FOURTH STREET PO Box 960 - Room 460-Annex
4b. City and County	CINCINNATI
4c. State	OH
4d. Zip Code	45202
5. STATE IN WHICH SYSTEM OPERATES	KY
6. **THIS REPORT PERTAINS TO THE FOLLOWING COMMODITY GROUP** *(Select Commodity Group based on the predominant gas carried and complete the report for that Commodity Group. File a separate report for each Commodity Group included in this OPID.)*	
Natural Gas	
7. **THIS REPORT PERTAINS TO THE FOLLOWING TYPE OF OPERATOR** *(Select Type of Operator based on the structure of the company included in this OPID for which this report is being submitted.)*:	
Investor Owned	

PART B - SYSTEM DESCRIPTION

1.GENERAL

	STEEL				PLASTIC	CAST/ WROUGHT IRON	DUCTILE IRON	COPPER	OTHER	RECONDITIONED CAST IRON	SYSTEM TOTAL
	UNPROTECTED		CATHODICALLY PROTECTED								
	BARE	COATED	BARE	COATED							
MILES OF MAIN	0.025			630.31	950.969	0	0	0	0	0	1581.304
NO. OF SERVICES				1732	99631	0	0	5	1	0	101369

NOTICE: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty OMB No. 2137-0629 as provided in 49 USC 60122.

OMB NO: 2137-0629
EXPIRATION DATE: 6/30/2026

2. MILES OF MAINS IN SYSTEM AT END OF YEAR

MATERIAL	UNKNOWN	2" OR LESS	OVER 2" THRU 4"	OVER 4" THRU 8"	OVER 8" THRU 12"	OVER 12"	SYSTEM TOTALS
STEEL	0	156.378	185.121	198.578	64.135	26.123	630.335
DUCTILE IRON	0	0	0	0	0	0	0
COPPER	0	0	0	0	0	0	0
CAST/WROUGHT IRON	0	0	0	0	0	0	0
PLASTIC PVC	0	0	0	0	0	0	0
PLASTIC PE	0	444.87	322.83	173.286	9.983	0	950.969

PART C - TOTAL LEAKS AND HAZARDOUS LEAKS ELIMINATED/REPAIRED DURING THE YEAR

CAUSE OF LEAK	MAINS		SERVICES	
	TOTAL	HAZARDOUS	TOTAL	HAZARDOUS
CORROSION FAILURE	7	0	25	12
NATURAL FORCE DAMAGE	4	2	9	4
EXCAVATION DAMAGE	11	11	83	83
OTHER OUTSIDE FORCE DAMAGE	0	0	10	6
PIPE, WELD OR JOINT FAILURE	2	0	11	2

NOTICE: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty OMB No. 2137-0629 as provided in 49 USC 60122.

OMB NO: 2137-0629
EXPIRATION DATE: 6/30/2026

EQUIPMENT FAILURE	17	8	148	106
INCORRECT OPERATIONS	2	1	7	1
OTHER CAUSE	0	0	0	0

NUMBER OF KNOWN SYSTEM LEAKS AT END OF YEAR SCHEDULED FOR REPAIR : 9
NUMBER OF HAZARDOUS LEAKS INVOLVING A MECHANICAL JOINT FAILURE : 21

PART D – EXCAVATION DAMAGE

Notification Issue Sub-Total	34	**Location Issue Sub-Total**	21
No notification made to the One-Call Center/811	25	Facility not marked due to Abandoned facility	0
Excavator dug outside area described on ticket	2	Facility not marked due to Incorrect facility records/maps	1
Excavator dug prior to valid start date/time	2	Facility not marked due to Locator error	1
Excavator dug after valid ticket expired	5	Facility not marked due to No response from operator/contract locator	2
Excavator provided incorrect notification information	0	Facility not marked due to Incomplete marks at damage location	4
		Facility not marked due to Tracer wire issue	0
Excavation Issue Sub-Total	*38*	Facility not marked due to Unlocatable Facility	1
Excavator dug prior to verifying marks by test-hole (pothole)	26	Facility marked inaccurately due to Abandoned facility	0
Excavator failed to maintain clearance after verifying marks	3	Facility marked inaccurately due to Incorrect facility records/maps	6
Excavator failed to protect/shore/support facilities	8	Facility marked inaccurately due to Locator error	6
Improper backfilling practices	0	Facility marked inaccurately due to Tracer wire issue	0
Marks faded or not maintained	0		
Improper excavation practice not listed above	1		
Miscellaneous Root Causes Sub-Total	*1*		
Deteriorated facility	0		
One Call Center Error	0		
Previous damage	0	1. Total Excavation Damages	94
Root Cause not listed	1	2. Number of Excavation Tickets	42899

NOTICE: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty OMB No. 2137-0629 as provided in 49 USC 60122.

OMB NO: 2137-0629
EXPIRATION DATE: 6/30/2026

PART E – RESERVED

PART F - LEAKS ON FEDERAL LAND	**PART G – PERCENT OF UNACCOUNTED FOR GAS**
TOTAL NUMBER OF LEAKS ON FEDERAL LAND REPAIRED OR SCHEDULED TO REPAIR: 0	UNACCOUNTED FOR GAS AS A PERCENT OF TOTAL CONSUMPTION FOR THE 12 MONTHS ENDING JUNE 30 OF THE REPORTING YEAR. [(PURCHASED GAS + PRODUCED GAS) MINUS (CUSTOMER USE + COMPANY USE + APPROPRIATE ADJUSTMENTS)] DIVIDED BY (CUSTOMER USE + COMPANY USE + APPROPRIATE ADJUSTMENTS) TIMES 100 EQUALS PERCENT UNACCOUNTED FOR. FOR YEAR ENDING 6/30: 1.86%

PART H - ADDITIONAL INFORMATION

PART I - PREPARER

Christopher Ransome Gas Regulatory Compliance Anal (Preparer's Name and Title)	(704) 731-4680 (Area Code and Telephone Number)
christopher.ransome@duke-energy.com (Preparer's email address)	(000) 000-0000 (Area Code and Facsimile Number)

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023
OMB No. 2137-0522
Expires: 8/31/2026

U.S. Department of Transportation Pipeline and Hazardous Materials Safety Administration	ANNUAL REPORT FOR CALENDAR YEAR 2024 NATURAL and OTHER GAS TRANSMISSION and GATHERING SYSTEMS	Initial Date Submitted	03/12/2025
		Report Submission Type	INITIAL
		Date Submitted	

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2137-0522. Public reporting for this collection of information is estimated to be approximately 54 hours per response, including the time for reviewing instructions, gathering the data needed, and completing and reviewing the collection of information. All responses to this collection of information are mandatory. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, PHMSA, Office of Pipeline Safety (PHP-30) 1200 New Jersey Avenue, SE, Washington, D.C. 20590.

Important: *Please read the separate instructions for completing this form before you begin. They clarify the information requested and provide specific examples. If you do not have a copy of the instructions, you can obtain one from the PHMSA Pipeline Safety Community Web Page at http://www.phmsa.dot.gov/pipeline/library/forms.*

PART A - OPERATOR INFORMATION	DOT USE ONLY	**20250917 - 45971**
1. OPERATOR'S 5 DIGIT IDENTIFICATION NUMBER (OPID) **20110**	2. NAME OF OPERATOR: **DUKE ENERGY KENTUCKY**	
3. RESERVED	4. HEADQUARTERS ADDRESS: **139 EAST FOURTH STREET** Street Address **CINCINNATI** City State: **OH** Zip Code: **45202**	

5. THIS REPORT PERTAINS TO THE FOLLOWING COMMODITY GROUP: *(Select Commodity Group based on the predominant gas carried and complete the report for that Commodity Group. File a separate report for each Commodity Group included in this OPID.)*

- ☒ Natural Gas
- ☐ Synthetic Gas
- ☐ Hydrogen Gas
- ☐ Propane Gas
- ☐ Landfill Gas
- ☐ Other Gas

Name of the Other Gas:

6. RESERVED

7. FOR THE DESIGNATED "COMMODITY GROUP", THE PIPELINES AND/OR PIPELINE FACILITIES INCLUDED WITHIN THIS OPID ARE: *(Select one or both)*

☐ INTERstate pipeline – List all of the States and OSC portions in which INTERstate pipelines and/or pipeline facilities included under this OPID exist. etc.

☒ INTRAstate pipeline – List all of the States in which INTRAstate pipelines and or pipeline facilities included under this OPID exist. **KENTUCKY** etc.

8. RESERVED

Reproduction of this form is permitted.

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023
OMB No. 2137-0522
Expires: 8/31/2026

Use this form for Type A, B, and C gas gathering. Type R gas gathering is reported on Form PHMSA F 7100.2-3.

For the designated Commodity Group, PARTs B and D will be calculated based on the data entered in Parts L and P respectively. Complete Part C one time for all pipelines and/or pipeline facilities – both INTERstate and INTRAstate - included within this OPID.

PART B – TRANSMISSION PIPELINE HCA, §192.710, and in neither HCA nor §192.710 MILES				
	Number of HCA Miles	Number of §192.710 Miles	Number of Class Location 3 or 4 Miles that are neither in HCA nor in §192.710	Number of Class Location 1 or 2 Miles that are neither in HCA nor in §192.710
Onshore	9.678	2.618	6.472	2.767
Offshore	0	0	0	0
Total Miles	9.678	2.618	6.472	2.767

Part B1 – HCA Miles by Determination Method and Risk Model Type

Risk Model Type	Miles HCA Method 1	Miles HCA Method 2	Total
Subject Matter Expert (SME)	0	0	0
Relative Risk	0	9.678	9.678
Quantitative	0	0	0
Probabilistic	0	0	0
Scenario-Based	0	0	0
Other	0	0	0
Total	0	9.678	9.678

PART C - VOLUME TRANSPORTED IN TRANSMISSION PIPELINES (ONLY) IN MILLION SCF PER YEAR (excludesTransmission lines of Gas Distribution systems)	☐ Check this box and do not complete PART C if this report only includes gathering pipelines or transmission lines of gas distribution systems.

	Onshore	Offshore
Natural Gas		
Propane Gas		
Synthetic Gas		
Hydrogen Gas		
Landfill Gas		
Other Gas - Name:		

Reproduction of this form is permitted.

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023

[1]Use of Composite pipe requires a PHMSA Special Permit or waiver from a State

PART E – RESERVED

Reproduction of this form is permitted.

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023
OMB No. 2137-0522
Expires: 8/31/2026

For the designated Commodity Group, complete PARTs F and G one time for all INTERstate gas transmission pipeline facilities included within this OPID and multiple times as needed for the designated Commodity Group for each State in which INTRAstate gas transmission pipeline facilities included within this OPID exist. Part F "WITHIN AN HCA SEGMENT" data and Part G may be completed only if HCA Miles in Part L is greater than zero.

Use this form for Type A, B, and C gas gathering. Type R gas gathering is reported on Form PHMSA F 7100.2-3.

PARTs F and G

The data reported in these PARTs applies to: *(select only one)*

☐ **Interstate pipelines/pipeline facilities**

☒ **Intrastate pipelines/pipeline facilities in the State of KENTUCKY** *(complete for each State)*

PART F - INTEGRITY INSPECTIONS CONDUCTED AND ACTIONS TAKEN BASED ON INSPECTION INTRASTATE KENTUCKY	
1. MILEAGE INSPECTED IN CALENDAR YEAR USING THE FOLLOWING IN-LINE INSPECTION (ILI) TOOLS	
a. Corrosion or metal loss tools	0.3
b. Dent or deformation tools	0.3
c. Crack or long seam defect detection tools	0
d. Any other internal inspection tools, specify other tools:	0
e. Total tool mileage inspected in calendar year using in-line inspection tools. (Lines a + b + c + d)	*0.6*
2. ACTIONS TAKEN IN CALENDAR YEAR BASED ON IN-LINE INSPECTIONS	
a. Based on ILI data, total number of anomalies excavated in calendar year because they met the operator's criteria for excavation.	0
b. Total number of anomalies repaired in calendar year that were identified by ILI based on the operator's criteria, both within an HCA Segment and outside of an HCA Segment.	0
c. Total number of conditions repaired WITHIN AN HCA SEGMENT meeting the definition of:	0
1. "Immediate repair conditions" [192.933(d)(1)]	0
2. "One-year conditions" [192.933(d)(2)]	0
3. "Monitored conditions" [192.933(d)(3)]	0
4. Other "Scheduled conditions" [192.933(c)]	0
d. Total number of conditions repaired WITHIN A §192.710 SEGMENT:	0
1. "Immediate repair conditions" [192.714(d)(1)]	0
2. "Two-Year conditions" [192.714(d)(2)]	0
3. "Monitored conditions" [192.714(d)(3)]	0
e. Total number of conditions repaired WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0
f. Total number of conditions repaired WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT:	0
3. MILEAGE INSPECTED AND ACTIONS TAKEN IN CALENDAR YEAR BASED ON PRESSURE TESTING	
a. Total mileage inspected by pressure testing in calendar year.	0
b. Total number of pressure test failures (ruptures and leaks) repaired in calendar year, both within an HCA Segment and outside of an HCA Segment.	0

Reproduction of this form is permitted.

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023
OMB No. 2137-0522
Expires: 8/31/2026

c. Total number of pressure test ruptures (complete failure of pipe wall) repaired in calendar year WITHIN AN HCA SEGMENT.	0
d. Not used	
e. Total number of pressure test leaks (less than complete wall failure but including escape of test medium) repaired in calendar year WITHIN AN HCA SEGMENT.	0
f. Total number of pressure test failures (ruptures and leaks) repaired in calendar year WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT.	0
g. Total number of pressure test failures (ruptures and leaks) repaired in calendar year WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT.	0
4. MILEAGE INSPECTED AND ACTIONS TAKEN IN CALENDAR YEAR BASED ON DA (Direct Assessment methods)	
a. Total mileage inspected by each DA method in calendar year.	0
1. ECDA	0
2. ICDA	0
3. SCCDA	0
b. Total number of anomalies identified by each DA method and repaired in calendar year based on the operator's criteria, both within an HCA Segment and outside of an HCA Segment.	0
1. ECDA	0
2. ICDA	0
3. SCCDA	0
c. Total number of conditions repaired in calendar year WITHIN AN HCA SEGMENT meeting the definition of:	0
1. "Immediate repair conditions" [192.933(d)(1)]	0
2. "One-year conditions" [192.933(d)(2)]	0
3. "Monitored conditions" [192.933(d)(3)]	0
4. Other "Scheduled conditions" [192.933(c)]	0
d. Total number of conditions repaired WITHIN A §192.710 SEGMENT:	0
1. "Immediate repair conditions" [192.714(d)(1)]	0
2. "Two-Year conditions" [192.714(d)(2)]	0
3. "Monitored conditions" [192.714(d)(3)]	0
e. Total number of conditions repaired WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0
f. Total number of conditions repaired WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT:	0
4.1 MILEAGE INSPECTED AND ACTIONS TAKEN IN CALENDAR YEAR BASED ON GUIDED WAVE ULTRASONIC TESTING (GWUT)	
a. Total mileage inspected by GWUT method in calendar year.	0
b. Total number of anomalies identified by GWUT method and repaired in calendar year based on the operator's criteria, within an HCA Segment, within a §192.710 Segment, and outside of an HCA or §192.710 Segment.	0
c. Total number of conditions repaired in calendar year WITHIN AN HCA SEGMENT meeting the definition of:	0
2. "6-Month conditions" [192 Appendix F, Section XIX]	0
3. "12-Month conditions" [192 Appendix F, Section XIX]	0
d. Total number of conditions repaired WITHIN A §192.710 SEGMENT:	0
2. "6-Month conditions" [192 Appendix F, Section XIX]	0
3. "12-Month conditions" [192 Appendix F, Section XIX]	0
e. Total number of conditions repaired WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0
f. Total number of conditions repaired WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT:	0
4.2 MILEAGE INSPECTED AND ACTIONS TAKEN IN CALENDAR YEAR BASED ON DIRECT EXAMINATION	
a. Total mileage inspected by DIRECT EXAMINATION method in calendar year.	0
b. Total number of anomalies identified by DIRECT EXAMINATION method and repaired in calendar year based on the operator's criteria, within an HCA Segment, within a §192.710 Segment, and outside of an HCA or §192.710 Segment.	0

Reproduction of this form is permitted.

Notice: This report is required by 49 CFR Part 191. Failure to report may result in a civil penalty as provided in 49 USC 60122.

Form Approved 8/22/2023
OMB No. 2137-0522
Expires: 8/31/2026

c. Total number of conditions repaired in calendar year WITHIN AN HCA SEGMENT meeting the definition of:	0
1. "Immediate repair conditions" [192.933(d)(1)]	0
2. "One-year conditions" [192.933(d)(2)]	0
3. "Monitored conditions" [192.933(d)(3)]	0
4. Other "Scheduled conditions" [192.933(c)]	0
d. Total number of conditions repaired WITHIN A §192.710 SEGMENT:	0
1. "Immediate repair conditions" [192.714(d)(1)]	0
2. "Two-Year conditions" [192.714(d)(2)]	0
3. "Monitored conditions" [192.714(d)(3)]	0
e. Total number of conditions repaired WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0
f. Total number of conditions repaired WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT:	0
5. MILEAGE INSPECTED AND ACTIONS TAKEN IN CALENDAR YEAR BASED ON OTHER INSPECTION TECHNIQUES	
a. Total mileage inspected by inspection techniques other than those listed above in calendar year.	0
1.Other Inspection Techniques	
b. Total number of anomalies identified by other inspection techniques and repaired in calendar year based on the operator's criteria, both within an HCA Segment and outside of an HCA Segment.	0
c. Total number of conditions repaired in calendar year WITHIN AN HCA SEGMENT meeting the definition of:	0
1. "Immediate repair conditions" [192.933(d)(1)]	0
2. "One-year conditions" [192.933(d)(2)]	0
3. "Monitored conditions" [192.933(d)(3)]	0
4. Other "Scheduled conditions" [192.933©]	0
d. Total number of conditions repaired WITHIN A §192.710 SEGMENT:	0
1. "Immediate repair conditions" [192.714(d)(1)]	0
2. "Two-Year conditions" [192.714(d)(2)]	0
3. "Monitored conditions" [192.714(d)(3)]	0
e. Total number of conditions repaired WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0
f. Total number of conditions repaired WITHIN A CLASS LOCATION 1 OR 2 AND neither HCA nor §192.710 SEGMENT:	0
6. TOTAL MILEAGE INSPECTED (ALL METHODS) AND ACTIONS TAKEN IN CALENDAR YEAR	
a. Total mileage inspected in calendar year. (Lines 1.e + 3.a + 4.a + 4.1.a + 4.2.a + 5.a)	*0.6*
b. Total number of anomalies repaired in calendar year within an HCA Segment, within a §192.710 Segment, and outside of an HCA or §192.710 Segment. (Lines 2.b + 3.b + 4.b + 4.1.b + 4.2.b + 5.b)	0
c. Total number of conditions repaired in calendar year WITHIN AN HCA SEGMENT. (Lines 2.c + 3.c + 4.c + 4.1.c + 4.2.c + 5.c)	0
d. Total number of actionable anomalies eliminated by pipe replacement in calendar year WITHIN AN HCA SEGMENT:	0
e. Total number of actionable anomalies eliminated by pipe abandonment in calendar year WITHIN AN HCA SEGMENT:	0
f. Total number of conditions repaired in calendar year WITHIN A §192.710 SEGMENT. (Lines 2.d + 3.e + 4.d +4.1.d + 4.2.d + 5.d)	0
g. Total number of actionable anomalies eliminated by pipe replacement in calendar year WITHIN A §192.710 SEGMENT:	0
h. Total number of actionable anomalies eliminated by pipe abandonment in calendar year WITHIN A §192.710 SEGMENT:	0
i. Total number of conditions repaired in calendar year WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT. (Lines 2.e + 3.f + 4.e + 4.1.e + 4.2.e + 5.e)	0
j. Total number of actionable anomalies eliminated by pipe replacement in calendar year WITHIN A CLASS LOCATION 3 OR 4 AND neither HCA nor §192.710 SEGMENT:	0

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-034

REQUEST:

Refer to the Long Testimony, page 10.

a. Mr. Long states that in 2024 the United States House of Representatives considered a bill that would require widespread identification and removal of Aldyl-A pipes. Confirm that the bill Mr. Long refers to did not pass and did not become law. If not confirmed, explain in detail why not.

b. Mr. Long states that PHMSA now requires for operators to identify threats posed by specific material types in their pipeline system, such as Aldyl-A and other PE pipes. Explain in detail whether PHMSA states that these specific pipes must also be replaced, or merely identified.

c. Confirm that even if the Commission denied Duke Kentucky's request to accelerate the replacement of Aldyl-A pipe through the Rider PMM, the Company could still replace the most dangerous/leaking Aldyl-A pipe as identified in its Distribution Integrity Program ("DIMP") and Transmission Integrity Management Program ("TIMP") through normal maintenance operations. If not confirmed, explain in detail why not.

d. Provide copies of Duke Kentucky's most recent DIMP and TIMP.

e. Provide a copy of all the PHMSA rules and mandates that Mr. Long refers to in his direct testimony including but not limited to lines 1 – 6., 12 – 14.

f. Provide a copy of all updated PHMSA rules and mandates regarding Aldyl-A pipes that have been proposed and/or implemented since Duke Kentucky filed its testimony in the pending case.

g. On June 4, 2025, PHMSA published Pipeline Safety: Mandatory Regulatory Reviews to Unleash American Energy and Improve Government Efficiency.[12] PHMSA is publishing this advance notice of proposed rulemaking to solicit stakeholder feedback on whether to repeal or amend any requirements in the Pipeline Safety Regulations to eliminate undue burdens on the identification, development, and use of domestic energy resources and to improve government efficiency.

   i. Explain whether Duke Kentucky has or plans on filing comments to the June 4, 2025 PHMSA request. If not, explain why not. If so, provide a copy of all filed comments.

   ii. Explain whether a repeal or amendment of any PHMSA regulations can save Duke Kentucky money, and in turn save the customers money. If not, explain why not.

RESPONSE:

a. On 9/7/23, PHMSA published a notice of proposed rulemaking (NPRM) for the Safety of Gas Distribution Pipelines Safety Initiatives (Docket Number PHMSA-2021-0046). To date, this has not become a final rule.

b. The statement above was associated with the NPRM and is not in current code however per CFR 49 Part 192 Subpart P, Gas Distribution Pipeline Integrity

[12] https://www.federalregister.gov/documents/2025/06/04/2025-10090/pipeline-safety-mandatory-regulatory-reviews-to-unleash-american-energy-and-improve-government.

Management (IM), Duke Energy Kentucky is to identify threats and evaluate the risks associated with the distribution system and identify and implement measures to address risks. Such measures can include pipe replacement programs to mitigate risks.

c. Should the request to accelerate the replacement of Aldyl-A pipe through the Rider PMM be denied, Duke Kentucky would continue to monitor the leak activity on Aldyl-A pipe in its system via its Distribution Integrity Management Program (DIMP) and approve capital projects on an as-needed (lagging) basis vs. the proposed proactive replacement program.

d. Please see STAFF-DR-02-009 Attachment and STAFF-DR-02-010 Attachment.

e. Please see STAFF-DR-02-019 Attachments 1 through 5.

f. No additional documents regarding Aldyl-A pipes have been proposed or issued since the filing of my testimony.

g.

i. Duke Energy Kentucky does not plan to file company specific comments to the June 4, 2025, PHMSA request, because Duke Energy Kentucky provides input to joint industry comments developed by the American Gas Association (AGA). Joint industry comments (AGA & American Public Gas Association) were posted to Docket DOT-OST-2025-0026 on 5/5/2025. The AGA is reviewing and may provide similar industry insights in response to the advance notice by August 4th.

ii. The potential financial impact of this Notice Of Proposed Rulemaking has not been assessed.

PERSON RESPONSIBLE: Adam Long

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-035

REQUEST:

Refer to the Philemon Testimony, pages 10 – 11. Ms. Philemon states that nearly $3.8 million in assistance funds were received for Duke Kentucky customers since 2023.

a. Provide all of the low-income utility assistance agencies that Duke Kentucky received funds from for each of the years 2023, 2024, and 2025.

b. Provie the monetary amount of low-income utility assistance funds that Duke Kentucky received from agencies for each of the years 2023, 2024, and 2025.

RESPONSE:

a. Duke Energy Kentucky received funds from the following 37 utility assistance agencies in 2023 – 2025 YTD.

- Brighton Center
- Cincinnati VA
- Community Action Council Lexington, KY
- Covington Independent Public Schools
- Easterseals Redwood
- Faith Church Inc.
- Free Store Food Bank
- Hamilton Co WLFR Job Fmly
- Hebron Lutheran Church
- Holy Spirit Outreach

- United Christian Volunteers
- United Way Greater Cincinnati
- Welcome House

b. Please see below for the monetary amount of customer assistance funds received in 2023, 2024, and 2025 YTD.

Year	Amount
2023	~$2.1M
2024	~$1.7M
2025 YTD	~$1.1M

PERSON RESPONSIBLE: Lindsay B. Philemon

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-036

REQUEST:

Refer to the Philemon Testimony, pages 16 – 19. Ms. Philemon states that the Company currently accepts residential customer payments through check, money order, cash, automated bank drafts, and electronic funds transfer without fees.

a. Provide the monetary amount that Duke Kentucky included in the test year revenue requirement for payment processing fees, with a breakdown between each payment type (e.g. check, money order, cash, automated bank drafts, electronic funds transfer, credit cards, debit cards, etc.).

b. If Duke Kentucky included credit and debit card fees in the revenue requirement then provide the Commission case number and Order that approved these specific fees to be included in rates.

c. Provide all payment processing fees that Duke Kentucky has paid for in the years 2020 – 2025, and provide a breakdown for each type of payment processing fee. (e.g. check, money order, cash, automated bank drafts, electronic funds transfer, credit cards, debit cards, etc.).

d. Identify the type of payments Duke Kentucky accepts from a customer without assessing a fee.

e. Identify the type of payments Duke Kentucky accepts only with a fee assessment.

f. Explain in full detail whether Duke Kentucky requires a convenience fee to be added to all credit card/debit card transactions in order for other customers to not

subsidize the credit card/debit card payments. If not, explain in full detail why not.

g. Provide the type of credit cards/debit cards that Duke Kentucky accepts as payment (e.g. Visa, MasterCard, American Express, etc.), the fee that the Company pays to process each type of credit card/debit card, and the associated fee to the customer.

h. Provide all other forms of payment that Duke Kentucky accepts from customers to pay the utility bill, the corresponding fees that the Company pays to process each payment type, as well as all fees assessed to the customers for each payment type.

i. Provide a list of all investor-owned utilities in Kentucky, if any, that do not charge a fee to customers who pay the bill using a credit card, and citations to the Commission Order(s) approving of the inclusion of the fees in the revenue requirement.

RESPONSE:

a. The Company can only approximate the monetary amount for processing fees for one-time electronic bank draft payments and Auto Pay payments as discussed in the response to (c) below. The estimated amount of one-time electronic bank draft payments and Auto Pay payment processing fees included in the test year revenue requirement is based on historical trends and would therefore be approximately $18,000 based on those trends.

The Company is also proposing expanding its fee-free payment options as discussed in the Direct Testimony of Lindsay Philemon and in response to (b) below included an additional $237,738 in the forecasted test year.

b. Per the Direct Testimony of Lindsay Philemon, the Company is proposing to expand its fee free payment options for residential customers to include its Card

Payment channel. This channel is utilized by customers to pay with debit, credit, and prepaid cards as well as electronic checks. The fees for Card Payments are included in this proceeding for the Commission's approval. The revenue requirement includes an estimate of these fees per Schedule D-2.26.

c. Currently, two payment types available to customers have associated payment processing fees paid by the Company: one-time electronic bank draft payments and Auto Pay. Both methods require the customer to have a traditional bank account. The one-time electronic bank draft payment processing fee is approximately 10 cents per transaction, and the payment processing fee for Auto Pay is approximately 1.5 cents per transaction.

The approximate total payment processing fees that the Company paid from April 2022 through June 2025 are shown in the table below. In April 2022, the Company deployed its new billing system, and payment data before this is not readily available.

	2022*	2023	2024	2025**	Total
Auto Pay	$1,900	$2,800	$3,200	$1,700	$9,600
ACH One Time Payment	$9,500	$13,900	$15,000	$7,500	$45,900

*April 2022 – December 2022
**January 2025 – June 2025

d. Please refer to the Direct Testimony of Lindsay Philemon, pages 15 - 16, for the Company's current fee-free payment options.

e. Card payments (debit, credit, prepaid cards, and electronic check) and some walk-in payment locations are assessed an incremental payment processing fee by the third party vendor at the time of transaction.

f. For the Company to offer the card payment channel to customers, a payment processing vendor is necessary. A convenience fee is paid directly to the card payment vendor by the customers who utilize the card payment channel. The Company is proposing that the costs for card payments be built into the cost of service, paid for by all customers, and not recovered exclusively from those specific customers who use this payment channel. This aligns with the treatment of payments through check, money order, cash (via some walk-in payment locations), Auto Pay, and one-time electronic bank drafts.

g. The Company's card payment channel is a convenient way for customers to pay their bills utilizing American Express, Discover, Mastercard, and Visa debit cards, credit cards, and prepaid cards, as well as electronic checks. Customers pay a $1.25 convenience fee to Speedpay, a third party vendor, to use this channel. The Company does not pay a processing fee.

h. Refer to the Direct Testimony of Lindsay Philemon, page 15 - 16, which describes the payment methods that are built into the cost of service. The payment types in which the Company pays a processing fee are detailed in the previous response to (c). Additionally, refer to the response to (e) which details the payment methods in which a customer is assessed a payment processing fee at the time of the transaction.

i. Objection. This request is overbroad, unduly burdensome, and seeks information that is not maintained by the Company in its ordinary course of business and moreover, would be publicly available to the Attorney General by examining each and every rate case filed by each Kentucky utility. As such, this request is further

objectionable insofar as it seeks information that is obtainable and accessible to the Attorney General and thus is interpreted as intending to harass and force the Company to engage in unnecessary and unreasonable busy work. Without waiving said objection, the Company has not performed this analysis.

PERSON RESPONSIBLE: As to objections, Legal
As to response, Lindsay B. Philemon

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-037

REQUEST:

Refer to the Philemon Testimony, pages 17 – 18.

a. Provide a list of all fee-free payment locations that are available to Duke Kentucky's customers to walk in a pay their natural gas bills since Duke Kentucky does not have an office in Kentucky for customers to do so. Ensure to include the fee that Duke Kentucky pays, if any, in order to provide the fee-free payment locations.

b. Provide a list of all payment locations in which Duke Kentucky customers must pay a fee to pay their natural gas bills, as well as the corresponding fee that both Duke Kentucky and the customers must pay.

c. Explain in detail whether the aforementioned payment locations (fee-free or fee payment locations) have access to the customers' accounts, and know the amount of the bill that needs to be paid, and by what date the bill is required to be paid. If not, explain what information the payment locations have concerning Duke Kentucky customer accounts.

RESPONSE:

a. Please see AG-DR-01-037 Attachment for a list of fee-free Kroger payment locations. The Company does not pay a fee to the agent network for collection of payments as these costs are absorbed as part of the overall network model.

b. Please see AG-DR-01-037 Attachment for a list of authorized payment locations in Kentucky. As of July 8th, 2025, there are currently thirty-nine authorized payment locations in the Northern Kentucky area where customers must pay a $2.00 fee per transaction. The Company does not pay a fee to the agent network for collection of payments as these costs are absorbed as part of the overall network model.

c. Customers must provide the bill stub with their account information in order to process a payment. This provides the agent information such as the amount due on the bill and the payment due date.

AG-DR-01-038

REQUEST:

Refer to the Direct Testimony of Bruce L. Sailers ("Sailers Testimony"), Attachment BLS-1, and the Application, Volume 1, Tab 12, Customer Notice.

a. Based upon the proposed rate increase, Duke Kentucky states in the customer notice that the residential customer using an average of 51 Ccf will have a $14.28, or 16.8% increase, in the monthly bill. Provide the current total bill for the average residential customer before the rate increase and the proposed total bill after the rate increase.

b. Provide what the total bill was for the average residential customer before and after the rate increase from Case No. 2021-00190.[13]

c. Provide what the total bill was for the average residential customer before and after the rate increase from Case No. 2018-00261.[14]

RESPONSE:

a. Please see STAFF-DR-01-054 Attachment – Sch M-N – Test Period, Excel tab AVG INCR. The Rate RS total current bill including riders is $84.92. The total proposed bill is $99.20.

[13] Case No. 2021-00190, *Electronic Application of Duke Energy Kentucky, Inc. for 1) An Adjustment of the Natural Gas Rates; 2) Approval of New Tariff; and 3) All Other Required Approvals, Waivers, and Relief* (Ky. PSC Dec. 28, 2021).
[14] Case No. 2018-00261, *Electronic Application of Duke Energy Kentucky, Inc. for Authority to 1) Adjust Natural Gas Rates; 2) Approval of a Decoupling Mechanism 3) Approval of New Tariffs 4) and for All Other Required Approvals, Waivers, and Relief* (Ky. PSC Mar. 27, 2019).

b. In Case No. 2021-00190, the average Rate RS customer usage was 57 CCF per month. Using the Schedule M inputs including riders in Case No. 2021-00190 and the Commission's ordered rates, the Rate RS total bill for the average Rate RS customer before and after the final Commission order are $69.31 and $73.47, respectively.

c. In Case No. 2018-00261, the average Rate RS customer usage was 53 CCF per month. Using the Schedule M inputs including riders in Case No. 2018-00261 and the Commission's ordered rates, the Rate RS total bill for the average Rate RS customer before and after the final Commission order are $58.80 and $62.65, respectively.

PERSON RESPONSIBLE: Bruce L. Sailers

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-039

REQUEST:

Refer to the Sailers Testimony, page 10. Mr. Sailers states that the COSS indicates that a monthly customer charge of $32.56 is supported for the residential class. Duke Kentucky further asserts that it is proposing to increase the monthly customer charge from $17.50 to $21 based upon the concept of gradualism.

a. Explain how seeking to increase the monthly residential customer charge from $17.20 to $21.00, which is an increase of approximately 20%, is in line with the principle of gradualism.

b. Provide a list of all natural gas utilities in Kentucky, with the corresponding monthly residential customer charge, residential volumetric charge, average bill, and rank the utilities from lowest to highest average bill. Ensure to include Duke Kentucky's proposed residential customer charge, residential volumetric charge, average bill, and rank based upon its proposed revenue requirement.

RESPONSE:

a. The Company proposes to increase the Rate RS customer charge from $17.50 to $21.00. This represents an increase of $3.50 which is a fraction of the COSS supported increase of $15.06 ($32.56 - $17.50 = $15.06). At this pace and assuming the COSS supported value does not change over time, the Company would not implement a customer charge equal to the COSS supported customer charge until filing and receiving Commission approval in four additional rate cases after the

current case. The proposed increase is gradual and only represents a 4% increase ($3.50 / $84.92) in the current average Rate RS customer bill.

b. Objection. This request is overly broad and unduly burdensome and seeks information that is publicly available and accessible to the Attorney General. As such, the Company interprets this request as harassing in nature. Notwithstanding this objection, the Company provides the following table of Kentucky natural gas utility customer charges.

Company	Natural Gas Customer Charge
Delta Natural Gas	$29.95
Columbia Gas of Kentucky	$21.25
Duke Energy Kentucky (Proposed)	$21.00
Louisville Gas & Electric*	$19.50
Atmos Energy Corporation	$19.30
Duke Energy Kentucky (Current)	$17.50

*Note: LG&E customer charge is $0.65 per day. A monthly value is calculated by multiplying by 30 days.

AG-DR-01-040

REQUEST:

Refer to the Sailers Testimony, page 13, lines 6 – 18. Expound upon each of the four proposed service charges by providing additional details and the reasons behind the proposed changes.

RESPONSE:

The proposed change in the charge for reconnection for items (1) through (3) is directly related to the new calculation for the cost of a reconnection. See Confidential Attachment BLS-3 from my testimony, as well as the response to STAFF-DR-02-008.

Related to item (4), see the response to STAFF-DR-02-005.

AG-DR-01-041

REQUEST:

Refer to the Application generally. Identify fully any and all organizations to which Duke Kentucky pays dues and/or membership fees of any type or sort (hereinafter referred to as "Dues Requiring Organizations"), including but not limited to the American Gas Association ("AGA"), Edison Electric Institute, and Electric Power Research Institute, which engage in any one or more of the following activities (hereinafter "covered activities"):

i. legislative advocacy, regulatory advocacy, and/or public relations;
ii. advertising;
iii. marketing;
iv. legislative policy research; and/or,
v. regulatory policy research.

a. If so confirmed with regard to any one or more of these organizations, identify that organization and provide the amount of Duke Kentucky dues which that organization applies to covered activities, both in dollar terms and percentages of total dues.

b. Explain whether all or any portion of said dues are excluded in Schedule D-2.23, and if so identify fully the precise line in which the dues are excluded in that Schedule, together with the amount(s) thereof.

RESPONSE:

a. See Schedule F-1 for the dues and/or membership fees included in the base period and unadjusted test period. As noted in response to item b below, none of these dues and membership fees are included in the forecasted test period. The organizations are listed for the actual months. Projected months are not budgeted at that detail.

b. All of these dues are included on the D-2.23 for exclusion from the revenue requirement. The total dues on Schedule F-1 of $23,988 in the unadjusted forecasted test period are included on WPD-2.23a on line 64.

AG-DR-01-042

REQUEST:

Refer to the Application generally. Explain whether Duke Kentucky pays any dues or membership fees to law firms or trade groups which maintain an affiliate engaged in any of the covered activities identified in the preceding question.

a. If so, identify fully the law firm or trade group by name, the name of the affiliate engaged in any such activities, and the amounts Duke Kentucky paid to the law firm, trade group, or affiliate thereof for those activities.

b. Explain whether Duke Kentucky is seeking recovery from ratepayers for any such sums identified in subpart (a) of this question.

RESPONSE:

See response to AG-DR-01-041. As explained in response to AG-DR-01-041, the amounts are eliminated on Schedule D-2.23 and therefore the Company is not seeking recovery from rate payers for these items.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-043

REQUEST:

Refer to the Application generally. If any affiliate of Duke Kentucky pays dues to one or more Dues Requiring Organizations, and a jurisdictional portion of those dues are charged back to Duke Kentucky, explain whether the dues are being recovered in rates, the amounts thereof, and precisely where they can be found in the Application.

RESPONSE:

See response to AG-DR-01-041. No dues are being recovered in rates.

PERSON RESPONSIBLE: Jefferson "Jay" P. Brown

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-044

REQUEST:

Refer to the Application generally. For all expenses associated in any manner with any Dues Requiring Organization and for which the Company seeks reimbursement from ratepayers:

a. Provide a complete copy of all invoices received from each such Dues Requiring Organization since the conclusion of the Company's last natural gas rate case.

b. Provide any and all documents in the Company's possession that depict how each such Dues Requiring Organization spends the dues it collects from the Company, including the percentage that applies to all covered activities.

c. Provide a detailed description of the services and benefits each Dues Requiring Organization provided to the Company since the conclusion of its most recent natural gas rate case. Of these services and benefits, identify which ones accrue directly to ratepayers, and explain fully how.

d. Explain whether Duke Kentucky included in operating expenses any amounts for: (i) AGA Media Communications, and/or (ii) any similar division of any other Dues Requiring Organization. If so, state the amount, indicate in which account this has been recorded, and provide a citation to any and all Commission Orders or other authority upon which the Company is relying for the inclusion of such expense in the test period.

e. State whether the Company is aware whether any portion of the dues it pays to any

Dues Requiring Organization are utilized to pay for any of the following expenditures, and if so, provide complete details:

i. Influencing federal or Kentucky legislation;

ii. Any media advertising campaigns backing the Company's or the Dues Requiring Organization's position(s) on net metering;

iii. Documents associated with EEI programs "We Stand For Energy," or "Defend My Dividend," public relations, advocacy efforts or other covered activities;

iv. Contributions from AGA, EEI, EPRI, or other Dues Requiring Organizations to third-party organizations and contractors including any of the expenditures identified in this question and its subparts.

f. Provide AGA's most recent IRS Form 990.

g. Provide the EEI's most recent IRS Form 990.

h. Explain whether the Company's EEI dues contribute to the salary, benefits, and expenses of the EEI Executive Vice President for Public Policy and External Affairs, or any other EEI officer or employee who has led an effort EEI undertook to rebrand the utility industry.

i. Explain whether any Company personnel actively participate on committees and/or perform any other work for any Dues Requiring Organizations or any other industry organization to which the Company belongs, including but not limited to AGA or EEI. If so:

i. State specifically which employees participate, how they are compensated for their time (amount and source of compensation), and the purpose and

accomplishments of any such association related work; and,

ii. List any and all reimbursements received from industry associations, for work performed for such organizations by the Company's employees.

RESPONSE:

N/A. The Company is not seeking reimbursement from ratepayers for any dues. See response to AG-DR-01-041 and AG-DR-01-043.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-046

REQUEST:

Provide a trial balance for DEBS at December 31, 2022, December 31, 2023, December 31, 2024, and the most recent month for which the accounting books have been closed in 2025. In addition, provide a chart of accounts and subaccounts and the related descriptions that matches the accounts used in the trial balance.

RESPONSE:

Please see AG-DR-01-046 Attachment.

PERSON RESPONSIBLE: Linda L. Miller

Duke Energy Business Services

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-047

REQUEST:

Refer to the Direct Testimony of Sarah Lawler ("Lawler Testimony"), pages 3 – 4, wherein she presents the increases since the 2021 Rate Case in gross plant of approximately $153 million, rate base of approximately $87 million, return on rate base of approximately $19 million, and depreciation and property taxes of approximately $9 million. Provide the calculations showing the increases of each between cases in electronic format with all formulas in place.

RESPONSE:

Please see AG-DR-01-047 Attachment.

PERSON RESPONSIBLE: Jefferson "Jay" P. Brown

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-049

REQUEST:

Refer to the Dane Testimony and exhibit attachments regarding the lead/lag study he performed. Explain all reasons why the study was based on older 2023 data as opposed to more current data, such as calendar year 2024 data.

RESPONSE:

Please see response to STAFF-DR-02-027.

PERSON RESPONSIBLE: Daniel S. Dane

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-050

REQUEST:

Provide a copy of each of Duke Energy's most recent Cash Working Capital ("CWC") studies from each of its jurisdictions that use the lead/lag study approach. If a lead/lag study was not performed for some or all its jurisdictions, so state and explain why not.

RESPONSE:

Objection. This request is overbroad and seeks information that is beyond the scope of this proceeding, otherwise irrelevant, and does not seek information that is likely to lead to the discovery of relevant or admissible evidence. Moreover, this request is harassing in nature as the information requested is publicly available and accessible to the Attorney General. Without waiving said objection, and to the extent discoverable:

- Please see Duke Energy Kentucky, Inc., Docket 2024-00354, Direct Testimony of Michael J. Adams, beginning at page 51, available at:

https://starw1.ncuc.gov/NCUC/ViewFile.aspx?Id=b72416b2-dba1-4371-a21f-b84da0bc3d87

- Piedmont Natural Gas Company, Inc. performed a lead/lag study in a South Carolina Rate Stabilization proceeding, Docket 2022-89-G. There was not a requirement for the study or direct testimony supporting the study to be filed. The docket is available at:

https://dms.psc.sc.gov/Web/Dockets/Detail/118058

- Duke Energy Florida, Duke Energy Indiana, and Duke Energy Ohio have not used the lead/lag study approach in any proceeding.

PERSON RESPONSIBLE: As to objection, Legal
As to response, Jefferson (Jay) P. Brown

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-051

REQUEST:

Refer to the Dane Testimony and exhibit attachments, reflecting the calculation of cash working capital using the lead/lag approach.

a. Confirm that Witness Dane's lead/lag study did not include long-term debt interest expense as a cash expense. If confirmed, explain all reasons why long-term debt interest expense was not included.

b. Indicate whether Witness Dane always excludes long-term debt interest expense in the lead/lag studies he performs and explain the factors present to either exclude or include such expense.

c. Indicate whether it was Witness Dane or Duke Kentucky that made the decision to exclude long-term debt interest expense from the calculation of cash working capital in this proceeding. If Duke Kentucky, then identify the person(s), along with their position and employer who made the decision for this proceeding.

d. Identify all proceedings (jurisdiction and docket number) in the last ten years in which Witness Dane provided testimony on cash working capital and calculated the expense lag days for long-term debt interest used in the cash working capital calculation and/or included long-term debt interest in the cash working capital calculation.

e. Confirm that long-term debt interest is paid in cash or the digital equivalent.

f. Confirm that long-term debt interest is paid in cash or the digital equivalent on a

lagged basis, e.g., interest expense accrued in month 1 is paid 5 months after the end of month 1; interest expense accrued in month 2 is paid 4 months after the end of month 2; etc., assuming that interest is paid semiannually.

g. Confirm that if long-term debt interest is not included in the cash working capital calculation, then the lagged payment can be captured by subtracting long-term debt interest payable from rate base. Explain your response.

h. Confirm that the Company pays cash dividends to its shareholder. If confirmed, provide a five-year history of such dividends showing the earnings for the preceding quarter, the date and amount of the dividends declared in the current quarter, and the date and amount of the dividends paid in the current or following quarter. In addition, provide a copy of the Company's dividend policy (Duke Kentucky dividends to either Duke Ohio or Duke Energy).

i. Indicate if Witness Dane has ever recommended including the equity return or the dividend component of the equity return in the cash working capital calculation. If so, identify all proceedings (jurisdiction and docket number) in which he made such a recommendation and explain why he did not make a similar recommendation in this proceeding.

RESPONSE:

a. Confirmed. Mr. Dane followed the "O&M only" approach to lead-lag studies that excludes non-cash items such as depreciation and deferred taxes, as well as operating income (including offsets for interest on long-term debt and dividends), which is also known as the "cash method" This method is accepted in the industry -(see, e.g., Texas Substantive Rules §25.231(c)(2)(B)(iii)(IV) (-a-), which state

"[t]he lead-lag study will use the cash method; all non-cash items, including but not limited to depreciation, amortization, deferred taxes, prepaid items, and return (including interest on long-term debt and dividends on preferred stock), will not be considered.").

b. Mr. Dane excludes interest on long term debt in his lead-lag study calculations where the study follows the "O&M only" or "cash method" approach. In Connecticut, which has historically included other income statement items such as depreciation, deferred taxes, and operating income (including consideration of interest expense) in lead-lag studies, Mr. Dane has included interest expense.

c. Mr. Dane made the decision to exclude interest on long-term debt from the calculation of cash working capital in this proceeding.

d. As described in the response to part (b), Connecticut has historically included other income statement items such as depreciation, deferred taxes, and operating income (including consideration of interest expense) in lead-lag studies. Below is a listing of Mr. Dane's lead-lag studies filed before the Connecticut Public Utilities Regulatory Authority.

JURISDICTION	SPONSOR	DATE	CASE/APPLICANT	DOCKET /CASE NO.
Connecticut Public Utilities Regulatory Authority	The United Illuminating Company	07/16	The United Illuminating Company	Docket No. 16-06-04
Connecticut Public Utilities Regulatory Authority	The Southern Connecticut Gas Company	06/17	The Southern Connecticut Gas Company	Docket No. 17-05-42
Connecticut Public Utilities Regulatory Authority	Connecticut Natural Gas Corporation	06/18	Connecticut Natural Gas Corporation	Docket No. 18-05-16

e. Confirmed.

f. Confirmed.

g. Not confirmed, for two reasons. First, Mr. Dane disagrees with the selective inclusion of interest expense in the determination of a cash working capital requirement. Second, the approach suggested in the question would involve the mixing and matching of different approaches to the determination of cash working capital, and result in an incorrect and internally inconsistent cash working capital model.

h. Not confirmed. Refer to FR Section 12(2)(h) filed in this proceeding for a schedule of dividends paid by the Company during the last five years. In September 2024, Duke Energy Kentucky sent back $140 million to Duke Energy Ohio. That represented a partial return of an equity infusion from Duke Energy Ohio to support the Duke Energy Kentucky credit rating after Moody's placed Duke Energy Kentucky on a negative outlook. Once the negative outlook was removed the Company reassessed the capital structure position and returned cash to Duke Energy Ohio. Duke Energy Kentucky earnings by quarter are available at: https://www.duke-energy.com/Investor-Relations/Kentucky-Duke-Energy-Financial-Statements

The Company does not have a formal dividend policy. Duke Energy Kentucky dividends are driven by its equity funding requirements to maintain an appropriate capital structure. Duke Energy Kentucky satisfies equity funding requirements either through reductions in the dividends the utility pays to its parent, or through the receipt of equity contributions from the parent. As stated in witness

Heath's direct testimony (page 20 line 20 through page 21 line 1), Duke Energy Corporation has dividend obligations to its shareholders. Duke Energy's operating subsidiaries, including Duke Energy Kentucky, are expected to distribute approximately 65 percent of their earnings over the long run in support of these obligations.

The Company has a target capital structure based on regulatory approval and rating agency guidelines for Duke Energy Kentucky's current credit ratings. Duke Energy Kentucky manages its capital structure within a reasonable range around its targeted regulatory capital structures. The actual equity component of the capital structure at any point in time may be higher, or lower, depending on capital expenditures, operating cash flows or dividend fluctuations, but over time the target capital structure is expected to be achieved.

It is very important to recognize, though, that the capital structure on Duke Energy Kentucky's balance sheet may not be equal to the capital structure assessed by Moody's. In their assessment of the Company's credit quality, the agency makes standard adjustments to the Company's debt balances when calculating capital structure for credit ratings analysis purposes. Moody's will add debt to the Company's reported debt balances to account for items that they consider to be "debt equivalents." Examples include the present value of certain operating lease payments and underfunded pension liabilities.

The result of these adjustments is that the Company may have more leverage than the reported financial statements would imply, when being evaluated for credit ratings purposes. Therefore, it is prudent to be well-positioned within the

ratings criteria ranges prior to adjustments to ensure credit quality after the adjustments are made by the agencies.

This target capital structure also provides the capacity to tolerate the volatility of different business cycles while also providing an appropriate cushion to the Companies' creditors. A strong capital structure and an adequate return on equity provide the balance sheet protection and cash flow generation to support high credit quality, which in turn creates financial flexibility, greater access to the capital markets, and ultimately lower overall financing costs.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-052

REQUEST:

Refer to Witness Dane's Attachment DSD-2, page 122 of 432 that is depicted as Work Paper A-2 – Accounts Receivable Aging/Collection Lag, which calculates collection lag days to be 34.0 days. Refer also to a similar collection lag day calculation performed by Duke Witness Michael J. Adams for Duke Kentucky (Electric) in Case No. 2024-00354 on Attachment MJA-2 at page 173 of 317 that calculates collection lag days to be 26.66 days.

a. Provide all source data used to depict the data included for the collection lag day calculation for Attachment DSD-2.

b. Confirm that the Company is unable to separate the receivables balances between gas and electric balances, both for 2023 balances and through the current month. If not confirmed, explain why not.

c. Confirm that the total receivables balance for all months in 2023 in column (H) of Attachment MJA-2 at page 173 of $535,569,570.72 divided by 12 months equals the total Average per Aging Bucket in column (D) of Attachment DSD-2 at page 122, indicating that both sets of data represent the 2023 aging categories by month for the combination of the electric and gas receivables balances. If not confirmed, explain why not.

d. Explain all reasons why the collection lag days calculated on the same 2023 receivables data is 34.0 days in the Attachment DSD-2 and was only 26.66 days in Attachment MJA-2, and explain why the aging buckets do not align in the two

calculations.

e. Refer to the previous subpart question. Indicate which version of the calculation is the correct one and explain all reasons why.

f. If it is deemed that the Attachment DSD-2 is the most correct calculation for the collection lag days applicable to the 2023 receivables data, provide a similar calculation applicable to all the months only in 2024. In addition, provide all source data used to depict the data included for the collection lag day recalculation applicable to the actual data in 2024.

g. If it is deemed that the Attachment MJA-2 is the most correct calculation for the collection lag days applicable to the 2023 receivables data, provide a similar calculation applicable to all the months only in 2024. In addition, provide all source data used to depict the data included for the collection lag day recalculation applicable to the actual data in 2024.

h. If it is deemed that the Attachment MJA-2 is the most correct calculation for the collection lag days applicable to the 2023 receivables data, provide an updated lead/lag determination of the cash working capital for the pending case.

RESPONSE:

a. Please see AG-DR-01-048 Attachment WP A-2 (Excel file). The source data relied upon for the calculation of the collections lag is provided below line 8, in Excel rows 22:34.

b. Confirmed.

c. Confirmed.

d. The calculation of the collections lag in Attachment DSD-2 WP A-2 presents the

average 2023 monthly accounts receivable balances by "aging bucket," and then applies the midpoint of each aging bucket as the average lag day for those receivables. Aging begins when bills are issued, such that the "current" bucket reflects bills that have been outstanding 0-30 days. The calculation of the collections lag on Attachment MJA-2 at page 173 is different because it appears to conservatively assume aging begins on the day a bill becomes past due rather than on the day the bill is issued. Specifically, Attachment MJA-2 at page 173 combines the current (i.e., 0-30 days since billed) and 0-30 days past due into one "bucket" (denoted as the "Current (0 - 30)" bucket on Attachment MJA-2 at page 173) and assigns the bucket a 15-day aging. Subsequent buckets similarly assume aging began at the past due date rather than the billed date, such as that each bucket is conservatively shortened by 30 days.

e. Please see the response to part (d) above. Mr. Dane's analysis is correct because it reflects the timing between when bills are issued and the midpoint of the aging bucket. The analysis in Attachment MJA-2 at page 173 conservatively omits the first 30 days of aging for receivables that are aged 31 days or more.

f. Please see AG-DR-01-052 Attachment which is an extracted copy of DSD-2 WP A-2, updated for 2024. The source data used to calculate the 2024 collections lag is shown in Excel rows 36:44.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-054

REQUEST:

For each of the Duke Kentucky long-term debt issues included in the Company's filing, indicate the frequency of interest payments required (e.g. annual, semi-annual, quarterly, monthly).

RESPONSE:

All debt issuances in the filling except for the issuances below have semi-annual interest payments.

a. $26,720,000 Series 2010 - monthly interest payment
b. $25,000,000 Money Pool Borrowings classified as Long-Term Debt Payable to Affiliated Companies - daily interest payment.

PERSON RESPONSIBLE: Thomas J. Heath, Jr.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-055

REQUEST:

Refer to Duke Kentucky's response to AG-DR-01-056 in Duke Kentucky's Electric Case No. 2024-00354, wherein Company witness Michael J. Adams, computed the interest expense lead of 84.0 days associated with the payment of long-term debt interest expense. Provide in similar format a calculation of the long-term debt interest expense lead days applicable to the Company's request in this proceeding.

RESPONSE:

Not applicable. As described in the response to AG-DR-01-051, part (a), there is no interest on long-term debt lead days applicable to the Company's request in this proceeding.

PERSON RESPONSIBLE: Daniel S. Dane

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-056

REQUEST:

Provide a schedule showing the beginning balance of the uncollectible accounts reserve, bad debt expense accruals, direct gross charge-offs, bad debt recoveries (recapture), and ending balance uncollectible accounts reserve for each month during the years 2022 through 2024 and each month in 2025 with available information applicable to the gas division.

RESPONSE:

Please see AG-DR-01-056 Attachment.

PERSON RESPONSIBLE: Linda L. Miller

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-057

REQUEST:

For each reserve balance sheet reserve account other than the uncollectible accounts reserve, provide the beginning balance, expense accruals, charge-offs, and ending balance for each month during the years 2022 through 2024 and each month in 2025 with available information applicable to the gas division.

RESPONSE:

Please see AG-DR-01-057 Attachment.

PERSON RESPONSIBLE: Linda L. Miller

Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-058

REQUEST:

Provide a schedule of the amortization expense and remaining balance associated with each regulatory asset and regulatory liability for each month for the years 2022 through 2024, and for each actual and projected for 2025 and continuing through the end of the test year. In addition, provide the amortization period and the Case No. in which the Commission approved the recovery and the amortization period, if any.

RESPONSE:

Please see AG-DR-01-058 Attachment.

PERSON RESPONSIBLE: Linda L. Miller

Note 1

January 2026 amortization is being proposed in the current DEK Gas rate case.

75088 - 0186115

Duke Energy Kentucky Gas Rate Case Expense Amortization
DEK Case No. 2021-00190

Authorized Amount to Recover: **224,696.00**
Amortization Time Period: **60** months
See 'Rate Case Order Support' tab for details on amortization period approved by Kentucky PSC.

Note 1
May 2025's account balance is currently overstated by ($526.98) and will be corrected by July 31, 2025.

Note 2
January 2026 amortization is being proposed in the current DEK Gas rate case.

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-059

REQUEST:

Confirm the Company records accumulated net salvage in account 108 accumulated depreciation for Federal Energy Regulatory Commission ("FERC") Uniform System of Accounts ("USOA") purposes, but reclassifies and reports it as a regulatory liability for Generally Accepted Accounting Principles ("GAAP") accounting and reporting purposes. If this is not correct, then provide a corrected statement.

RESPONSE:

The Company confirms.

PERSON RESPONSIBLE: Sharif S. Mitchell

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-060

REQUEST:

Provide the regulatory liabilities for interim net salvage for all gas plant assets at December 31, 2022, and each month thereafter for which actual information is available. Also provide the related asset Accumulated Deferred Income Taxes ("ADIT") at December 31, 2022, and each month thereafter for which actual information is available.

RESPONSE:

Please see AG-DR-01-060 Attachment for the Regulatory Liability and Accumulated Deferred Income Taxes (ADIT) from December 31, 2022 through May 31, 2025.

PERSON RESPONSIBLE: Sharif S. Mitchell
John R. Panizza

Note: Below is the total Cost of Removal (COR) Regulatory Liability for Duke Energy Kentucky Gas.

Year	Month	End Balance	Effective Tax Rate	ADIT (DTA)
2022	Dec	17,247,660	24.925%	4,298,996

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-061

REQUEST:

Confirm that the regulatory liabilities for interim net salvage represent an estimate of the liability for future net removal costs that have not yet been incurred. If not confirmed, explain why not.

RESPONSE:

The Company confirms.

PERSON RESPONSIBLE: Sharif S. Mitchell

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-062

REQUEST:

Confirm that actual net removal costs are debited to accumulated depreciation when the costs are incurred for FERC USOA purposes and debited to the cost of removal regulatory liabilities when the costs are incurred for GAAP accounting and reporting purposes. If not confirmed, explain why not.

RESPONSE:

The Company confirms.

PERSON RESPONSIBLE: Sharif S. Mitchell

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-063

REQUEST:

Confirm that estimated net removal costs are not deductible for income tax purposes even when the estimated costs are included in the depreciation rates and in depreciation expense for book accounting and ratemaking purposes. Confirm that this temporary difference results in the asset cost of removal ADIT. If not confirmed, explain why not.

RESPONSE:

Estimated Cost of Removal included in book depreciation is not deducted for income tax purposes which does create the temporary timing difference included in ADIT.

PERSON RESPONSIBLE: John R. Panizza

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-064

REQUEST:

Explain why the Company should collect estimated future removal costs for gas plant assets before the actual removal costs are incurred, especially when the gas plant transmission and distribution assets are not life span assets and when it imposes a cost on customers if the asset cost of removal ADIT is included in rate base.

RESPONSE:

The fundamental premise of utility depreciation is to match recovery of assets with their use. Removal costs, which are incurred in the future at the time of retirement, are part of the cost to be recovered through depreciation. These future removal costs must be estimated so that a pattern of recovery can be established and implemented as the assets are used. The concept of depreciation is explained as recovery of the full-service value of an asset where the full-service value is not only the original cost but the net salvage to be incurred at the time of retirement. These amounts should be recovered systematically and rationally over the life of the asset.

PERSON RESPONSIBLE: Sharif S. Mitchell

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-065

REQUEST:

Indicate whether Duke Kentucky has ever proposed and/or the Commission has ever adopted an adjustment to the test year base revenues for the Company, such as annualization of base revenues for customer growth through the end of a historic test year with an offsetting adjustment for non-fuel variable Operations and Maintenance ("O&M") expense. If so, identify and provide the relevant cites to the most recent case in which the Commission adopted such an adjustment for non-fuel variable O&M expense.

RESPONSE:

Objection. This request is overly broad and unduly burdensome and further seeks information that is publicly available and otherwise locatable by the Attorney General. Without waiving said objection, and to the extent discoverable, the Company is not aware of any cases where the Commission has authorized such adjustments. Answering further, were a mechanism to be put in place should be symmetrical as to both customer load growth and declines similar to the decoupling mechanism the Company has in other jurisdictions.

PERSON RESPONSIBLE: As to objection, Legal
As to response, Sarah E. Lawler

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-066

REQUEST:

Provide a monthly schedule for January 2021 through December 2026 by FERC gas plant account showing actual plant in service, actual retirements, actual depreciation expense (excluding net salvage), actual net cost of removal expense included in depreciation expense accrual, actual salvage income included in depreciation expense accrual, actual accumulated depreciation (only for depreciation and excluding accumulated net salvage), actual regulatory liability (only for accumulated net salvage separated into accumulated cost of removal and accumulated salvage income if available), actual cost of removal charged against the regulatory liability, and actual salvage income added to the regulatory liability. For those accounts that are both electric and gas, provide an allocation to gas for purposes of this response. Provide this information in electronic spreadsheet format. Identify all costs separately that are recovered through any riders instead of base rates.

RESPONSE:

Please see AG-DR-01-066 Attachment 1 for actual monthly data by FERC gas plant account from January 2021 through February 2025.

For projected monthly data by FERC gas plant account for March 2025 through December 2026, see AG-DR-01-066 Attachment 2.

PERSON RESPONSIBLE: Sharif S. Mitchell – actual data
Claire C. Hudson – forecasted data

Duke Energy Kentucky Gas
Monthly Activity by Plant Account
January 2021 - February 2025

Note A - The activity related to the Life Reserve represents depreciation of the gross cost of the assets over their life, net of expected salvage.

Note B - The activity related to the COR reserve represents amounts accrued over the life of the asset for future costs of removal, net of spend which as been unitized. For GAAP Purposes, the COR reserve is shown as a Regulatory Liability, but is part of Account 108 for FERC. Retirement Work in Process (RWIP) is not included as it is not broken out by FERC account until unitized.

Note C: For purposes of this File, excluding ARO and the Common amounts are shown in total. The current Common allocation factor used to Allocate to Gas is 29.25%

Duke Energy Kentucky
Case No. 2025-00125
AG's First Request for Information
Date Received: July 3, 2025

CONFIDENTIAL AG-DR-01-067
(As to Attachment 2 only)

REQUEST:

Provide Duke Kentucky's capital expenditures for the gas division by year and by detailed category/project from 2022 through 2029 and separated further between amounts recovered/recoverable through base rates and amounts recoverable through the Rider PMM and/or prior cost recovery riders. Provide actual expenditures for years 2022 through 2024 and projected for years 2025 through 2029.

RESPONSE:

CONFIDENTIAL PROPRIETARY TRADE SECRET (As to Attachment 2 only)

Please see AG-DR-01-067 Attachment 1 for actual expenditures for the years 2022 through 2024. See AG-DR-01-067 Confidential Attachment 2 for projected expenditures for the years 2025 through 2029.

PERSON RESPONSIBLE: Sharif S. Mitchell – actual data
Claire C. Hudson – forecast data
