AG's First Request for Information
Date Received: July 3, 2025

AG-DR-01-068

REQUEST:

Provide a copy of the depreciation study in support of the present approved depreciation rates consistent with the depreciation rates authorized in Case No. 2021-00190. In addition, provide the interim net salvage components of the depreciation rates and the underlying workpaper support, including any conceptual and/or other studies used to develop the interim net salvage percentages.

RESPONSE:

Objection. This request seeks information that is publicly available and easily obtainable by the Attorney General. As such, this request is further objectionable insofar as it requires the Company to engage in unnecessary busy work and thus is interpreted as intending to harass. Without waiving said objection, please see the Company's Application in Case No. 2021-00190 filed June 1, 2021, Volume 15, vol. 2 of 3, starting on PDF page 191 for a copy of the depreciation study, available at https://psc.ky.gov/Case/ViewCaseFilings/2021-00190. There are no interim net salvage components as there are no production accounts, and all net salvage is for mass property assets.

PERSON RESPONSIBLE: As to objection, Legal
As to response, John J. Spanos

AG-DR-01-073

REQUEST:

Refer to the electronic model STAFF-DR-01-054_Attachment_KPSC_Gas_SFRs-2025 that Duke Kentucky provided in response to Staff discovery. Refer further to the worksheet tabs BASE PERIOD and FORECASTED PERIOD, which show expenses by FERC subaccount for each month and in total. Refer further to the base period amount of $2,237,797 expensed to account 874000 (Mains And Services) and to the forecast period amount of $2,769,541 expensed to the same account. Refer further to the comparison of expense account balances for account 874 provided in response to Staff-DR-01-001 which shows annual expense amounts of the following:

2022	$1,449,168
2023	$1,147,902
2024	$1,611,521
Base	$2,237,797

a. Explain all known reasons why the expense amount in this account is forecast to increase by 91.1% from 2022 to the forecast year. ($1,449,168 to $2,769,541).

b. Provide the actual monthly expense recorded in this account for each actual month within the base year with available information.

c. Explain all known reasons why the expense amount in this account is forecast to increase by 23.8% from the base year to the forecast year. ($2,237,797 to $2,769,541).

d. Explain all known reasons why the actual expense recorded in this account for the first six months of the base year is only $679,211 and the expense projected in this account for the last six months of the base year is a much higher $1,558,586.

e. Provide a copy of all workpapers relied upon to forecast the expense amount in this account for the last six months of the base year and the test year.

RESPONSE:

a. The primary reason for the increase in the account from 2022 to the forecasted period is due to an increase in leak and locate costs. The locate cost was escalated for an assumed increase in tickets and price. Leak costs were escalated for Kentucky, however upon review, some Ohio leak costs were inadvertently budgeted to Kentucky, amounting to a $297,000 overstatement in Kentucky leak costs which should be removed.

b. See STAFF-DR-01-054 Attachment KPSC Gas SFRs-2025 for amounts recorded in the base year by month for account 0874000 and STAFF-DR-01-003 which will be updated periodically with actuals.

c. See response in part (a) above.

d. In addition to the response in part (a) above, leak and locate costs have not escalated at the rate assumed, leading to lower actual leak and locate costs for the first 6 months of the base year.

e. See response to STAFF-DR-01-055.

REQUEST:

Refer to the electronic model STAFF-DR-01-054_Attachment_KPSC_Gas_SFRs-2025 provided in response to Staff discovery. Refer further to the worksheet tabs BASE PERIOD and FORECASTED PERIOD, which show expenses by FERC subaccount for each month and in total. Refer further to the base period amount of $2,107,337 expensed to account 880000 (Gas Distribution other Expense) and to the forecast period amount of $2,491,980 expensed to the same account. Refer further to the comparison of expense account balances for account 880 provided in response to Staff-DR-01-001 which shows annual expense amounts of the following:

2022	$1,549,332
2023	$1,903,858
2024	$1,379,989
Base	$2,107,337

a. Explain all known reasons why the expense amount in this account is forecast to increase by 60.8% from 2022 to the forecast year. ($1,549,332 to $2,491,980).

b. Provide the actual monthly expense recorded in this account for each actual month within the base year with available information.

c. Explain all known reasons why the expense amount in this account is forecast to increase by 18.3% from the base year to the forecast year. ($2,107,337 to $2,491,980).

d. Explain all known reasons why the actual expense recorded in this account for the first six months of the base year is only $848,234 and the expense projected in this account for the last six months of the base year is a much higher $1,259,103.

e. Provide a copy of all workpapers relied upon to forecast the expense amount in this account for the last six months of the base year and the test year.

RESPONSE:

a. Account 880 increased between 2022 and the forecasted period for the following reasons: approximately $500,000 of the increase is due to Overtime and Fleet charges that are budgeted to account 880, but actuals are recorded elsewhere on the ledger. The remaining increase is primarily driven by increased costs for outside services such as contract labor.

b. See STAFF-DR-01-054 Attachment KPSC Gas SFRs-2025 for amounts recorded in the base year by month for account 880000.

c. Approximately $264,000 of the increase is due to Fleet and Overtime being budgeted in account 880, while the results are booked in actuals elsewhere. Approximately $60,000 of the increase is due to increased labor (internal and external). The remaining amount of the total increase between the base and forecast period is due to activity booked to account 880 in the base period for one time adjustments made for CIAC (Contribution in Aid of Construction) that would not carry into a forecasted period and therefore were excluded.

d. A portion of the charges for Fleet and Overtime budgeted to account 880 are recorded elsewhere on the ledger in the actuals period, therefore driving a greater variance when comparing an actuals period to forecasted periods.

e. See response to STAFF-DR-01-055.

Date Received: July 3, 2025

AG-DR-01-077

REQUEST:

Provide a schedule showing the local franchise fee rider revenue and the local franchise fee expense for each month in the base period and the test year. If the revenue and expense amounts are not equivalent in the test year, please explain why they are not and provide a reconciliation of the two amounts for each month during the test year.

RESPONSE:

Please see AG-DR-01-077 Attachment. When customer bills are generated, the associated franchise fee is booked to Account 241348 (Franchise Fee Payable). This is a balance sheet account. On a monthly basis the franchise fees are remitted to the different localities. At time of payment, Account 241348 is reduced by the amount of the payment. The differences in September 2024, March 2025 and May 2025 are related to prior period billing adjustments that do not currently have applicable franchise fees, which are remedied in subsequent periods. The franchise fee is a collect and remit item and is not captured in the forecast and is therefore represented as zero in forecast/future periods.

REQUEST:

Refer to Schedule G-1 which provides the labor, incentives, employee benefits, and payroll tax expenses for the base period and the test period.

a. In the same format, provide the amount of each of the listed expenses for each of the calendar years 2021 through 2024 and thus far in 2025.

b. Explain all reasons why the incentives expense increases from the base year to the forecast year by $258,397, or 32.2%, before proformas to remove certain expenses.

c. Explain all reasons why the employee benefits expenses increase from the base year to the forecast year by $637,621, or 42.2%.

d. Explain all reasons why the payroll tax expenses increase from the base year to the forecast year by $198,637, or 58.1%, especially since the labor expenses only increase by 3.9% applicable to the same periods.

e. Provide a breakdown of employee benefits expenses by type for each of the calendar years actual 2021 through 2024, budget for 2025, actual for all months available in 2025 and budget for the remaining months, the base year, and the forecast year.

RESPONSE:

a. See AG-DR-01-083 Attachment 1.

b. The increase in incentives expense in the forecast year is attributable to all twelve months of the forecast year reflecting payout at 100% of targeted payout, whereas

the base year includes four months of actuals (9/1/24-12/31/24) reflecting a payout at less than 100% payout (~77%).

c. The increase in employee benefits expenses from the base year to the forecast year is primarily driven by rising medical costs due to inflation, along with higher 401(k) expenses resulting from merit increases and growth in the Employer Retirement Contribution headcount, that is not eligible for pension benefits.

d. In Schedule G-1, only Allocated Taxes in account 408960 were included in the Payroll Taxes for the base period; however, we should have included all related payroll tax accounts (0408xxx) totaling $515,534 versus the $341,711 reflected on the G-1. The Payroll Tax for the forecast period shown on Schedule G-1 is correct since only dollars were budgeted to 408960. As such, the increase in the Payroll Tax expense from the base period to the forecast period is 4.8%.

e. See AG-DR-01-083 Attachment 2.

DUKE ENERGY CORPORATION AND CONSENTING MEMBERS OF ITS CONSOLIDATED GROUP

FIFTH AMENDED AGREEMENT FOR FILING CONSOLIDATED INCOME TAX RETURNS AND FOR ALLOCATION OF CONSOLIDATED INCOME TAX

Duke Energy Corporation, a Delaware corporation ("Duke Energy"), and its Members hereby agree as of December 31, 2024 to join annually in the filing of a consolidated Federal income tax return and to allocate the consolidated Federal income tax liabilities and benefits among the Members of the Consolidated Group in accordance with the provisions of this Agreement ("Agreement"). This Fifth Amended Agreement supersedes and replaces in its entirety the Fourth Amended Agreement for Filing Consolidated Income Tax Returns and for Allocation of Consolidated Income Tax dated January 1, 2016.

1. DEFINITIONS

"Affiliate" means a corporation, or a company that is treated as a corporation or a company wholly owned by an entity treated as a corporation that is disregarded for purposes of U.S. federal income taxation, other than the common parent which is a Member of the Affiliated Group.

"Affiliated Group" means a group of corporations, or companies that are treated as corporations or disregarded for purposes of U.S. federal income taxation, as defined in Internal Revenue Code[1] section 1504 and the regulations enacted thereunder.

"Consolidated Group" means a group filing (or required to file) consolidated returns for the tax year.

"Consolidated tax" is the aggregate current Federal income tax liability for the Consolidated Group for a tax year shown on the consolidated Federal income tax return, including any adjustments thereto, or as described in section 5 hereof.

"Corporate taxable income" is the positive taxable income of an Affiliate for a tax year, computed as though such company had filed a separate return on the same basis as used in the consolidated return, except that dividend income from Affiliates shall be disregarded, and other intercompany transactions, eliminated in consolidation, shall be given appropriate effect.

[1] All references to the "Internal Revenue Code" or "IRC" are to the Internal Revenue Code of 1986, as amended.

"Corporate taxable loss" is the taxable loss of an Affiliate for a tax year, computed as though such entity had filed a Separate return on the same basis as used in the consolidated return, except that dividend income from Affiliates shall be disregarded, and other intercompany transactions, eliminated in consolidation, shall be given appropriate effect.

"Corporate tax credit" is a negative separate regular tax of an Affiliate for a tax year, equal to the amount by which the consolidated regular tax is reduced by including the Corporate taxable loss of such Affiliate in the consolidated tax return.

"Group" means a group of Affiliates as defined in IRC section 1504.

"Separate return" is the tax liability calculated on the taxable income or loss of an Affiliate as though such entity were not a Member of a Consolidated Group.

"Member" is an Affiliate, including any Regulated Business as indicated in section 3 herein, which is part of the Affiliated Group as defined in IRC section 1504 that files consolidated tax returns and agrees to be subject to this Agreement.

These definitions shall apply, as appropriate, in the context of the regular income tax and the Alternative Minimum Tax ("AMT") unless otherwise indicated in the Agreement.

2. FILING OF RETURNS

A U.S. consolidated federal income tax return shall be filed by Duke Energy as the common parent for the tax year ended December 31, 2023, and for each subsequent taxable period for which the Affiliated Group is required or permitted to do so. Each Member of the Affiliated Group consents to the filing by Duke Energy of consolidated federal income tax returns for all taxable periods in which it is eligible to be a member of the Affiliated Group. Duke Energy and each Member of the Affiliated Group agrees to execute and file such consents, elections and other documents, and to take such other action as may be necessary, required or appropriate for the proper filing of such returns. Duke Energy will timely pay the Affiliated Group's federal income tax liability for each taxable year.

3. REGULATED BUSINESSES OPERATING IN LLC OR LP FORM

For purposes of allocating the consolidated federal and state tax liabilities and tax benefits under this Agreement, each business operating as a LLC, or LP that is subject to the rules and regulations of the Federal Energy Regulatory Commission or state utilities commissions (hereinafter, a "Regulated Business") shall be considered a Member of the Consolidated Group, and shall be responsible for tax due on its allocable share of taxable income (or shall be entitled to a credit for its allocable share of tax loss), as set forth in Sections 4 through 7 hereof. For purposes of this Agreement, the determination of a Regulated Business's allocable share shall be made (i) as if such Regulated Business was a taxable or regarded entity for U.S. federal income tax purposes and (ii) utilizing the separate "taxable income" method.

4. ALLOCATION PROCEDURES FOR CONSOLIDATED FEDERAL INCOME TAXES

For all taxable periods, Duke Energy shall calculate the consolidated federal income tax liability (including, if applicable, alternative minimum tax liability) of the Affiliated Group for the period. The Members agree that their respective shares of the Consolidated tax liability for each year shall be an amount equal to the amount determined under the taxable income method in accordance with IRC section 1552(a)(1)[1], with the absorption of tax benefits determined under the percentage method in accordance with Treas. Reg. section 1.1502-33(d)(3)[2], using 100% as the applicable percentage for allocation of any excess of a member's Separate return liability over that determined under the income method. To the extent that the Consolidated Group federal income tax liability (including for this purpose any AMT liability) is reduced by a loss or tax credit available to it as a result of the inclusion of a Member in the consolidated federal income tax return, Duke Energy shall make a payment or an inter-company account adjustment for the amount of the benefit to the Member as determined in accordance with this section.

To illustrate the above, the Consolidated tax liability shall be allocated among the Members of the Group utilizing the separate return "taxable income" allocation method attributable to each Member, in the following manner:

a) Each Member, which has a Corporate taxable loss, will be entitled to a Corporate payment or intercompany credit equal to the amount by which the consolidated regular income tax is reduced by including the corporate tax loss of such Member in the consolidated tax return.

[1] Under IRC section 1552(a)(1), tax liability is apportioned to each member of the group in accordance with the ratio of the consolidated taxable income attributable to each member bears to the consolidated taxable income .

[2] The percentage method under this regulation "allocates tax liability based on the absorption of tax attributes, without taking into account the ability of any member to subsequently absorb its own tax attributes. The allocation under this method is in addition to the allocation under section 1552."

The Members having corporate taxable income will be allocated an amount of regular income tax liability equal to the sum of the consolidated regular tax liability and the Corporate tax credits allocated to the Members having corporate tax losses based on the ratio that each such Member's Corporate taxable income bears to the total corporate taxable income of all Members having Corporate taxable income.

If the aggregate of the Members' Corporate taxable losses are not entirely utilized on the current year's consolidated return, the consolidated carryback or carryforward of such losses to the applicable taxable year(s) will be allocated to each Member having a Corporate taxable loss in the ratio that such Member's separate Corporate tax loss bears to the total corporate tax losses of all Members having Corporate taxable losses.

b) The consolidated AMT (and any consolidated financial statement net operatling loss) will be allocated among the Members in accordance with the procedures and principles set forth in Proposed Treasury Regulation section 1.1502-56A in the form such Regulation existed on the date on which this Agreement was executed.

c) Tax benefits such as general business credits, foreign tax benefits, or other tax credits shall be apportioned directly to those Members whose investments or contributions generated the credit or benefit.

If the credit or benefit cannot be entirely utilized to offset current Consolidated tax, the consolidated credit carryback or carryforward shall be apportioned to those Members whose investments or contributions generated the credit or benefit in proportion to the relative amounts of credits or benefits generated by each Member.

d) If the amount of Consolidated tax allocated to any Member under this Agreement, as determined above, exceeds the separate return tax of such Member, such excess shall be reallocated among those Members whose allocated tax liability is less than the amount of their respective separate return tax liabilities. The reallocation shall be proportionate to the respective reductions in separate return tax liability of such Members. Any remaining unallocated tax liability shall be assigned to Duke Energy. The term "tax" and "tax liability" used in the subsection shall include regular tax and AMT.

5. TAX PAYMENTS AND COLLECTIONS FOR ALLOCATIONS

Duke Energy shall make any calculations on behalf of the Members necessary to comply with the estimated tax provisions of the Internal Revenue Code of 1986 as amended. Based on such calculations, Duke Energy shall charge or refund to the Members appropriate amounts at intervals consistent with the dates indicated by IRC section 6655. Duke

Energy shall be responsible for paying to the Internal Revenue Service the consolidated current Federal income tax liability.

After filing the consolidated Federal income tax return and allocating the Consolidated tax liability among the Members, Duke Energy and the Members agree to settle between them the difference, if any, between the allocable federal income tax liability as determined under this Agreement and the sum of all payments or inter-company adjustments previously made relating to that tax year no later than ninety (90) days after the filing of the consolidated Federal income tax return.

6. ALLOCATION OF STATE TAX LIABILITIES OR BENEFITS

State and local income tax liabilities will be allocated, where appropriate, among Members in accordance with principles similar to those employed in the Agreement for the allocation of consolidated Federal income tax liability.

7. TAX RETURN ADJUSTMENTS

In the event the consolidated tax return is subsequently adjusted by the Internal Revenue Service, state tax authorities, amended returns, claims for refund, or otherwise, such adjustments shall be reflected in the same manner as though they had formed part of the original consolidated return. Interest paid or received, and penalties imposed on account of any adjustment will be allocated to the responsible Member.

8. NEW MEMBERS

If, at any time, a corporation becomes a Member of the affiliated group, the parties hereto agree that such new Member shall become a party to this Agreement and execute a duplicate copy of this Agreement. Unless otherwise specified, such new Member shall have similar rights and obligations of all other Members under this Agreement, effective as of the day they become a member of the Affiliated Group that elects to file a consolidated return.

9. MEMBERS LEAVING THE AFFILIATED GROUP

In the event that any Member of the Affiliated Group at any time leaves the Group and, under any applicable statutory provision or regulation, that Member is assigned and is deemed to take with it all or a portion of any of the tax attributes (including, but not limited to, net operating losses, credit carryforwards, and Minimum Tax Credit carryforwards) of the Affiliated Group, then, to the extent the amount of the attributes so assigned differs from the amount of such attributes previously allocated to such Member under this Agreement, the leaving Member shall appropriately settle with the Group. Such settlement shall consist of payment on a dollar-for-dollar basis for all differences in credits and, in the case of net operating loss differences, in an amount computed by reference to the highest marginal

corporate tax rate. The settlement amounts shall be allocated among the remaining Members of the Group in proportion to the relative level of attributes possessed by each Member and the attributes of each Member shall be adjusted accordingly.

10. SUCCESSORS, ASSIGNS

The provisions and terms of the Agreement shall be binding on and inure to the benefit of any successor or assignee by reason of merger, acquisition of assets, or otherwise, of any of the Members hereto.

11. AMENDMENTS AND TERMINATION

This Agreement may be amended at any time by the written agreement of the parties hereto at the date of such amendment and may be terminated at any time by the written consent of all such parties.

12. GOVERNING LAW

This Agreement is made under the law of the State of Delaware, which law shall be controlling in all matters relating to the interpretation, construction, or enforcement hereof.

13. EFFECTIVE DATE

This Agreement is effective for the allocation of the current Federal income tax liabilities of the Members for the consolidated tax year 2023 and all subsequent years until this Agreement is revised in writing.

The above procedure for apportioning the consolidated annual net current federal and state tax liabilities and tax benefits of Duke Energy and consenting Members of its Consolidated Group have been agreed to by each of the below listed Members of the Consolidated Group as evidenced by the signature of an officer of each entity.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed on its behalf by an appropriate officer thereunto duly authorized.

Note 1: For February 2025, the January and February 2025 State EDIT amounts were not booked in the ledger, which is the primary driver of the difference. The secondary driver is that for February 2025, the general ledger reflected forecasted federal amortization balances for January and February 2025, which were rounded to the 000's. In the SFR, these forecasted amounts were exact for unprotected Federal EDIT, resulting in a slight discrepancy in the cumulative balance. Both of these variances have carried forward and are now reflected in the remaining reporting periods.

a. Provide the EDIT balances used to compute the 10-year amortization of unprotected EDIT included in the test year.

b. Provide the amortization amounts recorded to date and projected to be recorded each year starting in 2018 and going through the end of the projected test year for both the protected and unprotected federal and state EDIT.

b. Please see AG-DR-01-090 Attachment.

AG-DR-01-092

REQUEST:

Provide a schedule showing the EDIT by temporary difference for DEBS (total DEBS and allocation to Duke Kentucky-Gas Division) due to the remeasurement of ADIT resulting from the lower federal income tax rate due to the Tax Cuts and Jobs Act ("TCJA"), the allocation of the remeasured balance to Duke Kentucky, and the amortization that has taken place and credited to ratepayers. If no amortization has taken place, please so state.

RESPONSE:

There was not an allocation of DEBS EDIT to Duke Kentucky - Gas Division. DEBS is a non-regulated legal entity and therefore, at the time of TCJA, when the ADIT was remeasured, the excess ADIT was removed through the income statement. No amortization has taken place.

REQUEST:

Describe how the DEBS EDIT is reflected in the Duke Kentucky gas revenue requirement. Provide the amounts reflected in rate base and/or cost of capital by temporary difference and the related effect on the Duke Kentucky gas revenue requirement, if any. Provide all data, assumptions, and calculations, including electronic workpapers with all formulas intact.

RESPONSE:

Objection. Duke Energy Kentucky objects to the portion of this request seeking "all" data, assumptions, and calculations as overly broad and burdensome. Subject to and without waiving or limiting said objections, Duke Energy Kentucky responds that Duke Energy Business Services LLC's EDIT is not reflected in the Duke Energy Kentucky revenue requirement. No amounts have been reflected in rate base and/or cost of service. Answering further, DEBS income tax expense and accounting, including that associated with the change in federal income tax rates in 2018, stays on DEBS accounting books and is not allocated to other Duke affiliates, such as Duke Energy Kentucky.

REQUEST:

Refer to the Panizza Testimony in general. Identify all testimony addressing the net operating loss carryover ("NOLC") deferred tax asset ("DTA") included in rate base. If none, then explain why Witness Panizza did not address this issue.

RESPONSE:

There are no net operating loss carryover (NOLC) deferred tax asset (DTA) in the forecast period. Therefore, the NOLC DTA was not addressed in testimony as there is no impact on rate making.

CONFIDENTIAL AG-DR-01-095
(As to Attachment only)

REQUEST:

Refer to tab WPB-6's on STAFF-DR-01-054_Attachment_KPSC_Gas_SFRs-2024. Refer to line number 12, account 190.

a. Provide the ADIT amounts for each subaccount by temporary difference and explain why the Company believes each such ADIT amount should be added to rate base.

b. To the extent there is any NOLC ADIT included in the line number 12, account 190 amounts, then provide the following information:

    i. Taxable loss or income in each year since the NOLC originated and the NOLC and NOLC ADIT at the end of each year since the NOLC originated.

    ii. Tax depreciation in excess book depreciation in each year since the NOLC originated, the contribution of the tax depreciation in excess of book depreciation to the taxable loss (on a last dollars deducted methodology) in each year since the NOLC originated, and the NOLC and NOLC ADIT at the end of each year since the NOLC originated.

c. To the extent there is any Corporate Alternative Minimum Tax ("CAMT") ADIT included in the line number 12 amounts, then provide the following information:

    i. Confirm that Duke Energy is the only entity that had Adjusted Financial Statement Income ("AFSI") in excess of $1 billion to qualify as an

applicable corporation for CAMT purposes, and that neither Duke Ohio nor Duke Kentucky would qualify as an applicable corporation on a standalone basis. If not confirmed, explain why not.

ii. CAMT and regular tax calculations for Duke Energy, Duke Ohio, and Duke Kentucky, including the calculations of the CAMT AFSI income/loss and carryforward and utilization, as well as any CAMT excess over regular tax carryforward and utilization for each year since Duke Energy was subject to the CAMT through the end of the test year in this proceeding.

RESPONSE:

CONFIDENTIAL PROPRIETARY TRADE SECRET (As to Attachment only)

a. Please reference AG-DR-01-089(a)(b) Attachment, tab "089(b) ADIT by month" for the ADIT amounts for each subaccount by temporary difference. Duke Energy Kentucky (DEK) collects both current and deferred tax expense from customers in cost of service for income taxes. The Company however only remits current tax expense to the taxing authorities which therefore results in accumulated deferred tax expense as funds with zero costs.

b. There are no NOLC ADIT balances in the forecast period.

   i. Not applicable.

   ii. Not applicable.

c. There is a CAMT ADIT balance included in the forecast period.

For Duke Energy Ohio - Objection. Overbroad, unduly burdensome, and irrelevant. This request is beyond the scope of reasonable discovery and is not likely to lead

to the discovery of admissible or relevant evidence. The CAMT calculation of Duke Energy Ohio has no bearing on Duke Energy Kentucky's application.

i. Duke Energy Corporation files a consolidated federal tax return, of which Duke Energy Kentucky is a member, and the consolidated return qualifies Duke Energy Corporation as an applicable corporation subject to CAMT. Duke Energy Kentucky would not qualify as an applicable corporation subject to CAMT on a standalone basis.

ii. Please see AG-DR-01-095 Confidential Attachment.

CONFIDENTIAL AG-DR-01-096
(As to Marked Attachments only)

REQUEST:

Refer to the Heath Testimony, pages 25 – 28, wherein he addresses the termination of the accounts receivables financing program in March 2024.

a. Provide a copy of all analyses performed by the Company, including all assumptions, data, and calculations, if any, and all studies, reports, emails, and/or other internal and/or external communications regarding the analyses and/or the results of the analyses and the decision to terminate the program.

b. Indicate whether the Company compared the effects on the revenue lag days included in the cash working capital study with the receivables program compared to the termination of the program and the effects on the rate base and revenue requirement. If so, provide a copy of all such analyses, including all assumptions, data, and calculations, if any, and all studies, reports, emails, and/or other internal and/or external communications regarding the analyses and/or the results of the analyses and the decision to terminate the program. If not, explain why not.

c. Provide a copy of the version of the receivables financing agreement and all related agreements in effect prior to termination in March 2024.

d. Identify each decision-maker(s) to terminate the receivables financing program, position, title, and employer, and the role each such person had in the review and decision to terminate the program.

e. Refer to the Heath Testimony, page 27, lines 18 – 19, wherein he states, "[t]he CRC accounts receivable financing program was terminated in March 2024 and all outstanding borrowings were repaid at that time."

i. Indicate if the CRC accounts receivable financing program was terminated only for Duke Kentucky or for some, but not all participants. If only for Duke Kentucky and/or some of the participants, then identify the other participants for which the program was terminated and those that continue to participate in the program.

ii. Provide the amount of the "outstanding borrowings that were repaid at that time."

iii. Describe how the Company financed the repayment of the borrowings "at that time." If through short-term borrowings, describe the source of those borrowings, confirm they were included on Duke Kentucky's balance sheet, unlike the receivables financing, and provide the average daily interest rate on those borrowings. If through common equity and/or long-term debt, then describe those financings and provide the cost of the incremental long-term debt that was issued and used for that purpose.

iv. Confirm the Company repaid or paid down the short-term borrowings used to finance the repayment of the outstanding borrowings at a date after the repayment of the borrowings at that time. If confirmed, then describe the financing used to repay the short-term borrowings, e.g., equity and long-term debt and provide the cost of the incremental long-term debt that was issued for that purpose. If not confirmed, explain why not.

v. Describe specifically how the Company now finances its receivables. If the receivables are financed in part through common equity, then confirm the cost of common equity plus the income tax and other gross-ups is more than the cost of financing under the receivable agreement (excluding the embedded discount for bad debt).

a. Objection. This request is overly broad, unduly burdensome, and seeks information that is irrelevant and not likely to lead to the discovery of any relevant or admissible evidence. Moreover, this request is vague and ambiguous as it contains undefined terms and thus would require the Company to engage in speculation and guesswork. Finally, this request is further objectionable to the extent it encompasses information that is protected by the doctrines of Attorney Client Privilege or Attorney Work product. Without waiving said objection, and to the extent discoverable, please see AG-DR-01-096(a) Confidential Attachments 1 through 3.

b. Refer to Rebuttal Testimony of Thomas J. Heath, Jr. in Case No. 2022-00372 and Direct Testimony and Rebuttal Testimony of Thomas J. Heath, Jr in Case No. 2024-00354. The Company did not utilize the Cinergy Receivables Company accounts receivable program as a working capital facility. Rather, the substance of the program was financing secured by the accounts receivable of Duke Energy Indiana, Duke Energy Ohio, and Duke Energy Kentucky in order to efficiently diversify the long-term debt raised by each of these entities at reasonable interest rates. The Company did not perform any calculations related to revenue lag.

c. Please see AG-DR-01-096(c) Attachment 1 and AG-DR-01-096(c) Confidential Attachments 2 through 13.

i. The CRC accounts receivable financing program was terminated in entirety (i.e., for all three participating utilities).

ii. The outstanding balance of $350 million, plus accrued interest of $1.65 million were repaid on March 28, 2024. Please see AG-DR-01-096(e)(ii) Confidential Attachment for allocation of the repayment to the participating utilities.

iii. The Company's share of the repayment of the CRC borrowing was initially funded with short term debt through the Duke Energy Utility Money Pool Agreement. The interest rate on the Company's borrowings under the Duke Energy Utility Money Pool Agreement related to the CRC repayment were

5.51% for the days those borrowings were outstanding in March 2024. For the sake of clarity, the Company's allocated borrowing under the CRC accounts receivable financing program were, in fact, included in its capital structure. Refer to Schedule J-2 provided in Case No. 2022-00372.

iv. The Company's outstanding short-term borrowings were repaid using proceeds from its June 2024 private placement long-term debt issuance. Please see AG-DR-01-096(e)(iv) Attachment for details related to the debt issuance.

v. The Company no longer uses its accounts receivable as collateral for borrowings. There is no financing of receivables. Receivables are collected from customers in the normal course of business.

This Second Amended and Restated Purchase and Sale Agreement (this *"Agreement"*), dated as of November 5, 2010 (the *"Agreement Date"*), is among DUKE ENERGY OHIO, INC., an Ohio corporation (*"Duke Ohio"*), DUKE ENERGY INDIANA, INC.., an Indiana corporation (*"Duke Indiana"*) and DUKE ENERGY KENTUCKY, INC., a Kentucky corporation (*"Duke Kentucky"*) (each an *"Originator"* and collectively, the *"Originators"*), and CINERGY RECEIVABLES COMPANY LLC, a Delaware limited liability company (the *"SPE"*).

BACKGROUND:

WHEREAS, the Originators and the SPE are parties to that certain Amended and Restated Purchase and Sale Agreement, dated as of March 31, 2002 (as amended, the *"Original Agreement"*);

WHEREAS, subject to and upon the terms and conditions set forth herein, the parties hereto desire to amend and restate the Original Agreement in the form of this Agreement. This Agreement consolidates, amends and replaces in its entirety the Original Agreement and, from and after the date hereof, all references made to the Original Agreement in any Transaction Document or in any other instrument or document shall, without more, be deemed to refer to this Agreement;

WHEREAS, the SPE is a qualified special purpose entity, the sole membership interest of which is held by Cinergy Corp., a Delaware corporation (the *"Parent"*) and the sole shareholder of each of the Duke Ohio and Duke Indiana;

WHEREAS, Duke Ohio is the sole shareholder of Duke Kentucky;

WHEREAS, the Originators each generate Receivables in the ordinary course of their respective businesses;

WHEREAS, the Originators, in order to improve liquidity at the lowest possible cost, desire to sell their Receivables to the SPE, and the SPE is willing to purchase Receivables from each of the Originators, on the terms and subject to the conditions set forth herein;

WHEREAS, the each of Originators and the SPE intend this transaction to be an absolute and irrevocable true sale of Receivables by the Originators to the SPE, providing the SPE with the full benefits of ownership of the Receivables, and the Originators and the SPE do not intend the transactions hereunder to be characterized as a loan from the SPE to the Originators;

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties hereto agree as follows:

SECTION 1. DEFINITIONS AND RELATED MATTERS.

Section 1.1. Defined Terms. In this Agreement, unless otherwise specified or defined herein: (a) capitalized terms are used as defined in the Receivables Sale Agreement dated as of the Agreement Date (as amended or modified from time to time, the *"Sale Agreement"*) among SPE, as borrower, Duke Ohio, as Servicer (the *"Servicer"*), JS Siloed Trust and Windmill Funding Corporation, as the Conduit Purchasers, JPMorgan Chase Bank, N.A. and The Royal Bank of Scotland plc, as the Managing Agents, and The Royal Bank of Scotland plc, as the Program Agent, the Related Purchasers from time to time party thereto, as such agreement may be amended or modified from time to time; and (b) terms defined in Article 9 of the UCC and not otherwise defined herein are used as defined in such Article 9 as in effect on the date hereof.

Section 1.2. Other Interpretive Matters. In this Agreement, unless otherwise specified: (a) references to any Section or Annex refer to such Section of, or Annex to, this Agreement, and references in any Section or definition to any subsection or clause refer to such subsection or clause of such Section or definition; (b) *"herein," "hereof," "hereto," "hereunder"* and similar terms refer to this Agreement as a whole and not to any particular provision of this Agreement; (c) "including" means including without limitation, and other forms of the verb *"to include"* have correlative meanings; (d) the word "or" is not exclusive; and (e) captions are solely for convenience of reference and shall not affect the meaning of this Agreement.

SECTION 2. AGREEMENT TO PURCHASE AND SELL.

Section 2.1. Purchase and Sale. Since February 15, 2002 (the *"Initial Funding Date"*), each Originator has sold, and, on the terms and subject to the conditions set forth in this Agreement, each Originator, severally and for itself, agrees to sell to the SPE, and the SPE hereby agrees to purchase from each Originator, from time to time all of such Originator's right, title and interest in, to and under:

(a) each Receivable of each of the Originators that existed and was owing to the Originators at the closing of each Originator's business on the Agreement Date;

(b) each Receivable generated by each of the Originators from and including the Agreement Date to and including the Termination Date (as defined in Section 6.1 hereof);

(c) all rights to, but not the obligations of the Originators under the Receivables;

(d) all monies due or to become due to the Originators with respect to any of the foregoing;

(e) all books and records of the Originators related to any of the foregoing, and all rights, remedies, powers, privileges, title and interest of the Originators in each Lock-Box Account, all amounts on deposit therein, all certificates and instruments, if

any, from time to time evidencing such accounts and amounts on deposit therein, and all related agreements between the Originators and each Lock-Box Bank; and

(f) all Collections and other proceeds and products of any of the foregoing (as defined in the UCC) that are or were received by the Originators on or after the Agreement Date, including, without limitation, all funds which either are received by the Originators, the SPE or the Servicer from or on behalf of the Obligors in payment of any amounts owed (including, without limitation, invoice price, finance charges, interest and all other charges) in respect of Receivables, or are applied to such amounts owed by the Obligors (including, without limitation, any insurance payments that the Originators or the Servicer applies in the ordinary course of its business to amounts owed in respect of any Receivable, and net proceeds of sale or other disposition of repossessed goods or other collateral or property of the Obligors in respect of Receivables or any other parties directly or indirectly liable for payment of such Receivables).

All purchases hereunder are absolute and irrevocable and shall be made without recourse except as expressly provided herein, but shall be made pursuant to, and in reliance upon, the representations, warranties and covenants of the Originators set forth in this Agreement. No obligation or liability to any Obligor on any Receivable is intended to be, or shall be, assumed by the SPE hereunder, and any such assumption is expressly disclaimed. In connection with the transfer of ownership in the Receivables and Related Rights (as defined below), by signing this Agreement in the space provided, each Originator hereby authorizes the filing of all applicable UCC financing statements in all necessary jurisdictions. For purposes of this Agreement, *"Related Rights"* shall mean, the SPE's foregoing commitment to purchase Receivables and the proceeds and rights described in clauses (c) through (f) above.

Section 2.2. Timing of Purchases. All of the Receivables existing at the close of each Originator's business on the Agreement Date will be sold to SPE as of the Initial Funding Date. On each Business Day after the Initial Funding Date, until the occurrence of the Termination Date, each Originator agrees to sell to the SPE; and the SPE agrees to buy from each Originator, all Receivables, Collections and Related Rights existing as of the close of business on the immediately preceding Business Day which have not been previously purchased hereunder. Until the Termination Date, each purchase described in the preceding sentence shall automatically occur at 3:00 p.m. (Cincinnati time) on the date of such purchase subject to the payment of the Purchase Price under Section 2.3, but otherwise without further action on the part of the Originators and the SPE. The proceeds with respect to each Receivable (including all Collections with respect thereto) shall be sold at the same time as such Receivable, whether such proceeds (or Collections) exist at such time or arise or are acquired thereafter.

Section 2.3. Purchase Price. (a) The aggregate purchase price for the Receivables originated by an Originator sold on the Initial Funding Date shall be an amount equal to the fair market value of such Receivables on such date (the *"Purchase Price"*). The purchase price for Receivables subsequently sold during any Settlement Period shall be calculated in accordance with the Purchase Price then in effect. The required discount component of the Purchase Price for Receivables generated by an Originator shall be calculated solely by reference to the

Receivables generated by that Originator such that the SPE shall pay a separate and distinct Purchase Price for the Receivables generated by each Originator.

(b) On the Initial Funding Date, SPE shall pay each Originator the Purchase Price for the Receivables originated by such Originator and sold on that date. On each Business Day after the Initial Funding Date on which an Originator sells any Receivables originated by it to SPE pursuant to the terms of Section 2.1, until the Termination Date, the SPE shall pay to such Originator the Purchase Price of such Receivables (i) by depositing into such account as such Originator shall specify immediately available funds from monies then held by or on behalf of the SPE solely to the extent that such monies do not constitute Collections that are required to be identified or are deemed to be held by the Servicer pursuant to the Sale Agreement for the benefit of, or required to be distributed to, the Program Agent or the Purchasers pursuant to the Sale Agreement or required to be paid to the Servicer as the Servicer Fee, or otherwise necessary to pay current expenses of the SPE (such available monies, the *"Available Funds"*) and provided that such Originator has paid all amounts then due by such Originator hereunder or (ii) if SPE has no Available Funds, by increasing the principal amount owed to such Originator under a promissory note (as amended or modified from time to time, each a *"Subordinated Note"* and collectively the *"Subordinated Notes"*) executed and delivered by the SPE to the order of such Originator as of the Initial Funding Date; *provided, however,* that the SPE shall at all times maintain a minimum net worth (calculated after giving effect to all such purchases and all outstanding Subordinated Notes) of not less than $3,000,000.00. The outstanding principal amount owed to an Originator under the related Subordinated Note shall be reduced from time to time in the manner required by Section 3.1 hereof or by payments made by the SPE from Available Funds, *provided* that such Originator has paid all amounts then due to the SPE by such Originator hereunder. Any Available Funds remaining after payment in full of all outstanding principal and accrued and unpaid interest owing in respect of the Subordinated Notes shall be used: first, to maintain the SPE's minimum net worth as required herein; and second, to effectuate a dividend of any remaining Available Funds to its member(s). Each Originator shall make all appropriate record keeping entries with respect to amounts due to such Originator under the related Subordinated Note to reflect payments by the SPE thereon and increases of the principal amount thereof, and such Originator's books and records shall constitute rebuttable presumptive evidence of the principal amount of and accrued interest owed to such Originator under the related Subordinated Note. Each Originator, by accepting the proceeds of the Purchase Price for a sale of Receivables, shall be deemed to have certified to the SPE the satisfaction of all conditions precedent to such sale, and title to the Receivables included in such sale shall vest in the SPE regardless of whether the conditions precedent have in fact been satisfied. All amounts to be paid by the SPE to an Originator hereunder shall be paid in accordance with the terms hereof no later than 3:00 p.m. (Cincinnati time) on the date when due in immediately available funds to such accounts as such Originator may from time to time specify in writing. Payments received by an Originator after such time shall be deemed to have been received on the next Business Day. In the event that any payment becomes due on a day which is not a Business Day, then such payment shall be made on the next succeeding Business Day. The SPE shall, to the extent permitted by law, pay to each Originator, on demand, interest on all amounts not paid when due hereunder at 2% per annum above the Prime Rate in effect on the date such payment was due; *provided, however,* that such interest rate shall not at any time exceed the maximum rate permitted by applicable law. All computations of interest payable hereunder shall be made

on the basis of a year of 360 days for the actual number of days (including the first but excluding the last day) elapsed.

Section 2.4. Transfer of Records to SPE. (a) Each purchase of Receivables hereunder shall include the transfer to the SPE of all of the applicable Originator's right and title to and interest in the records relating to such Receivables and rights to the use of the Originator's computer software to access and create the records, and each Originator hereby agrees that such transfer shall be effected automatically with each such purchase, without any action on the part of the parties hereto or any further documentation.

(b) Each Originator shall take such action reasonably requested by the SPE, from time to time hereafter, that may be necessary or appropriate to ensure that the SPE and its assignees have an enforceable ownership interest in the records relating to the Receivables purchased hereunder, including the rights to the use of computer software to access and create the records.

Section 2.5. No Recourse or Assumption of Obligations. The purchase and sale of Receivables under this Agreement shall be without recourse to the Originators, *provided, however,* that (i) each Originator shall be severally liable to the SPE for all representations, warranties and covenants made by such Originator pursuant to this Agreement and (ii) such purchase and sale does not constitute and is not intended to result in an assumption by the SPE or any assignee of any obligation of the Originators or any other person arising in connection with the Receivables, and the SPE shall not have any obligation or liability with respect to any Receivable, nor shall the SPE have any obligation or liability to any Obligor or other customer or client of an Originator (including any obligation to perform any of the obligations of such Originator under any Receivable).

Section 2.6. Intentions of the Parties. Each Originator and the SPE intend that the sale transactions hereunder shall be absolute and irrevocable and shall constitute true sales of Receivables by such Originator to the SPE, providing the SPE with the full risks and benefits of ownership of the Receivables originated by such Originator (such that the Receivables would not be property of such Originator's estate in the event of such Originator's bankruptcy). If, however, with respect to Sold Property (as defined below) conveyed to the SPE by the Originators, despite the intention of the parties, the conveyances provided for in this Agreement are determined not to be "true sales" of such Sold Property from the Originators to the SPE or any such conveyances shall be ineffective or unenforceable (any of the foregoing being a *"Recharacterization"*), then this Agreement shall also be deemed to be a "security agreement" within the meaning of Article 9 of the UCC and each Originator hereby grants to the SPE a "security interest" within the meaning of Article 9 of the UCC in all of such Originator's right, title and interest in and to the such Sold Property, now existing and thereafter created, to secure a loan in an amount equal to the aggregate Purchase Prices therefor and each of such Originator's other payment obligations under this Agreement. After the occurrence of a Termination Event, SPE and its assigns shall have, in addition to the rights and remedies which they may have under this Agreement, all other rights and remedies provided to a secured creditor after default under the UCC and other applicable law, which rights and remedies shall be cumulative. For purposes of this Agreement, *"Sold Property"* shall mean, collectively the SPE's Related Rights, together with Receivables. In the case of any Recharacterization, each Originator and the SPE represents

and warrants as to itself that each remittance of Collections by such Originator to the SPE hereunder will have been (i) in payment of a debt incurred by such Originator in the ordinary course of business or financial affairs of such Originator and the SPE and (ii) made in the ordinary course of business or financial affairs of such Originator and the SPE.

Section 2.7. Receivables Dispositions. Servicer shall periodically generate and deliver to the SPE and each Originator a Bankruptcy Event Notice with respect to the Receivables owned by the SPE. If and so long as no Termination Event has occurred and is then continuing or would result therefrom each Originator may enter into a Disposition Transaction with the SPE regarding any such Receivables sold by such Originator upon receipt by the SPE of (a) the Bankruptcy Event Notice from the Servicer; (b) a disposition offer from such Originator substantially in the form of Exhibit B attached hereto (a "*Disposition Offer*") which references the Receivables to which such Bankruptcy Event Notice pertains and recites the Disposition Price (as defined below) therefor (a copy of the Disposition Offer shall be delivered to the Program Agent and each Managing Agent) and (c) cash from such Originator in an amount equal to the fair market value of such Receivables as of the purchase date (the *"Disposition Price"*), whereupon the SPE's right, title and interest in and to such Receivables shall immediately and automatically be sold, assigned, transferred and conveyed by the SPE to the applicable Originator without any further action by the SPE or any other Person. All Disposition Transactions shall be consummated in the order in which the Bankruptcy Event Notices are received by the Servicer, without preference or priority given to any Originator, and the SPE shall not enter into a Disposition Transaction if doing so would cause the total face amount of Receivables disposed of pursuant to this Section 2.7 to exceed an amount equal to one percent (1%) of the aggregate sales of the Receivables of the Originators during the most recently completed 12 month period.

SECTION 3. OBLIGATIONS OF ORIGINATORS.

Section 3.1. Deemed Collections. If on any day the Outstanding Balance of any Receivable designated as an Eligible Receivable by the Servicer on any Receivables Activity Report is reduced or cancelled as a result of any defective, rejected or returned goods or services, any cash discount, credit memos, allowance or adjustment (including as a result of the application of any special refund or other discounts or any reconciliation or invoice error), any failure by any Originator to deliver goods or services or perform its obligations under any contract or invoice for such goods or services, any change in or cancellation of the terms in the underlying contract or invoice or any other adjustment which reduces the amount payable on such Receivable, or any setoff or credit (whether such claim or credit arises out of the same, a related or an unrelated transaction), or any Receivable designated as an Eligible Receivable by the Servicer on any Receivables Activity Report is subject to any specific dispute, offset, counterclaim or defense whatsoever (except the discharge in bankruptcy of the Obligor thereof), or other reason not arising from the financial inability of the Obligor to pay such undisputed indebtedness, (i) such Originator shall be deemed to have received on such day a Collection on such Receivable in the amount of such reduction or cancellation and (ii) the portion of such Receivable subject to such Collection shall thereupon be, or be deemed to be reconveyed to such Originator. If on any day any representation, warranty, covenant or other agreement of an Originator made under the Transaction Documents with respect to any Receivable designated as

an Eligible Receivable by the Servicer on any Receivables Activity Report is not true or is not satisfied, (i) such Originator shall be deemed to have received on such day a Collection in the amount of the Outstanding Balance of such Receivable and (ii) such Receivable shall thereupon be, or be deemed to be reconveyed to such Originator. Not later than the first Settlement Date after an Originator is deemed pursuant to this Section 3.1 to have received any Collections, such Originator shall transfer to SPE, in immediately available funds, the amount of such deemed Collections; *provided, however,* that if no such application is required under the Sale Agreement, the SPE and Originators may agree to reduce the outstanding principal amount of the Originators' Subordinated Notes in lieu of all or part of such transfer. To the extent that SPE subsequently collects any payment with respect to any such *"receivable"*, SPE shall pay Originators an amount equal to the amount so collected, such amount to be payable not later than the first Settlement Date after SPE has so collected such amount.

Section 3.2. Application of Collections. Any payment by an Obligor in respect of any indebtedness owed by it to the related Originator shall, except as otherwise specified by such Obligor (including by reference to a particular invoice), or required by the related contracts or law, be applied, *first,* as a Collection of any Receivable or Receivables then outstanding of such Obligor in the order of the age of such Receivables, starting with the oldest of such Receivables, and, *second,* to any other indebtedness of such Obligor to such Originator.

Section 3.3. Responsibilities of Originator. Each Originator shall pay when due all taxes (other than taxes on gross receipts and earnings) payable in connection with the Receivables originated by it. Each Originator shall perform all of its obligations under agreements related to the Receivables originated by it. The Program Agent's or the Purchasers' exercise of any rights under the Sale Agreement shall not relieve any Originator from such obligations. Neither the Program Agent nor the Purchasers shall have any obligation to perform any obligation of any Originator in connection with the Receivables.

SECTION 4. REPRESENTATIONS AND WARRANTIES.

Section 4.1. Mutual Representations and Warranties. Each of the Originators severally represents and warrants to the SPE and its assignee as follows:

(a) It is a corporation duly incorporated, validly existing and in good standing under the laws of the jurisdiction of its incorporation and is duly qualified in good standing as a foreign corporation in each jurisdiction where the failure to be so qualified could reasonably be expected to materially adversely affect its ability to perform its obligations hereunder.

(b) The execution, delivery and performance by such Originator of the applicable Transaction Documents are within such Originator's respective corporate powers, have been duly authorized by all necessary corporate action, do not contravene (i) such Originator's charter or by-laws or (ii) any law or any contractual restriction binding on or affecting such Originator, and do not result in or require the creation of any lien (other than pursuant hereto) upon or with respect to any of its properties; and no

transaction contemplated hereby requires compliance with any bulk sales act or similar law.

(c) No authorization or approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required for the due execution, delivery and performance by such Originator of the applicable Transaction Documents.

(d) The applicable Transaction Documents, when executed and delivered by such Originator, will be the legal, valid and binding obligation of such Originator enforceable against such Originator in accordance with their terms, except as such enforceability may be limited by applicable bankruptcy, reorganization, insolvency or similar laws affecting the enforcement of creditors' rights generally.

Section 4.2. Additional Representations by Each Originator. Each Originator further severally represents and warrants to SPE as follows:

(a) There is no pending or threatened action or proceeding affecting such Originator or any of its subsidiaries (other than those disclosed in such Originator's or, in the case of Duke Kentucky, Duke Ohio's most recent Form 10-K or Form 10-Q filed with the SEC) before any court, governmental agency or arbitrator which reasonably could be expected to materially adversely affect (i) its financial condition or operations or (ii) its ability to perform its obligations hereunder or under any of the Transaction Documents, or which reasonably could be expected to affect the legality, validity or enforceability of any Transaction Document or of the ownership interest of the SPE in the Sold Property.

(b) Such Originator is the legal and beneficial owner of the Receivables originated by it free and clear of any lien, security interest, claim or encumbrance, except as created by this Agreement; upon each purchase, the SPE will acquire a valid and perfected ownership interest in the Receivables then existing and in the Collections with respect thereto, free and clear of any lien, security interest, claim or encumbrance, except as created by this Agreement.

(c) The information provided by such Originator to the Servicer for use in each Receivables Activity Report prepared under Section 3.3 of the Sale Agreement and all information and Transaction Documents furnished or to be furnished at any time by such Originator to the Program Agent, the Managing Agents or the Purchasers in connection with this Agreement is or will be accurate in all material respects as of its date, and no such document will contain any untrue statement of a material fact or will omit to state a material fact.

(d) Each Receivables Activity Report prepared by the Servicer under Section 3.3 of the Sale Agreement will be accurate in all material respects as of its date, and no such document will contain any untrue statement of a material fact or will omit to state a material fact.

(e) The chief place of business and chief executive office of such Originator and the office where such Originator keeps its records concerning the Receivables are located at the addresses specified in Exhibit A hereof.

(f) The names and addresses of the Lock-Box Banks, together with the account numbers of the Lock-Box Accounts, are specified in Exhibit E to the Sale Agreement (or at such other Lock-Box Banks and/or with such other Lock-Box Accounts as have been disclosed to the Program Agent).

(g) Each Originator is treating the conveyance of the Sold Property under this Agreement as a sale for purposes of generally accepted accounting principles.

(h) Each Plan is in compliance with all of the applicable material provisions of ERISA and each Plan intended to be qualified under Section 401(a) of the Code is so qualified. No Plan has incurred an "accumulated funding deficiency" (within the meaning of Section 302 of ERISA or Section 412 of the Code) whether or not waived. No Originator nor any ERISA Affiliate: (i) has incurred or expects to incur any liability under Title IV of ERISA, with respect to any Plan, which could give rise to a lien in favor of the PBGC, other than liability for the payment of premiums, all of which have been timely paid when due in accordance with Section 4007 of ERISA, (ii) has incurred or expects to incur any withdrawal liability, within the meaning of Section 4201 of ERISA, (iii) is subject to any lien under Section 412(n) of the Code or Section 302(f) or 4068 of ERISA or arising out of any action brought under Section 4070 or 4301 of ERISA, or (iv) is required to provide security to a Plan under Section 401(a)(29) of the Code. The PBGC has not instituted proceedings to terminate any Plan or to appoint a trustee or administrator of any such Plan and no circumstances exist that constitute grounds under Section 4042 of ERISA to commence any such proceedings.

SECTION 5. GENERAL COVENANTS.

Section 5.1. Affirmative Covenants of the Originators. Until the Collection Date, each of the Originators (with respect to itself) will, unless SPE has otherwise consented in writing:

(a) Comply in all material respects with all applicable laws, rules, regulations and orders with respect to it, its business and properties and all Receivables and Collections.

(b) Maintain its corporate existence in the jurisdiction of its incorporation, and qualify and remain qualified in good standing as a foreign corporation in each jurisdiction where the failure to be so qualified could reasonably be expected to materially adversely affect its ability to perform its obligations hereunder; *provided* that an Originator may merge or consolidate with or into any person if, immediately after giving effect to such transaction, (i) none of the events described in the definition of "Servicer Default" as defined in the Sale Agreement (and no event or circumstance which, with the giving of notice or the passage of time, or both, would constitute such an event) has occurred and is continuing and (ii) the long-term senior secured debt of such Originator or the entity

surviving such merger or consolidation, as applicable, is rated BBB- or higher by Standard & Poor's Ratings Group and Baa3 or higher by Moody's Investors Service, Inc.

(c) At any reasonable time and upon reasonable prior notice, permit the Purchasers, any Managing Agents or their respective agents or representatives to visit and inspect any of its properties, to examine its books of account and other records and files relating to Receivables (including, without limitation, computer tapes and disks) and to discuss its affairs, business, finances and accounts with its officers.

(d) Maintain and implement administrative and operating procedures (including, without limitation, an ability to recreate records evidencing Receivables in the event of the destruction of the originals thereof), and keep and maintain all records and other information, reasonably necessary or advisable for the collection of Receivables (including, without limitation, records adequate to permit, on a daily basis, a reasonable estimate of Receivables and all Collections and adjustments to Receivables).

(e) At its expense, timely and fully perform and comply with all material provisions and covenants required to be observed by such Originator under the contracts related to the Receivables.

(f) Maintain its jurisdiction of organization and its chief executive offices within a jurisdiction in the USA in which Article 9 of the UCC is in effect. If an Originator moves its jurisdiction of organization to a location that imposes Taxes, fees or other charges to perfect the SPE's ownership interests hereunder such Originator will pay all such amounts and any other costs and expenses incurred in order to maintain the enforceability of this Agreement and the interests of the SPE in the Sold Property.

(g) Comply in all material respects with such Originator's credit and collection policy in regard to each Receivable and any contract related to such Receivable.

(h) Instruct all Obligors to cause all Collections to be either (i) deposited directly into a Lock-Box Account or (ii) remitted to the applicable Originator in such other manner as is utilized in the applicable Originator's normal course of business and has been approved by the Program Agent, provided that any such Collections shall be deposited to the appropriate Lock-Box Account within one (1) Business Day after receipt by any Originator. The name of the renter of all post office boxes into which Collections may from time to time be mailed shall include the name of the SPE (unless such post office boxes are in the name of the relevant Lock-Box Banks) and (ii) all relevant postmasters shall be notified that the Servicer is authorized to collect mail delivered to such post office boxes (unless such post office boxes are in the name of the relevant Lock-Box Banks).

(i) File and maintain in effect all filings, and take all such other actions, as may be necessary to protect the validity and perfection of the SPE's ownership interest in Receivables.

(j) Each Originator shall bill all Unbilled Receivables in accordance with its customary practices.

(k) Each Originator shall place on the most recent, and shall take all steps reasonably necessary to ensure that there shall be placed on each subsequent, Receivables Activity Report, the following legend (or the substantive equivalent thereof): "THE RECEIVABLES DESCRIBED HEREIN HAVE BEEN SOLD PURSUANT TO A SECOND AMENDED AND RESTATED PURCHASE AND SALE AGREEMENT, DATED AS OF NOVEMBER 5, 2010, AS MAY BE FURTHER AMENDED, BETWEEN DUKE ENERGY OHIO, INC., DUKE INDIANA ENERGY, INC., AND DUKE ENERGY KENTUCKY, INC., AS ORIGINATORS, AND CINERGY RECEIVABLES COMPANY LLC, AS SPE; AND AN UNDIVIDED, FRACTIONAL SECURITY INTEREST IN THE RECEIVABLES DESCRIBED HEREIN HAS BEEN GRANTED TO JS SILOED TRUST AND WINDMILL FUNDING CORPORATION PURSUANT TO A RECEIVABLES SALE AGREEMENT, DATED AS OF NOVEMBER 5, 2010, AS AMENDED, AMONG CINERGY RECEIVABLES COMPANY LLC, AS SELLER, JS SILOED TRUST AND WINDMILL FUNDING CORPORATION, AS CONDUIT PURCHASERS, THE ROYAL BANK OF SCOTLAND PLC AND JPMORGAN CHASE BANK, N.A., AS MANAGING AGENTS, AND THE ROYAL BANK OF SCOTLAND PLC, AS PROGRAM AGENT."

Section 5.2. Reporting Requirements of the Originators. Until the Collection Date, each Originator will, unless the SPE shall otherwise consent in writing, furnish to the Managing Agents (or, in the case of (f) below, assist the Servicer in furnishing to the Managing Agents):

(a) the Receivables Activity Report as required under Section 3.3 of the Sale Agreement;

(b) promptly and in any event within 5 Business Days after learning thereof, notice of any rate rebates which any Originator may be required by applicable regulatory authorities to provide to its Obligors and any pending proceedings concerning any such rate rebates.

(c) (i) promptly and in any event within 30 Business Days after any Originator or any ERISA Affiliate knows or has reason to know that a "reportable event" (as defined in Section 4043 of ERISA) for which reporting obligation is not waived has occurred with respect to any Plan, a statement of the chief financial officer of such Originator setting forth details as to such reportable event and the action that such Originator or an ERISA Affiliate proposes to take with respect thereto, together with a copy of the notice of such reportable event, if any, given to the PBGC, the Internal Revenue Service or the Department of Labor; (ii) promptly and in any event within 10 Business Days after receipt thereof, a copy of any notice such Originator or any ERISA Affiliate may receive from the PBGC relating to the intention of the PBGC to terminate any Plan or to appoint a trustee to administer any such Plan; (iii) promptly and in any event within 10 Business Days after a filing with the PBGC pursuant to Section 412(n) of the Code of a notice of failure to make a required installment or other payment with respect to a Plan, a statement of the chief financial officer of such Originator setting forth details as to such failure and the action that such Originator or an ERISA Affiliate

proposes to take with respect thereto, together with a copy of such notice given to the PBGC; and (iv) promptly and in any event within 30 Business Days after receipt thereof by such Originator or any ERISA Affiliate from the sponsor of a multiemployer plan (as defined in Section 3(37) of ERISA), a copy of each notice received by such Originator or any ERISA Affiliate concerning the imposition of withdrawal liability or a determination that a multiemployer plan is, or is expected to be, terminated or reorganized; and

(d) such other information, documents, records or reports respecting the Sold Property as the SPE, the Program Agent, any Managing Agents or the Purchasers may from time to time reasonably request.

Section 5.3. Negative Covenants of the Originators. Until the Collection Date, none of the Originators will, unless the SPE has otherwise consented in writing:

(a) Except as provided herein, sell, assign (by operation of law or otherwise) or otherwise dispose of, or create or suffer to exist any security interest, lien or encumbrance upon or with respect to Receivables, Collections or any Lock-Box Account or assign any right to receive income in respect thereof.

(b) Except pursuant to the applicable Originator's budget/balanced billing payment plan or deferred arrangement payment plan, amend or otherwise modify the terms of any Receivable, or amend, modify or waive any term or condition of any contract related thereto, in each case so as to extend the maturity thereof.

(c) Make any change in the character of its business or its credit and collection policy which would, in either case, be reasonably likely to materially impair the collectibility of any Receivable unless such change is required by applicable regulatory authorities. Any such change will be promptly notified to the Purchasers and the Program Agent.

(d) Add or terminate any bank as a Lock-Box Bank from those listed on Exhibit E of the Sale Agreement, or make any change in its instructions to Obligors regarding payments to be made to such Originator or payments to be made to any Lock-Box Bank, unless the Program Agent shall have received notice of such addition, termination or change and, with respect to the addition of any Lock-Box Bank, a Lock-Box Agreement as defined in the Sale Agreement executed by such Originator and such Lock-Box Bank shall have been delivered to the Program Agent.

(e) Account for or treat (whether in financial statements or otherwise) the transactions contemplated hereby in any manner other than as sales of the Receivables and Related Rights by the Originators to the SPE.

Section 5.4. Organizational Separateness. Each Originator hereby acknowledges that this Agreement is being entered into in reliance upon the SPE's identity as a legal entity separate from the Originators and their Affiliates, including the Parent. Therefore, from and after the date hereof, the Originators shall take all reasonable steps necessary to make it apparent to third

Persons that the SPE is an entity with assets and liabilities distinct from those of the Originators, the Parent and any other Person, and is not a division of any of the Originators, their Affiliates, the Parent, or any other Person. Without limiting the generality of the foregoing and in addition to and consistent with the other covenants set forth herein, the Originators and the Parent shall take such actions as shall be required in order that:

(a) the Originators and the Parent shall not be involved in the day to day management of the SPE;

(b) the Originators and the Parent shall maintain separate corporate records and books of account from the SPE and otherwise will observe corporate formalities and have a separate area from the SPE for their businesses;

(c) the financial statements and books and records of the Originators and the Parent shall be prepared after the date of creation of the SPE to reflect and shall reflect the separate existence of the SPE; *provide,* that the SPE's assets and liabilities may be included in a consolidated financial statement issued by an Affiliate of the SPE; *provided however*, all financial statements of the Originators or any Affiliate thereof, including the Parent, that are consolidated to include the SPE will contain detailed notes clearly stating that (i) a special purpose corporation exists as a subsidiary of the Parent, (ii) the Originators have sold receivables and other related assets to such special purpose subsidiary that, in turn, has granted an undivided security interest therein to certain financial institutions and other entities and (iii) that the special purpose subsidiary's assets are not available to satisfy the obligations of any Originator or any Affiliate, including the Parent;

(d) except as permitted by the Sale Agreement, (i) each Originator and the Parent shall maintain its assets separately from the assets of the SPE, and (ii) such Originator's assets, and the assets of the Parent and records relating thereto, have not been, are not, and shall not be, commingled with those of the SPE;

(e) all of the SPE's business correspondence and other communications shall be conducted in the SPE's own name and on its own stationery;

(f) neither any Originator nor the Parent shall act as an agent for the SPE, other than ministerial activities of Originators in collecting Receivables and activities of Duke Ohio in its capacity as the Servicer, and in connection therewith, Duke Ohio shall present itself to the public as an agent for the SPE and a legal entity separate from the SPE;

(g) neither any Originator nor the Parent shall conduct any of the business of the SPE in its own name;

(h) neither any Originator nor the Parent shall pay any liabilities of the SPE out of its own funds or assets;

(i) each Originator and the Parent shall maintain an arm's-length relationship with the SPE;

(j) neither any Originator nor the Parent shall assume or guarantee or become obligated for the debts of the SPE or hold out its credit as being available to satisfy the obligations of the SPE;

(k) neither any Originator nor the Parent shall acquire obligations of the SPE;

(l) each Originator and the Parent shall allocate fairly and reasonably overhead or other expenses that are properly shared with the SPE, including, without limitation, shared office space;

(m) each Originator and the Parent shall identify and hold itself out as a separate and distinct entity from the SPE;

(n) each Originator and the Parent shall correct any known misunderstanding respecting its separate identity from the SPE;

(o) neither any Originator nor the Parent shall enter into, or be a party to, any transaction with the SPE, except in the ordinary course of its business and on terms which are intrinsically fair and not less favorable to it than would be obtained in a comparable arm's-length transaction with an unrelated third party; and

(p) neither any Originator nor the Parent shall pay the salaries of the SPE's employees, if any.

The provisions of this Section shall survive any termination of this Agreement for one year and one day after the Termination Date.

SECTION 6. TERMINATION OF PURCHASES.

Section 6.1. Voluntary Termination. The purchase and sale of Receivables pursuant to this Agreement may be terminated by any Originator on a date certain designated by that Originator' in writing (the *"Termination Date"*) which shall not be less than five (5) Business Days' after such written notice is provided to the other parties.

Section 6.2. Automatic Termination. The purchase and sale of Receivables pursuant to this Agreement shall automatically terminate upon the occurrence of a Termination Event, and the Termination Date shall be deemed to have occurred upon the occurrence of such event.

SECTION 7. INDEMNIFICATION.

Section 7.1. Indemnification by Originators of SPE, Etc. Without limiting any other rights which the SPE and its officers, directors, employees, and agents, (collectively, the *"Indemnified Parties"*) may have hereunder or under applicable law, each Originator, jointly and

severally, hereby indemnifies such parties and holds them harmless from and against any and all damages, losses, claims, liabilities and related costs and expenses, including reasonable attorneys' fees and disbursements (collectively, *"Claim"*) incurred by any of them arising out of or resulting from the failure of such Originator to perform its obligations under this Agreement or arising out of the claims asserted against an Indemnified Party relating to the transactions contemplated herein or in the Sale Agreement or the use of proceeds thereof or therefrom, excluding however, (i) Claims to the extent resulting from gross negligence or willful misconduct on the part of such Indemnified Party (*"Excluded Losses"*), (ii) recourse with respect to any Receivable to the extent that such Receivable is uncollectible on account of insolvency, bankruptcy or lack of creditworthiness of the related Obligor (except as otherwise specifically provided under this Agreement) and (iii) any tax based upon or measured by net income property, or gross receipts. Without limiting the foregoing, each Originator shall indemnify each Indemnified Party for Claims relating to or resulting from:

(a) the reliance by an Indemnified Party on any representation or warranty made by any Originator (whether as a Originator, Servicer or otherwise) (or any of their officers) under or in connection with this Agreement or any Transaction Document, which was incorrect in any material respect when made;

(b) the failure by any Originator to comply with any covenant set forth in this Agreement or any other Transaction Document, whether as Originator, Servicer or otherwise;

(c) the failure to vest and maintain in the SPE, legal and equitable title to, and ownership of, the Receivables, free and clear of any security interest, lien, claim or encumbrance;

(d) the failure to timely file financing statements or other similar instruments or documents under the UCC of any applicable jurisdiction or other applicable laws with respect to any Receivables, whether at the time of a purchase hereunder or otherwise;

(e) except as expressly provided herein, the return or transfer by the Servicer of any portion of Collections to any Originator or any other person for any reason whatsoever;

(f) any dispute, claim, offset or defense of any Obligor to the payment of any Receivable attributable to the action or inaction of an Originator (including a defense based on such Receivable's or the related contract's not being a legal, valid and binding obligation of such Obligor enforceable against it in accordance with its terms), or any other claim resulting from the sale, use, operation or ownership of or defects in or breaches of warranties with respect to, the merchandise or services relating to such Receivable or the furnishing or failure to furnish such merchandise or services;

(g) any Originator's failure to pay when due any taxes (including sales, excise or personal property taxes) payable in connection with the Receivables;

(h) the commingling of Collections with other funds of any Originator;

(i) the failure by any Originator to comply in any material respect with any applicable law, rule or regulation with respect to any Receivable, or the nonconformity in any material respect of any Receivable with any such applicable law, rule or regulation;

(j) the failure of any third party to which Collections are remitted to transfer such Collections to the applicable Originator; or

REQUEST:

Refer to the Panizza Testimony, page 6. Refer also to the Application, Volume 12, Section D, WPD-2.18a, which reflects for the test year the Current Property Tax Amount of $8,160,168 and the Expected Property Tax Amount of $6,183,735. Provide the calculations of estimated test year property tax expense, including copies of the sources of the property tax rates, in electronic format with all formulas intact. Be sure to include the calculations of property tax expense in total and the amounts that were removed for all reasons, including for other tariff rates and related to House Bill 775.

REQUEST:

Refer to the Heath Testimony, page 19, line 17 through page 20, line 8. Provide all work papers, supporting documentation, and spreadsheet calculations that support:

a. the interest rate on LT Commercial Paper of $25 million.

b. the long-term senior unsecured debt issuances forecasted for September 2025 and June 2026.

RESPONSE:

CONFIDENTIAL PROPRIETARY TRADE SECRET (As to Attachment 2 only)

a. The Company estimates the interest rate on LT Commercial Paper using the 1-month Secured Overnight Funds Rate (SOFR) plus an additional 25 basis points. Historically, the Company's Commercial Paper rate versus 1-month SOFR supports using a credit spread in this range. See AG-DR-01-113 Attachment 1 for a historical comparison of these rates.

b. The Company compiles forecasted LTD rates by weighting the 5-year, 10-year, and 15-year US Treasuries plus a credit spread for each of those tenors. The average life of Duke Energy Kentucky's outstanding debt portfolio is approximately 10 years as of March 31, 2025. The weighting of the 5-year, 10-year, and 15-year US Treasuries (plus credit spreads) is reflective of the approximately 10-year average of the LTD portfolio as of March 31, 2025. Estimated credit spreads for Duke

Energy Kentucky were determined by comparing the actual credit spreads on each of the Company's last three debt issuances to indicative credit spreads for Piedmont Natural Gas near the date of the Company's debt issuances. The Company believes Piedmont to be the closest comparison within the Duke Energy enterprise as it issues smaller tranched unsecured debt, similar to Duke Energy Kentucky. Please refer to AG-DR-01-113 Confidential Attachment 2 for support of how the Company calculated the forecasted LTD rate for the expected debt issuances in September 2025 and June 2026.
