MOTION FOR EXTENSION

Barrelhead Solar, LLC (“Barrelhead Solar”), by counsel, pursuant to 278.700 et seq., and 807 KAR 5:110, Section 6 and other applicable law, respectfully submits this Motion requesting an extension of time to respond to Staff Post-Hearing Request for Information 1-2.

Prior to filing its application with the Siting Board, Barrelhead Solar sent the Project’s neighboring landowners a letter informing them of the Project and the pending application. Barrelhead Solar sent the first letter via regular USPS mail on July 17, 2025, and then sent the same letter via USPS Certified Mail on July 29, 2025.¹ Barrelhead Solar did not receive any returned mailings of the regular USPS mailings, and only one of the 15 letters sent via certified mail was not delivered. Barrelhead Solar provided a list of all neighboring landowners and the status of their certified mailing with tracking numbers in Application, Attachment B.

At the hearing, representatives of the Shelton household, a neighboring landowner, provided public comment indicating the family never received notice of the Project. As counsel for Barrelhead Solar represented to the Siting Board, Barrelhead Solar obtained a copy of that archived certified mailing delivery receipt (tracking number 9505 5111 4512 5210 1228 64) from

the USPS website during the hearing. The Archive USPS Tracking Plus Statement for that mailing is attached to this Motion.

Since the issuance of the post-hearing data requests, Barrelhead Solar has been unable to obtain Archive USPS Tracking Plus Statements for the other certified mailings. Barrelhead Solar and counsel have been working diligently to obtain these records. Counsel for Barrelhead Solar have communicated with USPS technical support representatives who indicate that the archived records are only available via the USPS website and will not be able to be obtained until technical engineers have been able to review the website issues.

For the reasons stated above, Barrelhead Solar respectfully requests a brief extension of time to obtain the Archive USPS Tracking Plus Statements for the remaining certified mailing receipts to respond to Staff Post-Hearing Request for Information 1-2. Barrelhead Solar anticipates that an extension through Friday, March 6, 2026, will allow it to obtain the requested records or, in the alternative, provide the Siting Board with a status update of its efforts to obtain the outstanding requested records from the USPS.

RESPECTFULLY SUBMITTED,
