**STATUS UPDATE**

---

Barrelhead Solar, LLC (“Barrelhead Solar”), by counsel, pursuant to 278.700 et seq., and 807 KAR 5:110, Section 6 and other applicable law, respectfully submits this status update regarding its efforts to obtain USPS Certified Mail receipts as requested by the Siting Board in Staff Post-Hearing Request for Information 1-2.

In its Motion for Extension, Barrelhead Solar requested leave to either provide the USPS Certified Mail receipts or, in the alternative, provide the Siting Board with a status update of its efforts to obtain the outstanding records from the USPS by Friday, March 6, 2026. To date, Barrelhead Solar has not been able to obtain the requested receipts from the USPS. Since filing the Motion for Extension, Barrelhead Solar has worked diligently to obtain the requested records from the USPS:

- March 3, 2026 – Barrelhead Solar attempted to purchase the Archive Tracking Plus Statement for the Certified Mail receipts from the USPS website. When unable to do so, Barrelhead Solar representatives called the USPS and opened a ticket with the USPS information technology department regarding the issue. Later that day, representatives of the USPS information technology department responded via email regarding the submitted ticket seeking additional information.

- March 4, 2026 – Barrelhead Solar representatives responded to the USPS information technology email regarding the submitted ticket. Separately, Barrelhead Solar again attempted to purchase the Archive Tracking Plus Statement for the Certified Mail receipts via the USPS website and was unable to do so.
- March 5, 2026 – Barrelhead Solar representatives followed up via email with the USPS regarding the prior exchange related to the information technology ticket. No email response was received. Barrelhead Solar representatives then called the USPS regarding ongoing issues and opened a new information technology ticket #86255009. Barrelhead Solar also was unable to purchase the Archive Tracking Plus Statement for the Certified Mail receipts via the USPS website.
- March 6, 2026 – Barrelhead Solar representatives called the USPS information technology regarding the status of its ticket and was not provided any additional information. Barrelhead again could not purchase the Archive Tracking Plus Statement receipts from the USPS website.

As Barrelhead Solar noted in its Motion for Extension, Barrelhead Solar obtained a copy of the Archive USPS Tracking Plus Statement for the Certified Mail receipt for the mailing sent to the Shelton household (tracking number 9505 5111 4512 5210 1228 64) at the hearing on February 17, 2026, and provided a copy of Archive USPS Tracking Plus Statement with its Motion for Extension.

Barrelhead Solar will continue its efforts to obtain the outstanding requested records from the USPS and will continue to apprise the Siting Board of its progress.

Dated: March 6, 2026

RESPECTFULLY SUBMITTED,
