

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

PSC Case 2025-00232

In Re Matter of: ELECTRONIC SOUTHERN WATER AND SEWER
DISTRICT UNACCOUNTED FOR WATER LOSS REDUCTION PLAN,
SURCHARGE & MONITORING

NOTICE OF FILING
SELECTION OF ENGINEERING FIRM

Comes Southern Water and Sewer District “Southern”, by and through counsel, and provides the Public Service Commission with the notice that Southern has retained a professional engineering firm for the purpose of developing a 15-20 year capital plan that prioritizes water loss initiatives.

Pursuant to this Case (PSC 25-232), Southern utilized the selection process that has previously been submitted in this case to procure a professional engineering firm. After reviewing several proposals from different engineering firms, Southern decided to retain the services of Bell Engineering. Southern feels as though this entity would provide Southern with sound advice/guidance in our efforts to develop a formal plan to reduce unaccounted water loss.

Southern intends to rely upon the expertise of this firm to develop a formal plan that emphasizes water loss reduction/mitigation. Southern intends to fund this water loss reduction project with the proceeds of the recent surcharge that was approved by the PSC.

Respectfully,

/s/ Steven Bailey

Steven Bailey J.D./M.B.A.
