RE: Formal Application to Increase Rates Pursuant to  
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Ms. Bridwell:

The Green-Taylor Water District respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The District was recently notified by its supplier, Campbellsville Municipal Water, that it would increase its wholesale rates by \$0.10 per 1000 gallons. This increase is effective on August 1, 2025. The result of this increase is \$20,110.72 in additional yearly supply cost for the District. This translates into \$0.07 per 1000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

Exhibit A – Purchase Water Rate Adjustment  
Exhibit B – Copy of the Campbellsville Municipal Water Notice of an Increase in Wholesale Rates  
Exhibit C – Statement of Water Purchased  
Exhibit D – Statement of Water Sold  
Exhibit E – Notice to Customers  
Exhibit F – Revised Tariff Sheets  
Exhibit G – An executed copy of the Resolution of the Board of Directors formally authorizing the proposed rates.

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please don't hesitate to contact me.

Sincerely,

Josh Riggle, General Manager  
JR/jlm
