

AFFIDAVIT OF TODD ADAMS

Comes the Affiant, Todd Adams, after being duly sworn, and states under oath as follows:

1. That I, Todd Adams, am the Regional Operations Manager for Alliance Water Resources in charge of the Martin County Water District as well as the Martin County Sanitation District.
2. That Alliance Water Resources has a management contract with both Districts to manage their operations.
3. That the District lacks sufficient trucks to maintain the system and provide necessary services needed for Martin County Water District customers and rate payers.
4. The vehicles had excessive mileage, were breaking down frequently, and in fact, there were times that attention to water leaks were delayed because the trucks were down and repairs were necessary.
5. That one truck was damaged and could not be repaired. That another truck had over 200,000 miles on it when the transmission failed, and that repair would have been over \$8,000.00, so it was lost.
6. A third truck was taken off the road because the transmission was slipping and the repair cost exceeded the value of that truck.
7. That the District has spent \$23,000.00 from January of 2025 to May of 2025 in an attempt to keep the service fleet operable.
8. That to continue operations without replacement service trucks is untenable.

Further Affiant sayeth naught.
