Subject: Wholesale Water Rate Adjustment

Mr. Waits,

The City of Nicholasville Water Department has seen an increase in operational costs since our last rate adjustment in 2022 and requires a wholesale rate adjustment of 15% to cover those costs. The City based this adjustment on a Cost of Service Study it contracted in 2024.

Please find attached an official notice of intent to file for a rate adjustment with the Public Service Commission, and the proposed tariff sheet.

If you have any questions, please contact me.

Sincerely,

Robert A. Amato, P.E.
City of Nicholasville
Director of Public Utilities and Finance
