EAST KENTUCKY POWER COOPERATIVE, INC.
CASE NO. 2025-00266
SECOND REQUEST FOR INFORMATION RESPONSE

STAFF'S REQUEST DATED OCTOBER 31, 2025
REQUEST 1
RESPONSIBLE PARTY: Jacob R. Watson

Request 1. This request is addressed to EKPC. Refer to ES Form 1.1, for the Expense Month ending February 28, 2025, line 7. By-Product and Emission Allowance Sales (BAS) is subtracted as a positive value of $18,302, but on form 2.0, Total Proceeds from By-Product and Allowance Sales, BAS is a negative value of -$18,302. On ES Form 1.1, line 7, BAS should be subtracted as a negative value for a net positive effect. Recalculate Sub-Total E(m) and all other affected values using the corrected value and, if necessary, explain the recalculation. Submit updated forms and corrected under or over-recovery.

Response 1. The "Total Proceeds from By-Product Sales," ES Form 2.0, is input as a negative figure. This is to differentiate the sales figure as having the opposite effect of the expenses listed above it. Going to ES Form 1.1, the sales figure is shown as a positive figure due to the fact that it is subtracted from the RORB and OE listed above it in the formula for E(m). This is the correct display of the sales figure. The sales figure should be viewed as a deduction from the other items that make up E(m). There is no correction to make.
