Re: *Electronic Application of Kentucky Frontier Gas, LLC for an Alternative Rate Filing Pursuant to 807 KAR 5:076 and Other General Relief - Case No. 2025-00277*

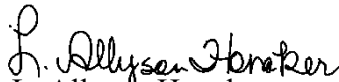

Dear Ms. Bridwell:

Enclosed, please find for filing, Kentucky Frontier Gas, LLC's information to cure the deficiency found in the Commission's September 9, 2025 letter ("deficiency letter") in the above-styled case. The deficiency letter cited 807 KAR 5:076, Section 5(4)(b) regarding the present base rate in the notice for Large Commercial being incorrect. Kentucky Frontier used an Excel spreadsheet to create the tables for the notice, but did not realize when inserting the tables into the customer notice that it was set to only show four decimal places. Therefore, the fifth decimal number was inadvertently left off the notice for the present rates. The Large Commercial rate was the only rate where the fifth decimal place was not a zero. However, since the Excel spreadsheet used for the underlying data was correct, the calculations provided for Large Commercial were correct and the only correction to the notice was to add the fifth decimal number for the Large Commercial.

Kentucky Frontier only has two Large Commercial customers with three total meters. To cure the deficiency, Kentucky Frontier mailed, via certified mail, the attached letters along with the attached corrected notice today. Kentucky Frontier is also including a copy of the certified mail receipt and an affidavit regarding the mailing of the corrected notice. Kentucky Frontier has redacted the account numbers for each customer as required.

This is to certify that the electronic filing has been transmitted to the Commission on September 12, 2025 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means. Pursuant to prior Commission Orders no paper copies of this filing will be made.

Sincerely,

L. Allyson Honaker

Enclosure
