Executive Director KY Public Service Commission

This is an application to add a non-recurring charge for Caldwell County Water District. Attached is the proposed new tariff.

The District is not requesting a water rate increase at this time. However, increased cost attributable to the non-recurring charge can no longer be absorbed by the District. The customers affected by the charge will be the customers that cause the District to incur the additional expense.

The additional revenue generated from the proposed tariff revisions does not exceed by five (5) percent the total revenues provided by all miscellaneous and non-recurring charges for a recent twelve (12) month period. The District has previously filed income statements and balance sheets with the Public Service Commission that are currently on file with the Commission.

The District will publish the enclosed public notice of the requested rate revisions in the local newspaper for three consecutive weeks. We will follow up with an affidavit from the newspaper verifying that the notice was published once a week for three consecutive weeks

A copy of this application and related filings has been sent to the Attorney General's Office of Rate Intervention, 1024 Capital Center Drive, Suite 200, Frankfort, KY 40601-8204.

Sincerely,

Cody Kirby
General Manager
Caldwell County Water District
