Re: *In the Matter of: Electronic Application of Columbia Gas of Kentucky, Inc.
for Its Safety Modification and Replacement Program Filing – Case No.*
2025-00331

Dear Ms. Bridwell:

Please find enclosed and accept for filing Columbia Gas of Kentucky, Inc.'s annual forecasted data and proposed tariffs submitted pursuant to the requirements of the Safety Modification and Replacement Program Rider ("SMRP"). All of the projects included for recovery as part of Columbia's 2026 SMRP plans are projects associated with Columbia's pipeline replacement program. There are no additional safety modification investments included in the 2026 construction projects. By updating the SMRP Rider, Columbia proposes to revise its current rates to tariff customers effective Unit 1 January 2026 (December 31, 2025).

This is to certify that the electronic filing has been transmitted to the Commission on October 15, 2025 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means. Pursuant to the Commission's July 22, 2021 Order in Case No. 2020-00085 no paper copies of this filing will be made.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

L. Allyson Honaker
