ORIGINAL RESPONSE: a-d. Please refer to attached Exhibit PSC 1-32 Rate Case Expense. Additionally, Bluegrass Water's estimated rate case expenses to complete the proceedings are based on research of past, similar rate cases, consideration of the scope and complexity of this filing as reflected in Bluegrass Water's petition, and the anticipated effort required through the hearing process and issuance of a final order. These estimates reflect projected legal and professional support necessary to respond to discovery, prepare testimony, and participate in hearings. Because these amounts are forward-looking estimates rather than incurred costs, supporting documentation is not available at this time; actual expenses will be supported by documentation as they are incurred and may vary depending on the extent of participation by Commission Staff, the Office of the Attorney General, and any intervenors.
