

**COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION**

In the Matter of:

ELECTRONIC APPLICATION OF)	
BLUEGRASS WATER UTILITY)	
OPERATING COMPANY, LLC FOR AN)	Case No. 2025-00354
ADJUSTMENT OF WATER AND)	
SEWAGE RATES)	

CERTIFICATE OF NOTICE TO THE PUBLIC

Pursuant to 807 KAR 5:001 § 17(3), I, Aaron Silas, Assistant Vice President of Customer Experience and Regulatory Operations for Central States Water Resources, Manager of Bluegrass Water Utility Operating Company, LLC, a utility furnishing water and sewage services within the Commonwealth of Kentucky, certify that notice to the public of the filing of the Company's application for an adjustment to its sewage and water rates has been given in all respects as required by 807 KAR 5:001, as follows.

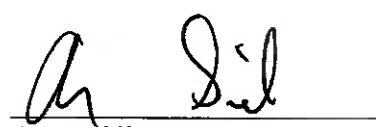

1. In addition to the prior notices which were originally posted on December 11, 2025, on the 9th day of January, 2026, the attached notices were posted at the Company's place of business, 1630 Des Peres Road, Suite 140, St. Louis, Missouri 63131 and were also posted for public inspection at Dinsmore & Shohl LLP, 101 South Fifth Street, Suite 2500, Louisville, Kentucky 40202.

2. In addition to the prior notices which were originally posted on December 11, 2025, on the 9th day of January, 2026, the attached notices and a hyperlink to the location on the Public Service Commission's website where the filing will be available, were posted on the Company's website (<https://www.centralstateswaterresources.com/bluegrass-water/>) and will remain posted in conformity with the requirements of 807 KAR 5:001.

3. In addition to the prior notices which were originally mailed on December 11, 2025, on the 9th day of January, 2026, the attached notices were mailed to all of the Kentucky customers of Bluegrass Water Utility Operating Company, LLC, as follows:

- a. All customers of the Airview, Arcadia Pines, Brooklyn, Carriage Park, Darlington Creek, Fox Run, Golden Acres, Great Oaks, Herrington Haven, Kingswood, Lake Columbia, Longview, Marshall Ridge, Persimmon Ridge, River Bluffs, Springcrest Sewer, Timberland, and Woodland Acres wastewater systems were mailed the Customer Notice attached hereto as Exhibit A.
- b. All customers of the Delaplain wastewater system, including residential and commercial customers, were mailed the Customer Notice attached hereto as Exhibit B.
- c. All customers of the Commonwealth Wastewater system were mailed the Customer Notice attached hereto as Exhibit C.
- d. All customers of the Magruder Village wastewater system were mailed the Customer Notice attached hereto as Exhibit D.
- e. All customers of the Yung Farm Estates wastewater system were mailed the Customer Notice attached hereto as Exhibit E.
- f. All customers of the Center Ridge water system were mailed the Customer Notice attached hereto as Exhibit F.

Given under my hand this the 9th day of January, 2026

BLUEGRASS WATER

Utility Operating Company

A CSWR Managed Utility

Dear Customer:

1/9/2026

On December 11, 2025, Bluegrass Water Utility Operating Company, LLC (the "Company") filed for a general rate increase with the Kentucky Public Service Commission ("PSC"). At that time, the Company mailed notice of the proposed rates to its customers. Consistent with the PSC's direction, the Company is providing this updated notice, which is largely identical to the notice sent on 12/11/2025, except for this paragraph and the highlighted paragraph below, which is new.

Please take notice of the following information about the proposed rate adjustment that is presented below:

The rates contained in this notice are the rates proposed by the Company, but the PSC, the state agency that regulates all utility services in Kentucky, may order rates to be charged that differ from the proposed rates found in this notice. The Company has proposed raising residential rates from the present rate of \$77.77 to the proposed rate of \$114.00 which represents an increase of \$36.23 or 46.6%. The Company has also proposed raising the multi-residential rate from \$58.33 to \$85.50 and the commercial rate from \$197.43 to \$285.00. Respectively, these changes represent an increase of \$27.17 or 46.6% and \$87.57 or 44.4%. The date the proposed rates were filed with the PSC was 12/11/2025; the proposed effective date of the rates is for service rendered on and after 1/31/2026. As there are only flat rates included in the existing tariff or which affect existing customers, the average customer usage is unknown and the effect the proposed rate will have on (i) the residential class is an increase of \$36.23 or 46.6%; (ii) the multi-residential class is an increase of \$27.17 or 46.6%; and (iii) the commercial class is an increase of \$87.57 or 44.4%.

In addition to changes in tariff rates, the submission proposes other changes to the Company's residential wastewater tariff, including but not limited to changes to the terms and conditions relating to new service connections, including adding a new inspection fee of \$82.50, which is only charged in the event a new customer opts to have a licensed plumber make the service connection. The inspection fee is new and therefore consists of an increase of \$82.50 or 100%, and will not affect existing customers' average usage or average bill as it only applies to new customers opting to have a licensed plumber make the required service connection. The remaining changes to the tariff include: (1) changes to the service disconnection terms and conditions; (2) unification of wastewater rates for all Kentucky operations; and (3) any other adjustments deemed appropriate by the PSC. These proposed changes were included as part of the Company's application for a rate increase, Exhibit 5 to the Application, Direct Testimony of Aaron Silas, and may be viewed in full at the following link: https://psc.ky.gov/pscef/2025-00354/tip.depp%40dinsmore.com/12112025030021/Exhibit_5_-_Direct_Testimony_of_Aaron_Silas_%28Public%29.pdf, pages 60-115.

You may examine the Company's application at the offices of Dinsmore & Shohl LLP, 101 South Fifth St., Suite 2500, Louisville, KY 40202. If you would like to make prior arrangements to view the application at Dinsmore & Shohl LLP, please contact (866) 752 – 8982 or support@bluegrasswateruoc.com. The Company's application may also be examined at the PSC's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the PSC through its Web site or by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

You may submit a timely written request for intervention to the PSC, establishing the grounds for the request including your status and interest in the proceeding, by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. If the PSC does not receive a written request for intervention within thirty (30) days of the mailing of this notice, the PSC may take final action on the application.

EXHIBIT B

Dear Customer:

1/9/2026

On December 11, 2025, Bluegrass Water Utility Operating Company, LLC (the "Company") filed for a general rate increase with the Kentucky Public Service Commission ("PSC"). At that time, the Company mailed notice of the proposed rates to its customers. Consistent with the PSC's direction, the Company is providing this updated notice, which is largely identical to the notice sent on 12/11/2025, except for this paragraph and the highlighted paragraph below, which is new.

Please take notice of the following information about the proposed rate adjustment that is presented below:

The rates contained in this notice are the rates proposed by the Company, but the PSC, the state agency that regulates all utility services in Kentucky, may order rates to be charged that differ from the proposed rates found in this notice. The Company has proposed raising residential rates from the present rate of \$77.77 to the proposed rate of \$114.00, which represents an increase of \$36.23 or 46.6% and also represents the effect upon the average bill for residential customers. The Company has also proposed raising the non-residential minimum charge from \$197.43 to \$285.00 which represents an increase of \$87.57 or 44.4%. The non-residential usage charge has been proposed to increase from \$11.67 per 1,000 gallons to \$55.86 per 1,000 gallons representing an increase of \$44.19 or 378.7%. The date the proposed rates were filed with the PSC was 12/11/2025; the proposed effective date of the rates is for service rendered on and after 1/31/2026. For the non-residential Delaplain customers, the average customer usage is 86,879 gallons and the effect the proposed rate will have on the average bill for each customer is an increase of \$3,926.86 or 324.2%.

In addition to changes in the tariff rates, the submission proposes other changes to the Company's residential wastewater tariff, including but not limited to changes to the terms and conditions relating to new service connections, including adding a new inspection fee of \$82.50, which is only charged in the event a new customer opts to have a licensed plumber make the service connection. The inspection fee is new and therefore consists of an increase of \$82.50 or 100%, and will not affect existing customers' average usage or average bill as it only applies to new customers opting to have a licensed plumber make the required service connection. The remaining changes to the residential tariff include: (1) changes to the service disconnection terms and conditions; (2) unification of wastewater rates for all Kentucky operations; and (3) any other adjustments deemed appropriate by the PSC. With respect to the Company's commercial wastewater tariff, the Company has proposed changes to the service disconnection terms and conditions. These proposed changes were included as part of the Company's application for a rate increase, Exhibit 5 to the Application, Direct Testimony of Aaron Silas, and may be viewed in full at the following link: https://psc.ky.gov/pscect/2025-00354/tip.dep%40dinsmore.com/12112025030021/Exhibit_5_-_Direct_Testimony_of_Aaron_Silas_%28Public%29.pdf, pages 60-115.

You may examine the Company's application at the offices of Dinsmore & Shohl LLP, 101 South Fifth St., Suite 2500, Louisville, KY 40202. If you would like to make prior arrangements to view the application at Dinsmore & Shohl LLP, please contact (866) 752 – 8982 or support@bluegrasswateruoc.com. The Company's application may also be examined at the PSC's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the PSC through its Web site or by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. You may submit a timely written request for intervention to the PSC, establishing the grounds for the request including your status and interest in the proceeding, by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. If the PSC does not receive a written request for intervention within thirty (30) days of the mailing of this notice, the PSC may take final action on the application.

Josiah Cox
President
Bluegrass Water Utility Operating Company, LLC

EXHIBIT F

Dear Customer:

1/9/2026

On December 11, 2025, Bluegrass Water Utility Operating Company, LLC (the "Company") filed for a general rate increase with the Kentucky Public Service Commission ("PSC"). At that time, the Company mailed notice of the proposed rates to its customers. Consistent with the PSC's direction, the Company is providing this updated notice, which is largely identical to the notice sent on 12/11/2025, except for this paragraph and the highlighted paragraph below, which is new.

Please take notice of the following information about the proposed rate adjustment that is presented below:

The rates contained in this notice are the rates proposed by the Company, but the PSC, the state agency that regulates all utility services in Kentucky, may order rates to be charged that differ from the proposed rates found in this notice. The Company has proposed raising residential rates from the present rate of \$77.63 to the proposed rate of \$106.12, which represents an increase of \$28.49 or 36.7%. The date the proposed rates were filed with the PSC was 12/11/2025; the proposed effective date of the rates is for service rendered on and after 1/31/2026. As there are only flat rates included in the existing tariff or which affect existing customers, the average customer usage is unknown and the effect the proposed rate will have on the average bill for each customer is an increase of \$28.49 or 36.7%.

In addition to changes in the tariff rates, the submission proposes other changes to the Company's water tariff, including but not limited to changes to certain non-recurring charges. The Company proposes changes to the terms and conditions relating to new service connections, including modifying the connection charge and adding a new inspection charge of \$82.50, which is only charged in the event a new customer opts to have a licensed plumber make the service connection. The inspection fee is new and therefore consists of an increase of \$82.50 or 100%, and will not affect existing customers' average usage or average bill as it only applies to new customers opting to have a licensed plumber make the required service connection. Similarly, the connection charge is only incurred in new service connections, and therefore these charges will have no effect upon the average usage or the average bill for each existing customer. The Company further proposes a 10% late payment penalty and a \$15.00 returned check charge. Because the late payment penalty and returned check charge are only incurred in the event of a late payment or a returned check, these charges will have no effect upon the average usage or the average bill of a customer. The summary of these non-recurring charges is as follows:

Special Charges	Current Rates	Proposed Rates	Rate Increase from Current Rates to Proposed Rates	
			\$	%
Connection Charge	\$350 per connection	Actual cost	N/A	N/A
Inspection Charge	\$0	\$82.50	\$82.50	N/A
Late Payment Penalty	\$0	10%	N/A	10%
Returned Check Charge	\$0	\$15.00	\$15.00	N/A

These proposed changes were included as part of the Company's application for a rate increase, Exhibit 5 to the Application, Direct Testimony of Aaron Silas, and may be viewed in full at the following link: https://psc.ky.gov/pscecf/2025-00354/tip.depp%40dinsmore.com/12112025030021/Exhibit_5_-_Direct_Testimony_of_Aaron_Silas_%28Public%29.pdf, pages 38-48.

You may examine the Company's application at the offices of Dinsmore & Shohl LLP, 101 South Fifth St., Suite 2500, Louisville, KY 40202. If you would like to make prior arrangements to view the application at Dinsmore & Shohl LLP, please contact (866) 752 – 8982 or support@bluegrasswateruoc.com. The Company's application may also be examined at the PSC's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m.

to 4:30 p.m., or through the commission's Web site at <http://psc.ky.gov>. Comments regarding the application may be submitted to the PSC through its Web site or by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602.

You may submit a timely written request for intervention to the PSC, establishing the grounds for the request including your status and interest in the proceeding, by mail to: Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602. If the PSC does not receive a written request for intervention within thirty (30) days of the mailing of this notice, the PSC may take final action on the application.
