COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF KENERGY CORP.	)	
FOR AUTHORIZATION OF CHANGES IN	)	CASE NO.
CERTIFIED SERVICE TERRITORY	)	2025-00357
WITH KENTUCKY UTILITIES COMPANY	)	

APPLICATION

The Applicant, Kenergy Corp., ("Kenergy"), pursuant to KRS 278.018 and 807 KAR 5:001, Section 14, respectfully states as follows:

1. Kenergy is a Kentucky nonprofit electric cooperative organized under KRS Chapter 279 and is engaged in the business of distributing retail electric power to member consumers in the Kentucky counties of Daviess, Hancock, Henderson, Hopkins, McLean, Muhlenberg, Ohio, Webster, Breckinridge, Union, Crittenden, Caldwell, Lyon, and Livingston.

2. The post office address of Kenergy is Post Office Box 18, Henderson, Kentucky 42419-018.

3. Applicant's Articles of Consolidation are on file with the Commission in Case No. 99-136. Applicant is in good corporate standing in the Commonwealth of Kentucky.

4. Pursuant to 807 KAR 5:001 Section 8, on October 27, 2025, Kenergy filed with the Commission notice of its intent to use electronic filing procedures in this proceeding. Copies of all orders, pleadings, and other communications related to this proceeding should be directed to:

5. As explained in this application and in the attached exhibits, Kenergy and Kentucky Utilities Company ("KU") have agreed to a proposed territorial boundary change subject to approval of the Commission. The proposed territorial boundary change serves the purposes of KRS 278.016. The change avoids the wasteful duplication of facilities, the unnecessary encumbrance of the landscape, and minimizes disputes between electric providers.

6. At present, Kenergy's certified service territory includes a tract of approximately 9.775 acres of land at 5200 Highway 2830, Owensboro, Kentucky, 42303. The property is owned by Barr Media LLC. Kenergy recently received a request for new service at the property from Barr Media LLC and determined that it would be required to undertake substantial expense and effort to extend its facilities to serve the new customer. Specifically, the extension of Kenergy's existing distribution system that would be required for Kenergy to provide service to the property (a) is approximately 838 feet; (b) would cross a railroad, requiring significant expense to Kenergy and the customer for additional permitting; and (c) would require KU to change a pole to allow clearance for Kenergy's extension, requiring additional expense to the parties.

7. KU already has existing facilities on the tract of land immediately adjacent to the south of the Barr Media property, and KU can extend its service with substantially less expense and effort than Kenergy. Specifically, KU's extension would be 590 feet.

8. Kenergy and KU have collectively reviewed the territorial boundaries and are in agreement that a change to the territorial boundaries would avoid wasteful duplication of facilities and unnecessary encumbering of the landscape, and would minimize disputes between retail electric providers. Kenergy and KU have entered into an agreement to this effect, subject to approval by the Kentucky Public Service Commission.

9. Kenergy has discussed the proposed exchange with representatives of Barr Media

as well. They have no objection to the proposal.

10. In exchange for the Barr Media property, Kenergy will receive a strip of land on the opposite side of Highway 2830. KU currently has 1 customer in the area Kenergy is receiving that will be excepted from the exchange and remain in KU territory.

11. No existing customers will change providers as a result of this change in certified service territories.

12. Application Exhibit 1 is a series of aerial maps of the proposed exchange: 1A (county-wide map with exchange area in red box), 1B (Owensboro city map with exchange area in red box), and 1C (close up detail map of the proposed exchange with notes and descriptions of the areas to be exchanged as approved by both Kenergy and KU).

12. Application Exhibit 2 is the territory exchange agreement as signed by both Kenergy and KU.

WHEREFORE, in light of the foregoing, Kenergy respectfully requests, pursuant to KRS 278.018, that the Commission enter an order approving the updates to the certified territories to reflect the requested service territory changes and the agreement between Kenergy and KU.

Respectfully Submitted,

/s/ Nicholas D. Kafer
