Re: Electronic Application of Louisville Gas and Electric Company for Approval of Revised Gas Line Tracker Rates Effective for Services Rendered On and After May 1, 2026 – Case No. 2026-00052

Dear Ms. Bridwell:

Pursuant to the Gas Line Tracker (“GLT”) adjustment clause approved by the Commission in Case No. 2012-00222 on December 20, 2012, Louisville Gas and Electric Company is filing an Application for approval to revise its Tariff P.S.C. Gas No. 13, Sixth Revision of Original Sheet No. 84.

Applicable revisions to the GLT adjustment clause that are the subject of this filing were made to the Company’s current stamped-approved tariff versions from the Commission. The Company will file new tariff sheets consistent with ordering paragraph forty-four (44) of the Commission’s recent rate case Final Order (CN 2025-00114).

Enclosed are exhibits that contain the calculations and supporting documentation of the GLT charges proposed to become effective for services rendered on and after May 1, 2026. Pursuant to the Commission’s Final Order in Case No. 2025-00041 dated August 1, 2025, LG&E is also including an electronic version of the supporting calculations and exhibits used to compute the proposed GLT charges.

Pursuant to the Commission’s February 16, 2026 Order in Case No. 2025-00114, LG&E has implemented the following in the enclosed exhibits:

- 1) The cost of capital component is calculated using an annually updated Weighted Average Cost of Capital (WACC). For this proceeding, this update applies to 2026 only, as 2025 costs are being tried up using the capital structure and cost rates from Case No. 2020-00350.

Ms. Linda Bridwell
March 2, 2026

- 2) The load forecast used for allocating the GLT revenue requirement to the applicable rate classes and determining the GLT charges is updated annually. For this proceeding, this update applies to 2026 only, as 2025 is using the load forecast from Case No. 2020-00350.
- 3) Unbilled revenues are (to be) removed from the calculation of the GLT's over- or under-recovery. This update applies only to calendar year 2026 and later. As a result, this update is not reflected in the 2025 true-up calculation and will be implemented in next year's GLT filing.

In accordance with 807 KAR 5:001, Section 8, and the Commission's Order of July 22, 2021 Order in Case No. 2020-00085, I certify that the electronic filing has been transmitted to the Commission on March 2, 2026 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.

Sincerely,

A handwritten signature in cursive script that reads "Andrea M. Fackler". The signature is written in black ink and is positioned above the printed name.
