Re: Case No. 2026-00057
Lake Village Water Association, Inc.
Alternative Rate Filing Adjustment

Dear Ms. Bridwell:

Enclosed for filing in the referenced case is Lake Village Water Association application for an adjustment to its water rates. This ARF application is being filed pursuant to 807 KAR 5:076 and uses calendar year 2024 as the test year with appropriate adjustments to normalize revenue and expenses.

Lake Village Water Association is currently collecting a monthly \$1.61 per customer, water loss reduction surcharge (WLRS). The WLRS was approved by the Public Service Commission in Case No. 2022-00068 for 48 months. The WLRS will expire on October 4, 2026. Lake Village Water Association was experiencing 22.55 percent water loss in 2022. The Association has reduced its water loss significantly recording a water loss of 18.25 percent for 2024 and anticipates water loss for 2025 will be below 15 percent. Therefore, Lake Village Water Association requests the current monthly \$1.61 per customer WLRS expire on October 4, 2026, as developed.

Lake Village Water Association reads its meters monthly on the fifteenth of the month of the billing cycle. In order to facilitate the accurate billing of its customers, Lake Village Water Association requests the Public Service Commission, in its final order in this matter grant an effective date on the fifteenth of the month of the next billing cycle from when the adjustment in rates is approved.

The Attorney General's Office of Rate Intervention has also been provided a copy of this application by electronic mail.

Sincerely,

Mike D. Sanford, MPA
Executive Director
Lake Village Water Association
