Please confirm that LG&E, as the entity surviving the merger, will assume KU's contractual obligations under its High Volume Agreement with Spectrum Mid-America, LLC.

REQUEST NO. 2.

Confirm that going forward, LG&E will calculate its pole attachment rates using, where available, "public, transparent information," that is reflected in its "FERC Form 1 and annual reports," rather than "forecasted" numbers, in accordance with the Commission's Pole Attachment Proceeding Orders.

REQUEST NO. 3.

Confirm that going forward, LG&E will calculate its pole attachment rates in a manner that is "transparent and easily verifiable" that does not require an outside party "to reconcile conflicting numbers or guess as to how a number was derived," in accordance with the Commission's Pole Attachment Proceeding Orders.

REQUEST NO. 4.

When do LG&E and KU expect to begin reporting costs on an integrated basis for purposes of calculating a single pole rate based on "public, transparent information" and in a manner that is "transparent and easily verifiable"?

Respectfully submitted,
