

**COLUMBIA GAS OF KENTUCKY, INC.'S
RESPONSE TO ATTORNEY GENERAL'S
FIRST REQUEST FOR INFORMATION DATED JUNE 22, 2026**

Data Request No. 94:

Insurance Credits. Refer to the Application generally. Provide the total amount (direct & allocated) insurance credits/distributions received by type (e.g., Energy Insurance Mutual Limited, etc.) for each of the years 2021, 2022, 2023, 2024, 2025, the BP and included in the FTP. If credits were received in prior years but no credits were reflected in the FTP, explain why not.

Updated Response Submitted on August 7, 2026:

In Columbia's initial response, the Company inadvertently included a \$10,361 2024 EIM charge in 2026-00099_AG_DR_Set_1_No_94_Attachment_A when the proper amount should have reflected \$0. Please see attachment 2026-00099_AG_DR_Set_1_No_94_Revised_Attachment_A for the credits received in years 2021, 2022, 2023, 2024, 2025, and included in the Base Period ("BP") and Forecasted Test Period ("FTP"), which includes the revised 2024 EIM charge to properly reflect \$0 and an update to the BP for current known actuals as of July 2026.

Response:

Please see attachment 2026-00099_AG_DR_Set_1_No_94_Attachment_A for credits received years 2021, 2022, 2023, 2024, 2025, and included in the Base Period ("BP") and Forecasted Test Period ("FTP"). Columbia does not reflect credits in the FTP due to the unknown value of such credits. Values represented in the BP in the attachment reflect actual credits received.
