

Kentucky Power Company
KPSC Case No. 2026-00101
Commission Staff's Rehearing Data Requests
Dated September 10, 2026

DATA REQUEST

KPSC Provide annual major and non-major storm damage expenses in each
RH_1 calendar year, as separate amounts, for the years 2021–2025.

RESPONSE

Please see KPCO_R_KPSC_RH_1_Attachment1 for the requested information. As shown in Cell C33 the average non-major storm expense for the five-year period ending December 2025 was approximately \$2.1 million. This amount is consistent with the Commission's findings in the 2025-00257 Rate Case Order:

The Commission reviewed the previous five years of **non-major storm damage expenses** and determined the amounts were approximately the \$2.00 million proposed by Kentucky Power.

As shown in Cell C32 of the same attachment, the average major storm expense for the five-year period ending December 2025 was approximately \$19 million.
