1. On May 4, 2026, Duke Energy Kentucky filed an application requesting the Commission grant a Certificate of Public Convenience and Necessity (“CPCN”) to construct a natural gas distribution project in Campbell, Pendleton, and Bracken Counties, Kentucky due to TC Energy’s abandonment of a transmission line serving 27 Duke Energy Kentucky customers. 2. On June 26, 2026, Duke Energy Kentucky filed its responses to Commission Staff's First Request for Information and on July 14, 2026, Duke Energy Kentucky filed its responses to Commission Staff's Second Request for Information. Subsequently, on September 17, 2026, Commission Staff issued its Third Request for Information. The Duke Energy Kentucky's responses are due October 9, 2026.

3. Duke Energy Kentucky wishes to provide the Commission with the information necessary for a decision on this matter. Based upon the requests in Staff's Third Request, Duke Energy Kentucky believes an informal conference to discuss the questions would be beneficial for the Commission, Staff, and Duke Energy Kentucky.

4. Duke Energy Kentucky is requesting an informal conference with Commission Staff before providing its responses to Staff's Third Request. This will allow Duke Energy Kentucky to provide the information necessary for the Commission to render a decision in this matter.

Wherefore, based on the foregoing, Duke Energy Kentucky respectfully requests that the Commission schedule an informal conference to discuss Staff's Third Request. Additionally, Duke Energy Kentucky requests the Commission extend the dates responses are due in Staff's Third Request so that responses can be provided after the informal conference.

This the 29th day of September 2026.

Respectfully submitted,
